Subject: Do not destroy your Senior Center

Dear City Council Member,

Every year for the past 15 years I have donated \$100 to the Sebastopol Senior Center although I have never used it and am on a retirement budget. The reason is that I understand its value and want it to be there when I need it and I understand its value to those with fewer resources than I have.

Please, as you face the difficult job of balancing your budget, try cutting everywhere by an equivalent percent. **I beg you do not reduce the senior center to zero.**

Sincerely,

Noel Bouck
