Good Morning City Council Members

I've been a proud card-carrying member of the Sebastopol Senior Center for many years. I volunteer my Mac/iPhone skills once a week for 3 free 1/2 hour sessions that have helped folks come to grips with this new technology. I urge you to go to the Senior Center website and see what the calendar events holds for us as a community:

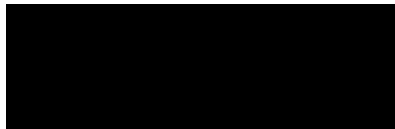

We are so fortunate to have skilled paid workers as well as a host of volunteers to keep this vital service open. We must do everything we can to keep the Senior Center open for the aging community at large.

PLEASE: let's find another way/means of funding. THANKS for reading this and helping keep the Center open!
