

Concept/Project Description? Include any drawings/sketches/renderings, mock-ups, etc., available at this time: **Included.**

Location: **Lawn at the plaza**

Timeline (for installation; if temporary for display period, etc.):
Permanent

Who is proposing? (Private proposal, non-profit group, etc.) and relationship to Sebastopol (resident, business in town, etc.): **Climate Action Committee**

Resources needed? (Any city resources being requested? Include: expertise, coordination with Public Art Committee members or city staff, etc.): **Any support obtaining supplies of old redwood would be most appreciated. Some compensation to the artist would also be appropriate.**

Logistics? (Do you know how to install, would this be a community/public event, such as a mural by school children, etc.): **The Artist has the know-how.**

Maintenance requirements? (What type of maintenance, who would be responsible for, etc.): **There will be seed trays that the artist will oversee for the initial term other project and thereafter be available for community steward.**

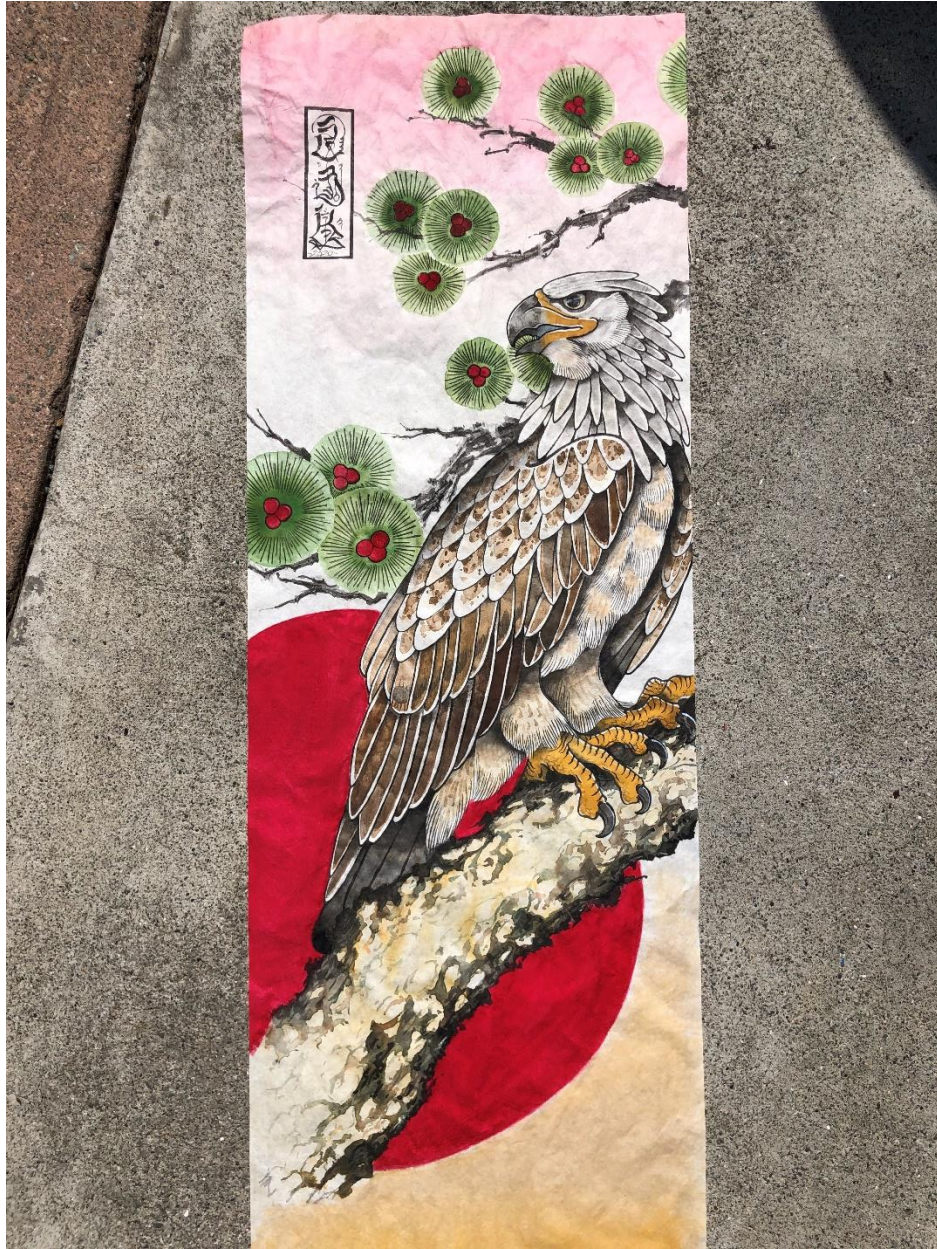

Any other pertinent information which would help the PAC to understand, and approve, this proposal: This is a part of the Through Looking Glass of Interconnectivity whereby the pieces are intended to draw engagement from the public to then educate on climate related issues.
