

Dear Commissioners,

I am writing in support of St. Stephen's Cafe concept, "The Playground." I often walk the grounds of St. Stephen's often finding delight in its various projects and openness to the community. I think this new project will also find much community support as it is open to the general public, drawing people from the neighborhood including people from the nearby Luther Burbank senior apartments.

My only comment would be that 10pm seems a bit late for a cafe in a residential area. Perhaps, 9pm closing time on regular nights and 10pm closing time on special occasions would be in accordance with its location in a residential neighborhood?

Best,
Kate Haug
