Indemnity Agreement and Insurance Documents

Copy of Approved Caltrans Encroachment Permit (*for projects on State Highway ONLY*)

For most projects located on State Highways 12 and 116 within Sebastopol, a separate permit from Caltrans is required prior to approval of the City permit. This applies to the following streets: *Gravenstein Highway South, Petaluma Avenue, McKinley Street, Healdsburg Avenue, Gravenstein Highway North, North Main Street, South Main Street, and Sebastopol Avenue.*

The City is authorized to issue certain minor permits on behalf of Caltrans. Check with the Engineering Division to determine whether your project qualifies for a City-issued Minor Permit on State Highway.

Otherwise, for information about Caltrans Encroachment Permits, please contact:

Caltrans District 4, Office of Local Permits in Santa Rosa, (707) 576-2857.

- **No work may be performed prior to signature approval of your City permit. The City also requires 24-hour minimum advance notice prior to work.**
- Additional information regarding inspection procedures and standard conditions of encroachment permits are included as a part of the permit conditions.
- No insurance submittals will be reviewed until a completed application form has been submitted along with the required fees.
- Questions may be directed to Reyna Ramirez in the Engineering Division, by telephone, fax or e-mail.

**THESE CONDITIONS ARE ATTACHED TO AND FORM A PART OF THIS PERMIT;
ANY WORK PERFORMED IN VIOLATION OF THESE CONDITIONS OR OTHER APPLICABLE CITY
REGULATIONS MAY RESULT IN A STOP WORK ORDER OR REVOCATION OF THIS PERMIT.**

STANDARD CONDITIONS OF APPROVAL

1. All work shall conform to City of Sebastopol standards.
2. **CHANGES IN APPROVED WORK:** Any deviation from or addition to the scope of work covered by this permit shall be approved in writing, in advance of work, by the Engineering Manager or City Engineer.
3. **BEFORE ANY EXCAVATION:** Call Underground Service Alert (USA) 811 or 1-800-227-2600.
4. **INSPECTION REQUESTS:** It is your responsibility as the Contractor working under a permit issued by the City, to notify the City in advance of all required inspections of improvements constructed under permits from the Engineering/Public Works Department.
 - a. All requests for inspection are to be directed to the City of Sebastopol Engineering Division, at phone number (707) 823-2151.
 - b. Please do not call the inspector directly to arrange inspections.
 - c. We require 24-hour advance notice for most inspections and work to be started.

NOTE: BUSINESS HOURS ARE MONDAY THROUGH THURSDAY, 7:00 AM - 5:30 PM. WE ARE CLOSED FRIDAY-SUNDAY AND ON HOLIDAYS. Please be aware of our days of operation and schedule your work accordingly.

5. **INSPECTION REQUESTS OUTSIDE OF BUSINESS HOURS:** Under certain circumstances, the City may arrange for inspection outside our regular business hours. In such a case, there may be additional charges for overtime call-outs by our staff. All such extra charges must be approved in advance by the applicant before the inspection may be scheduled.
6. **TRAFFIC CONTROL NOTIFICATION:** If your work requires traffic control or blocking of streets, parking or sidewalk areas, please provide 48-hour advance notice to the City of Sebastopol Engineering Division.
7. **SHUT-DOWN OF WATER MAINS NOTIFICATION:** When your work will require shut-down of water mains, the City requires you to provide a minimum of 48 hours' advance notice, in writing, to all affected customers. This means you should make arrangements with City staff at least four working days in advance of planned shutdowns.
8. **FAILURE TO ARRANGE FOR INSPECTION:** Any work which is done without benefit of a required inspection by the City is done at your own risk, and you may be asked to remove and re-construct the improvements if they are not found to be in accord with approved plans or City standards during an "after the fact" inspection.

9. CALTRANS INSPECTION ON STATE HIGHWAYS: Inspection by Caltrans personnel is required for some work within State Highway rights of way in Sebastopol. However, a Caltrans inspection does not supersede or substitute for a City inspection.
10. Please assist us to serve you by observing these reminders.
 - a. Notification shall include location and dates of work to be performed.
 - b. This permit is for work within City right-of-way only and does not constitute permission for work to be performed within State Highway right-of-way (State Routes 116 and 12). Contractor shall obtain an Encroachment Permit from Caltrans prior to performing any work in State Highway right-of-way.
11. Contractor is responsible for controlling all mud, dust, dirt and debris at all times during construction.
12. Contractor shall not obstruct traffic or pedestrian walkways with vehicles or equipment during construction.
13. Contractor shall provide adequate traffic control at all times, to the satisfaction of the Superintendent of Public Works.
14. Public Works staff time for processing of permits, utility location, and construction supervision and inspection (as required) will be posted against your inspection deposit account. City will bill any staff time charges exceeding this amount to the permit holder as they occur.
15. *This permit shall expire 6 (six) months from the date of issuance, or on expiration of any required insurance policy endorsement, whichever occurs first.* It is the applicant's responsibility to provide insurance renewals in a timely manner to keep the permit in effect. A new application fee will apply any time the City must renew a permit which has been allowed to lapse.

SPECIAL CONDITIONS:

**FINAL INSPECTION AND ACCEPTANCE OF WORK BY THE CITY
IS REQUIRED TO VALIDATE THIS PERMIT.**

If final inspection and approvals are not obtained, the encroachment permit will expire by limitation, and the applicant may be subject to enforcement action, including additional permit fees, citation, and/or a nuisance abatement hearing before the City Council.

Permittee shall contact the Engineering Division to arrange for a Final Inspection and acceptance of work by the City **prior to the date of expiration**. A minimum of 24-hour advance notice is required for all Public Works/Engineering inspections. Projects requiring final inspection and approval by the City Engineer may take several business days to schedule.
