Subject: Saving the Budget for the Sebastopol Area Senior Center
Date: Wednesday, March 6, 2024 11:49:00 AM

Dear Council Members,

Over 30% of the people in Sebastopol are over 60 years old. I am almost 80. It is a time in life when loss becomes a constant companion - loss of loved ones, loss of health, including cognitive abilities, loss of independence.... And long-term, uninvited responsibilities appear, like caregiving for a loved one. Amidst this reality is the vibrant Senior Center that offers support and connectedness.

Please continue to fund this important resource in our community.

Thank you,
Marilee Wingert
Member of the Sebastopol Area Senior Center
