**Subject:** Please Save Polley Field!  
**Date:** Friday, January 28, 2022 10:33:39 AM

---

Dear City Council Persons,

Please save Polley Field. It would be a tragedy if it is destroyed. This playing field has been an important, meaningful part of our community--for children, for families and friends, for many others in the community--for generations. Some our fondest memories came to being at this special field. It is one of the only ball fields in Sebastopol that has stadium lights and a working score board. For the little league teams and other baseball and softball teams to play there, it is a \*big deal\*. Please don't take it away from us.

Sincerely,  
Kimberly Stammer
