

CITY OF SEBASTOPOL CITY COUNCIL

AGENDA ITEM REPORT FOR MEETING OF: June 17, 2025 (Item continued from June 3, 2025)

=====

To: Honorable Mayor and City Councilmembers
 From: Mary Gourley, Acting City Manager
 Ana Kwong, Administrative Services Director
 Subject: FY 25-26 Proposed Operating Budget

=====

RECOMMENDATION(S):

That the City Council take the following actions:

- **Review and Consideration:** Review and consider the proposed operating budget for Fiscal Year 2025-26. This step involves a thorough examination of the budget details, including revenue projections, expenditure plans, and funding allocations for various departments and projects.
- **Public Hearing:** Hold a public hearing to gather community input. This provides an opportunity for residents to voice their opinions, concerns, and suggestions which may help shape the final budget.
- **Comments and Direction:** Following the public hearing, provide comments and direction to staff on budget allocations. This may include adjustments to funding priorities, reallocation of resources, or other modifications based on the feedback received and the Council's deliberations.

EXECUTIVE SUMMARY:

This item is to request that the City Council's review and consider the Proposed Operating Budget for Fiscal Year 2025-26. The process involves conducting a public hearing to gather input from community members, followed by providing comments and/or direction to staff on budget allocations for the upcoming fiscal year.

Given the extensive nature of the budget review process, it is important to outline the steps and contingencies to ensure a thorough and effective evaluation. Here are the key points to consider:

- The budget review process is comprehensive and may not be completed in a single meeting.
- If the budget is still not finalized at that time, the City Council may schedule a special council meeting to ensure the budget is completed and adopted before the end of the fiscal year June 30, 2025.
- This approach ensures thorough deliberation and community involvement, leading to a well-considered and balanced budget for the upcoming fiscal year.
- As a last resort, the City Council can adopt a resolution to extend the allocation of the fiscal year 2024-25 operating funds into the subsequent fiscal year 2025-26 for a period of 60 days through August 31, 2025. This extension ensures the uninterrupted continuation of municipal services.
- To avoid service disruption, staff recommends a 60-day extension of several existing contracts scheduled to expire June 30, 2025. After the new budget is adopted, contracts will return to Council for approval as consent items.
- There is no anticipated fiscal impact related to continuing the fiscal year 2024-25 adjusted budget for 60 days.

BACKGROUND:

The City budget stands as the most crucial policy document reviewed by the City Council annually. It not only outlines the City's financial resources but also reflects the City's values and priorities in allocating those resources. This comprehensive document serves as a blueprint for the City's fiscal management and strategic planning.

Within the City budget, there are various Funds designated for specific purposes, each detailed in the budget message that introduces the budget. Among these, the General Fund is the principal funding source for the majority of the City's operations. As the largest and most flexible of the City's Funds, it provides the financial backbone for most City services. This Fund supports essential services such as public safety, parks and recreation, and general government operations, reflecting the City's commitment to maintaining and enhancing the quality of life for its residents.

The General Fund's flexibility allows the City to respond to changing needs and priorities, ensuring that resources are allocated effectively to address both immediate and long-term goals. By carefully managing this Fund, the City can sustain its operations, invest in community improvements, and uphold its commitment to fiscal responsibility.

DISCUSSION:

The proposed FY25–26 budget shows that the City is in a stable financial condition. The General Fund shows a modest surplus with revenues slightly more than expenses, leaving a small surplus. At the same time, all the other funds—like those for water, wastewater, special revenue funds, and general fund assigned reserves—are structured to support ongoing operations. Altogether, the budget supports essential services while keeping operations financially steady.

General Fund:

The proposed FY 2025–26 General Fund budget projects \$15.31 million in revenue and \$15.17 million in expenditures, resulting in an estimated surplus of \$148,000. These figures are outlined in the budget message and supporting documents and remain subject to change pending final City Council actions.

All Other Funds:

Projected revenues and expenses for other funds other than general fund—including General Fund Reserves, Non-Governmental Funds, Water and Wastewater Funds, Special Revenue Funds, and Assessment Districts—are as follows:

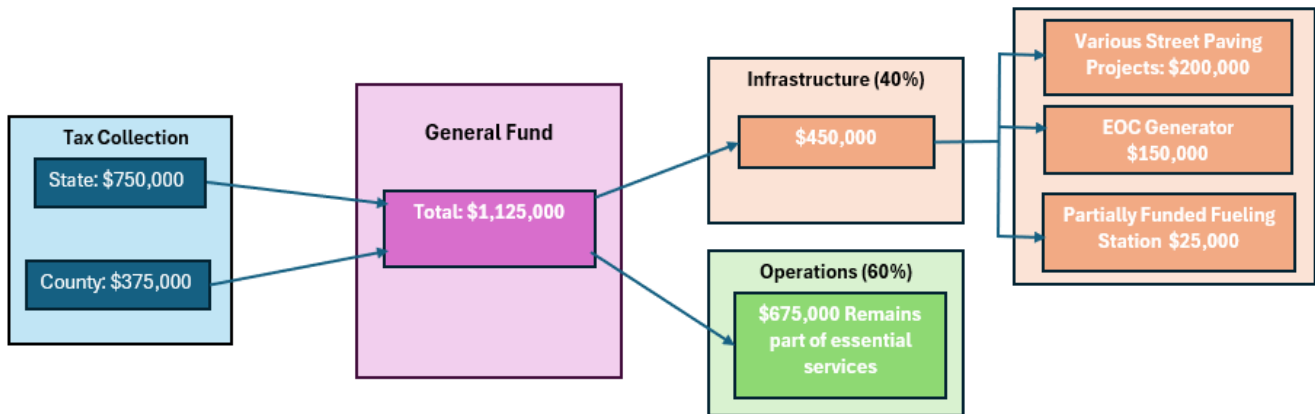

Fund Type	Revenue	Expenses
General Fund Reserves	0.67 M	0.58 M
Non-Governmental Funds	0.12 M	0.23 M
Water Fund	4.01 M	2.98 M
Wastewater Fund	5.66 M	4.47 M
Special Revenue Fund	6.02 M	5.56 M
Assessment District	0.14 M	0.14 M

STAFF ANALYSIS:

Following the release of the June 3, 2025 staff report and budget documentation, it was later identified that the previously stated Measure U revenue estimate of \$973,000 was based on assumptions made in late March and early April. These assumptions reflected preliminary inaccurate interpretations of the ½ cent versus ¼ cent sales tax and the anticipated proceeds from the County agreement. After further internal review and clarification, the projected revenue has been updated to \$1,125,000. The revised projection is based on the City receiving the second ¼ cent authorized by Measure U (through an agreement with the County) for only the first six months of the fiscal year. This is a conservative projection and the Council may choose to revise the budget to reflect receipt of the second ¼ cent for the entire fiscal year. The breakdown below outlines how this revised figure was determined. Staff recognizes that the previous assumption and this updated projection may have caused some confusion. We

appreciate the public's patience as we work to ensure the budget reflects the most current, accurate and transparent budget information available.

The adopted Measure U policy provides that 40% of the revenue from Measure U should be spent on roads, streets, drainage, and parks. Staff understands those categories to be examples of permissible infrastructure spending under the policy, and not an exhaustive list. The City Council may clarify if its intent was for those categories to be an exclusive list.

Key Aspects of the Budget:

- **Revenue Sources:** The budget continues to include one-time revenues generated from increased development activities. These funds are crucial in sustaining essential city services. However, this one time can't be sustained and count for in future years.
- **Revenue Assumptions:** The revenue projections are based on a balanced approach, neither overly conservative nor aggressive. They reflect the best estimates of anticipated income for FY 2024-25, incorporating historical data to provide a reliable average where applicable.
- **Expense Management:** The budget carefully allocates resources to ensure the effective delivery of city services. This includes funding for public safety, parks and recreation, and general government operations.
- **Flexibility and Responsiveness:** The General Fund's flexibility allows the city to adapt to changing needs and priorities, ensuring that resources are allocated effectively to address both immediate and long-term goals.

By managing the General Fund prudently, the City's objective is to sustain its operations, invest in community improvements, and uphold its commitment to fiscal responsibility. The proposed budget serves as a strategic plan to enhance the quality of life for residents while maintaining financial stability.

On the expenditure side, the proposed budget includes the following measures:

1. **Salary Savings:** Salary savings are an important aspect of financial planning and budgeting, allowing organizations to account for vacancies, turnover, and temporary assignments. Based on history, the City has realized vacancy savings well in excess of 4%. The FY 25-26 budget assumes 3% salary savings to account for positions in the process of being filled and such savings spread proportionately across all departments.
2. **City Council Budget:** The Budget Committee has recommended that the City Council establish clear

guidelines for the allocation and management of travel funds for Council members. To address this, staff is recommending that the City Council discuss the proposed policy during the budget deliberations. The intent of the policy is to promote transparency and accountability in how travel funds are allocated and used by Councilmembers. In light of past concerns around consistency and equitable access to these resources, the policy also aims to establish clear guidelines that ensure all members have fair opportunities to participate in travel and training activities. By setting clear expectations and procedures, the City can help keep spending on track and make it easier for everyone to understand how decisions are made.

3. **Police Department Position:** One position in the Police Department will remain vacant and unfunded. This position was not funded in FY24-25 and will continue to be unfunded in FY25-26. Consequently, there will be no budgetary savings from this position. If and when this position is restored, the cost to the general fund will be \$165,000.
4. **Public Works Laborer Position:** One vacant and unfunded Laborer position in Public Works will remain unfilled. The Public Works department is already operating below ideal staffing levels. Not funding this position will further reduce the department's ability to perform landscape beautification, negatively impacting the city's appearance. Keeping this position vacant results in a savings of \$104,645.
5. **Maintenance and Replacement of City Assets:** The budget does not fully fund the maintenance and replacement of city assets, such as streets, parks, buildings, and drainage systems. Maintaining these assets requires approximately \$1 million annually. However, we are allocating \$375,000, which is close to 40% of the anticipated revenue from Measure U, for these purposes, in accordance with the Council policy discussed in the budget message.

The following contracts are recommended for a 60-day extension to ensure uninterrupted services beyond their current expiration date of June 30, 2025:

1. Holly Hansen
2. Marin IT
3. Phillips Seabrook Associates
4. GHD
5. Stone Creek Environmental

Staff recommends that the City Council authorize the Acting City Manager to execute these extensions. Once the new budget is adopted, the contracts will return to Council as consent items for approval for the remainder of the fiscal year.

The proposed budget reflects the diligent work and recommendations of the Budget Committee, which includes Councilmember Sandra Maurer and Councilmember Phill Carter. The City Council has consistently emphasized the importance of financial sustainability and transparency. In line with this commitment, the Budget Committee began its work in December 2024, scheduling and conducting monthly meetings to thoroughly review and discuss the budget.

The Budget Committee has shown a strong commitment by dedicating significant time to the review process. So far, the Committee has held 14 meetings, totaling over 22 hours of discussion. Each meeting has focused on key parts of the budget and related financial matters, policy considerations, long term fiscal planning and

ensuring transparency, accountability, and alignment with the City Council goals and priorities.

Throughout these meetings, the Budget Committee has worked closely with city staff to ensure that the budget aligns with the city's strategic goals and fiscal policies. The Committee's efforts have been instrumental in shaping a budget that not only addresses immediate needs but also positions the city for long-term financial health.

The City Council will continue to review and refine the budget, with the possibility of additional special meetings if necessary, to ensure that the final budget is comprehensive and well-considered before adoption. This process underscores the Council's commitment to responsible fiscal management and community engagement in the budgeting process.

CITY COUNCIL GOALS/PRIORITIES/ AND OR GENERAL PLAN CONSISTENCY:

This agenda item represents the City Council goals/priorities as follows:

Goal 5 – Long Term Financial Sustainability - Achieving Greater Fiscal Responsibility and Long Term Fiscal Sustainability

Action Plan 1 – Balanced Budget - To achieve a balanced budget, review the current financial status and set clear goals. Explore new revenue sources and reduce non-essential spending. Regularly monitor and adjust the budget, plan long-term, and update financial policies. This ensures financial stability and sustainability.

This agenda item represents the City Council General Plan Consistency (if applicable): N/A

FISCAL IMPACT:

The impact of the Proposed Budget is discussed in the budget message at the beginning of the budget document.

COMMUNITY OUTREACH:

This item has been noticed in accordance with the Ralph M. Brown Act and was available for public viewing and review at least 72 hours prior to schedule meeting date. The City has also used social media to promote and advertise the City Council Meeting Agenda Items.

As of the writing of this agenda item report, the City has previously received 25 public comments and those comments have been posted to the City's website. However, if staff receives additional public comment from interested parties following the publication and distribution of this agenda item report, such comments will be provided to the City Council as supplemental materials before or at the meeting.

RESTATED RECOMMENDATION:

That the City Council take the following actions:

- **Review and Consideration:** Review and consider the proposed operating budget for Fiscal Year 2025-26. This step involves a thorough examination of the budget details, including revenue projections, expenditure plans, and funding allocations for various departments and projects.
- **Public Hearing:** Hold a public hearing to gather community input. This provides an opportunity for residents to voice their opinions, concerns, and suggestions which may help shape the final budget.
- **Comments and Direction:** Following the public hearing, provide comments and direction to staff on budget allocations. This may include adjustments to funding priorities, reallocation of resources, or other modifications based on the feedback received and the Council's deliberations.

CITY COUNCIL OPTION(S):

The City Council can reallocate funds within the budget, request additional information, or take other actions as it deems appropriate.

ATTACHMENT(S):

1. Resolution to extend the allocation of the fiscal year 2024-25 operating funds
2. Proposed FY 25-26 Operating Budget

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SEBASTOPOL
APPROVING INTERIM EXPENDITURES PRIOR TO ADOPTION OF THE BUDGET FOR FISCAL YEAR
2025-26

WHEREAS, the City currently does not have an annual budget for Fiscal Year 2025-26; and

WHEREAS, the City is required to make routine and monthly payment for goods, services and miscellaneous maintenance as necessary to continue day to day operations of the City government; and

WHEREAS, it is anticipated that the Fiscal Year 2025-26 Budget will be adopted on July 15, 2025; and

NOW, THEREFORE, the City Council of the City of Sebastopol does hereby resolve as follows:

Section 1. City Council of the City of Sebastopol hereby approves interim expenditures of the City of Sebastopol for a period of 60 days prior to the approval of the adoption of the Annual Budget for Fiscal Year 2025-26. **Such expenditures shall be based upon the allocation of fiscal year 2024-25 operating funds.**

Section 2. The City Manager is authorized to continue City operations, including payroll and purchase of necessity in order to keep the City in operation, in the amount of \$3,888,000.

Section 3. That any capital project expenditures be brought before the City Council for approval, excluding annual maintenance projects.

IN COUNCIL DULY PASSED this 17th day of June, 2025.

City of Sebastopol

June 17, 2025

Honorable Mayor, Councilmembers, and members of the Sebastopol Community,

I am pleased to present the budget for Fiscal Year (FY) 25-26, which has been developed based on the thorough recommendations of the budget committee. Both the staff and the committee have meticulously reviewed the financial implications of this budget. After careful consideration, they have determined that this approach aligns with our fiscal goals and constraints. This collaborative effort ensures that our financial planning is robust and prudently sound, setting us on a path to achieve our objectives efficiently and effectively.

As we continue that journey, this budget reflects a commitment to spending the public's dollars thoughtfully and strategically. I have done my best to bring forward a budget to the committee that reflects the full council priorities. It serves as a financial plan, a communications tool, and a primer on the City's operations. This budget reflects significant progress in addressing our financial challenges. Yet the challenges remain notable – we remain vigilant and working toward achieving true financial sustainability.

On April 1, 2025, the City Council conducted a goal-setting workshop to establish objectives that are fundamental to effective governance. This workshop was a collaborative effort, incorporating input from the public, City Councilmembers, and staff. The final report and next steps were presented at the City Council meeting on April 15, 2025. During the workshop, the Council identified goals for staff to review and determine their feasibility for completion by the June 2026 deadline.

The Council established six key goals:

1. Community Vitality
2. Public Safety
3. Infrastructure
4. High Performance Organization
5. Long Term Financial Stability
6. Economic Development

The City Council plays a crucial role in setting the overarching vision for the City by adopting guiding principles and goals that reflect community values and priorities. These goals provide a framework for decision-making across all levels of City government, ensuring alignment in policies and initiatives. Through the structured goal-setting process in April 2025, the Council established a unified direction for the City's future, building consensus around key projects and policy priorities that impact residents, businesses, and the broader community.

City management is instrumental in implementing this vision. Guided by the Council's established goals and principles, City management sets operational priorities, directs departmental work activities, and proposes allocations for both staffing and financial resources to support the City's strategic objectives. This collaborative approach ensures that the City's initiatives are well-coordinated and effectively address the needs and aspirations of the community.

Types of Funds: This budget includes four types of operating funds:

- a. **General Fund:** This is the City's primary operating fund. It funds most core City services, and the City Council has great flexibility in its use. It accounts for sources and uses of resources that (primarily) are discretionary to the City Council in the provision of activities, programs and services deemed necessary and desirable by the community. It accounts for all general revenues of the City not specifically levied or collected for other City funds, and the related expenditures. The major revenue sources for this fund are sales taxes (including the voter-approved tax rates from Measures U), property taxes, franchise fees, business license fees, unrestricted revenues from the state, fines and forfeitures, and interest income. Expenditures are made for community development, parks, public safety (including police and fire), public works, and other services.
- b. **Enterprise Funds:** These funds include activities that typically operate as independent enterprises, or businesses. They have their own sources of funding, which must be used to support those activities. Enterprise funds are used to account for self-supporting activities that provide services on a user-charge basis. For example, many cities provide water treatment and distribution services to their residents. Users of these services pay utility fees, which the city deposits in a water enterprise fund. Expenditures for water services are charged to this fund. Wastewater is another example. The Water and Wastewater funds are Sebastopol's enterprise funds.
- c. **Special Revenue Funds:** These are funds to account for particular sources of revenue and related expenses. Unlike enterprise funds, the users of the funded services are not typically charged for the full cost of services. Special revenue funds are used to account for activities paid for by taxes or other designated revenue sources that have specific limitations on use according to law. For example, the state levies gas taxes and distributes some of these funds to cities and counties. A local government deposits gas tax revenue in a special fund and spends the money for street and road-related programs, according to law.
- d. **Debt Service Funds:** These funds accumulate assets, or funds, usually from operating funds for repayment of long-term debt. Debt service for a city government is the money needed to pay back the principal and interest on debt over a specific time period. Example of Debt payments include the Energy Project Lease Payment of \$375,000.

Budgetary Highlights: We are submitting a balanced budget, as directed by the Council at their April 1 goal setting session. Overall, the budget reflects a modest surplus of \$148,000. While this amount may seem insignificant, it is noteworthy because it represents a significant improvement from the \$698,000 adopted budgeted deficit of FY 24-25. Closing such a substantial gap in just one year is a challenging feat. This budget demonstrates that we have made considerable progress in addressing the deficit, but it also highlights the need for continued efforts to ensure Sebastopol's long-term sustainability, especially since we are again relying on one-time, non-recurring revenue sources such as building fees.

Budget Projections: Preparing the budget includes projecting revenues and expenses. We make these projections based on the best available information on prior revenues and expenses, and assumptions about economic projections and their consequences. As with any document looking ahead up to a year, there is inherent uncertainty in our estimates. If needed, the City Council can revisit the budget during the Fiscal Year and make adjustments.

We now provide quarterly financial status reports on the General Fund and Enterprise Funds, enabling the City Council and the public to regularly review the status of these budgets and understand the reasons behind any significant changes. This initiative is part of our ongoing efforts to enhance financial transparency and strengthen financial management. Additionally, it empowers the Council to make timely adjustments and

course corrections throughout the Fiscal Year. Starting in 2024 the City hired the consulting firm Baker Tilly to develop a long-range forecasting model to help identify financial trends and assist with the development of sustainable budgets over time. This valuable financial planning tool will be updated annually to help guide the budget process.

The FY 25-26 Budget continues to reflect a comprehensive and collaborative effort to understand financial forecasts, assess community needs, balance competing priorities, and make difficult decisions. Sebastopol is fortunate in that it has a dedicated workforce and an informed and engaged community providing worthy ideas and thoughtful discussion toward improving the work that we do and the services we offer. Choosing how best to allocate the City's limited funding is a daunting task.

General Fund - Fiscal Outlook: We are projecting General Fund revenues of \$15,315,000, which represents an increase of \$1,173,000 from the adjusted FY 24-25 budget. While agencies typically estimate revenues conservatively to mitigate the risk of shortfalls, our projections are balanced and based on our best estimates from key sources such as property taxes and sales taxes. These projections are designed to be realistic, avoiding both undue optimism and excessive pessimism.

Key factors in the projected increase in revenue shown in the following chart:

	FY24-25 Adjusted Budget	FY25-26 Proposed Budget	\$ Inc/(Dec) Proposed vs Adjusted Budget	% Change Proposed vs Adjusted Budget
<u>OPERATING REVENUE</u>				
Property Tax	3,660,000	3,689,105	29,105	0.8%
Sales Taxes	4,563,925	5,755,700	1,191,775	26.1%
Transient Occupancy Tax	519,000	534,500	15,500	3.0%
Licenses & Permits	1,442,500	1,244,000	(198,500)	-13.8%
All Others ¹	3,955,987	4,091,413	135,426	3.4%
Total Projected Revenue	14,141,412	15,314,718	1,173,306	8.3%
¹ Utility User Tax, Franchise Fees, Fines & Special Assessment, Intergovernmental, Interest & Rents, Charges for Services, Miscellaneous, Transfers				

While there has been discussion in the media surrounding tariffs and how they can lead to higher sales tax revenues due to increased prices of imported goods, the overall impact on sales tax revenues depends on various factors. These factors include consumer behavior, business adjustments, and broader economic conditions. Since we do not have enough data to analyze such impacts comprehensively, it is challenging to draw definitive conclusions at this time. As more information becomes available and further research and data collection provide a clearer picture of these dynamics, staff will provide updated analyses and recommendations to ensure informed decision-making.

Measure U

Sebastopol voters approved Measure U in November 2024, a ½ cent sales tax to maintain services funded by the General Fund. The Council adopted a policy in the use of Measure U funds, which included the following:

1. 40% of the revenue shall be allocated for maintaining and repairing City roads, streets, drainage, and parks.
2. Sufficient revenue shall be allocated for maintaining public safety, including retaining existing Police Department staffing levels and providing sufficient funding for fire services after the reorganization of such services with the Gold Ridge Fire Protection District.
3. If there is sufficient revenue allocated for items 1 and 2 above, the remaining revenue will be allocated to maintain Sebastopol's City services such as 911 emergency medical/police/fire response,

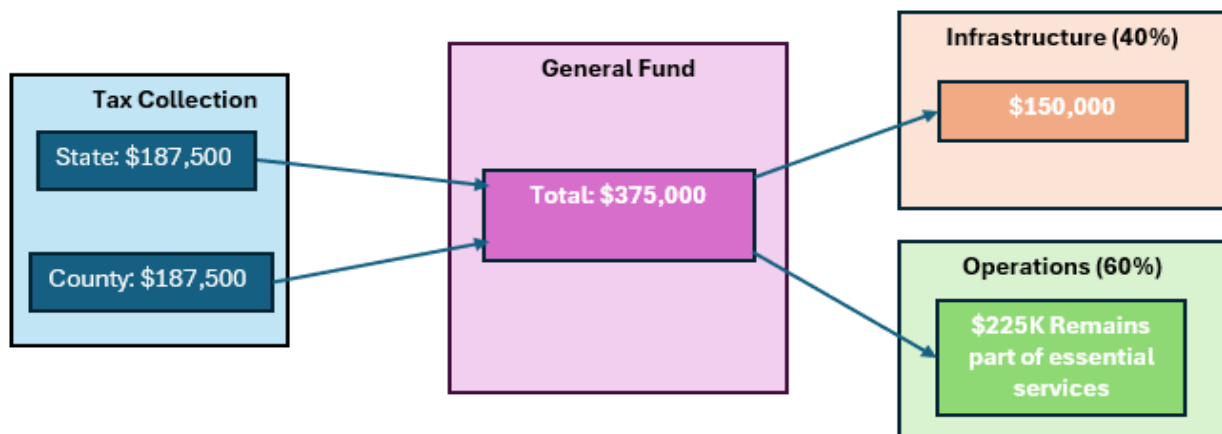

wildfire/emergency preparedness, maintenance of streets/roads, parks/trails, library, youth and senior services, retaining/attracting local businesses, and for general government use.

When fully implemented, we expect Measure U to generate \$1.5 million in revenue. However, because of a competing tax measure, in the long run we may receive only half of that amount, revenue from a ¼ rather than ½ cent sales tax increase. We are looking to our State legislators to address this issue so that we receive the full amount. We look forward with hope for a beneficial decision from the State. In the meantime, we were successful in appealing to the County to receive the full ½ cent amount until a resolution is reached.

The Measure U breakdown by fiscal year as follows:

1. April–June 2025 (Last Quarter of FY24-25)

- a. Projected Revenue: \$375,000
- b. 40% policy put in to Building, Facilities and Infrastructure: (\$150,000)
- c. Remaining funds to be used for operation: \$225,000

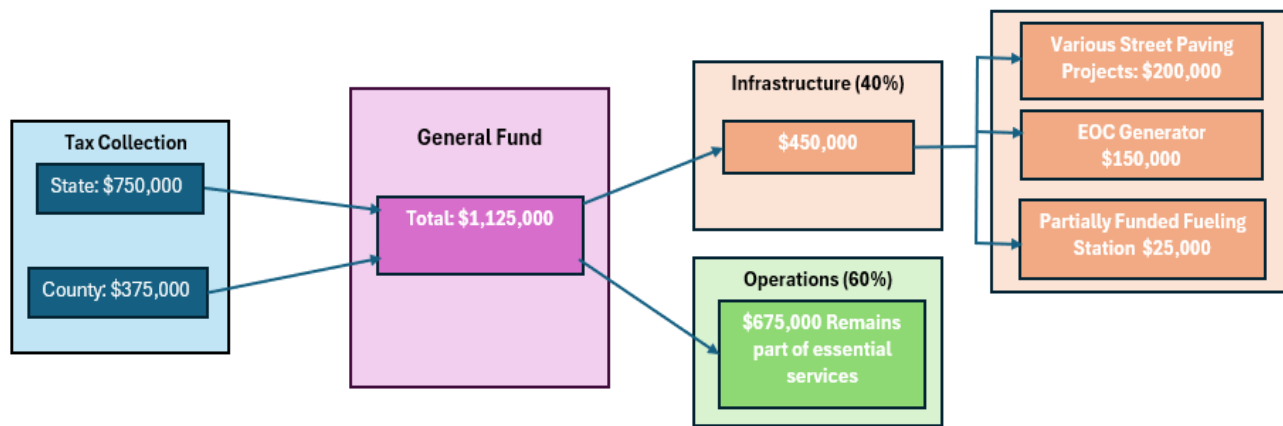

2. FY25-26 (July 2025 – June 2026)

- a. Projected revenue: \$1,125,000
- b. First half (Jul–Dec 2025): \$750,000
 - i. ¼ cent guaranteed by the State
 - ii. ¼ cent temporarily supported by the County
- c. Second half (Jan–Jun 2026): \$375,000
 - i. Based on a ¼ cent guaranteed by the State
 - ii. Awaiting confirmation from State legislators

The 40% policy of projected revenue allocated to Building, Facilities & Infrastructure: \$450,000

- a. The fund is earmarked for the following projects:
 - i. \$200,000 – Street pavement projects
 - ii. \$150,000 – Emergency Operations Center (EOC)
 - iii. \$25,000 – Partially funded fueling station upgrade at the Corporation Yard
 - iv. \$75,000 – Remaining funds yet to be determined

The remaining funds of \$675,000 is to be used for essential city services.

While a balanced budget is a significant milestone, it comes with substantial reductions. These include:

- a. Not filling a vacant Laborer position in Public Works. This position helps to maintain City parks, streets, sidewalks, and buildings. The Public Works staffing is already below ideal levels. Not funding this position will exacerbate that situation by reducing the department's ability to perform landscape beautification which in turn will affect the appearance of the City. Leaving it vacant saves (\$104,645).
- b. Not fully funding the maintenance and replacement of City assets, such as streets, parks, buildings, and drainage systems. It takes about \$1 million/year to maintain what we currently have. We are allocating \$450,000 or 40% of the anticipated revenue from Measure U for these purposes, per the Council policy discussed (above).

Salary Savings: Salary savings are an important aspect of financial planning and budgeting, allowing organizations to account for vacancies, turnover, and temporary assignments. Based on history, the City has realized vacancy savings well in excess of 4%. The FY 25-26 budget assumes 3% salary savings to account for positions in the process of being filled and such savings spread proportionately across all departments.

Unfunded Accrual Liability (UAL) represents the portion of a pension plan's liabilities that are not covered by plan assets. Essentially, it is the difference between the total projected benefits owed to employees and the assets currently available to fund those benefits. Changes in the UAL occur as the age and number of plan members changes and when the pension plan gains less or more from its investments than it has projected. The UAL is considered an employer's debt and is used to assess the funded status of a pension plan. The annual amount of the UAL is determined by an actuarial study that the City receives from CalPERS. There are two separate pools, the safety plan (Police and Fire) and the miscellaneous plan (all other employees). The safety plan is directly charged to Police and Fire as it is based on local safety employees only and is incurred as their UAL. Miscellaneous plan UAL is allocated among non-safety employees based on the percentage of salary cost in each department.

