Subject: Public Comment for March 19, 2024 meeting
Date: Friday, March 15, 2024 6:55:40 PM

City Council,

I could not find the link on the agenda to submit public comment for the March 19, 2024 meeting so I hope this works.

Thank you for the invitation to the City Council meeting and for being transparent with the budget.

Here's a law that can help the budget and make residents happy: *AB 1824* enables law enforcement to issue immediate fines for violating exhaust levels. Prior to 2019 police officers issued so-called "fix it" tickets, enabling you to fix your vehicle's exhaust system within 30 days, provide proof, and avoid paying paying fines. As of 2019 fines are mandatory, and can range upwards of \$1,000.

The noise level of some of the modified cars and trucks disturbs the peace and quiet enjoyment of humans and animals alike.. I'd encourage the police to spend time at Florence Avenue and Healdsburg Avenue, and enforce this law.

Thank you for ensuring our town is fiscally responsible, and gets back to being a quiet place to live.

Sincerely,

Jennifer Hainstock
