The community center is the heart of our little town!!! Sebastopol draws people here for shows and to the Barlow.

The kids need a place...This is of major importance as a retired teacher. We need it!!!

I can list a whole page why the center is the CENTER of our town.

There are other ways to cut..

Hey get gas prices down and we all will have more money to spend....and your vehicles will not cost as much to drive. Cut other things... not our community center.

Jeff and Judy Farrin Sebastopol