Insurance: The City is part of a joint powers authority (JPA) risk pool. Each year, the California Intergovernmental Risk Authority (CIRA) determines the premiums for various types of insurance, and the City of Sebastopol budgets accordingly. These premiums cover claims such as workers' compensation, personal liability, and property insurance. Each department is allocated a portion of these premiums to cover costs, regardless of whether they have filed any claims. The allocation method is as follows: workers' compensation is based on the total salary of the department, and liability is based on the department's expenses from the previous year. This process, known as allocated insurance, is noted in the budget line items to ensure that each department

contributes its fair share to the insurance expenses based on an established method. It's a structured approach to managing insurance costs, ensuring that each department pays proportionately to the city's overall insurance expenses. The following table shows the increase in various types of insurance that the City must pay:

- Medical insurance: 14%
- Dental insurance: 7%
- Workers' Compensation: 8%
- General* Liability: 21%

*General Liability insurance includes property and vehicle, cyber and safety risk, and environmental pollution.

Cost Allocation Plan (CAP): During FY 23-24, a professional consultant prepared a comprehensive Citywide Indirect Cost Allocation Plan (CAP) for the City of Sebastopol. This plan developed interfund charges for central services, which have been applied in the budget for FY 24-25. These charges are cost-based transfers from Enterprise Fund to reimburse the General Fund for centralized oversight, management, administrative, and support services that benefit departments and funds across the City's organization. The CAP identified allocable support departments within the City's accounting structure, analyzed expenditures, and assigned costs to create an allocable cost pool. This pool was then distributed Citywide, resulting in each department's proportionate share of the allocated costs. The outcomes of this plan informed the interfund charges budgeted within certain non-General funds to reimburse the General Fund for appropriate costs of service.

The CAP is now updated annually as part of the budget development process. Based on factual data analyzed from the FY 24-25 CAP, in the FY 25-26 budget, the CAP allocation transfers \$34,000 more from Fund 500 Water and Fund 510 Wastewater to the General Fund to cover central management and support services.

City Fleet: The City's fleet of vehicles is aging, and this situation necessitates a significant financial investment to renew the fleet over the next three years. To better manage the fleet, staff are recommending issuing a request for proposal for fleet management services. This would provide a means to acquire vehicles and retire them at their peak residual value. This type of fleet management provides an optimal financial method of keeping the City's fleet operational without an undue financial burden in any one year.

General Fund Balance and Reserves: The budget will increase the unassigned General Fund balance to \$4,192,000, which represents 27.6% at the 15% reserve level. The City's policy is to maintain a minimum of 15% of annual expenditures in the available, or unassigned, General Fund balance, with a goal of reaching 20%. These funds are crucial for emergencies, such as natural disasters, and for addressing unanticipated shortfalls in revenues or unexpected increases in expenses.

Our current financial stability has been largely maintained through reliance on non-sustainable funding sources, such as the temporary increase in building fees. This strategy has allowed us to keep the General Fund balance at an acceptable level without the need for drastic budget cuts. Presently, the balance stands at 27.6%, which is above the City's policy levels. However, it is important to note that the one-time revenue from building fees is not expected to continue at the current level. Consequently, we are projecting a return to a \$1.4 million deficit in the next fiscal year.

If there are no significant changes in our revenue streams or expenditure patterns, the current forecast suggests that the reserve level may dip below the minimum threshold of 15% within the next three fiscal years, specifically by FY28-29. The following chart shows the projected General Fund balance (including pension trust balance) over the next ten years. It's important to note that this is a baseline forecast and does not yet account for potential revenue from the Barlow Hotel or the additional ¼ cent sales tax, of which we are waiting for the opinion from the Attorney General. While the baseline projection below does raise concerns, it is based on the best information available at this time and includes several unknowns. Rather than signaling an immediate fiscal crisis, it highlights the importance of maintaining cautious to ensure long-term stability.

Retaining Positions: This budget illustrates the City’s commitment to valuing our staff and community through retaining many of the existing positions, along with the related wages and benefits. However, to achieve a balanced budget, certain adjustments are necessary. As a result, two positions will remain frozen. This budget does not include funding for one Police Officer and one Laborer.

Changes in Department Budgets: The section below summarizes the most significant changes in the budgets for each Department.

City Council: (detailed budget can be found on pages 43-46)

The City Council Budget has experienced a decrease of \$17,000, or 8.5%. This reduction is attributed to a variety of factors, including fluctuations in health benefits costs and adjustments in contracted services for video editing. These adjustments are part of security measures implemented to prevent unwanted interruptions during Zoom meetings. Additionally, there has been an increase in ongoing community support initiatives, such as shuttle fare subsidies and allocated insurance costs, which are beyond the City’s control.

The Budget Committee has recommended that the City Council establish clear guidelines for the allocation and management of travel funds for Council members. To address this, staff will present a recommended policy for discussion during the upcoming budget deliberations. This policy aims to ensure transparency and accountability in how travel funds are distributed and used, promoting responsible financial management within the Council.

City Manager: (detailed budget can be found on pages 47-50)

The City Manager Budget has seen a reduction of \$193,000, or 24.9%. This decrease is due to several factors, including adjustments in health benefits costs and an increase in recruitment services. Additionally, funds have been allocated for attendance at the International City/County Management Association (ICMA) conference, which offers local government leaders a valuable opportunity to network, share knowledge, and discuss best practices in local government management. The most notable reduction, however, is in the contracted services line item, as the support for the new garbage hauler has been completed.

In October 1, 2024, the City launched a pilot initiative in partnership with Analy High School and Santa Rosa Junior College to support the Early College Capstone Internship Program. This program proved to be a meaningful success, offering students—particularly those still exploring potential career paths—an opportunity to gain firsthand exposure to professional environments. To continue fostering these early career development opportunities, the City has allocated \$5,000 in the upcoming budget to sustain and grow this effort.

City Attorney: (detailed budget can be found on pages 51-53)

This budget reflects a modest decrease of \$4,150, or 0.6%, with no notable changes aside from CPI-based adjustments to the City Attorney contract.

Assistant City Manager | City Clerk: (detailed budget can be found on pages 54-60)

The overall budget has decreased by \$7,000, representing a 1.4% reduction. This change is primarily attributed to a \$30,000 decrease in election-related expenses. However, this reduction was partially offset by a \$4,600 increase in spending on conferences and training initiatives, reflecting a continued investment in professional development. Other budget categories remained relatively stable, with no additional notable changes observed.

Administrative Services: (detailed budget can be found on pages 61-65)

The overall budget for the upcoming fiscal year reflects a modest increase of \$19,000, or 1.3%. While most line items remain consistent with the prior year, the most notable change is a \$51,000 (12.2%) reduction in contracted services. This decrease is primarily attributed to the completion of previously budgeted compensation and staffing studies, which are no longer recurring expenses. At the same time, benefit costs have risen, largely due to increased insurance premiums.

To improve cost efficiency, the Budget Committee recommends transitioning from an annual \$6,000 cost allocation plan update to a bi-annual schedule. In off years, the same amount—adjusted for CPI as determined during the user fee update.

Community Development: (detailed budget can be found on pages 66-70)

The proposed budget reflects an increase of \$61,000, or 9.6%, primarily due to staffing changes and benefit coverage category changed. The hiring of a Community Development Director and bargaining group cost of living adjustment accounts for a net salary increase of \$41,860 compared to the prior year. Additionally, staffing reimbursements totaling \$87,000 are projected to offset staffing costs associated with grant-funded projects. Work Plan prioritization and full use of reimbursable funds would be equivalent to 400 hours staff time based on an average split of work between the Director and Associate Planner hourly rates for FY26 with full focus on these reimbursement-based projects (Remaining STG, PDA, and Barlow Hotel Developer Deposit funds). The budget also proposed training budget of \$5,400 ensuring two members of department staff and two members of Planning Commission receive leadership training. This is key to ensuring the City is compliant with ever-changing land use laws and State mandates related to Housing and Environmental review (CEQA and NEPA where appropriate) and will help the City maintain its local control over land use review matters and related legal costs where possible.

To support and explore the potential of economic gardening as a tool for fostering sustainable, locally driven economic development, the budget also includes a \$3,000 allocation to support an economic gardening initiative, which will fund a single workshop aimed at helping local small businesses grow and thrive. This workshop will focus on providing targeted resources, strategic guidance, and peer networking opportunities for entrepreneurs looking to scale their operations.

Building: (detailed budget can be found on pages 71-74)

The proposed budget reflects a \$133,000 increase (43.6%), primarily due to staffing changes following the Fire Department's reorganization. Previously, the Building Department shared an administrative support position with the Fire Department, splitting costs 50/50. With the Fire Department's consolidation into the Gold Ridge Fire District, the full cost of that position has shifted to the Building Department. Contracted services decreased by \$10,000 due to the discontinuation of the US Geological flood gauge contract.

In the upcoming fiscal year, the City intends to issue a Request for Proposals (RFP) to conduct a comprehensive impact fees study. A budget allocation of \$70,000 has been designated to support this effort. Conducting such

studies every five years is considered best practice, ensuring that impact fees remain fair, data-driven, and aligned with current development trends and infrastructure demands. The most recent study was completed in 2021, making this an ideal time to revisit the analysis and update the fee structure based on the latest growth projections, cost assumptions, and community priorities.

On the revenue side, the Building Department continues to collect building permit fees, with FY 2025–26 projections boosted by the second phase of the Canopy project. This is in addition to the City’s typical \$400,000 in annual permit revenue.

While the City has averaged fewer than one new home per year over the past decade, over 40 new homes are expected in the upcoming fiscal year—driven largely by the Canopy development. This surge is anticipated to taper off by year three, returning to normal residential construction levels.

Fire Services: (detailed budget can be found on pages 75-79)

The fire budget reflects a net decrease of \$301,000 or 19.6% compared to the previous year. This reduction is primarily due to the budget's design, which maintains the annual payment to Gold Ridge as part of the fire consolidation agreement. This approach ensures that our fire services remain integrated and efficient. Additionally, the fire budget includes expenses for paying past service obligations, which are essential for honoring previous commitments.

Key changes in the budget include:

- A \$320,000 decrease in salary and benefits due to consolidation.
- A \$347,000 increase in contracted services, attributed to the annual payment to Gold Ridge per the agreement.
- A \$328,000 decrease in other expenses, such as vehicle maintenance, utility costs, allocated insurance shares, minor capital outlay, and equipment purchases.
- The City pays Gold Ridge \$1,100,000 plus the pass-through of an estimated \$40,000 in fire inspection fees.

Police: (detailed budget can be found on pages 80-85)

The budget has increased by \$232,000 or 4.3%. The most significant changes are:

- \$118,000 increase in salaries and benefits for full-time employees in the FY 25-26, which is currently offset by a \$112,000 in salary savings from vacancies in the department.
- A 182% increase in Sonoma County Jail booking fees has necessitated an increase of \$10,000 to be allocated to the respective police department booking fees budget.
- \$5,000 decrease to a total of \$15,000 with the removal of cooling center operations from within our budget, focusing on only providing warming centers when weather conditions call for it.
- \$12,000 increase to fund vital police officer recruitment costs to address staffing shortages that are impacting overtime costs.
- \$6,500 increase in training costs essential to equip recent hires with necessary skills.
- The original \$20,000 budgeted in FY 2024–25 for the EOC assessment was not used and is now being combined with an additional \$20,000 allocated for FY 2025–26—bringing the total to \$40,000—to support the assessment and initial improvements of the City’s Emergency Operations Center (EOC) and enhance overall emergency response capabilities.
- \$12,000 originally budgeted in FY 2024–25 for towing recreational vehicles (RVs) under the RV ordinance was not used and is being re-budgeted for FY 2025–26.
- \$40,000 allocated for homeless outreach services in FY 2025–26.

Public Works | Engineering: (detailed budget can be found on pages 86-105)

The overall budget reflects an increase of \$146,000 or 6.2% as the biggest change in the budget is the reorganization of the Public Works and Engineering Departments. The two departments were combined and are now called the Public Works Department.

The Police Chief will take the lead as the Traffic Engineer as provided in the City's Municipal Code. The reductions in consultant costs will result in slower response time to the public and other City departments, more reliance on the Public Works Department Director/City Engineer for questions pertaining to infrastructure within public right of way, attendance at fewer meetings, reliance on current staff for questions pertaining to engineering records and not providing engineering consultation to the public for private property matters.

Budget items of note include:

- To assist with balancing the City's budget, Public Works will not fill a vacant Laborer position. The impact of not filling the vacant Laborer position will place an additional burden of unfulfilled tasks in our parks. The savings amount to \$104,645 (\$57,000 salary and \$48,400 benefits) and the savings would be had in primarily General Fund 100 (95%), and the remaining in Gas Tax Fund 200 (5%).
- The Department requests that the budget for conferences/training be increased from \$550 to \$5,300 for FY 25-26. The purpose is to provide training/conference attendance needed (credit hours) for state certification, safety training, and to provide specific training for the newly hired Engineering Technician.
- The City Arborist recommends removal of mature trees that are showing signs of advance deterioration. The location of these trees is in Libby Park, Ives Park and Burbank Farm Park. The cost for this tree removal service is \$65,000. Trees in urban areas need to be periodically evaluated and managed to address safety issues. The City Arborist recommends the removal of these trees for these safety concerns.
- The budget includes a \$5,000 allocation to support festive activities during the holiday events held in the plaza. These funds will help enhance the seasonal atmosphere through decorations, entertainment, and community engagement efforts, contributing to a vibrant and welcoming experience for residents and visitors alike. This funding helps support community-centered holiday programming in the plaza, creating a welcoming and festive atmosphere for people of all ages to enjoy.

For the Senior Center, the Community Center, and Ives Pool, freezing one laborer position, reallocating the time of another Public Works Laborer position as noted above to focus on the water and sewer systems, and reduced funding for maintenance contracts, may reduce support for the facility.

Senior Center: (detailed budget can be found on pages 106-108)

This budget reflects an increase of \$6,000 or 15.3%, primarily due to the carryover of the rain gutter replacement project originally scheduled for FY 2024–25, which will now be completed in the upcoming fiscal year.

Community Cultural Center: (detailed budget can be found on pages 109-111)

The proposed budget reflects a reduction of \$7,000 or 3.9%, primarily due to the removal of annual support services that were previously included. Despite this decrease, the budget continues to support key capital improvements, including the replacement of two HVAC units and the carpeting in the youth annex—both of which have experienced considerable wear and are due for renewal. Additionally, the budget allocates \$6,000 for repairs to the Labyrinth Teen Memorial, ensuring its preservation and continued use.

Ives Pool: (detailed budget can be found on pages 112-114)

The proposed budget shows a significant decrease of \$73,000, or 24.5%, primarily due to a downward adjustment in PG&E utility costs, as the previous budget had overestimated these expenses. Although the upcoming fiscal year includes planned building repairs and rain gutter replacements, the overall budget still reflects a reduction because these projects are less costly than the prior year's pool heater replacement.

Non Departmental: (detailed budget can be found on pages 115-117)

The Non-Departmental budget plays a vital role in the City's financial management by recording expenditures that benefit the City as a whole, rather than specific departments. This program accurately tracks and manages costs that span multiple departments or are city-wide in nature. Key operating expenses include personnel payout costs governed by Memoranda of Understanding (MOUs) and the City's information technology replacement plan, ensuring our technology infrastructure remains up-to-date and functional.

- \$47,000 decrease for computer and server replacement compared to the prior year because prior year figures involved purchasing the replacement equipment rather than leasing it as we do now under the current plan.
- \$75,000 increase in transfers for maintaining and repairing City roads, streets, drainage, and parks to building facilities and infrastructure reserve from Measure U per the Council policy discussed (above).

Water and Wastewater Funds: (detailed budget can be found on pages 177-189)

As discussed, the City's water and wastewater systems are in poor shape. We continue to maintain vital components to avoid major problems which could leave residents without water or sewer services for days. The planned Water Master Plan will identify capital improvements and will plan out these improvements to match funding availability.

Past revenue from rates has been insufficient to cover operating costs, make necessary significant capital investments, and maintain a sufficient level of reserves. The budget surplus reflected in this report is part of the strategy to rebuild both Enterprise Funds from the under investment in the past. As discussed in the rate study, over the next three years, we will need additional revenue of over \$9 million, with an approximate breakdown to cover operating deficits (\$7.7 million), fund essential capital projects (\$0.7 million), and build reserves to a sufficient level (\$0.8 million). Furthermore, the Wastewater Fund needs to reimburse the General Fund for the money that was borrowed, which was in excess of one million dollars.

The rate increase goal was to bring fiscal health back to the Enterprise Funds, and to reestablish a prudent fiscal management of our utilities. These increases were the minimum required to balance the operating budget, to begin addressing the backlog of infrastructure renewal and replacement costs, and to replenish reserves.

The rate increases reflect action we need to put our systems and finances in good shape. They are an example of forging a new path and becoming more fiscally responsible. It took years of low rates and deferred maintenance to create the challenges our systems now face, and it will take time to make up for both maintenance and financial challenges.

We are taking proactive steps to avoid future steep rate increases and ensure the sustainability of our water and wastewater systems. These measures include:

- **Creating master plans:** These plans will guide us in making the most cost-effective investments in our systems, ensuring long-term efficiency and reliability.
- **Ensuring revenue and expenses are tracking well with the existing water rate study:** We are committed to managing the water and wastewater funds appropriately and conducting water rate studies or necessary updates more frequently to maintain financial stability.
- **Better tracking of revenues and expenses:** By closely monitoring our financials, we can make timely adjustments as needed to prevent unexpected rate hikes.
- **Assigning dedicated Public Works staff for maintenance:** Increasing the frequency of maintenance will help lower costs and reduce the need for higher rates.

With these actions, we can improve the reliability of the water and wastewater systems, enhance their financial conditions, and increase public confidence in our financial management practices.

A Final Note

As Acting City Manager, I assumed leadership of the budget midway through the process and had to quickly familiarize myself with its details to ensure completion. I will continue to assess this budget as our financial situation evolves, considering its impact on our responsibilities to both staff and the community. While many factors are beyond the City's control, we will maintain a firm grasp on those within our influence, committing to prudent and conscientious financial management. We will ensure transparent and regular reporting to the Council and the public.

By engaging in robust community outreach, we will ensure that diverse perspectives are heard and respected. While we have made significant strides in managing our resources and services, there is still much work to be done. I want to extend my heartfelt thanks to the City Council for your leadership, as well as to our Executive Team and the entire staff of the City for their outstanding service to our community. Despite the challenges we have been through and those that lie ahead, your unwavering commitment and strong leadership continues to pave the way for a bright and promising future.

I want to express my deepest appreciation for the exceptional efforts of the Budget Committee – Councilmember Sandi Maurer and Councilmember Phill Carter. Their dedication and commitment to reviewing the budget and making improvements have been truly remarkable. They have invested extensive time and energy into this process, demonstrating a serious commitment to ensuring the budget's accuracy and effectiveness. Their deep engagement has significantly enhanced the quality of the budget, and their hard work has not gone unnoticed.

Additionally, producing a budget requires countless hours of teamwork, collaboration, and a whole lot of patience. I recognize that this year's budget was particularly challenging to develop and greatly appreciate the professionalism, dedication and input from all the department directors.

I would like to extend my heartfelt thanks to Ana Kwong, the Administrative Services Director, whose extensive support and countless hours of dedication were instrumental in completing this budget. Without Ana's exceptional efforts, this budget would not have been possible. I also want to acknowledge Miko Lim of her team for his invaluable behind-the-scenes hard work.

Most importantly, thank you to the residents and businesses of Sebastopol. While not everyone will agree with every aspect of this budget, it is an honor to serve this community of thoughtful, engaged, and often passionate residents. I am both excited and optimistic about the future as we continue on this next chapter together.

Mary Gourley
Acting City Manager

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 1	COMMUNITY VITALITY Enhance Sebastopol as a great place to live that values community health and well-being. Preserve Sebastopol's unique character.								
	Title	Number of Votes							
Strategy/Project									
UNANIMOUS SUPPORT									
1	Restore or repair labyrinth teen memorial (\$5000) (since the goals meeting, discussions with PW indicates a figure of \$6000/not \$5000 as previously stated)	5							
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
The work will consist of volunteers re-establishing the labyrinth and public works staff relocating benches and the sign, and public works ordering and paying for the large rocks/boulders.					Not started	Fall 2025	Public Works/Engineering	Public Works staff will assist in moving benches and the sign. Volunteers will set the labyrinth.	
2	Support community events with city sponsorship and reduction of fees	5							
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
Staff to continue to review and process requests for waivers of fees; staff time; materials as the requests come in.					Ongoing	Ongoing	Public Works/Engineering	Waivers are reviewed by Council on a case by case basis at a City Council Meeting.	
3	Pomo and public art and updating city web site/land acknowledgement	5							
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
Collaboration with Pomo representatives. City staff to meet with Graton Rancheria tribal secretary Melissa Elgin (707) 566-2288, ext 115 and Marianne Rebullida, Executive Assistant for FIGR. 707-566-2288, ext. 111, mrebullida@gratonrancheria.com ; and Greg Sarris, Tribal Council Chairman: GSarris@gratonrancheria.com and Angela Hardin, Tribal Council Executive Assistant: ahardin@gratonrancheria.com					Ongoing - Agenda Report in DRAFT	Aug-25	City Administration/City Attorney/ CDD to Monitor Future projects	Once completed, recommend that Public Arts Committee be involved in any art work/project related . Email sent to Tribe with language ; once comments received agenda item will return to Council. Once language is adopted; CDD to Monitor as projects come to the City consistent with state law.	Agenda Item Number 12

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 1	COMMUNITY VITALITY Enhance Sebastopol as a great place to live that values community health and well-being. Preserve Sebastopol's unique character.								
4	Clean up of Graffiti	5							
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
Clean up of Downtown					On going	N/A	Public Works/Engineering	Downtown maintenance is a routine task for Public Work. Providing additional services, as needed, will be scheduled. The Community Development Director and the Public Work Director will work with downtown businesses and the Chamber to discuss what is needed to beautify the downtown. Graffiti removal on private property is done by owner. For public spaces, Public Works currently spends 200 hours annually and \$550 for materials.	
5	Festive Activities/Holiday Events	5							
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
CDD and PW to work with downtown businesses/Chamber of Commerce to review/discuss plans for potential holiday events.					TBD	Dec-25	Public Works and Community Development	Public Works for set up/permitting as needed. Community Development involved as supportive of Economic Development (where a Econ. Dev. Strategy allows for participation). CDD and PW will work with the Chamber of Commerce, the Downtown Association, and schools to see how they can participate. Options for decorations will be reviewed.	
6	Grant Writer	5							
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
City staff to work with Sonoma State to ascertain if one or more students would be able to help research/write grants; otherwise staff would prepare Request for Proposals to determine costs for grant writer					Calls have been placed to Sonoma State	As soon as possible	City Administration	Staff continues to apply for grants.	Agenda Item Number 12

ONE YEAR GOALS THROUGH JUNE 30, 2026						
GOAL 2	PUBLIC SAFETY Strengthen the public's safety and improve the quality of life. Includes supporting our first responders (police, fire, public works), responding to emergencies, protecting people, property, and businesses, and engaging in emergency preparedness community outreach, public education and prevention activities.					
	Title	Number of Votes				
Strategy/Project						
UNANIMOUS SUPPORT						
1	Explore Ways to Address Homelessness	5		Status	Timeline	Department Responsible
ACTION PLAN						
Pursue New County-wide Lead Agency for Homelessness				Not started	Unknown	City Manager/Council Liaison
The Board of the Homelessness Coalition has the authority to replace the County as the Lead Agency for homelessness; the City has a seat on that Board. The Sonoma County Mayors and Councilmembers Board will be considering funding for homeless as a priority regionally wide. Homeless Board also to consider agenda from Council representative for review of HUD Funding and distribution to cities; to include review of Homeless Coalition role. An agenda item has been requested to at contracting out HMIS and doing an RFP for a new lead agency.						
2	Pursue no additional costs and or low cost solutions to homelessness	5		Status	Timeline	Department Responsible
ACTION PLAN						
Homelessness: Ordinance to restrict sleeping or sitting that blocks public access to buildings and on sidewalks				Not started	Unknown	Police/City Attorney
Priority issue for police department.						
ACTION PLAN						
				Status	Timeline	Department Responsible
Additional Notes						

Agenda Item Number 12

ONE YEAR GOALS THROUGH JUNE 30, 2026						
GOAL 2	PUBLIC SAFETY Strengthen the public's safety and improve the quality of life. Includes supporting our first responders (police, fire, public works), responding to emergencies, protecting people, property, and businesses, and engaging in emergency preparedness community outreach, public education and prevention activities.					
3	County-wide allocation of Homelessness Resources	Not started	Unknown	City Manager/Council Liaison/Police	Council rep to Homelessness Coalition could pursue information on allocation of resources/ County-wide Homeless Board also to consider agenda from Council representative for review of HUD Funding and distribution to cities; to include review of Homeless Coalition role. An agenda item has been requested to at contracting out HMIS and doing an RFP for a new lead agency/Police to work with WCCS Outreach Coordinator to work with County on grant funding	
		Revisit Infrastructure for back up of City emergency systems	5			
		ACTION PLAN				
The feasibility study will explore both short-term and long-term solutions , ensuring that the EOC remains operational during power outages or emergencies. The final report will include analysis, recommendations, and cost estimates.		Not started	Complete in FY 25/26	Public Works/Police	The feasibility study will include a site assessment, evaluation of short-term and long-term power solution, regulatory review, cost analysis, and a feasibility study report. The short term solution would look at running the dispatch operations and setting up the EOC in one room and determining additional portable generator that might be needed to supplement the existing 40kW generator. The long term solution would consider cost of replacing the existing 40 KW generator with the needed amount that would support the EOC operations.	
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes	
Add CIP project when Feasibility Study is complete for long term power. This will require a new generator at the Police Station to support the EOC.		Not started	Unknown at this time - will depend on option selected	Public Works/Police	The existing generator at the Police Station is a 40kW size generator that can only supply power to the dispatch center. A vendor quote of \$400k was obtained for a new 400kW generator that can support the entire building. This does not include electrical upgrades needed to support the larger generator. A feasibility study will identify the optimum size of the generator needed. Staff is also looking at immediate temporary generator of \$105,000 - more details to come	
4	Emergency Preparedness/Management	5				Agenda Item

Agenda Item Number 12

ONE YEAR GOALS THROUGH JUNE 30, 2026						
GOAL 2	PUBLIC SAFETY Strengthen the public's safety and improve the quality of life. Includes supporting our first responders (police, fire, public works), responding to emergencies, protecting people, property, and businesses, and engaging in emergency preparedness community outreach, public education and prevention activities.					
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes	
Improve Emergency Preparedness; Update Emergency Operations Plan		In progress	Will be on-going	Police	The timeline is dependent on the availability of time. We will need consultant assistance to make significant progress. Scope to include community preparedness and internal City preparedness, including updating the Emergency Operations Plan. Staff is also looking at the option of hiring part time professional services recruitment to complete Plan.	
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes	
Update Hazard Mitigation Plan		In FY25/26	End of 2026	Building	State Mandate; Deadline for next update is: December 2026	
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes	
SAFE Program		In process	Ongoing	Council liaison/Police	To monitor County activity	
5	Community Emergency Response Team – County free offerings	5				
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes	

Agenda Item Number 12

ONE YEAR GOALS THROUGH JUNE 30, 2026									
PUBLIC SAFETY									
GOAL 2	Strengthen the public's safety and improve the quality of life. Includes supporting our first responders (police, fire, public works), responding to emergencies, protecting people, property, and businesses, and engaging in emergency preparedness community outreach, public education and prevention activities.								
Communicate with Chief Helfin and Dr. Nancy Brown on Free Trainings Offered for CERT									Dr Nancy Brown is leading our county's emergency response department. Her department received a grant and started running CERT trainings, the first being in Petaluma last Fall. Her thoughts are that all cities could encourage folks to become CERTS so that they could be deployed throughout the county when needs arise. This way no one city has to spend time on trainings, managing certifications and incurring perceived liabilities. Sebastopol Neighborhood Communications Unit (SNCU)/For training purposes and emergency response: Purchasing and installing two 50-watt GMRS base stations inside the Sebastopol police station, one for use of the police department and the other to allow SNCU net control volunteers to communicate with radios throughout the City. Budget: Two 50-watt GMRS base stations \$210 x 2 \$420 Two AC/DC regulated power supplies \$140 x 2 \$280 Two external mast-mounted antennas, plus cable and fittings, estimated \$2,000 Total \$2,700 We will also ask for a working space within the Police Department, perhaps some counter space in the room now used for forensics.
	6	Coalition of Housing/Keep County or review non-profit/change lead agencies	5						
	ACTION PLAN								
	This action plan is similar to goal above/consider combining this goal with goal above. Pursue New County-wide Lead Agency for Homelessness								
	7	keeping drugs out of town /drug enforcement/needle exchange	5						
ACTION PLAN									Agencies
			Status	Timeline	Department Responsible	Additional Notes			
			Not started	Unknown	City Manager/Council Liaison/Police	The Board of the Homelessness Coalition has the authority to replace the County as the Lead Agency for homelessness; the City has a seat on that Board.			
			Status	Timeline	Department Responsible	Additional Notes			

Agenda Item Number 12

ONE YEAR GOALS THROUGH JUNE 30, 2026					
GOAL 2	PUBLIC SAFETY Strengthen the public's safety and improve the quality of life. Includes supporting our first responders (police, fire, public works), responding to emergencies, protecting people, property, and businesses, and engaging in emergency preparedness community outreach, public education and prevention activities.				
Increased foot presence of police officers downtown/ TheCity also reviewed a request for a harm reduction vending machine (also known as wellness supply vending machine) that would be dispensing naloxone (used to rescue people overdosing from opioids), fentanyl test strips, pregnancy & COVID tests, condoms, feminine hygiene products, dental hygiene kits, personal hygiene kits (soap, shampoo, tissues, etc.), and socks. Council has not reviewed this item as a whole.		Underway	Ongoing	Police	Direction issued to PD staff to perform foot patrols where possible and this has been occurring. 166 foot patrols by patrol officers in March and April, 2025. Police chief is also making regular foot patrols of downtown, the Barlow district, local businesses and stopping to engage with children and community members. In addition, Public Works Director met with West County Health for possible placement of harm reduction vending machine targeting youth. There was no suitable site in Sebastopol; West County Health is looking at other options.

