CITY OF SEBASTOPOL CITY COUNCIL

AGENDA ITEM REPORT FOR MEETING OF: April 2, 2024 (Item Continued from March 19, 2024)

To: Honorable Mayor and City Councilmembers
From: Vice Mayor Zollman
Subject: Cease Fire Resolution

RECOMMENDATION: The item is to request City Council Consider Approval of a Revised Resolution for Calling for a Cease Fire.

EXECUTIVE SUMMARY:

Tonight's item is requesting the City of Sebastopol reconsider this agenda item requesting approval of a resolution joining with other organizations calling for an immediate and permanent ceasefire.

BACKGROUND:

On February 20, 2024, the City Council agenda contained an agenda item Calling for a Cease fire Resolution. That item was pulled from that agenda and was not discussed or considered. A copy of the February 20, 2024, Agenda item report is attached for reference of that pulled item. Since that meeting, a revised resolution has been created for Council consideration, taking into account comments from the public.

ANALYSIS:

As evidenced by multiple emails received from members of the community, there has been support for a Resolution as well as opposition to a Resolution. This resolution is the same as Cotati's adopted resolution which was adopted on January 9, 2024 joining the United Nations, world leaders, religious leaders, and citizens of the world calling for an immediate and permanent ceasefire and an end to all armed hostilities by all Sides.

As of today, as noted, the City of Cotati has passed a resolution and the Sonoma County Human Rights Commission also recently passed a similar resolution. This revised resolution, exactly identical to the City of Cotati's, is before the City Council for consideration of approval.

COMMUNITY OUTREACH:

This item has been noticed in accordance with the Ralph M. Brown Act and was available for public viewing and review at least 72 hours prior to schedule meeting date.

FISCAL IMPACT:

There is no fiscal impact with approval of the resolution tonight.

OPTIONS:

If the City Council does not approve the Resolution as submitted/amended from the February 20, 2024 Council Meeting, the Council has the option of:

1. Approving the Resolution with Amendments; or
2. Not approve the Resolution. If the Resolution were not approved, there would be no further action on the City of Sebastopol.

CITY OF SEBASTOPOL CITY COUNCIL

AGENDA ITEM REPORT FOR MEETING OF: February 20, 2024

=====

To: Honorable Mayor and City Councilmembers
From: Mayor Rich and Vice Mayor Zollman
Subject: Cease Fire Resolution

=====

RECOMMENDATION: The item is to request Council City Council Consider and Approve the Resolution for Cease Fire.

EXECUTIVE SUMMARY:

On Oct. 7, dozens of Hamas militants broke out of the blockaded Gaza Strip and into nearby Israeli towns, taking hostages and leaving thousands dead, the Associated Press reported. More than 10,500 Palestinians — two-thirds of them women and minors, have died a month after the surprise attacks, according to the Health Ministry in the Hamas-run territory. Israeli officials say thousands of Palestinian militants have been killed and blame civilian deaths on Hamas. More than 1,400 people have died in Israel since the start of the war, most of them civilians killed by Hamas militants, according to the Associated Press.

The unparalleled escalation of the conflict between Israel and Hamas and other armed groups has taken a devastating toll on civilians. The level of casualties is unprecedented. Countless lives have been shattered, ripped apart, and upended. Civilian deaths in Gaza continue to rise at a staggering rate amid relentless Israeli bombardment, in response to the horrific attacks in Israel by Hamas and other armed groups that resulted in 1,400 people killed and the abduction of civilians. More than 10,000 people, mostly civilians, have been killed in Gaza including through indiscriminate and other unlawful attacks. More than a third of casualties in Gaza are children and countless bodies are still trapped beneath the rubble. Millions more face further displacement, dispossession and suffering.

At least 200 Israeli hostages taken by Hamas and other armed groups and held in Gaza remain in danger, and ongoing indiscriminate rocket fire into Israel places civilians at risk. Israel’s tightened siege of Gaza has blocked the entry of goods, including water, food and fuel leaving more than 2 million people in the Gaza Strip struggling to survive. With each day that passes more lives are lost and the humanitarian catastrophe in Gaza is getting worse.

Tonight’s item is requesting the City of Sebastopol join the United Nations, Amnesty International, World Health Organization, world leaders, religious leaders, and citizens of the world everywhere in calling for an immediate and permanent CEASEFIRE, an end to all armed hostilities, and the prompt release of all hostages on both sides.

