gaza resolution to be place on Council Agenda

Wednesday, March 13, 2024 1:54:00 PM

Hello. I am an 18 year resident of Sebastopol, and I am requesting that a resolution pushing for a cease-fire in Gaza be placed on the next City Council agenda. This seems very important now, and I believe it essentail that local governments pressure the Federal government to do the right thing.

thank you,

Gary Pace
