Dear Mayor Rich and all City Council Members

My name is Laura Ice and I am a Sebastopol resident living at Burbank Heights.

I am writing to request that a Ceasefire Resolution be put on the March 19 City Council Meeting agenda. We call ourselves "PeaceTown" and it is past time for us to speak out...to make our voices heard. More than 30,000 people, including children and women have been killed so far. The war needs to stop!

I do not want, and don't want our country, to be complicit in this horror.

Thank you for considering this request,
Laura Ice