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 3	INFRASTRUCTURE Maintaining High Quality Infrastructure, Facilities and Services includes repairing/replacing outdated city facilities, improving streets, stormwater and wastewater infrastructure.								
Sewer Master Plan	In the FY 25/26 CIP			2027	Public Works	The RFP process will start August 2025 after CIP budget is approved. Updates to be provided by PW Department			
	4	Storm Drain Plan – Removal of silt from Calder Creek Pipeline			5				
ACTION PLAN									
	This project will be addressed in the Flood Resiliency Plan that is currently underway. The work is for removal of silt in the Calder Creek pipeline and the first order of work is to prepare plans, specification, estimate, and permitting. The cost of the silt dredging is very high and staff will need to pursue grants, if any.			In the 5-year CIP and proposed to start with design and permitting in FY 26/27	2026 - begin preconstruction. Work	Public Works	Contractor quote was obtained nearly 10 years ago with a cost of \$1.2M. This did not include engineering and permitting. Escalated cost is \$2M but will be refined in the upcoming Flood Resiliency Master Plan.		
5	CUSP Grant Application for Phase I of Naturalization of Calder Creek and Ives Park			5					
ACTION PLAN									
Staff to work cooperatively with CUSP pending granting agencies' responses to Council approved grant applications. Staff to create a list of projects that can be done that follows the master plan and not interfere with the grant.									
6	Implementation of Rotary Centennial Plan (with revisioning of Ives park) Council review first			5					
ACTION PLAN									
Staff to work with Rotary on Plan Review/Item to be returned to Council for consideration									
7	Well 4 (updates/funding)			5					
ACTION PLAN									
Issue RFP for engineering services to develop standard plans & specifications.									
	In FY 25/26			FY 25/26	Public Works/Engineering	Working with attorney. Status update for Council in Q1 of FY 25/26			

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 3	INFRASTRUCTURE Maintaining High Quality Infrastructure, Facilities and Services includes repairing/replacing outdated city facilities, improving streets, stormwater and wastewater infrastructure.								
8	SCTCA Funding Plan Cycle/Bodega Ave Bike Lanes. SCTCA Funding Plan Cycle 2	5							
ACTION PLAN									
	Continue to engage with SCTA TAC and represent the City's interests in pursuit of Go Sonoma grant funding. Staff has provided a list of transportation projects as part of the "Move Sonoma 2050" plan. Next Call for Projects is estimated to occur in June 2025.		In progress	Summer 2025	Public Works/Engineering		This is an ongoing task as part of the SCTA TAC that public works staff attends. Staff can provide as needed updates as part of the monthly department reports.Next round of call for projects expected June 2025.		
9	EIFD	5							
ACTION PLAN									
	Item on hold until June 2025; when we hope to know more about the likelihood of our obtaining the full ½ cent from Measure U.		In process	TBD	City Manager		The EIFD Ad Hoc and staff met with the County and Kosmont in early April. Kosmont has completed initial work on the impact of an EIFD on the General Fund. With our projections showing years of deficits unless other significant revenues materialize, we agreed to put this on hold until June, when we hope to know more about the likelihood of our obtaining the full ½ cent from Measure U. We are now on pause until that all shakes out. In the meanwhile, Kosmont is coordinating with Supervisor Hopkin's office on some additional analysis in unincorporated area and a potential briefing to the full board on this work this summer.		
10	ADA walk way in Ives Park	5							
ACTION PLAN									
	Finalize plans for Ives Park Segment 2 ADA path from restroom to parking lot and prepare specifications and updated costs. This project is in the CIP.		Ongoing	Fall 2025	Community Development and Public Works		The plans are 80% complete and would need to be finalized, specs prepared and then bid. Cost is estimated at \$180,000 for final design and construction. Funded with Measure M Parks.		
11	Items below added from September 2024 Approved Goals list: Water / Sewer Master Plan. City buildings	5							
ACTION PLAN									

ONE YEAR GOALS THROUGH JUNE 30, 2026					
GOAL 3	INFRASTRUCTURE Maintaining High Quality Infrastructure, Facilities and Services includes repairing/replacing outdated city facilities, improving streets, stormwater and wastewater infrastructure.				
Water Master Plan		Underway	Early 2026	Public Works	This project was approved in FY 2024-25 and is already underway . Council can be provided project updates in the monthly Department updates.
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes
Pursue Trench Cut ordinance so contractors working on City streets pay for repairs		Not started	FY 25/26	Public Works	Develop ordinance using existing neighboring cities as an example. Prepare City Council agenda item.
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes
Develop schedule for replacing major components of buildings, and determine amount of funding needed and to be set aside each year.		Not started	FY 25/26	Public Works	This is a best practice in financial management, typically prepared by consultant w/input from City staff.
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes
Fleet: Develop Replacement Plan & Electrification of City Fleet and State Air Board compliance		Some funding in FY 25/26 PW Ops budget		Public Works	There will be two applications for both city sites, which include the Police Department and the Corporation Yard. We can likely lease instead of purchase some vehicles which may be more cost-effective. State electrification mandate likely infeasible. Implementation costs are about \$150,000 to \$200,000 for each site. Staff will reach out to Sonoma Clean Power to see if they can participate through a grant.

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 4	HIGH PERFORMANCE ORGANIZATION								
	Title		Number of Votes						
Strategy/Project									
UNANIMOUS SUPPORT									
1	Achieving staffing/ Program targets that match best standards and efficiency/operational staffing efficiencies/baseline budgets/performance management		5						
ACTION PLAN									
		Status		Timeline		Department Responsible		Additional Notes	
	Review staffing assessment study and work to match staffing levels with service demand and seasonal trends.	Ongoing		Some items completed; others in recruitment		Human Resources/Administrative Services/City Manager		The classification study job specifications will be presented to the Council by July 1, 2025, for those without fiscal impacts. Meanwhile, work will continue with the HR Advisor and City Manager to address additional classification changes and equity adjustments during the FY25-26 budget process. The HR Advisor and City staff are also working on implementing staffing recommendations from the recently amended staffing assessment study, aligning them with business needs. The City will return to the Council as opportunities arise.	
2	City Council Protocols and Procedures								
ACTION PLAN									
		Status		Timeline		Department Responsible		Additional Notes	
		In Process		Ongoing		City Management/Ad Hoc Committee		City Council review policies on an ongoing basis during City Council Meetings.	
3	RFP for HR Management								
ACTION PLAN									
		Status		Timeline		Department Responsible		Additional Notes	
						Administrative Services/City Manager			Agenda Item Number 12
4	Avoid builder remedy		5						
ACTION PLAN									
		Status		Timeline		Department Responsible		Additional Notes	

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 4	HIGH PERFORMANCE ORGANIZATION								
Staff is actively processing Housing element updates									
5	Housing Element Implementation/Association of Bay Area Government (ABAG) Priority Development Grant		Ongoing	Varies; to be completed in Housing Element cycle period	Community Development	This potential issue is much less of an issue for Sebastopol than other County jurisdictions but we are being proactive about remaining in compliance with our Housing Element program.			
ACTION PLAN									
Staff is actively processing Housing element updates; Planning Commission appointed a subcommittee to review required HE updated on 4.22.25; Emi solicited Napa/Sonoma Collaborative staff to offer free staff assistance to move project forward.									
6	Evaluate Replacement of SMART Gov permitting system								
ACTION PLAN									
7	Replace CIP Software				Community Development/Building/Admin Services/Public Works	Our current system is difficult to work with, contributes to inefficient processes, slows the review of projects.			
ACTION PLAN									
Agenda Item Number 12									
CIP budget uses two software packages (Breeze and Springbrook) that do not communicate with each other. Identify a single CIP budget preparation and project budget tracking software so that the communication process is mechanized and not performed manually.									

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 4	HIGH PERFORMANCE ORGANIZATION								
8	Restoring public trust		5						
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
Acknowledge and Address Past Issues/openly share decisions, data, and reasoning/Use plain language in communication/Set measurable goals and report progress/create independent oversight/respond to feedback visibly and respectfully/include goals in agenda items and demonstrate them in decisions.					Ongoing	Ongoing	All Departments	Ongoing	
9	IT Audit (approved during earlier Council Meeting)		5						
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
Conducting an IT audit to assess the city's IT needs before going out to a Request for Proposal (RFP) for IT support services. The audit would focus on various aspects such as system hardware, software, security, internal and external IT standards, and the efficiency and effectiveness of the IT system. The goal is to ensure that the IT infrastructure is robust, secure, and aligned with the city's objectives.					DRAFT RFP has been created; will be distributed to determine proposed costs.	Dec-25	Administrative Services/Acting City Manager	Working on a cost/proposal for City wide IT audit first (then RFP for IT Services). Should include determining replacement schedule and funding for IT equipment, and assessment of current software and systems. This could include CIP, Permitting, Records Management System, and/or Finance software listed elsewhere.	
10	Improve Public Communications		5						
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	
Staff to work on creating a communications plan to help develop a bond of trust between the City and our community/Align messages with organizational values and public interests/Set goals for awareness, understanding, trust, and participation/use plain language—avoid jargon, acronyms, and bureaucratic tone/focus on transparency, empathy, and honesty. Communicate benefits and impacts, not just procedures or policies.					Ongoing	Ongoing	All Departments	Ongoing	Agenda Item Number 12
11	Shared Services		5						
ACTION PLAN					Status	Timeline	Department Responsible	Additional Notes	

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 4	HIGH PERFORMANCE ORGANIZATION								
Communicate with other governmental agencies to determine if there are opportunities for shared services		Ongoing		All Departments	Staff has reached out to other cities and as of the writing of this report, there were no known opportunities for shared services.				
12	Cross Training of Administrative Staff/Actions from Class and Comp Study and Staffing Assessment	5							
ACTION PLAN			Status	Timeline	Department Responsible	Additional Notes			
First step is on-going in the we anticipate Building moving to City hall in the next thirty days. That will allow another admin staff (1 FTE) to move to City Hall and cross train into other areas/Retiting of Positions; Reclassification/recruitment for positions			on-going	30 days	Building/ACM	This is the first step of streamlining City government and create cross training for city employees			

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 5	LONG TERM FINANCIAL SUSTAINABILITY Achieving Greater Fiscal Resilience and Long Term Fiscal Sustainability								
TRUST FUND - 115									
3	Measure U Priority Resolution reviewed during Budget Process	5			On-Going	Yearly	Administrative Services	Yearly Update on Pension trust	
ACTION PLAN									
This process is already incorporated in the FY25-26 budget discussion									
4	Publish Reports on Budget Illustrating Budget (Budget at a Glance)	5			On-Going	TBD	Lead: Administrative Services	Resolution utilized for review of use of Measure U funds/City staff keeping track of expenditures from Measure U fund; will provide information as part of quarterly reports	
ACTION PLAN									
A "Budget at a Glance" provides a concise overview of the financial plan. It highlights key financial metrics and summaries, making it easier for the public to understand the budget's main components without delving into detailed documents.									
5	Diversify City Revenue base	5			On-Going	FY26-27	Administrative Services	Creating a professional and polished "Budget at a Glance" is challenging due to the lack of resources and specialized skills required for producing graphic visual summaries. Our team does not have the expertise needed to design and implement these visual elements effectively. Staff could review current practices to create clear graphs (such as pie charts) for easier read and transparency	
ACTION PLAN									
Support small business growth and entrepreneurship through grants, and regulatory streamlining.									
6	Update Financial Policies/Ensure meets CIRA	5			In process	On-Going	Community Development	Staff to reconsider reinstituting the façade improvement program	
ACTION PLAN									
Staff would need to consult with CIRA Team and provide them with the City current financial policy and request a review									
7	Increasing Revenue Base	5			On-Going	TBD	Administrative Services		Agenda Item Number 12
ACTION PLAN									
					Status	Timeline	Department Responsible	Additional Notes	12

ONE YEAR GOALS THROUGH JUNE 30, 2026									
GOAL 5	LONG TERM FINANCIAL SUSTAINABILITY Achieving Greater Fiscal Resilience and Long Term Fiscal Sustainability								
To increase the city's revenue base, consider implementing fee increases for services, introducing new fees or taxes, and applying for grants. Encouraging new construction and development projects can boost property tax revenues. Engaging in public-private partnerships and optimizing operational efficiency are also effective strategies.		On-Going	TDB	Community Development	We have adopted Resolution 6592-2024 which raised permit fees for construction by about 18-20 percent. We also passed through Council in November 2024, a resolution to raise building valuations, which in-directly raises permit fees.				
8	Update of Impact Fees and More Information	5							
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes				
The staff will undertake a comprehensive review of the 2021 impact fee study to determine whether the fee requires an update or if a complete new study should be conducted.		on-going	Still to be determined	Building / Community Development	The cost range for an update is between \$50K to \$70K, depending on various impact fees and growth factors. Conducting a full fee study will likely cost more, and the timeline for completing such a study—from issuing an RFP to selecting a new consultant and initiating the study—ranges from 9 months to a year. Last Study conducted 2019				
9	Grants from Regional Bodies	5							
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes				
Identify Relevant Regional Funding Sources/Partner with neighboring municipalities, nonprofits, on joint proposals/Engage external grant consultants if resources are limited.		On-going	on-going	All Departments	City staff representatives and alternates to regional bodies will provide monthly updates to council of upcoming grant opportunities from regional boards.				
10	Review of Zoning Codes for streamlining of permitting	5							
ACTION PLAN		Status	Timeline	Department Responsible	Additional Notes				
In process; Planning Commission has appointed a subcommittee to evaluate Housing related Zoning Code updates		In process	TBD	Community Development	None.				

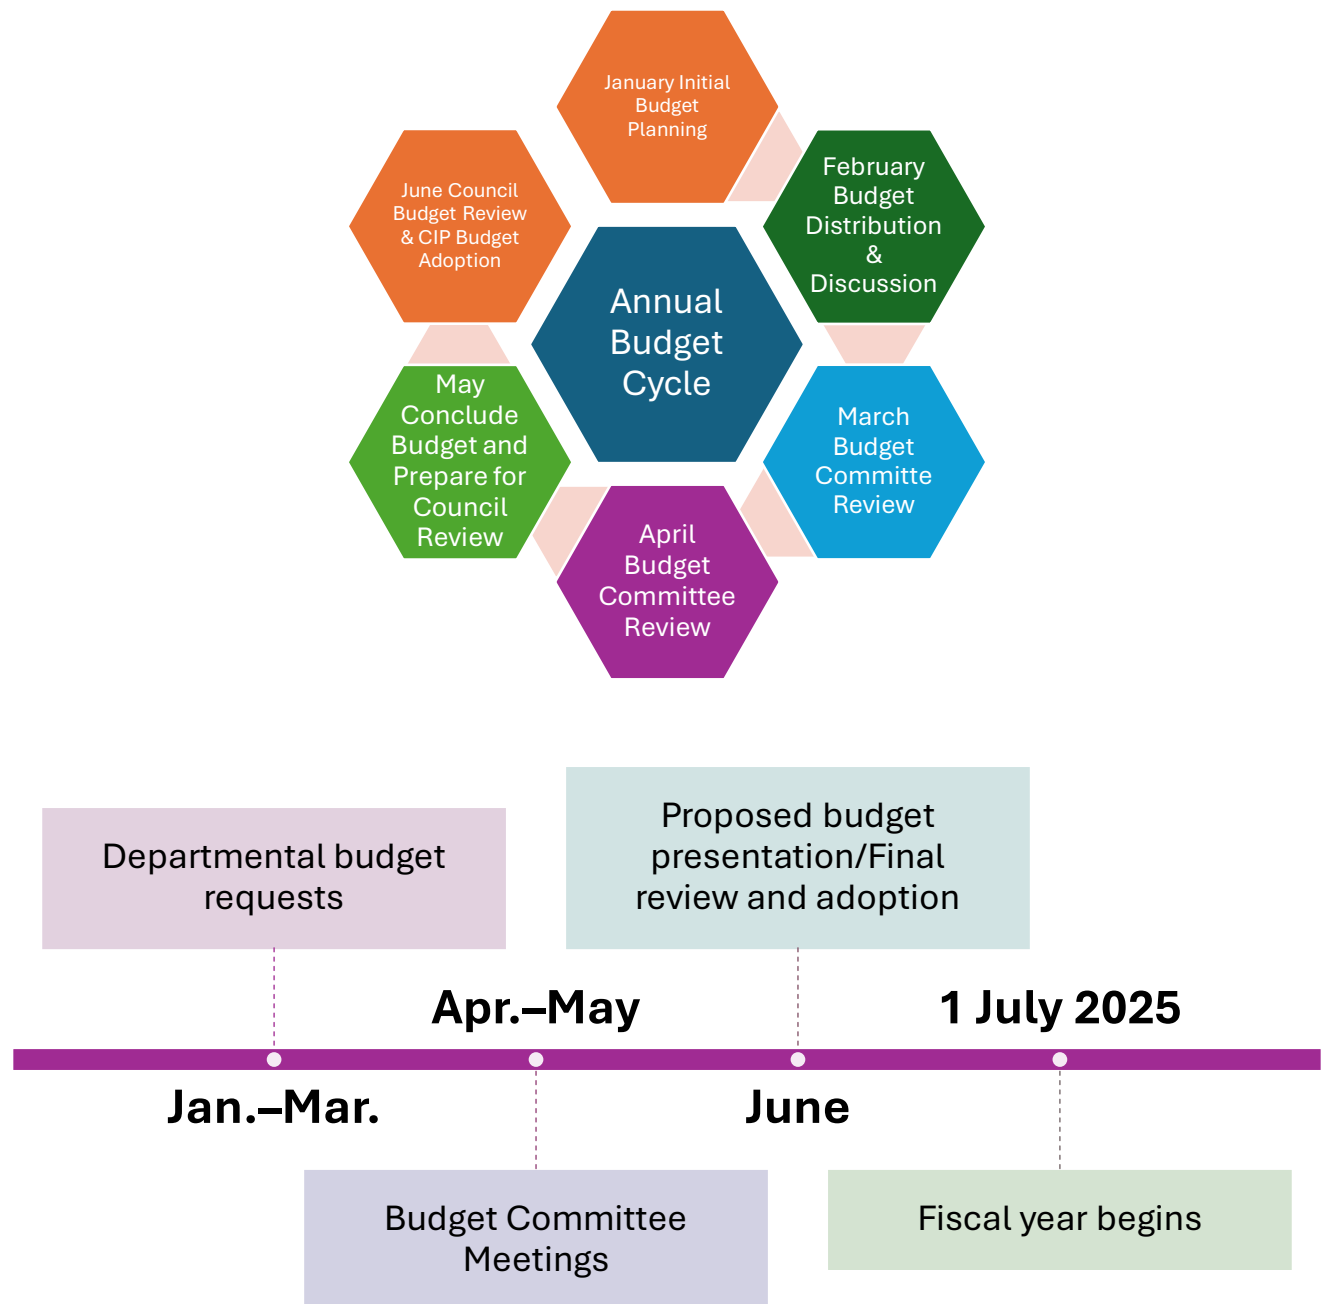

ONE YEAR GOALS THROUGH JUNE 30, 2026							
GOAL 6	ECONOMIC DEVELOPMENT						
	Title	Number of Votes					
Strategy/Project							
UNANIMOUS SUPPORT							
1	Growing Businesses Together /"Requested to be Retitled to: Economic Gardening Program"	5					
ACTION PLAN							
City staff to work with to create a town hall or business event. Launch an Economic Gardening program that grows home-grown businesses—especially artisan food, farm-to-table, and boutique manufacturers—by boosting retention, expansion, and high-value job creation while using minimal City staff time and cost.			TBD	TBD	Community Development		This includes an event and on-going support to promote local businesses using an approach tried in other communities. Business 2 Business Support program could be a potential initiative if/when an Economic Development Strategy project is developed. •Higher local sales, more visitors stopping, stronger brand as a “foodie/artisan hub.” •Job and wage growth with low public cost (far cheaper than recruitment incentives). •Durable public-private communication channel, reducing friction on permits and policy.
2	Presentation from new CDD on economic development/plans/strategy/ responsibility of who (what department) is keeping track of businesses?/ How we are working as part of economic development /working with brokers who are working with people who are seeking spaces/how develop relationships	5					
ACTION PLAN							
Develop Economic Development Strategy			TBD	TBD	Community Development		
3	Finalize Completion of Permitting for Barlow Hotel						
ACTION PLAN							
			Ongoing	Dec., 2025	Community Development/City Manager/Building/Public Works		Current focus of economic development efforts. (Development Agreement Ordinance 2nd reading to go to City Council Tentatively scheduled for May 6, 2025).

Agenda Item Number 12

Budget Timeline

The Sebastopol budget serves as the City's strategic blueprint for delivering efficient services and managing the revenues that sustain them. It is a pivotal element in the City's framework for financial planning, management, and oversight. As a financial roadmap, the budget outlines the anticipated revenue and expenditures for the fiscal year, aiming to provide a transparent, coherent, and comprehensive financial strategy to achieve the City's aspirations and objectives.

The schedule below is the summary of the public planning and reporting meetings for the current budget cycle. The outline below details Sebastopol annual budget cycle. All dates are subject to change by the City Council.

CITY COUNCIL

Incorporated in 1902, the City of Sebastopol operates under California's general law and is governed by a five-member City Council. The city follows a Council-Manager system, where the Council, elected at-large for four-year terms, is responsible for setting city-wide policies, goals, and overseeing the city's operations through the City Manager.

The City Council has the authority to appoint key city officials, including the City Manager, City Attorney, and City Clerk. Regular Council meetings are held on the first and third Tuesday of each month, with special meetings called as needed. The Council also appoints a Mayor and Vice Mayor annually to lead the meetings and represent the city.

CITY MANAGER

Mission Statement

The City Manager is responsible for implementing the City Council's goals and directives. This includes overseeing the implementation of policies related to city operations, budget management, personnel, and public communications. The City Manager also advises the City Council on all matters related to the city's operations and ensures the smooth functioning of the city's day-to-day activities.

Major Accomplishments in 2024-25

- ✓ Completed procurement of new solid waste agreement through a competitive process
- ✓ Completed Merger of Fire Department with Gold Ridge Fire Protection District
- ✓ Led negotiations for new agreements with employee unions
- ✓ Hired three new Department Heads
- ✓ Improved financial tracking and reporting
- ✓ Led first Council goal-setting effort since 2019

Goals and Objectives for 2025-26

Support City Council in achieving its goals by focusing on priority projects and initiatives. The goals include:

- ❖ Community Vitality
- ❖ Public Safety and Responding to Homelessness
- ❖ Infrastructure
- ❖ High Performance Organization
- ❖ Long-term Financial Sustainability
- ❖ Economic Development

ASSISTANT CITY MANAGER / CITY CLERK

Mission Statement

The mission of the City Clerk Department is to provide efficient, quality services in a courteous, knowledgeable and professional manner. The City Clerk's Office represents the "front door" of City Hall and is here to help demystify the government process. The City Clerk's office encourages community members to have a voice in local government. The City Clerk's multi-faceted office functions have evolved in response to the needs of legislative bodies and their constituents. As Clerk to the City Council, this Office records and preserves Council proceedings and provides procedural and technical support where needed. As official record keeper, the City Clerk maintains custody of City records

Assistant City Manager /
City Clerk *
1.00 FTE

*Designated Assistant City Manager holding two positions: Assistant City Manager and City Clerk.

Major Accomplishments in 2024-2025:

- ✓ Completion of Award of Contract for Sebastopol's Solid Waste Collection Agreement (Transition Completion Date: June 30, 2025)
 - Awarded a contract for solid waste collection and ensured a transition plan was developed to meet the set deadline; led the bidding process, reviewed vendor proposals, negotiated terms, and created a clear transition timeline; Oversee the transition to the new service provider by June 2025.
- ✓ Completion of Labor Negotiations with Two Bargaining Units (SPOA – Sebastopol Police Officer Association and SEIU – Service Employee International Union)
 - Successfully completed labor negotiations with the police officers' union (SPOA) and the public works/admin staff union (SEIU); Facilitated negotiations, addressed union concerns, and reached agreements beneficial to both the city and bargaining units.
- ✓ Assisted with Sebastopol Volunteer Fire Department Merger/Reorganization with Gold Ridge Fire Protection District.
 - Played a key role on the ad hoc committee in assisting the merger and reorganization of the Sebastopol Volunteer Fire Department with the Gold Ridge Fire Protection District; The merger will enhance fire services, optimize resources, and improve emergency response capabilities; will finalize media communications and provide full transparency to the community, expected by June 2025.
- ✓ Provided City Staff with Clarification of Current State Record Retention Requirements
 - Delivered essential guidance to city staff on how to comply with state record retention laws; This will ensure that the city remains compliant with state laws and that records are retained appropriately; Continue to monitor compliance and provide updates as needed.
- ✓ Conducted Initial Research and Cost Estimate for Records Retention Program for Storage of Documents Electronically
 - Initiated research into the costs and feasibility of implementing an electronic records retention system; Researched best practices, identified potential software and vendors, and estimated costs.

- ✓ Utilized Current Technology to Aid in Transparency of City Meetings
 - Utilized software tools to streamline the creation and distribution of meeting agendas, minutes, and other related documents; Continue to enhance digital accessibility for all city meetings.
- ✓ Commitment to Providing City Employees with a Stable Work Environment and Growth Opportunities
 - Completed the staffing assessment, developed a plan for updating and creating new job descriptions, and outlined further actions to meet staffing needs; created first part of the work plan, including updating job descriptions and aligning them with current staffing needs and consolidation of building department to City Hall
- ✓ Conducted Public Records Act Requests and Improved Records Management System
 - Handled numerous public records act requests and began building a more extensive database to make future retrieval easier and more efficient. Retrieved, reviewed, and redacted thousands of documents; digitized documents for easier access; and began developing a digital filing system. Continue to build the database, scan more documents, and streamline the public records request process.
- ✓ Completed First Set of Policies for City Council Procedures and Protocols
 - Completed the first set of policies regarding City Council procedures and protocols. This ensures that the City Council operates in an efficient, transparent, and orderly manner, helping streamline meetings and decision-making.
- ✓ Finalization of Electronic Policy
 - Completed the finalization of the city's electronic policy, ensuring proper use of technology and electronic records. This policy helps maintain security, consistency, and accountability in how electronic documents and technology are used across the city.

Goals and Objectives for 2025-2026:
--

- ❖ Review of ACM/City Clerk Staffing
 - Objective: Assess staffing needs, roles, and efficiency of the Assistant City Manager (ACM) and City Clerk positions.
 - One person currently fills both positions, but the current model is unsustainable.
 - Assess staffing needs: Based on the recent staffing recommendations, conduct a review of workload distribution, responsibilities, and the need for two separate positions.
 - Cross-Training and Mentoring: Continue efforts to hire additional positions that allow for cross-training and mentoring, enhancing team capacity and continuity. city staff are well-trained, supported, and able to grow in their roles.
 - Explore Shared Services: Begin discussions with neighboring cities to explore shared services for administrative functions, which may reduce costs and improve service efficiency.
 - Establish a sustainable staffing model for the ACM and City Clerk roles, ensuring effective city operations and capacity for long-term growth.
- ❖ Labor Negotiations
 - Objective: Prepare for upcoming negotiations for Memorandums of Understanding (MOUs) with bargaining units.

- MOUs with two bargaining units (e.g., police officers and public works/admin staff) will expire in December 2025.
 - Start Negotiations in 2025: Begin negotiations with bargaining units in August/September 2025, well in advance of contract expiration, to ensure a smooth renewal process.
 - Plan for Employee Needs: Work with the City Manager and Human Resource to develop strategies that will help meet employee expectations for compensation benefits, and working conditions.
 - Ensure that labor negotiations are timely and lead to agreements that support the city's operational needs and employee satisfaction.
- ❖ Leadership and Staff Development
- Objective: Build strong, cohesive teams within city departments and improve employee satisfaction and retention.
 - Work with City Manager and HR Consultant: Collaborate to build leadership capacity within city departments and create development programs for staff.
 - Provide Professional Development Opportunities: Implement initiatives that ensure employees have access to the resources, training, and mentorship to succeed in their roles.
 - Improve Workplace Culture: Address employee satisfaction issues, improving morale and retention through initiatives focused on team-building, and recognition.
 - Create a high-performing, engaged workforce capable of meeting the city's needs.
- ❖ Continued Collaboration with IT on Technology Upgrades
- Objective: Enhance the city's technology infrastructure to improve operations and service delivery.
 - IT System Review: Work with an IT auditor to assess the city's current IT infrastructure. This will include reviewing system hardware, software, and security, as well as internal and external standards.
 - Conduct RFP for IT Support Services: Based on the IT audit findings, help create an RFP for selecting an IT support service provider.
 - Security Policies: Review and upgrade security protocols, including firewalls, encryption, intrusion detection, access management, and data backups.
 - Ensure proper data backup and recovery systems, including both cloud and local storage solutions, to minimize data loss risks and system downtime.
 - Create a more secure, efficient, and reliable IT infrastructure that supports the city's operations and improves public service delivery. Streamlining city operations, improving cross-departmental collaboration, and modernizing technology infrastructure.
- ❖ Creation of Policies for City Council and City Manager
- Objective: Develop and finalize key policies for the City Council and City Manager's office to ensure transparent governance and efficient operations.
 - Track Legal and Regulatory Changes: Continuously monitor changes in state or federal regulations in partnership with the City Attorney to ensure policies are up-to-date and compliant.
 - Policy Development: Continue developing and refining policies for City Council procedures and City Manager office operations.

