Many in the community, and I hope you, as a representatives of the community support our Senior Center is an essential part of our community. Sebastopol is made up of over 30% people over the age of 60. Can you help show the Sebastopol community & City Council how important the Senior Center is to the city of Sebastopol and surrounding areas? Their cuts will have a detrimental impact on the essential services provided to our senior community. Please help support this vital service.
