Subject: Finding of the Sebastopol Senior center
Date: Saturday, March 9, 2024 2:04:02 PM

Dear council members,

I am 84 years old and have been a member of the Sebastopol Senior center for many years. I take Tai chi classes and join friends for lunch at the restaurant. I also attend important presentations from time to time. I took an elder friend to the presentation on preparing one's will and end of life directives.

I strongly feel that the senior center is an extremely important part of Sebastopol life.

Please continue to support the senior center financially.

Many thanks, Dr. Julian Blair