- Clear, up-to-date policies that guide operations and ensure compliance with legal standards, improving the efficiency of city governance.
- ❖ Review of City Blog / Substack for Enhanced Communications
 - Objective: Explore new communication channels to improve transparency and community engagement.
 - Evaluate New Platforms: Review the feasibility of using a City Blog or Substack for more frequent, transparent updates from the City Council and City Manager.
 - Video Communication: Integrate video content from Council or City Management to enhance communication with residents, making city updates more accessible and engaging.
 - A more transparent and accessible communication strategy that strengthens the connection between city leadership and the community.
 - Transparency and Communication: Improving how the city communicates with its residents, making it easier for them to access information and engage in the decision-making process.

ADMINISTRATIVE SERVICES (FINANCE) DEPARTMENT

Mission Statement

The Department of Administrative Services is responsible for the divisions of Finance & Accounting, Budgeting, Human Resources and Information Technology.

1. Finance & Accounting – Performing the accounting for all of the City’s financial transactions and coordinating preparation of the annual audit.
2. Budgeting - Coordinating the annual operating and capital budget process, including the development of the fee schedule, assist departments with reports and analysis to ensure expenditures are within budgeted appropriations. Track and report on budget status to City Council.
3. Human Resources - Process bi-weekly payroll for all City employees, reporting and paying tax obligations, and completing all reporting requirements.
4. Information Technology - Work collaboratively with all City departments to deliver the IT services and infrastructure.

Major Accomplishments in 2024-25:

- ✓ Filled the Accountant position
- ✓ Retained New Audit Firm – Chavan & Associates, LLP
- ✓ Completed administrative support of Measure U (1/2 cents sales tax)
- ✓ Enhanced budget tracking and quarterly reporting to the City Council
- ✓ Completed citywide classification and compensation study
- ✓ Completed citywide staffing assessment study
- ✓ Completed phase 1 deployment of new computer lease program

Goals and Objectives for 2025-26:

- ❖ Implementation the result of classification/compensation and staffing studies
- ❖ Continue managing and tracking the technology replacement lease program
- ❖ Maintain quarterly financial updates
- ❖ Provide support for the IT assessment study

COMMUNITY DEVELOPMENT DEPARTMENT

Mission Statement

The Community Development Department is currently responsible for the divisions of Planning & Economic Development. The Department provides assistance to the City Council and staffs the following City Boards: Planning Commission, Design Review Board/Tree Board, Climate Action Committee, and Public Arts Committee as well as the staff committees-Environmental Review Committee and Development Review Team.

Community Development staff are also involved in inter-jurisdictional outreach and regional/state programs and serve as the City's staff liaison to agencies such as the Regional Climate Protection Authority, the Sonoma County Transportation Authority, the Sonoma Land Trust and the Sonoma County Community Development Commission, Association of Bay Area Governments/Metropolitan Transportation Commission, as well as other regional, state and federal agencies on an as-needed basis to support City initiatives and State or federally-mandated programs involving land use and environmental laws.

Major Accomplishments in 2024-25:

- ✓ Completed and Adopted Bicycle and Pedestrian Master Plan Update (Active Transportation Plan)
- ✓ Art in lieu fund two projects installed within City limits. The first being the Ned Khan “Spire” within Meadowlark field along the eastern entrance to Sebastopol on Highway 12. The second being the Bruce Johnson piece “Koan” at the trailhead of Joe Rodota on Petaluma Ave.
- ✓ Worked with Caltrans on Downtown Study supported by their Sustainable Transportation Grant (Sustainable Transportation Plan); Study will evaluate traffic patterns and safety improvements along a section of the Main Street corridor.
- ✓ Worked with ABAG/MTC to implement ABAG Priority Development Area (PDA) grant supportive Housing Element implementation; includes review of zoning requirements along Highway 116 and revitalization planning for Redwood Marketplace
- ✓ Entitled two housing development projects as in-fill development. 1009-1011 Gravenstein Highway North and 7621 Healdsburg Ave
- ✓ Approved 100% Affordable Housing project at 845 Gravenstein Highway North (Gravenstein Commons)
- ✓ Reviewed all development proposals for effects on City-adopted Level of Service standards pursuant to SB743, which tracks Vehicle Miles Travelled (VMT). This General Plan implementation item was adopted by the City Council in March of 2024.
- ✓ Completed review and assisted with development of Development Agreement for of the Barlow Hotel application

Goals and Objectives for 2025-26:
--

- ❖ Continue work on updates to Subdivision Ordinance that addresses new State Law “SB9” to provide standards for single family zoning lot splits
- ❖ Housing Element implementation
- ❖ Work with ABAG on Priority Development Area (PDA) grant funded Housing implementation initiatives and including review zoning requirements along Highway 116 and revitalization planning for Redwood Marketplace
- ❖ Continued work on Caltrans Sustainable Transportation Grant
- ❖ Improve coordination and efficiency in process by bringing Building Division into the Community Development Department resulting in a department with three divisions: Planning, Building, and Economic Development.

BUILDING INSPECTION DEPARTMENT

Mission Statement

The Building Department of City of Sebastopol strives to implement State and City codes in a fair and equitable manner, in an expedient manner. Permit issuance for most projects in days not weeks or months.

Major Accomplishments in 2024-25:

- ✓ Made drastic improvement with other Departments in project permitting/inspection process
- ✓ Issued first 17 permits April 2025
- ✓ Enhance City's Emergency Disaster Response Plan
- ✓ Purchased and implemented Permit Issuance and Tracking Software
- ✓ Permitted and inspected 44-unit affordable housing project including dealing with neighbor complaints
- ✓ Brought many of our plan checks in house to speed the process and make us more customer friendly and saving the City costs.
- ✓ Issued and inspected about 500 permits-many larger projects.

Goals and Objectives for 2025-26:

- ❖ Work with developer in the entitlement process for two downtown hotels.
- ❖ Permit and inspect 80 new homes at the north end of town, being responsive to neighbors as much as possible through the process.
- ❖ Continue to refine our new computer based permitting software.
- ❖ Minimize number of days between code compliance complaints and initial action.
- ❖ Reduce permitting time for all small projects so that permits are issued in from one to three days from receipt.
- ❖ Facilitate ADU permitting process so that at least 80% of applications are processed and ready to issue within 5 working days.

FIRE DEPARTMENT

Mission Statement

Effective July 1, 2025, the City of Sebastopol Volunteer Fire Department has merged with the Goldridge Fire Protection District. Our mission is to safeguard our communities through emergency response, public education, and community engagement. We envision striving for excellence and continuous improvement through innovation, education, training, and teamwork, while upholding the values of honesty, professionalism, respect, and service.

Major Accomplishments in 2024-25:

- ✓ Completed the fire department reorganization process with the Gold Ridge Fire Protection District through the Local Agency Formation Commission.
- ✓ Implemented volunteer stipend program providing 24-hour emergency volunteer response.
- ✓ Hired two Fire Captains on a 24-hour shift schedule.
- ✓ Provided emergency response across California as part of Upstaffing and Wildland Strike Teams.
- ✓ Completed overdue fleet maintenance and addressed numerous safety concerns to support emergency response.
- ✓ Hosted and participated in numerous public education outreach events.

Goals and Objectives for 2025-26:
--

1. **Staffing Enhancements:** Maintain full-time, three-person staffing 24/7, supplemented by volunteer support to ensure continuous emergency readiness.
2. **Emergency Response Efficiency:** Use National Fire Protection Association (NFPA) standards as a benchmark to enhance emergency response protocols, training, and equipment. The goal is to reduce response times and improve the effectiveness of life and property protection efforts.
3. **Training Programs:** Invest in ongoing training for firefighters to enhance their skills and adapt to evolving firefighting and emergency medical techniques and technologies.
4. **Maintenance:** Ensure all firefighting apparatus, equipment, and personal protective gear are properly maintained to support effective emergency response while minimizing responder risk and avoiding costly repairs.
5. **Community Outreach:** Implement cost-effective public education campaigns to promote fire/life safety and prevention, reducing the occurrence of emergencies.

POLICE DEPARTMENT

Mission Statement

The Sebastopol Police Department is committed to preserving life, peace, and property by providing policing that embodies integrity, professionalism, humanity, and service to the community.

Sebastopol Police Department Organizational Chart

Major Accomplishments in 2024-25:

- ✓ Delivered effective, collaborative policing services to the Sebastopol community.
- ✓ Improved visibility with proactive foot and vehicle patrols, and community engagement and outreach in the Sebastopol business and downtown areas. Focused enforcement on traffic, unhoused issues, and community policing.
- ✓ Major progress in meeting best practice standards outlined in our Training Program Manual.
- ✓ Initiated a wellness program.

Goals and Objectives for 2025-26:

- ❖ Increased foot, vehicular and volunteer patrols with a focus on further community engagement in the downtown and business districts.
- ❖ Further collaboration with our community stakeholders to provide improved public safety services.
- ❖ Revitalize the Citizen Volunteer Program with a focus on expansion of the program.
- ❖ Recruitment efforts to target filling vacant officer positions.
- ❖ Continue to advance public safety services that complement the goals of the city.

PUBLIC WORKS/ENGINEERING DEPARTMENT

Mission Statement

The Department of Public Works has been merged with the Engineering Department to provide efficient operational and engineering support to the City. The Department is dedicated to serving our community by providing exceptional service. Operational responsibility lies in the economic, efficient planning, design, construction, operation, and maintenance of our city's essential infrastructure. Engineering provides core services for mandated permit compliance, engineering support for the City's public infrastructure system, and private development review that affects the public right of way.

Major Accomplishments in 2024-25:

- ✓ Completed the reorganization of the Public Works Department and Engineering Department and hired a new Public Works Director/City Engineer.
- ✓ Bodega Avenue Bike Lanes and Pavement Rehabilitation project:
 - Completed construction of Phase 1 from High Street to Robinson Road/Nelson Way
 - Completed environmental and design of Phase 2
 - Secured grant funding for Phase 2 work from Robinson Road to Pleasant Hill Road
- ✓ Continued grant funding pursuits for: ATP (Active Transportation Program) grant for Ragle Road/West Side bicycle trail, Citywide pavement resurfacing, additional grant funding for the Burbank Farm restroom facility, and Calder Creek re-naturalization.
- ✓ Completed construction of ADA curb ramps along SR 116 and intersection improvements at Bodega/Robinson and Bodega/Florence primarily with “Quick Strike” federal transportation grant funding.
- ✓ Continued support of the Santa Rosa Plain Groundwater Sustainability Agency (GSA) via participating in the GSA TAC, and the GSA Board and monitor/review potential rate increases.
- ✓ Continued to participate in the MS4 stormwater permit renewal process and implemented a stormwater work plan with the Russian River Watershed Association.
- ✓ Continued to search for grant and funding opportunities to continue moving forward with the Citywide Pavement and Repairs Program to improve and maintain the city's street and road network.
- ✓ Continued to search for grants for implementation of bike and pedestrian safety improvements.
- ✓ In coordination with the Community Development Department, developed a parklets

framework for permanent parklets on Caltrans right of way and local streets with Council adoption of the *Permanent Parklet Program Interim Guidelines*, and Council direction on future parklets.

- ✓ Continued to coordinate with Caltrans on Caltrans-initiated pedestrian signal projects in the city: pedestrian crossing beacons at SR 116/McKinley and at SR 116/Danmar.
- ✓ Continued to coordinate with Caltrans on the replacement of the pedestrian crossing improvements at SR 116 at four (4) intersections at Burnett, Keating, Hutchins, and Walker.
- ✓ Completed the grant application and awarded a grant for pedestrian improvements at Covert Lane and Zimpher Drive.
- ✓ Completed the construction of pedestrian crossing enhancements at Sunset and Taft Avenue.
- ✓ Completed the design of the pedestrian crossing enhancements at Sunset and Johnson Street.
- ✓ Continued to support and develop prioritized sewer service improvements to areas within the city that pose a threat to public health and the environment as a result of deficiencies in existing sewer systems, including Zimpher Creek Sewer replacement / relocation and others list in FY 2024-25 CIP.
- ✓ Maintained regulatory compliance with water, sewer, storm water, air quality, and ADA standards.
- ✓ Completed the 2025 Pavement Management Program budget options report that identifies citywide pavement condition and deferred maintenance costs.
- ✓ Maintained Cal/OSHA regulatory compliance safety and training policies program.
- ✓ Prepared work plan for ADA improvements at City Hall and commenced construction by Public Works staff.
- ✓ Completed ADA improvements at the Youth Annex site.
- ✓ Completed the design and environmental documentation of the Burbank Farm ADA Path and Restroom Facility project which will allow construction to occur in the next fiscal year.
- ✓ Constructed fire-related building improvements at the Community Cultural Center due to damages from the 2019 Flood Event.
- ✓ Worked with the Community Cultural Center ad-hoc to develop a master plan memorandum for a “roadmap” for future work at the center.
- ✓ Initiated the Water Master Plan and will continue work in the next fiscal year.
- ✓ In partnership with the West County Community Swimmers, replaced the Ives Pool heater to maintain uninterrupted access to therapeutic exercise and pool safety programs provided by the facility
- ✓ Near completion of the environmental work for the Americorps Trail Extension project which will allow construction to commence in the next fiscal year.
- ✓ Implemented the replacement of the filter media at Well #7.

Goals and Objectives for 2025-26:
--

- ❖ Continue the transition of relying less on consultants to perform day-to-day routine activities and services by hiring in-house staff to allow for better response times to the public and City departments, at less cost for engineering support services.
- ❖ Continue to invest in the training of in-house staff to provide for technical expertise needed to support the reorganization.
- ❖ Begin construction of the Bodega Avenue Phase 2 project from Nelson Way to Pleasant Hill Road.
- ❖ Continue to search for grant opportunities and funding sources to implement the 2025 Pavement Management Program budget options
- ❖ Provide engineering responses and support for core services only to avoid expending City costs on non-core and discretionary services.
- ❖ Oversee the Capital Improvement Program (CIP) and continue to invest in early-on

design to develop a robust estimate of costs thereby reducing budget amendment requests.

- ❖ Continue pursuit of grant applications and financing for Well #4 replacement, inflow and infiltration reduction, ATP and other pedestrian safety enhancement grants, HSIP (highway safety improvement program) grants, and parks..
- ❖ Maintain clean, safe and accessible outdoor recreation spaces that encourage healthy community activities
- ❖ Enhance and respect natural habitat areas and wildlife spaces through well maintained and defined public corridors
- ❖ Implement water conservation measures and utilize native tree and plant species replacement whenever applicable
- ❖ Address vandalism repairs and debris removal promptly discourage compounding associated issues related to these activities

DEBT SERVICE

The City record and disbursement of monies used to repay of annual principal and interest, fees, anticipated new debt, and administrative fees on city issued debt. Transaction Sales Tax Fund accounts for the payment of debt service on the City's General Obligation. The Utility Fund accounts for all debt associated with the Water utilities activity. These debts account for the accumulation of resources and payment of general long-term debt principal.

Village Mobile Home Park (99-72)

On September 18, 2007 the City entered into a purchase agreement in the amount of \$1,611,594 for the Village Mobile Home Park purchase. The lease financing was in the amount of \$817,500 with an interest rate of 4.90% per annum for 20 years, and a \$17,500 cost of issuance. The semi-annual payments are \$32,293 and the debt will be paid in full on July 1, 2027.

Well 7 Arsenic Treatment System Construction Loan (99-77)

The City of Sebastopol needs to lower the arsenic level in Well 7, and construction plans and specifications for the Well 7 Water Treatment System has been completed by the consultant, and approved by the City Engineer. The City entered into 20 year loan from Muni Financing for the arsenic treatment system construction. The \$1,235,000 loan at 4.10% is for 20 years ending on June 30, 2035.

On May 18, 2021 the City adopted a resolution authorizing the refinancing of Well 7 Loan in the amount of \$1,177,000. The lease cost of issuance was \$30,000, with an interest rate of 2.09%, with annual payment of \$84,065 and the lease will be paid in full on June 30, 2033.

Energy Conservation Measure Tax Exempt Lease Purchase (99-80)

The City of Sebastopol selected Syserco Energy Solution, Inc. to develop and implement a "Comprehensive Energy Efficiency, Water Conservation, and Solar PV Project" at City-owned facilities and water meter connections. The Project received unanimous approval from the City Council on October 19, 2021, and approval of the Tax-Exempt Lease Financing. The City entered into 15 year Equipment Lease Purchase Agreement with Signature Public Funding Corporation. The \$4,938,891 tax exempt lease purchase at 1.77% is for 15 years ending on July 1, 2036.

OTHER NON-MAJOR GOVERNMENTAL FUNDS

Non-major governmental funds are essential components of a city's financial structure, supporting specific activities and projects that fall outside the general fund's scope. It's important to note that while these funds are 'non-major' in the context of the city's overall budget, they play a significant role in maintaining the city's infrastructure and services to ensure transparency and accountability in their usage. The various funds and their sources include:

- a) **Tree Replacement Fund (120)** This fund is used for the removal and replacement of trees along City streets and City-owned properties (excluding City parks). Tree removal and replacement in City parks is paid from Measure M-Parks fund.
- b) **Permit Technology Fund (122)** is an integral part of the city's infrastructure, aimed at streamlining the permit process through the implementation of advanced technological solutions. This fund supports the development and maintenance of a digital platform that facilitates efficient permit issuance, tracking, and management, ensuring that the city's building and development standards are upheld while providing a user-friendly experience for residents and contractors.
- c) **Street Pavement Reserve Fund (123)** This fund is used for paving streets including associated improvements (such as curb and gutter). The fund is primarily used for CIP street paving project and not intended for general street maintenance activities.
- d) **Vehicle Abatement Fund (125)** was established to address the issue of abandoned vehicles within the city limits. It provides Sebastopol's share of a county pool of funds provided by the state based on city size and population to remove, store, and dispose of these vehicles in an environmentally responsible manner. The fund is a testament to the city's proactive approach to maintaining public safety and aesthetics. It ensures that abandoned vehicles, which can be eyesores and potential hazards, are promptly dealt with, thereby preserving the integrity of the city's streets and neighborhoods.
- e) **Flood Mitigation Fund (127)** is a financial reserve established to manage and mitigate the impacts of flooding within the city. This fund is a component of the city's emergency preparedness and response strategy, ensuring that resources are available to address the immediate and long-term effects of flood events and focus on its role in safeguarding the community against flood risks, detailing the measures and projects it supports, such as the construction of levees, improvement of drainage systems, and restoration of floodplains.
- f) **Police Endowment Fund (128)** is a fund that was established from an endowment donation from a donor who passed away but wanted a portion of their estate to go to the Sebastopol Police Department. The intention of the funds was for improvements and support for the police department that the employees would benefit from.

SPECIAL REVENUE FUNDS

Special Revenue Funds are designated for income obtained from particular sources which are limited or committed to spending for specific objectives. These funds are mandated by legal statutes, provisions, or ordinances to support certain government functions or activities. The various funds and their sources include:

- a) Gas Tax Fund (200) accounts for funds from the State of California under the Street and Highway Code Sections 2103, 2105, 2106, 2107 and 2107.5. The use of funds is restricted to street related projects, which can include related public facilities for non-motorized traffic, e.g. bike and pedestrian paths.
- b) Measure M Transportation Fund (201) receives funding from the County for construction of eligible transportation projects that improve the quality of roads, sidewalks and bike lanes. This allocation ends in March 2025 and being replaced with Go Sonoma (Fund 241)
- c) Measure M Parks Fund (202) receives funding from the County from the November 6, 2018 voters approved measure of the one-eighth cent sales tax that will support city parks, trails, signs, buildings, playgrounds, sports field, restrooms, picnic area and visitor centers.
- d) Art In-Lieu Fund (203) accounts for developer contributions in lieu of installation of public art on project sites and income received from art programs and events to fund public artwork, cultural programs, maintenance/conservation, and administrative costs relating to the Art in Public Places Program.
- e) Housing Linkage Fee Fund (204) is used to mitigate the housing impacts caused by new, changed and expanded nonresidential development in the City and provide a source of revenue for housing affordable to person of very low and low income.
- f) Inclusionary Housing Fund (205) accounts for revenue received from fee payment to be used for the exclusive purpose of providing housing affordable to low and moderate income households in the City for construction of five or more new dwelling units, or for the division or subdivision of land into five or more lots for residential use.
- g) Building Permit Incremental Fee Fund (206) accounts for revenue received from construction inspection and plan checks to fund training, certification exams and courses.
- h) Downtown Improvement District (207) was established via ordinance 666 and shall include all businesses located within the area described in Exhibit A. The revenues derived from taxes imposed upon all the businesses in the area shall be utilized for acquisition, construction or maintenance of parking facilities, decoration of any public place, promotion of public events which are to take place, furnishing of music in any public place and general promotion of retail trade activities for the benefit of the area.
- i) General Plan Update Fee Fund (208) is assessed on Building Permits and is designed to help recover the significant long-term costs of periodically updating the General Plan and Zoning Ordinance. The Fund is typically used for consultant and other costs related to updates.
- j) Supplemental Law Enforcement Services Fund (209) receives funds from the State of California to supplement local law enforcement activities.
- k) Asset Forfeiture Fund (210) is used for specified police activities (excluding regular salary) from confiscated assets of convicted drug felons.

- l) Transportation Grant Fund (211) funds is a financial resource aimed at enhancing the city's transportation infrastructure. It supports a variety of projects, including road maintenance, bicycle and pedestrian access improvements, and safety enhancements receiving transportation grant funding from regional, State and Federal agencies. The fund is managed to ensure that it addresses the city's needs while promoting sustainable transportation practices. It reflects the city's commitment to improving the quality of life for its residents through thoughtful and effective use of transportation grant resources.
- m) Park in Lieu Fund (212) receives revenue from new residential and hotel development to mitigate the impact of such new development on City park and recreational facilities. The use of revenues from the Fund is restricted to park and recreational capital improvements.
- n) Traffic Impact Fee Fund (213) was established to reduce the traffic impacts caused by new development within the City limits. Revenue collected from these fees shall be used solely to pay for the City's future construction of facilities or services or reimburse the City for facilities constructed by the City with funds advanced by the City from other sources.
- o) Underground Utilities Fee Fund (214) is an in-lieu fee paid by development projects where the City Engineer has determined physical undergrounding of overhead utilities is not practical. The Fund is used for general City utility undergrounding projects.
- p) Lighting Assessment District (215) was formed on May 18, 1981 by the City to cover the costs associated with the operation and maintenance of the citywide streetlight system. This action included adopting Resolution Number 3316 proposing the formation of the Assessment District pursuant to the Landscaping and Lighting Act of 1972. Assessments were levied for Fiscal Years 1981/82; but the Council elected not to collect annual assessment from 1983-1996. Since 1996/97 assessments have been collected on an annual basis. Funds are received from the County via property tax rolls for the exclusive use of paying the operating costs of street lighting within the City of Sebastopol. The assessment is the subject of an annual hearing to review projected costs and setting of the tax levy.
- q) Community Development Block Grant (216) funds communities with resources to address a wide range of unique community development needs such as affordable housing, anti-poverty programs and infrastructure development.
- r) Road Maintenance & Rehabilitation SB1 (217) accounts for funds from the State of California under Road Repair and Accountability Act of 2017. The use of funds is similar but, not identical, to Gas Tax use rules and must be used for projects related to road maintenance and rehabilitation, safety projects, and traffic control devices.
- s) General Government Facilities Fee Fund (219) collected from development projects. This fund is used to fund government facilities to maintain the existing level of service the City provides. As new development occurs, the City will be required to expand general facilities to maintain the existing standard.
- t) Fire Facilities Fee (220) collected from development projects. This fund is used to fund expansion of Fire facilities to maintain the existing level of service the City provides. As new development occurs, the City will be required to expand Fire facilities to maintain the existing standard.
- u) Stormwater Facilities Fee (221) collected from development projects. This fund is used to fund expansion of the City's Stormwater management facilities to maintain the existing level of service the City provides. As new development occurs, the City will be required to expand the capacity of stormwater facilities to service new development.

- v) Human Services & Community Fund (233) accounts for revenue obtained by the solicitation of voluntary contributions from residents and property owners through water and sewer bills and other means of collection or fundraising activities to fund programs or activities which address the welfare of the City's residents regardless of all age, social status or income.
- w) Wellness/Mental Health Fund (240) Program, established in the 2022 Budget Act (Assembly Bill 178, Chapter 45, Statutes of 2022), provides \$50 million for city and county law enforcement agencies for the purpose of improving officer wellness and expanding mental health sources. The funding may be used for any of the purposes such as establishing or expanding officer wellness units, establishing or expanding peer support units, services provided by a licensed mental health professional, counselor or other professional that works with law enforcement, expanding multiagency mutual aid programs focused on officer wellness and mental health, other programs and services that are evidence-based or have a successful track record of enhancing officer wellness.
- x) Go Sonoma Fund (241) is voters passed a measure in 2020 to extend Measure M (Roads) sales tax funding for an additional 20 years. Similar to Measure M (Roads), this fund is used for traffic and safety improvements, maintain roads, and build bikeways and pathways..
- y) Measure H Fire Services Fund (248) is a dedicated resources for fire services, ensuring to provide essential fire protection and related services to its residents and visitors. The fund supports a wide range of services, including the maintenance and operation of fire department facilities, the purchase of necessary equipment, and the payment of personnel cost.

Project No: 0113-16.00**Category Bikes, Pedestrians & Safety****Project Location: Bodega Ave. from Ragle to Atascadero Creek****CIP #0113-16.00**
Bodega Ave (Ragle Rd to Atascadero Creek)

DESCRIPTION: Bodega Avenue Class I Multi-Use Trail (from Ragle Road to Valley View Drive on existing City planter strip right-of-way), marked two-way bike/ped crossing at intersection with Valley View Drive, and Class IV striped two-way bike facility on south shoulder of Bodega Avenue with raised separator (between Valley View Drive and existing terminus of County trail). The City will be applying for transportation grant funding in year 1. A concept plan will be prepared and presented to Council for approval before moving forward with grant application and final design. This project is being pushed out one year to better coordinate with the Apple Blossom Trail feasibility study.

JUSTIFICATION: Provides bicycle path connection on Bodega Avenue from Ragle Road to the County bike trail. This bike path is identified in the City's bicycle and pedestrian master plan. Note: Segment between Pleasant Hill Road and Ragle Road will only require new striping and will be done as part of street maintenance striping.

GENERAL PLAN Goals and Policies: Circulation CIR 2: Maintain and Expand a Safe and Efficient Pedestrian, Bicycle, and Transit Network that Connects Neighborhoods with Key Destinations to Encourage Travel by Non-Automobile Modes while also Improving Public Health.

Project No: 0125-20.01**Category Bikes, Pedestrians & Safety****Project Location: Bodega Ave., Ragle Road, Mill Station Rd.****DESCRIPTION:**

Provide bicycle lanes and sidewalks/pedestrian paths on Ragle Rd - from Bodega Ave to Mill Station Rd; Mill Station Rd - from Ragle Rd to SR 116. This is a joint City/County endeavor. City applied for ATP grant in 2018 and again in 2022 but was not awarded. This project is updated to exclude the bike lanes on Bodega Ave since the City has already completed the segment from High Street to Nelson Way and has secured a grant for the section up to Pleasant Hill Rd. This project is mostly on County right of way (approximately 75%) and the County will take the lead on applying for a grant for this project. The first task is to apply for another ATP grant due in Sept. 2026.

JUSTIFICATION: Listed as a regional project with SCTA/Measure M Plan, MTC, and CTC. Sonoma County BPAC has programmed \$50,000 in their FY 2024-25 TDA Article 3 grant funding towards this project.

GENERAL PLAN Goals and Policies: Circulation CIR 2: Maintain and Expand a Safe and Efficient Pedestrian, Bicycle, and Transit Network that Connects Neighborhoods with Key Destinations to Encourage Travel by Non-Automobile Modes while also Improving Public Health

Project No: 0131-23.01**Category Bikes, Pedestrians & Safety****Project Bodega Avenue from West End City
Location: Limits to Valley View Dr.**

DESCRIPTION: Remove existing bridge guardrail and replace approximately 765 lineal feet of guard rail. Work includes replacing signage and related appurtenances. This project is primarily funded with a Highway Safety Improvement Program (HSIP Cycle 11) grant from the State.

JUSTIFICATION: This segment of guardrail was identified as deficient (e.g. railing too low, outdated guardrail and end treatment systems) and in need of upgrades. This location was identified in the City's Local Road Safety Plan as an area with an increased number of lane departure collisions due to the narrow shoulder. Many vehicles drop off into the creek bed as the existing conditions do not provide adequate conditions for vehicles to recover. There is a significant drop off (around 1 foot) from the pavement to existing grade and unrecoverable side slopes of 2:1.

GENERAL PLAN Goals and Policies: Circulation CIR 1-9: Consider all transportation improvements as opportunities to improve safety, access, and mobility for all roadway users and avoid dead-end streets and cul-de-sacs.

