

## **RFP FOR SOLID WASTE COLLECTION SERVICES - SEBASTOPOL**

**July 18, 2024**

### **Addendum No. 4**

This addendum shall be incorporated into and considered part of the specifications for the aforementioned RFP as if it had been issued simultaneously. This addendum includes a response to an additional proposer question (see below). The Q&A period is closed. It is now incumbent on proposers to be responsive to the RFP, Draft Agreement, and the Addenda. Proposers may propose exceptions and alternatives as listed in the RFP.

Q: Prior city rates included disposal components. The current rate change methodology doesn't include disposal, recycling, and organic tip fees.

Is it the City's intention to add that to the RRI?

Is it the City's intention to have contractors propose rates that include separate disposal recycling and organic components?

A: The answer to both questions is no. The Draft Agreement does not contemplate separate rate elements for post-collection. The City is seeking all-inclusive rate proposals covering collection and post collection. Rates are intended to be adjusted by the RRI as described in the Draft Agreement.
