1. Thoughts on Bruce Johnson's proposed sculpture "Koan"?

- #1
- 1) concept of sculpture is fitting for beginning of a trailhead sets a tone for a "walking meditation."
 - 2) uses material of "place" - Sonoma County
 - 3) "poetic" ^{complex} holds me to contemplate
 - 4) prefer sculpture to sit on ground rather than elevated platform, more fitting to concept of piece. Perhaps sculpture could be placed on a concrete pad that is recessed & level to the ground

2. Thoughts on Diego Harris' proposed sculpture?

- #3
- 1) a decorative approach

3. Thoughts on Michael Per Erik Lindell's proposed sculpture?

Diego's work is lyrical and fun, and may be appropriate for the location, though I feel it would be stronger against a flat, neutral background such as a wall or other structure.