EXPENDITURES							PROJECT TOTAL

Project No: 0132-23.02**Category Bikes, Pedestrians & Safety****Project Location: S Main/Burnett St; N Main/Keating Ave;
Gravenstein Hwy/Hutchins Ave;
Petaluma Ave/Walker Ave**

DESCRIPTION: Install pedestrian-activated circular LED rapid flashing beacons replacing existing standard flashing beacons; install perimeter lighted pedestrian crossing signs; install pedestrian push buttons; remove existing in-roadway warning lights. This project is primarily funded with a Highway Safety Improvement Program (HSIP Cycle 11) grant from the State.

JUSTIFICATION: SR 116 Traffic Corridor Safety Study shows these intersections meet warrant threshold for RRFBs.

GENERAL PLAN Goals and Policies: Circulation CIR 2-2: Routinely incorporate sidewalks and enhanced pedestrian crossing facilities as part of new street construction or enhancements to existing streets.

EXPENDITURES							PROJECT TOTAL

Project No: 0133-23.10**Category Bikes, Pedestrians & Safety****Project Location: Sunset Avenue at Taft Street, Analy High School**

DESCRIPTION: Taft Street/Sunset Avenue – upgrade crosswalk markings including advanced yield markings and install double-sided flashing pedestrian crossing signs with circular LED beacons in similar style to other Sebastopol crossings. Install advanced pedestrian crossing signage. Upgrade curb ramps to comply with current ADA standards. Install edge line striping for traffic calming on Sunset Avenue between Taft Street and Johnson Street.

THIS PROJECT IS COMPLETE.

JUSTIFICATION: The school district requested pedestrian crossing improvements at the two locations to make the crossing safer for students and other pedestrians. The City received infrastructure grant funding from County Supervisor Lynda Hopkins District 5 and the School District made a \$20,000 contribution towards this project.

GENERAL PLAN Goals and Policies: Circulation CIR 2-2: Routinely incorporate sidewalks and enhanced pedestrian crossing facilities as part of new street construction or enhancements to existing streets.

Category Bikes, Pedestrians & Safety

Project Covert Lane/Zimpher Drive

Location:

DESCRIPTION: Install Rapid rectangular flashing beacons (RRFB) at this intersection including minor lane configuration. The City applied for an HSIP cycle 12 grant from the State in September 2024 and the application included a concept plan and preliminary estimate. The next step is the design and environmental review with construction following.

JUSTIFICATION: This is needed for pedestrian safety.

GENERAL PLAN Goals and Policies: Circulation CIR 2-2: Routinely incorporate sidewalks and enhanced pedestrian crossing facilities as part of new street construction or enhancements to existing streets.

Project No: 0135-24.02**Category Bikes, Pedestrians & Safety****Project Location: Sunset Avenue/Johnson Street**

DESCRIPTION: Install a new crosswalk on the west leg of Sunset Drive at the intersection with Johnson Street including ADA curb ramps which may require modification of the sidewalk on the southwest corner due to slope issues. Pedestrian yield markings approaching the crosswalk should also be added.

JUSTIFICATION: This project is needed for pedestrian safety and will make the crossing safer for Analy HS students and other pedestrians. Staff is researching grant opportunities for this project.

GENERAL PLAN Goals and Policies: Circulation CIR: Routinely incorporate sidewalks and enhanced pedestrian crossing facilities as part of new street construction or enhancements to existing streets.

SR 116 Curb Ramps and Crosswalk Safety Improvements at Bodega/Florence and Bodega/Robinson

Project No: 1000-19.01

Category Bikes, Pedestrians & Safety

Project Location: SR 116, Bodega/Florence,
Bodega/Robinson

DESCRIPTION: This project was previously listed as 3 separate projects in prior years but has been combined into one project. The work is for ADA-compliant ramps at seven (7) intersections along SR 116 (old CIP#0105-4.00), crosswalk and safety improvements at Bodega Ave/Florence Ave (old CIP#0117-74.04), and at Bodega Ave/Robinson Rd (old CIP#0119-74.06). Crosswalk and safety improvements include pedestrian-activated beacons, signage, markings and modifications to the crosswalks.

THE PROJECT IS COMPLETE.

JUSTIFICATION: Provide ADA ramps along SR 1116 in accordance with Americans with Disabilities Act (ADA) guidelines. As part of the "Pedestrian Crossing Safety Study for Bodega Avenue" completed in 2017, pedestrian safety improvements were recommended at the intersections on Bodega Avenue at Florence Ave and Robinson Rd.

GENERAL PLAN Goals and Policies: Circulation CIR 2-7: Create an accessible circulation network that is consistent with guidelines established by ADA, allowing mobility-impaired users such as the disabled and elderly to safely and effectively travel with and beyond the city.

Circulation CIR 2-2: Routinely incorporate sidewalks and enhanced pedestrian crossing facilities as part of new street construction or enhancements to existing streets.

Project No: 0213-20.05**Category Transition Plan ADA Projects****Project Youth Annex ADA Upgrades**
Location:

DESCRIPTION: ADA upgrades to the Youth Annex Building. The original work was to include signing, striping, interior door modifications, public fountain upgrade, and bathroom upgrades. Due to the high cost of the project, the work was down scoped to match available funding and the priority of work that will be completed are the exterior ADA site work, signing, striping, and accessibility to the front door.

THE PROJECT IS COMPLETE.

JUSTIFICATION: Continue to construct improvements in accordance with the City's ADA Transition Plan. The City was awarded a CDBG grant in FY 2020-21. The NEPA review has been completed by the Sonoma County CDC and design and construction will occur in FY 2022-23.

GENERAL PLAN Goals and Policies: Circulation CIR 2-7: Create an accessible circulation network that is consistent with guidelines established by the Americans with Disabilities Act (ADA), allowing mobility-impaired users such as the disabled and elderly to safely and effectively travel within and beyond the City.

Community Services and Facilities CSF 6-19: Recognize and appreciate the value that teens and the local youth provide to the character and vibrancy of the community, and strive to improve services, facilities, and activities available to serve teens and local youth.

Project No: 0214-20.07**Category** Transition Plan ADA Projects**Project Location:** City Hall

DESCRIPTION: ADA Upgrades to interior of City Hall. Exterior ADA site improvements have been completed by Public Works and this project will include additional signage. To save costs, Public Works staff will perform the accessibility improvements to the interior of City Hall which includes replacing existing doors, hardware, information board; remove/replace and/or relocate existing wall-hung information stand, existing electrical switches and receptacles, bathroom plumbing modifications, and post access and path of travel signs. This project is estimated to be completed in FY 2024-25.

JUSTIFICATION: Continue to construct improvements in accordance with the City's ADA transition plan.

GENERAL PLAN Goals and Policies: Circulation CIR 2-7: Create an accessible circulation network that is consistent with guidelines established by the Americans with Disabilities Act (ADA), allowing mobility-impaired users such as the disabled and elderly to safely and effectively travel within and beyond the city.

Community Services and Facilities CSF 1: Provide High Quality Community Services, Facilities, and Infrastructure to All Residents, Businesses, and Visitors in Sebastopol.

		410,500				410,500

Project No: 0300-22.07**Category Housing Projects****Project Various locations in the city**
Location:

DESCRIPTION: This program is a joint venture with the Sonoma County Housing Land Trust (HLT) to buy market rate units for sale on open market, deed restricting them through the HLT model to ensure affordability at a certain income level in perpetuity, and reselling to a qualifying household. The program would be funded through a Community Development Block Grant program application for a grant award.

JUSTIFICATION: This will support the City's Sixth Cycle Housing Element as well as the current Element's policy of preserving existing housing stock.

GENERAL PLAN Goals and Policies: Housing Element Goal B-2 Preserve Housing Resources -Sebastopol will strive to maintain and preserve existing housing resources, including both affordable and market rate units.

HE Goal B-3 Expand Affordability Housing Opportunities Through the Use of Existing Housing– Sebastopol will consider the feasibility of converting market rate housing units to affordable housing.

HE Policy B-5 Work with nonprofits to determine whether there are opportunities to expand the affordable housing supply by using formerly market rate properties.

Project No: 0411-73.00**Category Parks Projects****Project Location: Laguna Wetlands Preserve**

DESCRIPTION: This trail extension project located in the Laguna Wetlands Preserve from the Sebastopol Lift Station to Sebastopol Avenue. Design and CEQA review are complete and the construction bid documents are being prepared. The project consists of constructing a trail extension, a pedestrian bridge at Zimpher Creek, improvements to the current trail segments, addition of some benches, addition of trail signs, and a rail entry south of the Community Center parking lot. The work must be completed by November 2025 as required by the Open Space grant.

JUSTIFICATION: The project closes a "critical" missing link in the Laguna Preserve trails system. This project would implement several components of the Laguna Preserve Management Plan. A Grant application from the Sonoma County Open Space District was submitted and awarded in late 2019 for this project, and there is a matching grant from the Laguna Foundation as part of the City's required match. The remaining funding will come from the City's parks budget. Note that if Park in-lieu funds do not materialize, funds Fund 103 (Bldgs/Facilities/Infra) may be used.

GENERAL PLAN Goals and Policies: Circulation CIR 2: Maintain and Expand a Safe and Efficient Pedestrian, Bicycle, and Transit Network that Connects Neighborhoods with Key Destinations to Encourage Travel by Non-Automobile Modes while also Improving Public Health.

Project No: 0413-78.00**Category Parks Projects****Project Burbank Farm**
Location:

DESCRIPTION: This project consists of a new ADA-compliant public restroom facility at the Luther Burbank Experiment Farm and ADA path to the restroom facility from the existing parking lot. The work includes installation of a new sewer, water and electrical services to support the restroom facility. The City was awarded a FY 2022-23 CDBG grant for construction of the new restroom but is not sufficient to cover all the construction costs. Staff applied for a T-mobile community grant for \$50k and was not awarded.

JUSTIFICATION: The existing bathroom in Burbank Farm does not comply with ADA accessibility and needs to be replaced with an ADA-compliant bathroom.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 6-17: Continue to support the West County Museum and the Luther Burbank Experiment Farm.

Community Services and Facilities CSF 2-21: Continue to provide support to local non-profits providing community recreational services on City-owned land operated by the non-profits, including Ives Pool, the Sebastopol Community Cultural Center, and the Burbank Experiment Farm.

Project No: 0420-22.05**Category Parks Projects****Project Ives Park****Location:**

DESCRIPTION: This project (also known as "Bringing Back Calder Creek") is an implementation of parts of the 2013 Ives Park Master Plan. In 2022, Council approved the Calder Creek Vision Plan which included a. This project is the implementation of the plan which will restore the creek from the 6-inch concrete storm drain at the upstream end of the park nearest Jewell Avenue to the weir below the Joe Rodota Trail footbridge. The City is applying for two grants (\$1.8M each): one from the Sonoma County Ag and Open Space District and one from the Department of Water Resources.

JUSTIFICATION: A hydrologic study of the Calder Creek Streambed Re-naturalization at Ives Park was previously conducted (CIP #0420-20.08) and completed in FY 2021-22. Concept plan options were completed and Council selected Ives Park Plan (Option B) and included realignment of Calder Creek. CDD staff is working on the acquisition of a water and streams grant with a non-profit group.

GENERAL PLAN Goals and Policies: Conservation and Open Space COS 3-3: Support rehabilitation of any culverted or open existing channelized waterways, as feasible, to remove concrete linings and allow for a connection between the stream channel and the natural water table. Avoid creating additional culverted or open channelized waterways, unless no other alternative is available to protect human health, safety, and welfare.

Project No: 0423-20.10**Category Parks Projects****Project Location: Tomodachi Park next to Park Village****DESCRIPTION:**

Provide a trail connecting Tomodachi Park and the Laguna Preserve to the Rodota Trail extension and downtown areas. This first phase is to prepare a concept design to seek future funding for this project. A new sidewalk has been constructed by the Barlow Townhomes developer that runs from the connector trail across the new 6736 Sebastopol Ave townhome development to the western edge of Park Village. This extension would continue from that point northeast to Tomadachi Park.

JUSTIFICATION: This trail connection will provide an pedestrian and bicycle access alternative to the sidewalk along Highway 12 from downtown to Tomodachi Park and Park Village. This trail is identified in the Sebastopol ATP and the MTC Regional ATP.

GENERAL PLAN Goals and Policies: Circulation CIR 1-2: Ensure that the City's circulation network is a well-connected system of streets, roads, sidewalks, multi-use trails, routes, and paths that effectively accommodates vehicular and non-vehicular traffic in a manner that considers the context of surrounding land uses and the needs of all roadway users.

Project No: 0425-23.07**Category Parks Projects****Project Ives Park
Location:**

DESCRIPTION: This project consists of removing and/or replacing the pathway that runs from the restroom facility along Calder Creek to the parking lot. Staff will be researching grant opportunities to implement this project. The path will follow the identified new path that will run along the re-aligned Calder Creek identified in the Ives Park master plan.

THIS PROJECT IS COMPLETE.

JUSTIFICATION: This work will continue the pathway replacement that was completed under the Segment 1 work which runs from the southwest picnic area to the restroom facility.

GENERAL PLAN Goals and Policies: Community Services and facilities CSF 2-2: Ensure park and trail facilities are accessible to various segments of the population including: specific age groups, persons with special physical requirements, and groups interested in particular activities.

Project No: 0513-74.09**Category Paving Projects****Project Location: Bodega Avenue from High Street to Robinson Rd/Nelson Way**

DESCRIPTION: Phase1 is for adding bicycle lanes and repaving Bodega Avenue from High Street to Robinson Road/Nelson Way. Due to funding constraints, this project was split into two phases (High Street to Nelson; Nelson Way to Pleasant Hill). This Phase 1 project includes the installation of bike lanes and pavement resurfacing.

THIS PROJECT IS COMPLETE.

JUSTIFICATION: Bodega Avenue paving is deteriorated and needs resurfacing. The City was awarded an OBAG2 grant of up to \$1,195,000 for construction with a 11.47% match.

GENERAL PLAN Goals and Policies: Circulation CIR 1-11: Provide high quality regular maintenance for existing and future transportation facilities including streets, sidewalks, and paths.

Project No: 0514-22.06**Category** Paving Projects**Project Location:** Bodega Ave. Nelson/Robinson Rd. to Pleasant Hill Rd.

DESCRIPTION: Phase 2 is for installing bike lanes and repaving Bodega Avenue from Robinson Rd./Nelson Way to Pleasant Hill Road. Due to funding constraints, this project was split into two phases with Phase 1 being High Street to Robinson/Nelson and Phase 2 continuing on to Pleasant Hill Road. Due to the extremely poor condition of the road in this Phase 2 section, the roadbed will need to be reconstructed rather than overlaid.

JUSTIFICATION: Bodega Avenue paving is deteriorated and needs resurfacing. The work also includes addition of bicycle lanes along Bodega Avenue. Due to environmental constraints, there may be a short section in front of Burbank Experimental Farm where bicycle sharrows will be painted in lieu of a bike lane. City applied for and awarded a Go Sonoma transportation grant for a maximum amount of \$2.24 million for the construction and inspection. The City's minimum local match is 15% of the grant.

GENERAL PLAN Goals and Policies: Circulation CIR 1-11: Provide high quality regular maintenance for existing and future transportation facilities including streets, sidewalks, and paths.

Category Paving Projects

Project Various city streets

Location:

DESCRIPTION: This is an annual street repair and repaving program in accordance with the City's current Pavement Management Program (PMP) budget options report. The FY 2025-26 project will focus on digouts and repairs of severely impacted streets identified in the PMP report.

JUSTIFICATION: The streets in this program will be based on the City's 2025 Pavement Management Program and focuses on streets with a very low pavement condition index. The goal of the PMP budget option is to maintain the City's PCI at the existing level of 55. For Year 1, the focus will be on digouts and repairs rather than slurry seals and overlays due to the severity of disrepair of many streets. Also in Year 1, the City will be constructing Bodega Ave. Phase 2 and with these two projects, the City can stay on its target budget of \$5M of paving improvements over 5 years if Years 2-5 have a set aside of \$500k/year (in 2025 dollars).

GENERAL PLAN Goals and Policies: Circulation CIR 1-11: Provide high quality regular maintenance for existing and future transportation facilities including streets, sidewalks, and paths.

Project No: 0604-37.00**Category Sewer/Wastewater Projects****Project Location: Zimpher Creek Sewer Line, Covert Lane to Healdsburg Ave**

DESCRIPTION: Reduce flows to the Zimpher Creek sewer main by rerouting the flows from Covert Lane to Healdsburg Avenue. The project consists of a new 8-inch sewer, approximately 250 LF, which allows for gravity flow. The next step is to update the cost estimate for the following year's construction.

JUSTIFICATION: The Zimpher Creek sewer line is due for replacement and should be relocated away from the Creek bed. The rerouting to Covert Lane sewer utility will allow for reduced flows to the Zimpher Creek sewer main.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 4-8: Prioritize sewer service improvements to areas within the City that pose a threat to public health and the environment as a result of deficiencies in existing sewer or septic systems.

Project No: 0610-70.00**Category Sewer/Wastewater Projects****Project Location: Zimpher Creek from Zimpher Road to
Murphy Avenue**

DESCRIPTION: This project consists of the Zimpher Creek sewer main relocation and/or replacement. Year 1 is to finalize the pre-design and select a project alternative such as cast-in-place (CIPP) or open-cut trenching. Year 1 budget also includes CCTV reconnaissance. Once an alternative is selected, the design can be performed, with construction commencing in Year 2 and continuing in Year 3. For purposes of this estimate, it is assumed that the CIPP alternative is selected.

JUSTIFICATION: The Zimpher Creek sewer line is due for replacement and should be relocated away from the Creek bed.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 4-8: Prioritize sewer service improvements to areas within the City that pose a threat to public health and the environment as a result of deficiencies in existing sewer or septic systems.

Project No: 0611-80.00**Category Sewer/Wastewater Projects****Project Zimpher Creek Sewer from Murphy**
Location: Avenue to Huntly Street

DESCRIPTION: This project consists of repairs to the sewer system along Zimpher Creek east of Murphy Avenue. Repairs include waterproofing of manholes and sewer mains, and replacement of sewer sections of pipe. The first phase is for the pre-design to determine level of repairs and develop preliminary cost estimate.

JUSTIFICATION: The Zimpher Creek sewer line is due for replacement and should be relocated away from the Creek bed.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 4-8: Prioritize sewer service improvements to areas within the City that pose a threat to public health and the environment as a result of deficiencies in existing sewer or septic systems.

Project No: 0615-21.01**Category Sewer/Wastewater Projects****Project Parquet Street**
Location:

DESCRIPTION: Replacement of approximately 850 lineal feet of 6-inch sewer main on Parquet Street. This work includes slurry seal of Parquet Street that is affected by the sewer line replacement work. The work was constructed with the Parquet Street Water Main Replacement project #0818-20.09.

THIS PROJECT IS COMPLETE.**JUSTIFICATION:** Replacement of leaking and aged sewer line.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 4-8: Prioritize sewer service improvements to areas within the City that pose a threat to public health and the environment as a result of deficiencies in existing sewer or septic systems.

EXPENDITURES							PROJECT TOTAL
	FY24-25 Estimated	2025-26	2026-27	2027-28	2028-29	2029-30	
9000 - Estimated Actual	1,530						0
EXPENDITURE TOTALS	1,530						0
FUNDING SOURCES							
511-Sewer Capital Fund	1,530						0
FUNDING TOTALS	1,530						0

Project No: 0615-23.04**Category Sewer/Wastewater Projects****Project Citywide**
Location:

DESCRIPTION: This project will update the 2005 Sewer System Master Plan. The plan will include system capacity analysis and identify deficiencies in sewer system that could result in sewer overflows. The master plan will identify a Capital Improvement Program to upgrade system deficiencies and will include maintenance repair and replacement projects identified in Public Works' ongoing CCTV investigations. The study will largely use on the City's GIS system and the CCTV data to develop the City's 5 and 10 year Capital Improvement Program.

JUSTIFICATION: Master plans should be updated every 5 years and the sewer master plan was last updated in 2005.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 1-5: Require development, infrastructure, and long-term planning projects to be consistent with all applicable City infrastructure plans, including the Water Master Plan, the Sabitary Sewer System Utility Master Plan, Stormwater Management Plan and the Capital Improvement Program.

EXPENDITURES							PROJECT TOTAL

Project No: 0617-25.02**Category Sewer/Wastewater Projects****Project 275 Morris Street**
Location:

DESCRIPTION: Install a liner or protective coating to the wet well. An initial assessment of the wet well concluded that the epoxy filler in the wet well is failing and is leaking. Making the repair will extend the lifespan of the wet well to keep it in operation.

JUSTIFICATION: The Morris Street Sewer Pump Station conveys all of Sebastopol's raw wastewater to the Llano trunk sewer main where it flows by gravity to the Llano Road Wastewater Treatment Plant, which is operated by the City of Santa Rosa. Public Works staff have observed cracks and leaks forming in a wall of the wet well at the Pump Station and a preliminary assessment of the damage showed visible cracks and leakage through the wet well walls. These repairs are needed to keep the station in operation.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 4-8: Prioritize sewer service improvements to areas within the City that pose a threat to public health and the environment as a result of deficiencies in existing sewer or septic systems.

Project No: 0701-34.00**Category** Stormwater and Flood Mitigation Projects**Project Location:** Calder Creek Storm Drain - Ives Park to Joe Rodota trail

DESCRIPTION: This project is a multi-year effort including a Maintenance Study to identify the maintenance activities for the storm drain and outfall, priorities, and estimated costs. This segment of Calder Creek pipeline is filled with silt and debris and needs to be "dredged" out to maintain hydraulic capacity.

JUSTIFICATION: The City maintains a storm drain system on Calder Creek between Ives Memorial Park and a storm drain outfall just past Petaluma Avenue near the Joe Rodota Trail. The Calder Creek drainage system conveys stormwater to the Laguna and is nearly silted up. Multiple permits are required in order to do any work in the waterway. The City has stormwater outfalls and Calder Creek is the highest priority for maintenance.

GENERAL PLAN Goals and Policies: Safety SA 2-6: Maintain unobstructed water flow in the storm drainage system.

EXPENDITURES							PROJECT TOTAL

FUNDING TOTALS			260,000	2,000,000			2,260,000

Project No: 0702-51.00**Category** Stormwater and Flood Mitigation Projects**Project Location:** Brookhaven and Zimpher Creek

DESCRIPTION: This project is a multi-year effort including a Maintenance Study to identify the maintenance activities for the storm drain and outfall, priorities, and estimated costs. A "desktop" environmental analysis is being conducted in FY 22/23 to help inform the environmental constraints. FY 23/24 is the commencement of the CEQA documentation. The preparation of the cost estimate that will be needed to research grant funding will be conducted in FY 24/25. The permitting and construction will be started in FY 25/26, assuming the grant funding is secured.

JUSTIFICATION: Zimpher Creek outfall is silted in and needs maintenance. Upstream of the outfall is the Valentine Avenue storm drain and that section of pipe is also silted in and some sections may need repair or replacement.

GENERAL PLAN Goals and Policies: Safety SA 2-6: Maintain unobstructed water flow in the storm drainage system.

EXPENDITURES							PROJECT TOTAL

Project No: 0710-64.00**Category** Stormwater and Flood Mitigation Projects**Project Location:** Morris Street near the Laguna

DESCRIPTION: This project is a multi-year effort starting with a Maintenance Study to identify the maintenance for the storm drain and outfall, priorities, and estimated costs. Future permit and maintenance costs will be identified when the Maintenance Study is completed.

JUSTIFICATION: The Morris Street outfall is obstructed by silt and vegetation which require cleaning and possible rehabilitation.

GENERAL PLAN Goals and Policies: Safety SA 2-6: Maintain unobstructed water flow in the storm drainage system.

Project No: 0711-23.05**Category** Stormwater and Flood Mitigation Projects**Project Location:** Citywide

DESCRIPTION: This master plan document is a flood control management plan that will identify flood areas and develop a Capital Improvement Program (CIP) for managing and mitigating flooding that occurs in the Calder Creek and the Laguna area. This plan would expand the 2D hydraulic and hydrology model developed for Calder Creek to other parts of the City using the existing storm drain mapping. The plan would need to apply the new Sonoma Water Hydrology standards.

JUSTIFICATION: Various areas routinely flood, particularly along Calder Creek and the Laguna area. This work will help support future grant funding applications for flood control and mitigation projects.

GENERAL PLAN Goals and Policies: Safety SA-2: Reduce risks to human life, property and public services associated with flood hazards.

EXPENDITURES							PROJECT TOTAL

FUNDING TOTALS	1,000	169,000					169,000

Project No: 0712-23.06

Category Stormwater and Flood Mitigation Projects

Project Location: 390 Morris St.

DESCRIPTION: The master plan will consider flood mitigation and flood proofing alternatives and costs for long range flood mitigation projects. The plan will also include a list of short term flood repairs from previous flood damages to continue to keep the existing building operational. This project has been down-scoped to be a master plan memo with recommendations.

JUSTIFICATION: The Sebastopol Community Cultural Center Master Plan (SCCC) is located in a floodplain and routinely floods. The plan will serve as a long range master plan to determine alternatives such as long term flood mitigation improvements or relocating to a different location not in a floodplain.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 6-16: Support improvements to, expansion of, or replacement of the Sebastopol Community Cultural Center to address flood issues, and to improve services and facilities available to the community in order to enhance the quality of life for all City residents through the provision of quality community services and facilities.

Project No: 0713-24.09**Category** Stormwater and Flood Mitigation Projects**Project Location:** 390 Morris Street

DESCRIPTION: Replacement of flood-damaged dry walls and acoustical ceiling panels, insulation, thermal and moisture protection, and related work. This project is estimated to be complete by the end of Fiscal Year 2024-25.

JUSTIFICATION: The walls and ceiling panels were damaged during the 2019 Flood event and are no longer fire-rated. The walls and ceiling panels will need to be repaired/replaced in order to continue operational use of the building.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 6-16: Support improvements to, expansion of, or replacement of the Sebastopol Community Cultural Center to address flood issues, and to improve services and facilities available to the community in order to enhance the quality of life for all City residents through the provision of quality community services and facilities.

Project No: 0822-24.06**Category Water Projects****Project Location: Petaluma Avenue at Palm Avenue**

DESCRIPTION: Replacement of the City's municipal Well #4 that has groundwater that has been contaminated and is required to be replaced. The City will be looking for outside financing (such as a revenue bond) for this project.

JUSTIFICATION: The well is currently being treated using a carbon filter system but this is only a temporary solution and the well will need to be replaced. The well currently provide drinking water to approximately half the city's population.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 1-5: Require development, infrastructure, and long-term planning projects to be consistent with all applicable City infrastructure plans, including the Water Master Plan, and the Capital Improvement Program.

Project Joe Rodota Trailhead at Petaluma

Location: Avenue

DESCRIPTION: The project completed in late 2024 is the Koan art piece located at the south entrance to the City near Highway 12 and the Laguna Preserve. The Arts Projects program envisions an art piece located at each entry point (N, S, E, W) of the city. The Koan art piece was completed in early 2024. Future call for projects will be based on available funds in the Art-in-Lieu development fees fund for the north entrance near Healdsburg Ave/Covert Lane, and the east entrance near the Library.

THE KOAN ART PIECE PROJECT IS COMPLETE.

JUSTIFICATION: The funding for this project comes from the City's dedicated Art In-Lieu Fund and public art pieces will be paid for through dedicated Art In-Lieu Fund, and implements the City's Art in the community program.

GENERAL PLAN Goals and Policies: Community Design CD 4-6: Increase the presence of art in public spaces throughout the city.

			210,000					210,000
PROJECT FUNDING SOURCES								
103	Bldg./Fac./Infr. Reserve		210,000					210,000
			210,000					210,000

Project No: 1001-25.03**Category** City-owned Buildings & Site Projects**Project Location:** Corporation Yard, 714 Johnson Street

DESCRIPTION: Upgrade the filling station to meet new Air Resources Board (CARB) requirements. The project includes replacement of pumps with vapor capture system, monitoring system, and site lighting.

JUSTIFICATION: The existing pumps are past their useful life with parts and labor to repair becoming non-existent. The filling station is out of compliance with CARB requirements.

GENERAL PLAN Goals and Policies: City is out of compliance with State CARB regulations for fuel filling stations.

FUNDING TOTALS		60,000					60,000

Project No: 1002-25.04**Category** City-owned Buildings & Site Projects**Project Location:** 6850 Laguna Parkway

DESCRIPTION: Replacement and upgrade of existing 40kW emergency generator to a new generator that will support the EOC, dispatch room, and other essential emergency support services at the Police Station.

JUSTIFICATION: The existing 40kW generator has been operating since the building was first constructed over 25 years ago and is in need of replacement. Also, the existing generator is sized to only power the dispatch office and is not sufficient in size to support the EOC (which will be stationed in the conference room), or any of the other offices that are deemed essential during an emergency outage.

GENERAL PLAN Goals and Policies: Community Services and Facilities CSF 5-6: Ensure that the PD has adequate staffing and equipment to accommodate existing and future population growth; and

Safety SA 3-4: Identify critical facilities and ensure that they will function in the event of a disaster.

WATER/WASTEWATER ENTERPRISE FUNDS

Mission Statement

The Public Works/Engineering Department is committed to safeguarding the health and well-being of our community by delivering exceptionally safe and sustainable water and wastewater services. Providing clean, reliable drinking water and efficient wastewater management is our top priority while implementing innovative economic solutions and environmentally responsible practices.

