

SEWER USE PERMIT REQUIRED

The City of Santa Rosa Subregional Water Reclamation System provides treatment for wastewater generated in the City of Sebastopol, under the Subregional agreement to which Sebastopol is a partner. Discharges for Non-residential and Industrial Users are regulated under the Sebastopol Municipal Code, Section 13.08.250 and elsewhere.

The City of Santa Rosa is designated by City of Sebastopol to carry out permitting, inspections and monitoring procedures as necessary to determine compliance with applicable pretreatment standards issued under the City of Sebastopol Sewer Use Ordinance.

The requirement to obtain a permit applies to all new Non-residential and Industrial uses, and to change of ownership for existing permitted uses.

Prior to approval of a City of Sebastopol Business License, or prior occupancy of any new building or new connection to the City of Sebastopol sanitary sewer collection system, the applicant must provide evidence of approval or waiver of a Sewer Use Permit from the City of Santa Rosa Utilities Department Environmental Compliance Section. Proof of compliance shall be provided to the Sebastopol Building Official.

Application shall be made to:

**Environmental Compliance Division
4300 Llano Road | Santa Rosa, CA 95407
Tel. (707) 543-3370 | Fax (707) 543-3398**
