PUBLIC NOTICE

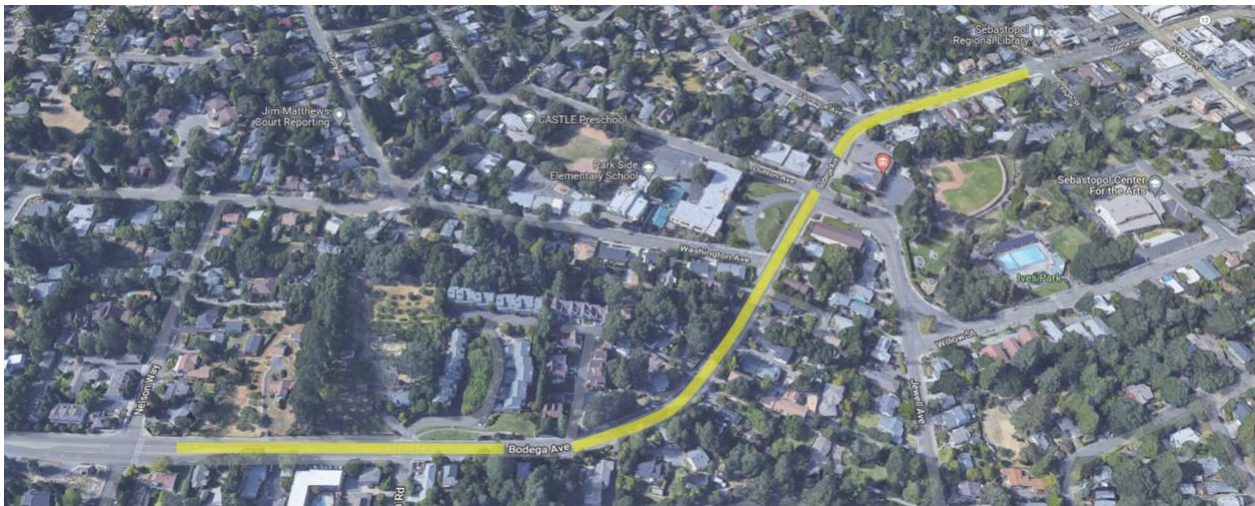

March 20, 2023

Bodega Avenue Digouts & Repairs Project - High Street to Nelson Way - March 23-24, 2023

The Bodega Avenue Digouts and Repairs project is rescheduled at the end of this week, 23-24 March, when better weather and ground conditions are anticipated. The construction work will affect traffic on Bodega Avenue between High Street and Nelson Way during this time. The contractor, Ghilotti Bros. Inc., doing the **street pavement repairs on Bodega Avenue** will remove and repair areas of deteriorated pavement **between High St. to Nelson Way** that, when completed, will result in a smoother and improved road surface.

During the work **traffic control** will be in place through the work site however with expected delays. Non-local through traffic traveling east-west will be advised to detour using alternate routes around the work site. We also anticipate conditions during the work to be dusty and loud due to construction equipment.

We apologize in advance for inconvenience and disruption to your neighborhood caused by this project and we greatly appreciate your patience.

Thank you,

A handwritten signature in blue ink that reads "Mario Landeros".