Major Accomplishments in 2024-25:

- ✓ Maintained regulatory compliance with water, sewer, storm water, and air quality standards
- ✓ Maintained City facilities, generators, and mechanical equipment per long term maintenance plan
- ✓ Maintained Cal/OSHA regulatory compliance safety and training policies program
- ✓ Implemented sewer system televising inspection and maintenance plan
- ✓ Continued to improve the physical and financial condition of the water and sewer systems
- ✓ Initiated the Water System Master Plan Update

Goals and Objectives for 2025-26:

- ❖ Protect the health and welfare of the community by ensuring continuous uninterrupted operation of the water and wastewater distribution systems
- ❖ Provide economic maintenance, repair, and replacement of the water and wastewater transmission systems and infrastructure
- ❖ Continue regulatory compliance with water, sewer, storm water, and air quality standards
- ❖ Finalize the Water System Master Plan Update
- ❖ Initiate the analysis for replacing municipal Well #4
- ❖ Initiate the Sewer System Master Plan Update

APPROPRIATIONS LIMIT

What is it?

Proposition 4, approved by the voters in November 1979, added California Constitution, Article XIII B. Article XIII B limits the level of most appropriations from tax sources that the state and most local government entities are permitted to make in any given year. The limit for each year is equal to the limit for the prior year, adjusted for changes in the cost of living and population plus other various adjustments as required. The first year in which appropriations limits applied to state and local governments in California was fiscal year (FY) 1980 81.

Calculation for City of Sebastopol

Per Capita Personal Income		Population Change County of Sonoma	
Fiscal Year	Percentage Change over Prior	Fiscal Year	Percentage Change over Prior
2025-26	6.44%	2025-26	0.40%

<u>Per Capita Cost of Living Converted to Ratio:</u>	$\frac{6.44 + 100}{100}$	1.0644
<u>Population Converted to Ratio</u>	$\frac{.40 + 100}{100}$	1.004
<u>Calculation Factor for FY 2025-26</u>	1.0644×1.004	1.0687
Fiscal Year 2024-25 Appropriations Limit	\$ 20,198,619	
Fiscal Year 2025-26 Factor	1.0687	
Fiscal Year 2025-26 Appropriations Limit	\$ 21,585,408	

It should be noted that Appropriations Limit applies only to proceeds of taxes, as defined by the law and statewide reporting guidelines.

Tax Appropriations Subject to the Tax Appropriations Limit

<u>Tax Appropriations</u>	<u>Total Budget for 2025-26</u>
Property Tax	\$ 3,689,105
Sales Tax	5,603,700
Other Tax	2,026,550
Total Appropriations Subject to Limit	\$ 11,319,355
Appropriations Subject to Limit	\$ 11,319,355
Fiscal Year 2025-26 Appropriations Limit	21,585,408
Over/(Under) Appropriations Limit	\$ (10,266,053)
Percentage Over/(Under) Limit	-48%

State Law requires the annual calculation of the City's Appropriations (Gann) Limit, and the City's practice is to include the annual calculation and adoption as part of the annual reviews and approves of the Operating Budget. The City's appropriations subject to the Gann Limit totals \$11,319,355 which is well below the authorized spending limit of \$21,585,408

FINANCIAL POLICY

Revised May 2, 2017

Council Policy # 69

OVERVIEW

This document establishes policies of overall financial management, budget development, and fiscal administration for the City of Sebastopol. Included herein are statements and principles designed to guide the City in maintaining its financial stability and delivering high-quality services to the public.

Formally adopted financial policies assist elected officials and city staff in the development of fiscal management practices, save time and provide structure for financial decisions, promote public confidence, enhance transparency and provide continuity over time. These policies will be updated periodically, but are designed with a long-term perspective and provide the basic framework and road map for addressing a wide variety of financial and economic conditions that the City will encounter. A fiscal policy supports long-term planning and enhances the City's effectiveness in implementing long-term strategies to deliver efficient services to the public.

This document provides a structured, central repository for a variety of fiscal policies which are organized into the following categories

- General Financial Principles
- Annual Operating Budget Policy
- Capital Improvement Program
- Revenues
- Expenditures
- Cash Management
- Debt Management
- Fund Balances
- Financial Reporting
- Review and Update

GENERAL FINANCIAL PRINCIPAL

It is the overall policy of the City of Sebastopol to build upon a sound conceptual framework to:

- Manage its financial resources in a responsible and prudent manner.
- Provide financial information in a relevant, thorough and timely manner, and in a format that effectively communicates financial status to the Council, citizens and City employees.
- Establish and maintain prudent fund balance levels.
- Maintain financial reporting in compliance with current governmental accounting standards.
- Promote and implement a relevant and strong system of internal financial controls to manage significant risks and monitor the reliability and integrity of financial and operating reporting.
- Promote constructive and proactive financial decision making that includes, and is responsive to, citizens input and guidance.
- Integrate long-term operating and capital resources planning into the annual budget process.
- Allow for uncertainties and maintain a posture of financial flexibility.
- Develop programs in a manner that supports the City's long-term ability to cover costs and provide the level and quality of service required by its citizens.
- Manage debt responsibly.
- Establish and implement investment policies in accordance with the City code and State law.

ANNUAL OPERATING BUDGET POLICY

- An annual operating budget will be adopted by the City Council no later than June 30th of each fiscal year. The budget will include appropriations that provide expenditure authority to public officials responsible for operating their respective departments to fulfill obligations to provide public services as delegated by the City Council.
- Funds may not be expended for a new fiscal year until the budget for that fiscal year has been adopted by the City Council.
- The City Council appointed Budget Subcommittee will develop and present a draft operating budget for consideration by the full City Council and Public. The operating budget will be presented to the City Council for review and adoption.
- Total projected expenditures shall not exceed total estimated revenues. Should this occur, City Council may approve a planned use of accumulated fund balances in prior years for inclusion in the budget.
- The City should maintain a multi-year financial forecast that is updated as part of the annual budget development process.
- One-time revenue sources are not to be relied upon to fund on-going operations.

Controlling and Adjusting the Annual Budget:

- The City structures and controls its budget by use of the following funds:
 - The general fund is the primary operating fund of the City. It accounts for the receipt of property tax, general sales tax, and other general revenues available to finance city operations. The general fund accounts for revenues and expenditures that do not fit the criteria to be accounted for in other funds with external restrictions imposed by their respective financing sources.
 - Special funds account for resources externally restricted for use by their respective funding sources, such as grant programs financed by the State and Federal governments.
 - Enterprise funds account for water and wastewater systems, may be used for fee-based programs if the intention is to recoup almost all City costs through fees or other user charges.
 - Internal Service funds account for centralized service costs (such as technology and vehicle services made available to all operating departments). Charges from the internal service funds appear as an expenditures in the user department, and as revenue in the central service department.
- The City's budget is controlled at the fund level by the City Council.
 - The City Council, as representatives of the public, is the sole authority for creating or increasing expenditure appropriations within a fund. The City Council is also the exclusive authority for approving changes in revenue estimates with funds.
- Department Heads will be held directly responsible and accountable for their budgets as originally adopted by the City Council or as thereafter revised in accordance with this policy. The level of expenditure control for departments is the department level.
- Departments that operate programs among different funds are limited to the appropriation levels within any one fund. This policy also describes the level of authority needed to amend the adopted budget.

Transfers and revisions to the adopted budget:

The City Council approves:

1. All increases in appropriations within a department or fund.
2. All transfers of appropriations between funds.
3. All decreases in appropriations, with the exception that the City Manager may direct Department Heads to suspend expenditures pending Council consideration of decreases in appropriations needed to respond to fiscal emergency.

The City Manager approves:

1. Transfers of appropriations between expenditure line items within departments, projects and

program budgets, up to \$100,000.

2. Transfers between operating divisions and program budgets within departments.
3. The City Manager may make budget transfers between departments or programs as long as those changes do not increase overall appropriations within any one given fund. Transfers between funds, overall increases in fund appropriations, and overall increases in project budgets can only be made through City Council action. Transfers between departments should be reported to the City Council as part of the budget amendment process, either at mid-year or at the proposal of a new budget term.

Finance Department:

1. The Finance Department is responsible for providing forms and instructions for requesting appropriation adjustments, and for analyzing and recommending adjustments to the City Manager. The Finance Department will record approved budgets and adjustments into the City's budget system.
 2. The Finance Department will ensure that the City's Comprehensive Annual Financial Report (CAFR) includes a comparison of actual expenditures against the final budget, as amended and adjusted under the authorities of this policy.
- Operating expenditure appropriations not spent during the fiscal year lapse at year-end, except for:
 - Encumbrances or commitments, as in the form of finalized purchase orders made during the fiscal year that have not been completed at year-end.
 - Appropriations for capital improvement projects and ongoing grants with a life-cycle beyond one year.
 - Governmental funds use the modified accrual basis of accounting while proprietary and fiduciary fund types are budgeted on a full accrual basis of accounting. The Comprehensive Annual Financial Report (CAFR) presents City's finances on a Generally Accepted Accounting Principles (GAAP) basis and the City's budget is prepared in conformance with these standards.
 - City budget must comply with the annual determination of the City's appropriations limit calculated in accordance with Article XIIB of the Constitution of the State of California and adopt an annual resolution to this effect.

CAPITAL IMPROVEMENT PROGRAM

- The City will develop and maintain a five-year capital improvement program (CIP) to be updated annually in conjunction with the operating budget. The CIP should reflect the current and changing needs of the community as well as enhance of the community's quality of life.
- All projects within the CIP are to be tracked systematically and reported on a quarterly basis. CIP tracking reports should clearly display budget-to-actual performance by project, fund category and project status.
- Capital improvements that specifically benefit a select group of users and/or are fee-for-service based are to be financed through user fees, service charges, special assessments and taxes, or development impact fees.
- Capital improvements that specifically benefit a fee-for-service enterprise operation (such as Water/Sewer) are to be financed through the service fees generated within that operation and fund. Such fees should be supported by periodic updates to the related utility master plan.
- Transfers of resources into the CIP fund will be evaluated on an annual basis dependent upon the existence of available surplus dollars.
- The City should strive to maximize the use of capital grants and State assistance in funding capital improvements before tapping general revenue sources.

REVENUES

- The City will strive to maintain a diversified and stable revenue base to minimize the impact of economic fluctuation.

- The City will seek out, apply for, and effectively administer Federal, State, and other grants that address the City's current operating and capital priorities.
- The City will pursue revenue collection and auditing to assure that funds due to the City are accurately received in a timely manner.
- The City will seek reimbursements for State mandated costs whenever possible.
- The City will adopt user fees with appropriate levels of cost recovery.
- User fee studies should be performed and updated annually to ensure the proper balance of costs and service charges. The City should strive to cover the full cost of providing non-tax and discretionary fee-based service operations except to the extent that City Council approves defined subsidy levels by program area.
- Operating departments are to review public services to identify and determine those appropriate for fee collection. Recommendations for new fees are to be presented to the City Council as fees are annually updated to ensure they reflect all direct and reasonable indirect costs of providing such services.
- Enterprise operations will be self-supporting and shall reimburse the General Fund for any and all materials and services provided on their behalf.

EXPENDITURES

- Expenditures are to be budgeted and controlled so as to not exceed estimated revenues plus the approved and planned use of fund balances accumulated in prior years.
- The City will conduct a mid-year financial status review to determine if projected revenues and expenditures meet target levels. If an operating deficit is projected at year-end, the City should evaluate the need for immediate corrective and/or mitigating actions, including operating or capital expenditure reductions and/or activate the use of established contingency balances. The deferral of essential and scheduled operational expenditures into the following fiscal year or the use of short-term loans and transfers to balance the budget should be avoided.
- The City implements a formal purchasing system, principles, and guidelines to ensure that expenditure levels are kept in check in the course of any fiscal year.

CASH MANAGEMENT

- The Budget Subcommittee will review the City's investment policy periodically and make recommendations to the City Council when appropriate.
- The responsibility of investing City funds rests with the Finance Director who is to exercise due diligence to adhere to the investment policy. The Finance Director will present to the City Council quarterly investment reports presenting a summary of the portfolio status and compliance with the conditions set forth in the investment policy.

DEBT MANAGEMENT

- The City should plan the use of debt in a manner that sustains financing payments at manageable levels.
- The City will seek to maintain a high credit rating through sound financial practices as a basis for minimizing borrowing costs.
- The City will make every effort to use pay-as-you-go financing for capital improvement projects. Debt financing for a project can be used if the overall project cost exceeds anticipated available resources and/or if the cost of financing is favorable as compared to the use of City investment holdings over the financing term.
- The City will monitor all forms of debt annually in conjunction with the budget preparation process and report concerns and remedies, if necessary, to City Council. The City will diligently monitor its compliance with bond covenants.

- The City will not issue long-term debt to finance current operations. Debt financing should only be used for long-term capital improvement projects with a useful life exceeding the term of the financing and for which the project revenues or specific identified revenue sources are sufficient to service the long-term debt.
- The City will use a lease-purchase method of financing for equipment if the lease rates are more favorable than the City's expected overall investment rate of return.
- The City will not incur general obligation indebtedness for public improvements which exceed in aggregate 15% of the assessed value of all real and personal property of the City as specified in the California Government Code Section 43605.

FUND BALANCES

Governmental Fund Type Definitions

Governmental fund types include the general fund, special revenue funds, capital projects funds, debt service funds and permanent funds. GASB has clarified the definitions of these funds as follows:

General Fund

The General Fund should be used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The restricted or committed proceeds of specific revenue sources should be expected to continue to comprise a substantial portion of the inflows reported in the fund. Other resources (investment earnings and transfers from other funds, for example) also may be reported in the fund if those resources are restricted, committed, or assigned to the specified purpose of the fund. Governments should discontinue reporting a special revenue fund, and instead report the fund's remaining resources in the general fund, if the government no longer expects that a substantial portion of the inflows will derive from restricted or committed revenue sources.

Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations or other governments.

Debt Service Funds

Debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest, even if it is being accumulated for future years' payments. Debt service funds should be used to report resources if legally mandated.

Permanent Funds

Permanent funds should be used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs. Permanent funds do not include private-purpose trust funds, which should be used to report situations in which the government is required to use the principal or earnings for the benefit of individuals, private organizations, or other governments.

Fund Balance Classifications

Fund balance is defined as the difference between assets and liabilities. Governmental Accounting Standards Board Statement (GASB) No. 54 classified fund balances into the following categories:

Non-spendable: This is a portion of fund balance not available for appropriations by its nature or external restriction. Examples are inventories and donations that require intact principal values.

Spendable: Restricted: The restricted portion of fund balance is subject to externally enforceable legal restrictions. Examples are Gas Tax revenues and grant proceeds.

Committed: The committed portion of fund balance is constrained by the limitations imposed through formal City Council action. Only formal City Council action can remove or modify a previously committed amount.

Assigned: The Assigned portion of fund balance is established for intended use by either the City Council or its designee, such as the City Manager. No formal City Council action is needed to remove the intended use. GAAP required reserves, such as the Other Post-Employment Benefits (OPEB) reserve, belong to this category. The Fiscal Policy and State Revenue Stabilization policy balances belong to this category.

Unassigned: The Unassigned portion of fund balance is that remaining after the non-spendable, the restricted, the committed, and the assigned fund balances are identified and recorded.

The City of Sebastopol will use GASB's definitions of fund balance for the annual financial reports (audits) and for all other financial reporting. For all financial planning purposes, the term Budgetary Fund Balance will be used and will include any portion of the fund balance that is available for appropriation. Portions of the fund balance not available for appropriation will be identified as follows.

The City shall strive to use the most restricted fund balances prior to utilizing those that are less restricted. The following order of use reflects this guideline:

- a. Non-spendable (if funds become spendable)
- b. Restricted
- c. Committed
- d. Assigned
- e. Unassigned

Fund Balance Policy Levels

Purpose

The City of Sebastopol (City) has enacted the Fund Balance policies in an effort to ensure financial security through the maintenance of a healthy fund contingency balance that guides the creation, maintenance, and use of resources for financial stabilization purposes. The City's primary objective is to maintain a prudent level of financial resources to protect against reducing service levels or raising taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures. The City also seeks to maintain the highest possible credit ratings which are dependent, in part, on the City's maintenance of a healthy fund balance.

General Fund

The City's fiscal goal is to maintain annual expenditure increases at a sustainable growth rate, and to limit expenditures to anticipated revenue in order to maintain a balanced budget. The Council's directed target is to maintain an unassigned fund balance within the range of not less than 15% of annual operating expenditures for the fiscal year with a multi-year goal of achieving a 20% unassigned fund balance level for the reasons noted below. This level of coverage includes General Fund balance amounts specifically assigned for a specific purpose as discussed and defined further below:

- To provide funding to cover approximately two (2) months of operating expenses with the goal of achieving three months coverage in the long term.
- To provide the liquidity to respond to contingent liabilities.

- To adhere to Government Finance Officers Association (GFOA) recommendation that a minimum General Fund unassigned fund balance to be maintained of no less than either two (2) months of regular operating revenues or expenditures.

Buildings, Facilities & Infrastructure Reserve

Building, facilities and infrastructure replacement reserve should be established and maintained to provide for the timely replacement of City's owned fixed assets. The balance is hereby defined as assigned by the City Council to allow the City to maintain an infrastructure reserve with a target balance equivalent to the projected annual cost of the first year Capital Improvement Plan funding expenditures.

Equipment, Technology and Vehicle Replacement Reserve

The balance is hereby defined as assigned by the City Council to allow the City to set aside an appropriate amount of money to properly fund equipment, technology and vehicle replacement. The City shall set aside funding annually in this reserve based on the vehicle and equipment replacement schedule.

CalPERS Retirement & Other Post-Employment Benefits Reserve

The City conducted an actuarial study to comply with GASB Statement No. 45, Accounting and Financial Reporting by Employers for Post-Employment Benefits and to determine the City's obligation for the other post-employment benefits (OPEB). The study concluded that the City should set aside annual funding for this obligation and the City should maintain internal funding of OPEB obligations for this purpose. Additionally, the City will conduct an actuarial update every two to three years to maintain the current status of this valuation.

Unassigned Operating Reserve

These balances are hereby defined as unassigned by the City Council to allow the City to weather unpredicted cyclical and rapid downturns in the economy. These funds would be available for use in such conditions to mitigate negative economic fiscal impacts or State takeaways and can be activated within any one budget cycle through Council action. An economic downturn would entail a projected and/or sudden drop in core revenues (major tax and service revenue loss) of equal to or greater than 10% (including the impact of inflation) and/or a change in economic parameters (such as interest rates, debt service rates, pension and health rates) that cause a material change in expenditures of 10% or more, or the occurrence of a local natural disaster or unexpected financial claim requiring the immediate use of cash balances.

Water and Sewer Fund Balances

The City should maintain the balances in the Water Sewer Fund at a level sufficient to accommodate operating and capital needs. This reserve is recommended at 25% of annual expenditures, including estimated capital improvements. Multi-year fee studies for this fund should be updated periodically as a basis for defining the revenue sources necessary to maintain system infrastructure and required services levels. As a result of the periodic fee or master plan studies, adjustments to user charges may be necessary to maintain recommended fund balance levels.

Workers' Compensation and Liability Insurance Funding

Periodic actuarial studies of self-insured workers' compensation and general liabilities will be conducted to ensure that proper levels of liabilities are accrued for claims and that rates charged to operating departments are appropriate.

FINANCIAL REPORTING

- The City's accounting and financial reports are to be maintained in conformance with GAAP.
- An annual financial audit will be performed by an independent public accounting firm familiar with municipal government activities. The independent auditor will issue an audit opinion to be included in the City's Comprehensive Annual Financial Report (CAFR). Additionally, the auditor will present the CAFR

and discuss audit findings to the City Council. The City encourages the rotation of audit service providers every 5 year cycle.

- The City is encouraged to submit the Annual CAFR to State and/or National Government Finance Professional organizations (Government Finance Officers' Association's Certification of Achievement for Excellence in Financial Reporting - California Society of Municipal Finance Officers CAFR Award) for independent review and evaluation.
- Internal financial status reports are to be issued on a periodic and timely basis – no less than quarterly and be made readily available on the City website.
- The City is to record the depreciation of equipment, buildings and facilities, and infrastructure as follows and in line with internally established capitalization guidelines:

Capitalization Thresholds

Land purchases at any value

Equipment - \$5,000

Buildings and facility improvements - \$25,000

Infrastructure - \$100,000

Depreciation

Depreciation will be recorded on a straight-line basis over the following estimated useful lives:

Equipment 3 - 10 years

Site Improvements other than buildings 30 - 50 years

Buildings 50 years

Infrastructure 30 - 100 years

REVIEW AND UPDATE

This financial policy will be reviewed periodically and updated, if necessary, to reflect any changing requirements.

PURCHASING POLICY

Effective September 5, 2017

Revised: March 15, 2022

Council Policy # 89

I. OVERVIEW

This policy is written to document the policies and procedures that shall be followed when purchasing goods or services. All purchases of materials, supplies, equipment, vehicle and services required by the City shall be made in accordance with the following, and pursuant to applicable provisions of the Government Code. This policy will be reviewed with new members of the City Council and new Department Heads/Managers as soon as possible after they assume office/responsibility. This policy shall also be reviewed as part of the annual budgeting process.

II. ETHICS AND RESPONSIBILITY

The City Manager (or designee) serves as the Purchasing Agent, and is charged with the responsibility and authority for coordinating and controlling the City's purchasing function in accordance with Purchasing Policies.

The Purchasing Agent and all departments shall adhere to the Purchasing Policy when procuring materials, supplies, equipment, vehicles and services. All purchases shall be limited to the approved budget or as otherwise authorized by the City Manager. Purchasing dollar limits specified in the Purchasing Policy is "per order" unless otherwise indicated.

Applicable competitive bidding categories, authorization limits or contract award procedures will be based on unit cost, total purchase cost for consolidated bid items, or fiscal year aggregates in the case of standing purchase orders or similar ongoing purchasing arrangements. Staging of purchases to avoid competitive bidding procedures or authorization limits is prohibited.

All personnel engaged in the purchasing function shall exercise good judgment in the use and stewardship of City resources, and all purchasing functions shall be conducted with absolute integrity and objectivity. Purchases are subject to public scrutiny; employees shall follow a strict rule of personal conduct that will not compromise the City in the conduct of its business. Any employee intentionally and/or repeatedly making purchases in a manner that circumvents, ignores or fails to comply with Purchasing Policies will be subject to disciplinary action, in accordance with City Personnel procedures.

Code Of Conduct – Employees are responsible for providing access to City procurement opportunities in a fair and impartial manner to all responsible suppliers, vendors, and contractors. In addition, all employees shall behave in a manner that avoids improprieties or the appearance of improprieties to maintain the public's confidence in the integrity of the City's purchasing system.

Conflict Of Interest - If a city officer or employee has a real or apparent conflict of interest, said individual may not participate in the selection, award, or administration of any contract, including those supported by a federal award or funding, that implicates that conflict of interest. If a city

officer or employee participates in making a contract where said individual has a real or apparent conflict of interest, such conflict may nullify or void a contract. As nullification or voiding of a contract is a serious matter with potentially significant consequences for the City, every officer or employee is responsible for recognizing and reporting a potential conflict of interest in timely manner.

A conflict of interest may arise when the city officer or employee has a direct financial interest in, or would receive a direct or material benefit arising from a contract. City officers and employees shall not be financially interested in any contract made by them in their official capacity, as such terms are defined in California Government Code Sections 1090 et seq. and 87100 et seq., and relevant case law. Prohibited interests include interests of immediate family members, domestic partners, and their respective employers or prospective employers.

City officers and employees shall report any potential or actual conflict of interest to their respective Department Head or to the City Attorney as soon as a conflict is suspected or discovered. If city officers or employees are uncertain about whether they have a conflict of interest regarding a particular contract, the individual shall consult the City Attorney's Office as soon as practicable.

It is important to note that consultants of a public entity are considered public officials under Government Code section 1090 and are subject to the requirements therein. City officers and employees should consult the City Attorney on potential conflict of interest issues with respect to the City's third-party consultants and contractors.

III. PURCHASING AGENT RESPONSIBILITIES

The City Manager or his/her designee shall act as the City's Purchasing Agent. The Purchasing Agent is responsible for procurement of materials, supplies, equipment, vehicles and services; administration of purchasing policies and procedures; and management of surplus City property. To perform these functions efficiently and assist departments, the Purchasing Agent shall:

- a. Coordinate and manage procurement of the City's materials, supplies, equipment, vehicles and services from the lowest responsive and responsible bidder when required by the Purchasing Policies.
- b. Ensure full and open competition on all purchases as required by the Purchasing Policies, and make purchase award recommendations to the appropriate authority.
- c. Identify, evaluate and utilize purchasing methods that best meet the needs of the City (cooperative purchases, standing purchase orders, contractual agreements, etc.)
- d. Recommend revisions to purchasing policies and procedures when necessary, and keep informed of current developments in the field of Public Purchasing.
- e. Act as the City's agent in the transfer and disposal of surplus equipment, vehicle and materials.

IV. DEPARTMENT RESPONSIBILITIES

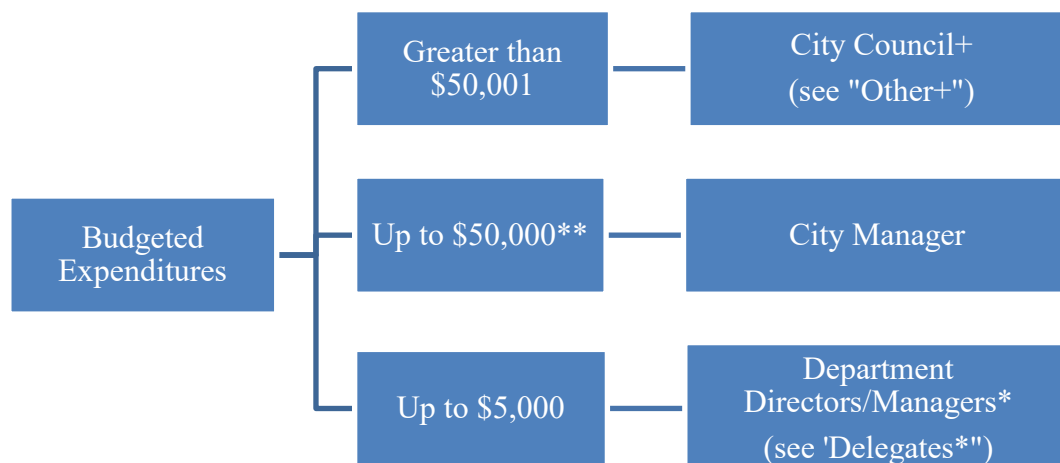

Each Department is responsible for facilitating prudent, efficient and cost-effective purchases. To meet these responsibilities, Departments shall:

- a. Ensure staff is trained on the terminology and requirements set forth in the Purchasing Policies.
- b. Minimize urgent and sole source purchases, and provide written findings and documentation when such purchases may be necessary.
- c. Refrain from “splitting” orders or projects for the purpose of avoiding procurement requirements or authorization limits.
- d. Anticipate requirements sufficiently in advance to allow adequate time to obtain goods in accordance with best purchasing practices.
- e. Maximize coordination of purchases into a lesser number of large transactions to take advantage of cost savings for bulk purchases of commonly used goods and services.

V. PURCHASING AUTHORITY

The City Council adopts an annual budget, which includes detail of all capital items, professional fees for services and all other expenditures. Items referred to hereafter as "budgeted" refer to expenditures that have been appropriated in the adopted budget or approved for expenditure by the Council after the budget is adopted for the current fiscal year.

Authority to approve expenditures shall be determined as shown in the diagrams below. Expenditures shall not be broken down or divided into sub-groups for purposes of avoiding the guidelines.

** Subject to competitive process herein.

CONTRACT or CHECK SIGNING AUTHORITY

The City Manager and Administrative Services may designate their signature authority in their absence.

In the course of conducting City business, the City is required to make a variety of different types of purchases. The type of purchase dictates the policies and procedures for procuring and formalizing the purchase. Before employees make a purchase, they should identify the type of purchase and the proper method for completing that purchase. This category of purchases includes the purchase of tangible durable and non-durable goods by the City. Examples of these types of purchases include fuel, tools, office supplies, chemicals, machinery, food, and furniture. These types of purchases are distinct from the purchase of nontangible services.

Competitive Process – This policy is designed to promote full and open competition among potential vendors. Through full and open competition, the City is able to realize better pricing and more favorable terms. In interpreting this policy, staff should rely on interpretations that favor greater and more robust competition among vendors.

Best Overall Value – This policy is designed to ensure that the City is getting the best value for its money when making purchases. When not required by law to select the lowest bidder, the principle permits the City to consider factors other than just price in determining what constitutes the best overall value to the City.

Fairness And Transparency – This policy is designed to promote fairness and transparency in the City's purchasing system. Complying with this policy fosters equal opportunities for vendors wishing to do business with the City and ensures that public expenditures are made in an open and consistent manner.

Compliance With Law And Best Practices – This policy is informed by and incorporates applicable laws, regulations, and best practices applicable to public procurements. Compliance with this policy ensures that purchases are conducted in accordance with the City's legal and ethical obligations and responsibilities.

Conduct With Vendors All employee interactions with vendors shall be conducted in a fair, open, and transparent manner. Employees shall:

- i. Refrain from showing favoritism to vendors or being unduly influenced by external factors outside the criteria outlined in this policy.
- ii. Select all vendors on the basis of meeting appropriate and fair criteria in accordance with the requirements of this policy.

No Gratuities - No City employee shall solicit, demand, accept, or agree to accept, and shall avoid the appearance of accepting, a gift of goods or services, payment, loan, advance, deposit of money, or employment offer presented, promised in return for, or in anticipation of favorable consideration in a City procurement.

VI. METHODS OF PROCUREMENT

The type of purchase and the amount of a purchase dictates the method of procurement. Smaller and less complex purchases involve less stringent competitive requirements. Conversely, more valuable and more complex purchases require stricter, more formalized competitive processes.