BACKGROUND:

Sebastopol is known as a small City that often weighs in on conflicts that have the attention of the world; most recently the Ukraine Invasion. Tonight’s item addresses Israel’s engagement in collective punishment against the Palestinian people in Gaza in response to Hamas attacks on Israel; and that this includes shutting off all access to electricity, drinking water, food, and humanitarian aid. Per the United Nations, it says that approximately 2 million people in Gaza may soon run out of drinking water and all medical care and hundreds of thousands of lives are at imminent risk if a cease-fire is not achieved and humanitarian aid is not delivered without delay.

Sebastopol has a moral obligation to condemn these types of acts. Sebastopol is known as Peace Town and as such we should be a community of peace for everyone, not just our small community but for the communities of

this world. We as advocates should advocate for the dignity and safety of residents in every community, and that peaceful diplomacy is the only way to achieve this safety and dignity.

ANALYSIS:

As members of this Council, we urge this Council to request the Federal Government , who holds immense diplomatic power to save Israeli and Palestinian lives, to demand:

- An immediate cease-fire by all parties involved, including an immediate cessation of all attacks on civilian targets; and
- The return of all hostages to their homes; and
- Ongoing negotiations to cultivate lasting peace and create a system that represents the human rights of all people in the region.

Although Israel and Hamas appear to be inching closer towards a deal for a ceasefire and a release of some of the hostages still being held by the militant group in Gaza, the UN children’s agency has warned that 17,000 children have been left without families or been separated from them by the conflict. As proposed, the Resolution is not to cause division and acts of hate and violence in our community but to come together to around shared values such as the value of human life, need for humanitarian aid, release of hostages, a cease-fire and end to the killing of civilians. The Resolution would call for the condemning of the October 7, 2023, terrorist attack on Israel by Hamas, which killed over 1,400 Israelis and leaves over 200 held hostage and condemning the collective punishment that the state of Israel is imposing on the Palestinian people in response to Hamas’s attack by killing over 10,000 people, over 4,000 of them children, and displacing over a million Palestinian residents of Gaza. A ceasefire would put a stop to unlawful attacks by all parties, halt the mounting death toll in Gaza and enable aid agencies to get life-saving aid, water and medical supplies into the Strip to address the staggering levels of human suffering. It will also allow hospitals to receive life-saving medicines, fuel and equipment they desperately need and to repair damaged wards.

A ceasefire would also provide opportunities to negotiate the release of hostages detained in Gaza and for independent international investigations to take place into the war crimes committed by all parties in order to end long-standing impunity, which will continue to breed further atrocities.

On Friday, November 3, 2023, the United Nations passed a resolution by a vote of 120-14-45. The Resolution called for an immediate cease-fire in Gaza and a humanitarian truce, the release of all civilians, the protection of civilians and international institutions, and ensuring the safe passage of humanitarian aid into the Strip.

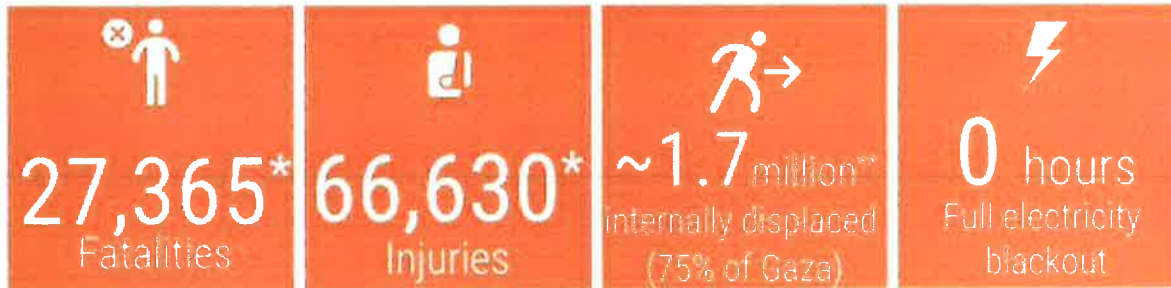

The United States voted no on the UN Resolution and has thus far rejected outright calls for a ceasefire, suggesting that it would amount to a victory for Hamas, yet has begun suggesting “humanitarian pauses” to allow more humanitarian aid into Gaza and to ensure safe passage of civilians looking to flee the areas of Gaza where intensive aerial bombing continues across the Strip.

As of February 4, 2024, the below snapshot provides a comprehensive overview of the ongoing humanitarian crisis in Gaza , including casualties, particularly among women and children.

Significant damage has been inflicted upon critical infrastructure and essential services, affecting people's ability to maintain their dignity and basic living standards.

This snapshot below highlights reported figures on the impact of hostilities on people in Gaza, where a major humanitarian crisis has unfolded.