Informal Procurement

Micro purchases need not be awarded competitively, but the price must be determined to be fair and reasonable and should be distributed equitably among qualified suppliers. Micro Purchases do not require advertising or solicitation of quotes/bids. However, seeking multiple quotes/bids, even when not required, is a best practice and helps to ensure that the City receives better pricing for its purchases. Micro purchasing is defined as for purchases valued under \$5,000.

Informal Solicitation

Informal solicitation involves seeking three (3) written quotes from potential vendors. These written quotes may be informally documented, such as through emails between City employees and potential vendors. Informal solicitation may be used for purchases of goods, non-public works construction projects, and consultant/professional services valued at \$50,000 or less.

Formal Competitive Proposals (RFP)

In a formal competitive proposal process, the City must: (i) prepare a request for proposal document identifying the project requirements, vendor qualifications, and evaluation factors; (ii) send the RFP to an adequate number of qualified sources as determined by the relevant department head or the City Manager; (iii) post the RFP on the City's website at least ten (10) days prior to the deadline for receipt of proposals; and (iv) establish and implement procedures for evaluation of proposals. Formal competitive proposals shall be used for purchases valued at more than \$50,000.

Cooperative Procurement

Cooperative purchasing allows the City to buy goods or services based on a competitively bid contract prepared by another public agency, when that other agency and the vendor(s) agreed in advance to a cooperative process. Use of purchasing cooperatives is encouraged as a way to obtain goods and services by aggregating volume, securing value pricing, and reducing administrative overhead. Measured use of purchasing cooperatives can significantly reduce the time and resources needed to competitively purchase goods and services.

Sole Source Procurement

Regardless of the estimated cost of a purchase, the City is not required to engage in a competitive procurement process, either formal or informal when a competitive procurement is infeasible for the reasons articulated in this section. In all cases, the City must verify and document that a particular procurement meets the criteria for a sole source identified below, and the use of sole source must be approved by the City Manager. Sole source procurement is authorized if one of the following conditions are met:

- a. Unique or Innovative Concept - The vendor demonstrates a unique or innovative concept or capability not available from another source. "Unique or Innovative Concept" means a new, novel, or changed concept, approach, or method that is the product of original thinking, the details of which are kept confidential or are patented or copyrighted, and is available to the City only from one source and has not in the past been available to the City from another source;
- b. Patents or Restricted Data Rights – Patent or data rights restrictions preclude competition;
- c. Substantial Duplication Costs – In the case of a subsequent contract for the continued development or production of highly specialized equipment or products and/or major components thereof, when it is likely that award to another contractor would result in substantial duplication of costs that are not expected to be recovered through competition;
- d. Unacceptable Delay – In the case of a subsequent contract for the continued development or production of highly specialized equipment or products and/or major components thereof, when it is likely that award to another contractor would result in unacceptable delays in fulfilling the City's needs.

Emergency Procurement

Emergency procurements are those purchases necessary to avoid or mitigate a clear and imminent threat or danger where delay could result in loss of life or danger to health, welfare, or property or threaten the continued operation of the City or the provision of essential City services. (See Section XI Urgent and Emergency Purchases for more details)

Exempt Procurement

This Section outlines types of procurements that are exempt from the standard competitive requirements outlined in this policy and also includes special considerations related to those exempt procurements. Despite the fact that a procurement may be exempt, the City may still conduct negotiations as to price, delivery and terms in connection with the award of a contract that does not require a competitive process. Nothing in this section shall preclude the solicitation of competitive bids or proposals when possible. The following is a list of procurements that are exempt from the competitive requirements outlined in this Policy.

1. Emergency procurements as defined above;
2. Specified materials or equipment that can be obtained from only one source and there is no adequate substitute in accordance with the criteria outlined in sole source section above;
3. Legal or professional services that are highly specialized;
4. Procurements funded by grants, donations or gifts when any special conditions require the purchase of particular materials and/or services;
5. Purchase of surplus property owned by another public entity, or payment to other public entities or utilities;
6. Membership dues, conventions, training, travel arrangements, or advertisements in magazines, newspapers, or other media;
7. Works of art, entertainment or performance; and
8. Where competitive bids or proposals have been solicited and no bid or proposal has been received. In such situations the City Manager may proceed to have the goods procured or services performed without further competitive bidding.

VII. LOCAL VENDOR PREFERENCE:

Whenever possible, the City wishes to support, promote the use of local businesses, suppliers and services providers to help create a sustainable economy, preserve local businesses, and make a commitment to circulate tax dollars within city limits.

VIII. ENVIRONMENTALLY PREFERABLE PURCHASING (EPP) POLICY

1. STATEMENT OF POLICY

The Environmentally Preferable Purchasing Policy will commit the City to:

- 1.1. Protect and conserve natural resources, water, and energy
- 1.2. Minimize the contribution to climate change, pollution, and solid waste disposal;
- 1.3. Institute practices that reduce waste by increasing product efficiency and effectiveness;
- 1.4. Purchase products that minimize environmental impacts, toxics, pollution, and hazards to worker and community safety;
- 1.5. Purchase products that include recycled content, are durable and long-lasting, conserve energy and water, use agricultural fibers and residues, use unbleached or

chlorine free manufacturing processes, are lead-free and mercury-free, and use wood from sustainably harvested forests; and

- 1.6. Comply with State requirements as contained in the SB 1383 procurement regulations to procure a specified amount of Recovered Organic Waste Products to support Organic Waste disposal reduction targets and markets for products made from recycled and recovered Organic Waste materials.*

2. PURPOSE

The purpose of the policy is to incorporate considerations that include the following:

- 2.1. Conserve natural resources;
- 2.2. Minimize environmental impacts such as pollution and use of water and energy;
- 2.3. Eliminate or reduce toxics that create hazards to workers and our community;
- 2.4. Support a strong recycling market and circular economy;
- 2.5. Incorporate environmental considerations including recycled-content and recovered Organic Waste product use into purchasing practices and procurement;
- 2.6. Reduce materials that are landfilled;
- 2.7. Increase the use and availability of environmentally preferable products that protect the environment;
- 2.8. Identify environmentally preferable products and distribution systems;
- 2.9. Reward manufacturers and vendors that reduce environmental impacts in their production and distribution systems or services;
- 2.10. Align with the Zero Waste Sonoma's goal of Zero Waste by 2030 as adopted in the Zero Waste Resolution; and
- 2.11. Create a model for successfully purchasing environmentally preferable products that encourages the use of agricultural fibers, chlorine-free manufacturing processes, wood from sustainably harvested forests, and other environmentally friendly practices, and that encourages other purchasers in our community to adopt similar goals.

3. DEFINITIONS

- 3.1. “Annual Recovered Organic Waste Product Procurement Target” means the amount of Organic Waste in the form of a Recovered Organic Waste Product that the Jurisdiction is required to procure annually under 14 CCR Section 18993.1. This target shall be calculated by multiplying the per capita procurement target, which shall be 0.08 tons of Organic Waste per California resident per year, times

the Jurisdiction's residential population using the most recent annual data reported by the California Department of Finance. Annually, CalRecycle will provide notice to each Jurisdiction of its Annual Recovered Organic Waste Product Procurement Target by posting such information on CalRecycle's website and providing written notice directly to the Jurisdiction

- 3.2. "American Society for Testing and Materials" means ASTM International, an open forum for the development of high quality, market relevant international standards use around the globe.
- 3.3. "Bay Area Green Business Program" is a partnership of governments and businesses that certifies the environmental performance of government agencies and businesses.
- 3.4. "Bio-Based Products" means commercial or industrial products (other than food or feed) that utilize agricultural crops or residues but does not include products made from forestry materials
- 3.5. "Biodegradable Products Institute" (BPI) is a multi-stakeholder association of key individuals and groups from government, industry and academia, which promotes the use, and recycling of biodegradable polymeric materials (via composting). BPI does not create standards but certifies products that demonstrate they meet the requirements in ASTM D6400 or 06868, based on testing in an approved laboratory.
- 3.6. "Buyer" means anyone authorized to purchase or contract for purchases on behalf of this jurisdiction or its subdivisions
- 3.7. "The Carpet and Rug Institute" (CRI) is the national trade association representing the carpet and rug industry. CRI has developed and administered the "Green Label" indoor air quality testing and labeling program for carpet, adhesives, cushion materials and vacuum cleaners. The "Green Label Plus" testing program incorporates additional requirements to meet California's Collaborative for High Performance Schools low-emitting materials criteria
- 3.8. "Compost" means the product resulting from the controlled biological decomposition of organic solid wastes that are source separated from the municipal solid waste stream or which are separated at a centralized facility or as otherwise defined in 14 CCR Section 17896.2(a)(4).
- 3.9. Compost eligible for meeting the Annual Recovered Organic Waste Product Procurement Target must be produced at a compostable material handling operation or facility permitted or authorized under 14 CCR Chapter 3.1 of Division 7 or produced at a large volume in-vessel digestion facility that composts on-site as defined and permitted under 14 CCR Chapter 3.2 of Division 7. Compost shall meet the State's composting operations regulatory requirements.
- 3.10. "Compostable plastic" means a polymer that is made from plants such as corn or

soybeans, and breaks down during composting to yield carbon dioxide, water and inorganic compounds and biomass, at a rate consistent with other known compostable materials and leaves no visually distinguishable or toxic residues

- 3.11. "Contractor" means any person, group of persons, business, consultant, designing architect, association, partnership, corporation, supplier, vendor or other entity that has a contract or serves in a subcontracting capacity with an entity having a contract for the provision of goods or services.
- 3.12. "Direct Service Provider" means a person, company, agency, district, or other entity that provides a service or services to Jurisdiction pursuant to a contract or other written agreement or as otherwise defined in 14 CCR Section 18982(a)(17).
- 3.13. "Ecologo" is a third-party, multi-attribute eco-labeling program founded by the Canadian government in 1988 and part of UL Environment since 2010. The Program compares products / services with others in the same category, develops rigorous and scientifically relevant criteria, and awards the Ecologo to those that are environmentally preferable throughout their entire lifecycle.
- 3.14. "Electronic Product Environmental Assessment Tool" (EPEAT) is a procurement tool to help institutional purchasers in the public and private sectors evaluate, compare and select personal computers, displays, imaging equipment and televisions based on their environmental attributes.
- 3.15. "Electricity Procured from Biomass Conversion" means electricity generated from biomass facilities that convert recovered Organic Waste, such as wood and prunings from the municipal stream, into electricity. Electricity procured from a biomass conversion facility may only count toward the Jurisdiction's Annual Recovered Organic Waste Product Procurement Target if the facility receives feedstock directly from certain permitted or authorized compostable material handling operations or facilities, transfer/processing operations or facilities, or landfills, as described in 14 CCR Section 18993.1(i).
- 3.16. "Energy Star" means the U.S. EPA's energy efficiency product labeling program.
- 3.17. "Energy-Efficient Product" means a product that is in the upper 25% of energy efficiency for all similar products, or that is at least 10% more efficient than the minimum level that meets Federal standards.
- 3.18. "Environmentally Preferable Purchasing" means EPP is the procurement of goods and services that have a reduced impact on human health and the environment compared to competing products serving the same purpose. It is an essential part of our search for high quality products and services at competitive prices.
- 3.19. "Federal Energy Management Program" is a program of the Department of Energy that issues a series of Product Energy Efficiency Recommendations that identify recommended efficiency levels for energy-using products.
- 3.20. "Forest Stewardship Council" is a global organization that certifies responsible,

on-the- ground forest management according to rigorous standards developed by a broad variety of stakeholder groups.

- 3.21. "Green Seal" is an independent, non-profit environmental labeling organization. Green Seal standards for products and services meet the U.S. EPA's criteria for third-party certifiers. The Green Seal is a registered certification mark that may appear only on certified products.
- 3.22. "Integrated Pest Management" is an ecosystem-based strategy that focuses on long-term prevention of pests or their damage through a combination of techniques such as biological control, habitat manipulation, modification of cultural practices, and use of resistant varieties. Pesticides are used only after monitoring indicates they are needed according to established guidelines, and treatments are made with the goal of removing only the target organism. Pest control materials are selected and applied in a manner that minimizes risks to human health, beneficial and nontarget organisms, and the environment.
- 3.23. "Jurisdiction" means a city, county, a combined city and county, or a regional agency with the responsibility for meeting Integrated Waste Management Act requirements. Jurisdictions may utilize a Joint Powers Authority (JPA) to comply with the requirements of SB 1383, however, the jurisdiction shall remain ultimately responsible for compliance. For this EPP Policy, Jurisdiction is the City of Sebastopol.
- 3.24. "LEED Rating System" means the most recent version of the Leadership in Energy and Environmental Design (LEED) Rating System, approved by the U.S. Green Building Council, and designed for rating new and existing commercial, institutional, and residential buildings.
- 3.25. "NSF/ANSI" means NSF International follows the American National Standards Institute (ANSI) standards development process. Standards are developed by joint committees (balanced stakeholder groups of public health, industry and user representatives).
- 3.26. "Organic Pest Management" prohibits the use and application of toxic chemical pesticides and strives to prevent pest problems through the application of natural, organic horticultural and maintenance practices. All pest control products shall be in keeping with, but not limited to, those products on the approved list of California Certified Organic Farmers (CCOF).
- 3.27. "Organic Waste" means solid wastes containing material originated from living organisms and their metabolic waste products including, but not limited to, food, yard trimmings, organic textiles and carpets, lumber, wood, Paper Products, Printing And Writing Paper, manure, biosolids, digestate, and sludges, or as otherwise defined in 14 CCR Section 18982(a)(46). Biosolids and digestate are as defined in 14 CCR Section 18982(a)(4) and 14 CCR Section 18982(a)(16.5), respectively.

- 3.28. "Paper Products" include, but are not limited to, paper janitorial supplies, cartons, wrapping, packaging, file folders, hanging files, corrugated boxes, tissue, and toweling;
- 3.29. "Post-consumer Material" means a finished material which would normally be disposed of as a solid waste, having reached its intended end-use and completed its life cycle as a consumer item, and does not include manufacturing or converting wastes.
- 3.30. "Pre-consumer Material" means material or by-products generated after manufacture of a product is completed but before the product reaches the end-use consumer. Pre-consumer material does not include mill and manufacturing trim, scrap, or broke which is generated at a manufacturing site and commonly reused on-site in the same or another manufacturing process.
- 3.31. "Printing and Writing Papers" include, but are not limited to, copy, xerographic, watermark, cotton fiber, offset, forms, computer printout paper, white wove envelopes, manila envelopes, book paper, note pads, writing tablets, newsprint, and other uncoated writing papers, posters, index cards, calendars, brochures, reports, magazines, and publications;
- 3.32. "Postconsumer Content" means any product which has served its intended use by a business or a consumer, which has been disposed and subsequently separated from solid waste for use as a constituent in a new product.
- 3.33. "Procurement of Recovered Organic Waste Products" shall mean purchase or acquisition (e.g., free delivery or free distribution from a hauler or other entity via a written agreement or contract), and end use by the Jurisdiction or others. The Jurisdiction's Annual Recovered Organic Waste Product Procurement Target can be fulfilled directly by the Jurisdiction or by Direct Service Providers through written contracts or agreements for Procurement of Recovered Organic Waste Products at the Jurisdiction's behest.
- 3.34. "Post-manufacture Content" means, waste that is created by a manufacturing process, and that is subsequently only used as a constituent in another manufacturing process.
- 3.35. "Recovered Material" means fragments of products or finished products of a manufacturing process, which has converted a resource into a commodity of real economic value, and includes pre-consumer and post-consumer material but does not include excess resources of the manufacturing process.
- 3.36. "Recovered Organic Waste Products" means products made from California, landfill-diverted recovered Organic Waste processed at a permitted or otherwise authorized operation or facility, or as otherwise defined in 14 CCR Section 18982(a)(60). Products that can be used to meet the Annual Recovered Organic Waste Product Procurement Target shall include Compost, SB 1383 Eligible Mulch, Renewable Gas from an in-vessel digestion facility, and Electricity

Procured from Biomass Conversion as described herein and provided that such products meet requirements of 14 CCR, Division 7, Chapter 12, Article 12.

- 3.37. "Recordkeeping Designee" means the public employee appointed by the Jurisdiction Manager or their designee to track procurement and maintain records of Recovered Organic Waste Product procurement efforts both by the Jurisdiction and others, if applicable, as required by 14 CCR, Division 7, Chapter 12, Articles 12 and 13. In Sonoma County, Zero Waste Sonoma will be considered the Recordkeeping Designee.
- 3.38. "Recyclability" means that the Paper Products and Printing and Writing Paper offered or sold to the Jurisdiction are eligible to be labeled with an unqualified recyclable label as defined in 16 Code of Federal Regulations Section 260.12 (2013).
- 3.39. "Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper" means such products that consist of at least thirty percent (30%), by fiber weight, postconsumer fiber, consistent with the requirements of Sections 22150 to 22154 and Sections 12200 and 12209 of the Public Contract Code, and as amended.
- 3.40. "Recycled Content Standard" means the minimum level of recovered material and/or post-consumer material necessary for products to qualify as "recycled products."
- 3.41. "Recycling" means using waste as material to manufacture a new product. Recycling involves altering the physical form of an object or material and making a new object from the altered material.
- 3.42. "Renewable Gas" means gas derived from Organic Waste that has been diverted from a landfill and processed at an in-vessel digestion facility that is permitted or otherwise authorized by 14 CCR to recover Organic Waste.
- 3.43. "Reuse" means using an object or material again, either for its original purpose or for a similar purpose, without significantly altering the physical or chemical form of the object or material.
- 3.44. "Remanufactured Product" means any product diverted from the supply of discarded materials by refurbishing and marketing said product without substantial change to its original form.
- 3.45. "Reused Product" means any product designed to be used many times for the same or other purposes without additional processing except for specific requirements such as cleaning, painting or minor repairs.
- 3.46. "Russian River Friendly Landscaping" means working with the natural ecosystems of the Russian River region to foster soil health, to reduce runoff and pollution, prevent and reuse plant waste, and conserve water and other natural resources. The Russian River- Friendly Landscape Guidelines are a revision of the

Bay-Friendly Landscape Guidelines by the Russian River Watershed Association (RRWA), originally published by StopWaste.Org.

- 3.47. "Source Reduction" Section 40196 of the California Public Resources Code defines source reduction as any action which causes a net reduction in the generation of solid waste. "Source Reduction" includes, but is not limited to, reducing the use of nonrecyclable materials, replacing disposable materials and products with reusable materials and products, reducing packaging, reducing the amount of yard wastes generated, establishing garbage rate structures with incentives to reduce the amount of wastes that generators produce, and increasing the efficiency of the use of paper, cardboard, glass, metal, plastic, and other materials.
- 3.48. "SB 1383" means Senate Bill 1383 of 2016 approved by the Governor on September 19, 2016, which added Sections 39730.5, 39730.6, 39730.7, and 39730.8 to the Health and Safety Code, and added Chapter 13.1 (commencing with Section 42652) to Part 3 of Division 30 of the Public Resources Code, establishing methane emissions reduction targets in a statewide effort to reduce emissions of short-lived climate pollutants, as amended, supplemented, superseded, and replaced from time to time.
- 3.49. "SB 1383 Regulations" or "SB 1383 Regulatory" means or refers to, for the purposes of this policy, the Short-Lived Climate Pollutants (SLCP): Organic Waste Reductions regulations developed by CalRecycle and adopted in 2020 that created Chapter 12 of 14 CCR, Division 7 and amended portions of regulations of 14 CCR and 27 CCR.
- 3.50. "State" means the State of California.
- 3.51. "Water-Saving Products" are those that are in the upper 25% of water conservation for all similar products, or at least 10% more water-conserving than the minimum level that meets the Federal standards.
- 3.52. "WaterSense" means a partnership program by the U.S. Environmental Protection Agency. Independent, third-party licensed certifying bodies certify that products meet EPA criteria for water efficiency and performance by following testing and certification protocols specific to each product category. Products that are certified to meet EPA specifications are allowed to bear the WaterSense label.

4. STRATEGIES FOR IMPLEMENTATION

- 4.1. Source Reduction
 - 4.1.1. Institute practices that reduce waste, encourage reuse, and result in the purchase of fewer products.
 - 4.1.2. Purchase remanufactured products such as toner cartridges, tires, furniture, equipment and automotive parts.

- 4.1.3. Consider short-term and long-term costs in comparing product alternatives. This includes evaluation of total costs expected during the time a product is owned, including, but not limited to, acquisition, extended warranties, operation, supplies, maintenance and replacement parts, disposal costs and expected lifetime compared to other alternatives.
- 4.1.4. Purchase products that are durable, long lasting, reusable or refillable and avoid purchasing one-time use or disposable products.
- 4.1.5. Request vendors eliminate packaging or use the minimum amount necessary for product protection. Vendors shall be encouraged to take back packaging for reuse. A vendor's willingness to take back packaging will be used as part of the consideration in the procurement process.
- 4.1.6. Specify a preference for packaging that is reusable, recyclable, or compostable, when suitable uses and programs exist.
- 4.1.7. Encourage vendors to take back and reuse pallets and other shipping materials.
- 4.1.8. Encourage suppliers of electronic equipment, including but not limited to computers, monitors, printers, and copiers, to take back equipment for reuse or environmentally sound recycling when discarding or replacing such equipment, whenever possible. Suppliers will be required to state their take-back, reuse or recycling programs during the procurement process.
- 4.1.9. Consider provisions in contracts with suppliers of non-electronic equipment that require suppliers to take back equipment for reuse or environmentally sound recycling when discarding or displacing such equipment, whenever possible.
- 4.1.10. Suppliers will be required to state their take back, reuse or recycling programs during the procurement process.
- 4.1.11. Promote electronic distribution of documents rather than printing or copying.
- 4.1.12. When producing paper documents, print and copy all documents on both sides to reduce the use and purchase of paper. Printers and copiers shall be set to default to duplex.
- 4.1.13. Ensure all imaging equipment is installed with energy and resource-efficient settings set as default.
- 4.1.14. Reduce the number and type of equipment needed to perform office functions to save energy and reduce purchasing and maintenance costs. Eliminate desktop printers, redundant network printers and reduce the number of fax machines leased or owned. Consider lease or purchase of

multi-function devices.

4.2. Recycled Content Products (SB 1383 Model Language for City Compliance)

4.2.1. Requirements for City Departments

- 4.2.1.1. Option 1: Comparable or more favorable pricing: If fitness and quality of Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper are equal to that of non-recycled items, all departments and divisions of Jurisdiction shall purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, whenever available at the same or a lesser total cost than non-recycled items.
- 4.2.1.2. Option 2: Price preference: If fitness and quality of Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper are equal to that of non-recycled items, all departments and divisions of Jurisdiction shall purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, whenever the total cost is the same or a lesser total cost than non-recycled items.
- 4.2.1.3. Option 3: No price preference: If fitness and quality of Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper are equal to that of non-recycled items, all departments and divisions of Jurisdiction shall purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper (rather than non-recycled items) that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, consistent with the requirements of the Public Contract Code, Sections 22150 through 22154 and Sections 12200 and 12209, as amended.
- 4.2.1.4. All Paper Products and Printing and Writing Paper shall be eligible to be labeled with an unqualified recyclable label as defined.
- 4.2.1.5. Provide records to Zero Waste Sonoma of all Paper Products and Printing and Writing Paper purchases within thirty (30) days of the purchase (both recycled- content and non-recycled content, if any is purchased) made by a division or department or employee of the Jurisdiction. Records shall include a copy of the invoice or other documentation of purchase, written certifications, vendor name, purchaser name, quantity purchased, date purchased, and recycled content (including

products that contain none), and if non-Recycled-Content Paper Products and/or non-Recycled-Content Printing and Writing Paper are provided, include a description of why Recycled-Content Paper Products and/or Recycled-Content Printing and Writing Paper were not provided.

4.3. Requirements for Vendors

4.3.1. All vendors that provide Paper Products (including janitorial Paper Products) and Printing and Writing Paper to Jurisdiction shall:

- 4.3.1.1. Provide Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, if fitness and quality are equal to that of non-recycled item.
- 4.3.1.2. Only provide Paper Products and Printing and Writing Papers that meet Federal Trade Commission Recyclability standard as defined in Title 16 Code of Federal Regulations Section 260.12 (2013).
- 4.3.1.3. Certify in writing, under penalty of perjury, the minimum percentage of postconsumer material in the Paper Products and Printing and Writing Paper offered or sold to the Jurisdiction. This certification requirement may be waived if the percentage of postconsumer material in the Paper Products, Printing and Writing Paper, or both can be verified by a product label, catalog, invoice, or a manufacturer or vendor internet website.
- 4.3.1.4. Certify in writing, under penalty of perjury, that the Paper Products and Printing and Writing Paper offered or sold to the Jurisdiction is eligible to be labeled with an unqualified recyclable label as defined
- 4.3.1.5. Provide records to Zero Waste Sonoma of all Paper Products and Printing and Writing Paper purchased from the vendor within thirty (30) days of the purchase (both recycled-content and non-recycled content, if any is purchased) made by a division or department or employee of the Jurisdiction. Records shall include a copy of the invoice or other documentation of purchase, written certifications as required in Section 4.2.A.3-4 for recycled-content purchases, purchaser name, quantity purchased, date purchased, and recycled content (including products that contain none), and if non-Recycled-Content Paper Products and/or non- Recycled-Content Printing and Writing Paper are provided, include a description of why Recycled-Content Paper Products and/or Recycled-Content Printing and Writing Paper were not provided.

- 4.3.2. All vendors providing printing services to the Jurisdiction via a printing contract or written agreement, shall use Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber.
- 4.4. Recovered Organic Waste Product Procurement (SB 1383 Model Language for Jurisdiction Compliance)
 - 4.4.1. Procurement Target
 - 4.4.1.1. Jurisdiction will annually procure for use or giveaway a quantity of Recovered Organic Waste Products that meets or exceeds its Annual Recovered Organic Waste Product Procurement Target.
 - 4.4.1.2. To be eligible to meet the Annual Recovered Organic Waste Product Procurement Target, products that may be procured include the following SB 1383 eligible Compost, SB 1383 eligible Mulch, Renewable Gas (in the form of transportation fuel, electricity, or heat), and Electricity Procured from Biomass Conversion.
 - 4.4.2. Requirements for City Departments
 - 4.4.2.1. Compost and SB 1383 Eligible Mulch procurement. Divisions and departments responsible for landscaping maintenance, renovation, or construction shall:
 - 4.4.2.1.1. Use Compost and SB 1383 Eligible Mulch produced from recovered Organic Waste, as defined in Section 2.8 and 2.R of this Policy, for landscaping maintenance, renovation, or construction, as practicable, whenever available, and capable of meeting quality standards and criteria specified. SB 1383 Eligible Mulch used for land application must meet or exceed the physical contamination, maximum metal concentration and pathogen density standards specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).
 - 4.4.2.1.2. When the City uses Compost and SB 1383 Eligible Mulch and the applications are subject to the City's Water Efficient Landscaping
 - 4.4.2.1.3. Ordinance (WELO), pursuant to Sebastopol Municipal Code Section 15.36.010, the City will comply with one of the following, whichever is more stringent, (i) the City's WELO, Code Section

15.36.010, if more stringent than the State's Model Water Efficient Landscape Ordinance (MWEL0), or (ii) Sections 492.6 (a)(3)(B), (C), (D), and (G) of the State's Model Water Efficient Landscape Ordinance, Title 23, Division 2, Chapter 2.7 of the CCR, as amended September 15, 2015, which requires the submittal of a landscape design plan with a "Soil Preparation, Mulch, and Amendments Section."

- 4.4.2.1.4. For landscape installations, Compost at a rate of a minimum of 4 cubic yards per 1,000 square feet of permeable area shall be incorporated to a depth of six (6) inches into the soil. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding Compost and tilling.
- 4.4.2.1.5. Apply a minimum three- (3-) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, leave up to five percent (5%) of the landscape area without mulch. Designated insect habitat must be included in the landscape design plan as such.
- 4.4.2.1.6. Procure mulch materials made from recycled or post-consumer materials rather than inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local Fuel Modification Plan Guidelines or other applicable local ordinances.
- 4.4.2.1.7. For all mulch that is land applied, procure SB 1383 Eligible Mulch that meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications. The mulch must also be produced at a permitted composting facility, transfer station, or landfill. The procured mulch cannot be from a chipping and grinding operation, as specified in 12 CCR Section 18993.1 (f)(4).
- 4.4.2.1.8. Keep records, including invoices or proof of Recovered Organic Waste Product procurement

(either through purchase or acquisition), and submit records to Zero Waste Sonoma, upon completion of project. Records shall include general procurement records, including:

- 4.4.2.1.9. General description of how and where the product was used and applied, if applicable;
- 4.4.2.1.10. Source of product, including name, physical location, and contact information for each entity, operation, or facility from whom the Recovered Organic Waste Products were procured;
- 4.4.2.1.11. Type of product;
- 4.4.2.1.12. Quantity of each product; and,
- 4.4.2.1.13. Invoice or other record demonstrating purchase or procurement.
- 4.4.2.2. For Compost and SB 1383 Eligible Mulch provided to residents through giveaway events or other types of distribution methods, keep records of the Compost and SB 1383 Eligible Mulch provided to residents. Records shall be maintained and submitted to Zero Waste Sonoma in accordance with the requirements specified in Section 3.2.A.3.
- 4.4.2.3. For procurement of SB 1383 Eligible Mulch, maintain an updated copy of the ordinance or enforceable mechanism(s) requiring that the mulch procured by the City or Direct Service Provider meets the land application standards specified, as it may be amended from time to time, as currently reflected in Municipal Code Section
- 4.4.2.4. When Procurement of Recovered Organic Waste Products occurs through a Direct Service Provider, enter into a written contract or agreement or execute a purchase order with enforceable provisions that includes: (i) definitions and specifications for SB 1383 Eligible Mulch, Compost, Renewable Gas, and/or Electricity Procured from Biomass Conversion; and, (ii) an enforcement mechanism (e.g., termination, liquidated damages) in the event the Direct Service Provider is not compliant with the requirements.
- 4.4.2.5. Renewable Gas procurement (used for fuel for transportation, electricity, or heating applications). For Renewable Gas procurement, Jurisdiction shall:
 - 4.4.2.5.1. Procure Renewable Gas made from recovered

Organic Waste for transportation fuel, electricity, and heating applications to the degree that it is appropriate and available for the Jurisdiction and to help meet the Annual Recovered Organic Waste Product Procurement Target.

- 4.4.2.5.2. Keep records in the same manner for the amount of Renewable Gas procured and used by the Jurisdiction, including the general procurement record information specified in Section 3.2.A.3.a, and submit records to Zero Waste Sonoma on a quarterly schedule. The quarterly schedule shall be as follows: Renewable Gas records are to be provided to Zero Waste Sonoma by April 15 for January 1 through March 31, July 15 for April 1 through June 30, October 15 for July 1 through September 30, and January 15 for October 1 through December 31. Jurisdiction shall additionally obtain the documentation and submit records specified.

4.4.3. Requirements for Direct Service Providers

- 4.4.3.1. Direct Service Providers of landscaping maintenance, renovation, and construction shall:
 - 4.4.3.1.1. Use Compost and SB 1383 Eligible Mulch, as practicable, produced from recovered Organic Waste, as defined in Section 2.8 and 2.R of this Policy, for all landscaping renovations, construction, or maintenance performed for the Jurisdiction, whenever available, and capable of meeting quality standards and criteria specified. SB 1383 Eligible Mulch used for land application shall comply with 14 CCR, Division 7, Chapter 12, Article 12 and must meet or exceed the physical contamination, maximum metal concentration and pathogen density standards specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3). If Direct Service Provider is subject to the City's WELO
 - 4.4.3.1.2. pursuant to Jurisdiction Code Section 15.36.010 and Sections 492.6 (a)(3)(B), (C), (D), and (G) of the State's MWEL, Title 23, Division 2, Chapter 2.7 of the CCR, as amended September 15, 2015, which requires the submittal of a landscape design plan with a "Soil Preparation, Mulch, and Amendments Section."

- 4.4.3.1.3. For landscape installations, Compost at a rate of a minimum of 4 cubic yards per 1,000 square feet of permeable area shall be incorporated to a depth of six (6) inches into the soil. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding Compost and tilling.
- 4.4.3.1.4. Apply a minimum three- (3-) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, leave up to five percent (5%) of the landscape area without mulch. Designated insect habitat must be included in the landscape design plan as such.
- 4.4.3.1.5. Procure organic mulch materials made from recycled or post- consumer materials rather than inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local Fuel Modification Plan Guidelines or other applicable local ordinances.
- 4.4.3.1.6. For all mulch that is land applied, procure SB 1383 Eligible Mulch that meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications specified.
- 4.4.3.1.7. Keep and provide records of Procurement of Recovered Organic Waste Products (either through purchase or acquisition) to Recordkeeping Designee, upon completion of projects. Information to be provided shall include general description of how and where the product was used and if applicable, applied; source of product, including name, physical location, and contact information for each entity, operation, or facility from whom the Recovered Organic Waste Products were procured, type of product, quantity of each product; and invoice or other record demonstrating purchase or procurement.

4.4.3.2. Direct Service Provider of Organic Waste collection services

shall:

- 4.4.3.2.1. Provide a specified quantity of Compost or SB 1383 Eligible Mulch to Jurisdiction and its customers via periodic "giveaways" as specified in a franchise agreement or other agreement.
- 4.4.3.2.2. Keep and provide records to the City including the following dates provided, source of product including name, physical location and contact information for each entity, operation or facility from whom the Recovered Organic Waste Products were procured, type of product, quantity provided; and invoice or other record or documentation demonstrating purchase, procurement, or transfer of material to giveaway location.

4.5. Energy Efficient and Water Saving Products

- 4.5.1. Purchase energy-efficient equipment with the most up-to-date energy efficiency functions. This includes, but is not limited to, high efficiency space heating systems and high efficiency space cooling equipment.
- 4.5.2. Replace inefficient interior lighting with energy-efficient equipment. Replace inefficient exterior lighting, street lighting and traffic signal lights with energy-efficient equipment. Minimize exterior lighting where possible to avoid unnecessary lighting of architectural and landscape features while providing adequate illumination for safety and accessibility.
- 4.5.3. Purchase U.S. EPA Energy Star certified products when available. When Energy Star labels are not available, choose energy-efficient products that are in the upper 25% of energy efficiency as designated by the Federal Energy Management Program.
- 4.5.4. Purchase U.S. EPA WaterSense labeled water-saving products when available and practicable. This includes, but is not limited to, high-performance fixtures like toilets, low-flow faucets and aerators, and upgraded irrigation systems.

4.6. Green Building Products and Practices

- 4.6.1. The City will comply with the adopted Green Building Code guidelines and green points system for the construction of all permanent municipal building and renovation projects which exceed 2,000 square feet in area.
- 4.6.2. In accordance with California Public Contract Code, Sec. 10409, purchase re- refined lubricating and industrial oil for use in its vehicles

and other equipment, as long as it is certified by the American Petroleum Institute (API) as appropriate for use in such equipment. This section does not preclude the purchase of virgin-oil products for exclusive use in vehicles whose warranties expressly prohibit the use of products containing recycled oil.

4.6.3. When specifying asphalt, concrete, aggregate base or portland cement concrete for construction projects, use recycled, reusable or reground materials.

4.6.4. Specify and purchase recycled content traffic control products, including signs, cones, parking stops, delineators, channelizers and barricades.

4.7. Landscaping Products and Practices

4.7.1. Employ Russian River Friendly Landscaping or sustainable landscape management techniques for all landscape renovations, construction and maintenance, including workers and contractors providing landscaping services, including, but not limited to, integrated pest management, grasscycling, drip irrigation, computerized central irrigation linked with the local weather station, composting, and procurement and use of mulch and compost that give preference to those produced from regionally generated plant debris and/or food scrap programs.

4.7.2. Choose a Russian River-Friendly Qualified Landscape Professional for landscape design and maintenance services. Training and qualifications shall include landscaping locally, landscaping for less to the landfill, nurturing the soil, conserving water, conserving energy, protecting water and air quality, and creating wildlife habitat.

4.7.3. Select plants to minimize waste by choosing species for purchase that are appropriate to the microclimate, species that can grow to their natural size in the space allotted them, and perennials rather than annuals for color. Native and drought-tolerant plants that require no or minimal watering once established are preferred.

4.7.4. Hardscapes and landscape structures constructed of recycled content materials are encouraged. Limit the amount of impervious surfaces in the landscape. Permeable substitutes, such as permeable asphalt or pavers, are encouraged for walkways, patios and driveways.

4.8. Household Hazardous Waste and Pollution Prevention Products and Practices

4.8.1. Manage pest problems through prevention and physical, mechanical and biological controls when contractors maintain buildings and landscapes. Either adopt and implement an Organic Pest Management (OPM) policy and practices or adopt and implement an Integrated Pest Management (IPM) policy and practices using the least toxic pest control as a last

resort. Anticoagulant rodenticides shall never be used.

- 4.8.2. Use products with the lowest amount of volatile organic compounds (VOCs), highest recycled or reused content, low or no formaldehyde and no halogenated organic flame retardants when purchasing building maintenance materials such as paint,. carpeting, adhesives, furniture and casework.
- 4.8.3. Purchase or require janitorial contractors to supply industrial and institutional cleaning products that meet Green Seal, EPA Safer Choice, or UL/Ecologo certification standards for environmental preferability and performance.
- 4.8.4. Purchase, or require janitorial contractors to supply, vacuum cleaners that meet the requirements of the Carpet and Rug Institute Green Label/Seal of Approval Program for soil removal, dust containment and carpet fiber retention for indoor air quality protection and performance cleaning standards. Other janitorial cleaning equipment should be capable of capturing fine particulates, removing sufficient moisture so as to dry within 24 hours, operate with a sound level less than 70dBA, and use high- efficiency, low-emissions engines.
- 4.8.5. Purchase paper, paper products, and janitorial paper products that are unbleached or are processed without chlorine or chlorine derivatives.
- 4.8.6. Prohibit the purchase of products that use polyvinyl chloride (PVC) such as, but not limited to, furniture and flooring.
- 4.8.7. Prohibit the purchase of food service ware containing per- and polyfluoroalkyl substances (PFAS).
- 4.8.8. Purchase products and equipment with no lead or mercury whenever possible. For products that contain lead or mercury, preference should be given to those products with lower quantities of these metals and to vendors with established lead and mercury recovery programs. In addition, whenever lead- or mercury-containing products require disposal, products will be disposed in the most environmentally safe manner possible. All fluorescent lamps and batteries will be recycled.
- 4.8.9. Purchase or specify personal computers, displays, imaging equipment and televisions that meet, at a minimum, all Electronic Product Environmental Assessment Tool (EPEAT) environmental criteria designated as "required" as contained in the IEEE 1680 family of Environmental Assessment Standards.
- 4.8.10. Purchase or specify office furniture that meets the California Bureau of Household Goods and Services (BHGS) standard Technical Bulletin 117-2013 for testing upholstered furniture flammability without the use of

flame retardant chemicals.

- 4.8.11. Purchase or specify commercial carpeting that meets NSF/ANSI 140 Standard for Sustainable Carpet Assessment and require old carpet that is removed be recycled.
- 4.8.12. Purchase or specify non-carpet floor coverings that meet NSF/ANSI 332 Standard for Resilient Flooring including vinyl, linoleum and rubber flooring. In conjunction with California State agency requirements, at least 50 percent of the quantity of paint used for architectural projects should contain reused or recycled paint with a recycled content consisting of at least 50 percent post-consumer paint. Reused paint can be acquired from the Sonoma HHW Facility by either visiting the reuse lockers or by pre-arranging remixed paint in 5-gallon containers in off-white, tan, light grey, or light green.
- 4.8.13. When replacing vehicles, consider less-polluting alternatives to diesel such as compressed natural gas, bio-based fuels, hybrids, electric batteries, and fuel cells, as available.

4.9. Fiber-only Products

- 4.9.1. Use paper, paper products and construction products made from non-wood, plant-based contents such as agricultural crops and residues.
- 4.9.2. Priority should be given to reusable food service ware, however, if single-use food service ware is purchased, it is to be fiber only and BPI certified
- 4.9.3. Ask vendors to provide proof of compliance with ASTM standards for compostable, biodegradable and degradable plastic products upon request. One acceptable proof of compliance for compostable plastic products will be certification by the Biodegradable Products Institute (BPI).

4.10. Forest Conservation Products

- 4.10.1. To the greatest extent practicable, do not procure wood products such as lumber and paper that originate from forests harvested in an environmentally unsustainable manner. When possible, give preference to wood products that are certified to be sustainably harvested by a comprehensive, performance-based certification system. The certification system shall include independent third-party audits, with standards equivalent to, or stricter than, those of the Forest Stewardship Council certification.
- 4.10.2. Encourage the purchase or use of previously used or salvaged wood and wood products whenever practicable

5. RECORDKEEPING RESPONSIBILITIES

- 5.1. The department will be the responsible department and will select an employee to act as the Recordkeeping Designee that will be responsible for organizing records pertaining to Procurement of Recovered Organic Waste Products and Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper. The Recordkeeping Designee shall communicate frequently with Zero Waste Sonoma to transfer all the required documentation for reporting to CalRecycle.
- 5.2. The Recordkeeping Designee will do the following to track Procurement of Recovered Organic Waste Products, Recycled-Content Paper Products, and Recycled-Content Printing and Writing Paper:
 - 5.2.1. Collect and collate copies of invoices or receipts (paper or electronic) or other proof of purchase that describe the procurement of Printing and Writing Paper and Paper Products, including the volume and type of all paper purchases; and, copies of certifications and other required verifications from all departments and/or divisions procuring Paper Products and Printing and Writing Paper (whether or not they contain recycled content) and/or from the vendors providing Printing and Writing Paper and Paper Products. These records must be kept as part of Jurisdiction's documentation.
 - 5.2.2. Collect and collate copies of invoices or receipts or documentation evidencing procurement from all departments and divisions procuring Recovered Organic Waste Products and invoices or similar records from vendors/contractors/others procuring Recovered Organic Waste Products on behalf of the Jurisdiction to develop evidence of Jurisdiction meeting its Annual Recovered Organic Waste Product Procurement Target. These records must be kept as part of the Jurisdiction's documentation.
 - 5.2.3. Collect, collate, and maintain documentation submitted by the Jurisdiction, Direct Service Providers, and/or vendors, including the information reported to the Recordkeeping Designee.
 - 5.2.4. Compile an annual report on the Jurisdiction's direct procurement, and vendor/other procurement on behalf of the Jurisdiction, of Recovered Organic Waste Products, Recycled-Content Paper Products, and Recycled-Content Printing and Writing Paper, consistent with the recordkeeping requirements contained in 14 CCR Section 18993.2 for the Annual Recovered Organic Waste Product Procurement Target and 14 CCR Section 18993.4 for Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper procurement. This report shall be made available to the Jurisdiction's responsible entity for compiling the annual report to be submitted to CalRecycle (which will include a description of compliance on many other SB 1383 regulatory requirements). The procurement report shall also be shared with Council, JPA or other regulating body annually as evidence of implementing this

Policy.

6. RESPONSIBILITIES

- 6.1. The health and safety of workers and citizens is of utmost importance and takes precedence over all other practices. Nevertheless, the duty to act in a fiscally responsible as well as a timely manner is recognized.
- 6.2. Nothing contained in this policy shall be construed as requiring a department, purchaser or contractor to procure products that do not perform adequately for their intended use, exclude adequate competition, risk the health or safety of workers and citizens, or are not available at a reasonable price in a reasonable period of time
- 6.3. Nothing contained in this policy shall be construed as requiring the jurisdiction, department, purchaser, or contractor to take any action that conflicts with local, state or federal requirements.
- 6.4. The jurisdiction has made significant investments in developing a successful recycling system and recognizes that recycled content products are essential to the continuing viability of that recycling system and for the foundation of an environmentally sound production system. Therefore, to the greatest extent practicable, recycled content shall be included in products that also meet other specifications, such as chlorine free or bio- based.

7. IMPLEMENTATION

- 7.1. The City Manager shall implement this policy in coordination with other appropriate personnel.
- 7.2. Require successful vendors to certify in writing that the environmental attributes claimed in competitive proposals are accurate. In compliance with State law, vendors shall be required to specify the minimum or actual percentage of recovered and post-consumer material in their products, even when such percentages are zero.
- 7.3. Upon request, buyers making the selection from competitive procurement process shall be able to provide justification for product choices that do not meet the environmentally preferable purchasing criteria in this policy.
- 7.4. Include businesses certified by the Bay Area Green Business Program in purchasing requests for products and services.
- 7.5. Encourage vendors, contractors and grantees to comply with applicable sections of this policy for products and services provided.

8. PROGRAM EVALUATION

- 8.1. The City Manager shall periodically evaluate the success of this policy's implementation

9. EXCEPTIONS

Every effort will be made to adhere to the Environmentally Preferable Purchasing Policy to the extent possible, recognizing that certain procurement decisions such as for cleaning products, janitorial equipment, and electronics may be outside of the City's authority.

IX. PUBLIC PROJECTS

Accounting procedures were established by the California Uniform Public Construction Cost Accounting Commission, and are detailed in the Commission's Accounting Policies and Procedures Manual. Public Contract Code (PCC) §22000-22050 describe both the informal and formal bidding procedures, project dollar thresholds, bidding and noticing requirements, rejection of bids, the definition and procedure for emergency Public Projects, and other mandates related to California Uniform Public Construction Cost Accounting Act (CUPCCAA).

Rather than the City's Purchasing Policy, Public Projects are subject to definitions, terms and conditions specified in the CUPCCAA, PCC Section 2200, et seq., as may be amended from time to time. When PCC requirements contradict City requirements, the PCC will apply. PCC § 22002(c), as may be amended, defines a "Public Project" as:

(c) "Public project" means any of the following:

- 1) Construction, reconstruction, erection, alteration, renovation, improvement, demolition, and repair work involving any publicly owned, leased, or operated facility.
- 2) Painting or repainting of any publicly owned, leased, or operated facility.
- 3) In the case of a publicly owned utility system, "public project" shall include only the construction, erection, improvement, or repair of dams, reservoirs, power-plants, and electrical transmission lines of 230,000 volts and higher.

(d) "Public project" does not include maintenance work. For purposes of this section, "maintenance work" includes all of the following:

- 1) Routine, recurring, and usual work for the preservation or protection of any publicly owned or publicly operated facility for its intended purposes.
- 2) Minor repainting.
- 3) Resurfacing of streets and highways at less than one inch.
- 4) Landscape maintenance, including mowing, watering, trimming, pruning, planting, replacement of plants, and servicing of irrigation and sprinkler systems.

- 5) Work performed to keep, operate, and maintain publicly owned water, power, or waste disposal systems, including, but not limited to, dams, reservoirs, power-plants, and electrical transmission lines of 230,000 volts and higher.

(e) For purposes of this chapter, "facility" means any plant, building, structure, ground facility, utility system, subject to the limitation found in paragraph (3) of subdivision (c), real property, streets and highways, or other public work improvement.

(f) Every November of each year, Department of Public Works will send out a written notice to all constructions trade journals designated for the City under PCC §22036(c), inviting all licensed contractors to register on the City's Bidders List for Notification of Informal Bids for the following calendar year. A qualified bidders' list can be obtained at the Public Works Department.

(g) City Council adopted Resolution No. 5763 electing that the City be subject to the CUPPCAA.

(g) Projects valued at less than \$200,000, or as may be revised from time to time by the State of California, may be let by informal bidding, in accordance with the informal bidding procedures of the Uniform Public Construction Cost Accounting Act. Projects valued at less than \$60,000, or as may be revised from time to time by the State of California, may be performed by City forces or be let by informal quotes and negotiated price.

The following diagram illustrates the steps to follow for construction contracts:

* Dollar limits as may be revised, from time to time by the State of California, shall apply.

EXCEPTIONS TO COMPETITIVE BIDDING

Competitive bidding may be waived in the case of an emergency as defined above or when:

- ▶ The items or services to be furnished are in such short supply that there is no competition.
- ▶ Where the specifications or other restrictions limit the number of prospective suppliers.
- ▶ Where the skill or knowledge of a particular individual is sought.
- ▶ “Piggy-backing” or consolidating its procurement with that of another agency or entity constituted for governmental purposes; provided that the commodities or contractual services to be procured have been subjected to competitive bidding by said other agency or entity and documentation of such competitive bidding exists.

CHANGE ORDERS, TASK ORDERS, AND CONTRACT AMENDMENTS

A substantial change to a Purchase Order or Contract (i.e., pricing, terms and conditions, specifications and/or scope of work) shall be documented as a Change Order, Task Order, or Contract Amendment.

- a. Department Heads or their designees may sign Change Orders, Task Orders, and Contract Amendments for purchases and contracts up to \$5,000.
- b. When the initial purchase or contract exceeds \$5,000, the signature authority for that purchase shall be the City Manager or his/her designee.
- c. Change Orders, Task Orders, and Contract Amendments generally should not exceed 10% of the original contract amount, unless authorized by the City Manager or his/her designee. A new scope of work and/or a new contract may be required when the change

exceeds 10% of the original amount. The signature authority for this purchase shall be the City Manager or his/her designee

- d. A Change Order, Task Order or Contract Amendment is not required when taxes, shipping and/or handling cause a purchase to exceed the authorized (Purchase Order) amount; the signatory limit may also be exceeded in that circumstance.

This section replaces and rescinds Council Policy #27 (Change Orders), Administrative Policy # 2 (Work Order Procedures), #3 (Small Purchase Order Procedures) and #17 (Processing Invoices)

X. URGENT AND EMERGENCY PURCHASES

Sound judgment shall be used in keeping urgent and emergency purchases to an absolute minimum. Specific procedures for managing these purchases shall apply, as determined by the Purchasing Agent.

- a. **Urgent Purchases** – Immediate purchases of material, supplies, equipment, vehicle and services may be made when an urgent circumstance (as defined in the Purchasing Policies) exists, and procurement should not be delayed by use of normal competitive and financial procedures. Urgent purchases of up to \$5,000 shall be authorized by the Department Head or designee; the City Manager may authorize urgent purchases up to \$50,000. Urgent purchases shall be followed, as soon as practical, with submission of a written justification for the purchase having been made outside normal procedures.
- b. **Emergency Purchases** – In an emergency (as defined in the Purchasing Policy), the City Manager or designee may authorize the immediate purchase of material, supplies, equipment, and services, including those in excess of his/her City Council-approved signature threshold. Such purchases shall be followed, as soon as practical, with submission of a written justification for the purchase having been made outside normal procedures. City Council shall be notified, at its next regular meeting, of any emergency purchases in excess of \$50,000.
 - a. Poor and/or lack of planning does not constitute justification for an urgent and emergency condition. An urgent and/or emergency condition is defined as “a situation that creates a threat to public health, welfare, safety, or public property such as floods, epidemics, riots, fire, unexpected equipment failures, or such other reasons as may be determined by the City Manager or his/her designee.” An urgent and emergency purchase may be made when the existence of an urgent and/or emergency condition creates an immediate and serious need for goods or services that cannot be met through normal procurement methods.
- c. In the case of a disaster or for civil defense, nothing contained in this document shall limit the authority of the City Manager to make purchases and take such other emergency steps as are, or may be, authorized by the City Council, including opening a line or lines of credit to accommodate necessary purchases.

- d. Emergency purchases related to Public Projects are authorized under jurisdiction of the Public Contract Code/UCCAP, and are subject to definitions, regulations and processes that vary from City policy. Emergency purchases to repair or replace public facilities may proceed prior to adoption of the working details, drawing, plans and specifications, only when in accordance with the UCAAP definition and requirements. Staff responsible for Public Projects shall be held accountable for compliance with these requirements.
- e. Should any urgent or emergency purchase cause any budget line item to exceed the approved budget, the Department shall request City Manager approval to exceed and amend the budget, subject to subsequent City Council approval of an additional budget appropriation or budget amendment to cover the purchase. This section runs concurrent with the Amended City Council Policy #69 (Financial Policies).

XI. DISPOSAL OF SURPLUS PROPERTY

The City Manager or designee is authorized to exchange, trade-in, sell and dispose of surplus property having salvage value in the open market, by public auction, by competitive sealed bids or by exchange or trade in for new goods. The sale or lease of surplus property to a governmental, public or quasi-public agency may be without advertisement for or receipt of bids. Employees are not eligible to receive or purchase surplus property, however, employees may receive personalized items, and receive or purchase at market value items considered to be memorial or commemorative in nature, subject to City Manager approval. This section replaces and rescinds Council Policy #3 (Disposal of Surplus City Property to Qualified Charitable Organizations)

XII. PROPERTY WITH NO SALVAGE VALUE

Surplus property with no salvage value, as determined by the Department and recommended by the Administrative Services Director to the City Manager or designee, shall be disposed of in a manner that salvages recyclable components, if practical.

XIII. UNCLAIMED, SEIZED OR ABANDONED PROPERTY

The Department is hereby authorized to make recommendation to the City Manager to sell or dispose of all goods in the possession or custody of the Police Department which are unclaimed, seized and/or abandoned and may be legally disposed of by the City.

XIV. DONATIONS OF SURPLUS PROPERTY

Upon approval in advance in writing by the Administrative Services Director with the City Manager approval, surplus property may be donated to governmental, public or quasi-public agencies, charitable or non-profit organizations on a first-come first-served basis to be utilized for non-profit purposes.

XV. REPORTING

The Department shall provide regular reports to the City Manager indicating surplus property disposed of, the method of disposal, and the amounts received from disposal, and shall maintain

records for public inspection relative to the disposal of surplus property for a period of time in compliance with State law and the City's records retention schedule. Annual reports shall be provided to City Council accordingly.

XVI. CAPITAL EQUIPMENT

Purchase of equipment or furniture at a unit cost of \$10,000 or greater with a useful life greater than 5 years shall be capitalized. At the time of receipt, an asset number shall be issued and affixed to the asset.

XVII. INFORMATION TECHNOLOGY-RELATED PURCHASES

To keep costs under control and assure implemented technologies work together harmoniously and meet staff needs, the City shall work with our I.T consultant to standardize and control all purchases of equipment, including but not limited to desktops, laptops, and other electronic devices.

- a. With limited exceptions, the department shall include in its annual budget funding to support technology purchases. While the Information Technology consultant may provide support for specific departmental technology needs, those needs shall be funded through department budgets.
- b. The list of those authorized by the City Manager to request technology purchases shall be maintained by the Administrative Services (Finance) Department.

XVIII. CREDIT CARDS

The City Manager or designee may acquire credit cards in the name of the City for use by designated City Department Heads. The City shall maintain a written log of credit cards. Department Heads assigned credit cards will sign an acknowledgement form (Exhibit A) agreeing to the limitations of the card use as described below.

- ▶ May be used to charge necessary supplies and equipment, authorized travel, food and lodging for the person in possession of the credit card and any other City employee.
- ▶ May be used for the purchase of gas, oil, supplies, and repairs for City vehicles.
- ▶ May be used to purchase conference/seminar registration, airline, hotel, meals, car rental costs for the City Council, City Manager, or other City employee.
- ▶ May be acquired for vendors (i.e. Office Depot, Sebastopol Hardware, etc.)
- ▶ May not be used for personal benefit or personal use.
- ▶ May not be issued to members of the City Council. They will be reimbursed according to the City's established Reimbursement Policy.

- ▶ Must be returned to the City upon termination or resignation prior to receiving their last paycheck.

Misuse of the credit card privilege can result in disciplinary action, including termination.

Receipts for all credit card expenditures must be promptly turned into the Administrative Services (Finance) Department along with appropriate documentation stating the purpose of the expenditure.

Credit card limits are as follows:

City Manager	\$10,000
Assistant City Manager/City Clerk	\$10,000
Administrative Services Director	\$10,000
Planning Director	\$5,000
Building Official	\$5,000
Engineering Manager	\$5,000
Police Chief	\$5,000
Fire Chief	\$5,000
Public Works Superintendent	\$5,000

This section replaces and rescinds Council Policy #71 (Credit Card Use Policy)

XIX. PURCHASE ORDERS

A signed purchase order will be made for all expenditures in excess of \$5,000 and a copy will be given to the Administrative Services (Finance) Department. Purchase orders should be approved (signed by the City Manager or his/her designee) prior to making the actual purchase or commitment of funds. It is the responsibility of each department directors/managers to verify that the funding amount of the requested purchase is available before authorizing the purchase order.

XX. PETTY CASH FUND

A Petty Cash fund of \$200 will be established for each City department. Expenditures up to \$20 may be made for postage, freight, permit fees, licenses and similar charges, and employee expenses. In each instance a written receipt for payment is required. The Administrative Services Director or designee will be responsible for the Petty Cash Fund.

XXI. PREVAILING WAGES

State Law requires that contractors pay their workers "prevailing wages" when a project is a "public work". The meaning of "public works" is defined in the California Labor Code Section 1720-1743. Therefore, the City will affirmatively state in all "public works" contracts over \$1,000 that contractors are required to pay their workers "prevailing wages".

XXII. GRANT COMPLIANCE

Grant-required language will be incorporated in bid documents, professional services agreements, equipment supply contracts and construction contracts as needed. City contracts will provide language required to be in all subcontracts and disclosure of an audit requirement.

EXHIBIT A**CITY OF SEBASTOPOL CREDIT CARD HOLDER AGREEMENT**

Employee: _____ Department: _____
 (Cardholder)

The Cardholder has been issued a City credit card and hereby agrees to comply with all terms and conditions set forth in the City's Purchasing policy, including but not limited to:

1. **Official Use Only.** Charging personal expenses on City cards is a misuse of public funds even if the intent is to reimburse the City at a later time and may result in disciplinary action, including termination, at the City Manager's discretion.
2. **Timely, Accurate and Supported Payments.** Credit card payments will be processed on a timely basis, and adequate supporting documentation (such as vendor order forms, receipts, invoices and credit card receipts) will be retained for all charges and submitted to the Administrative Services (Finance) Department.
3. **Disputed Charges.** It is the responsibility of the cardholder to immediately notify the vendor and issuing bank of any disputed charges.
4. **Lost or Stolen Cards.** The issuing bank and the Administrative Services (Finance) Department will be notified immediately of a lost or stolen card. Failure to do so could make the Cardholder responsible for any fraudulent use of the card.
5. **Surrender Upon Request or Separation.** The credit card will be immediately surrendered upon separation from the City or upon request of the City Manager or designee. Use of the credit card for any purpose after its surrender is prohibited. The bottom section of this form will be signed upon return of the credit card.
6. **Credit Card Limit.** The credit limit of this card is \$_____.

 Cardholder Signature Date

RETURN OF CREDIT CARD UPON SEPARATION FROM CITY EMPLOYMENT

I HEREBY SURRENDER the credit card issued to me by the City of Sebastopol to the Administrative Services Director. I declare that all outstanding charges on the credit card are for official City business and will be paid through established procedures.

 Cardholder Signature Date

 Administrative Services Director

Zero Waste Sonoma Environmentally Preferable Purchasing (EPP) Model Policy

1. STATEMENT OF POLICY

The Environmentally Preferable Purchasing Policy will commit the Agency to:

- 1.1 Protect and conserve natural resources, water, and energy;
- 1.2 Minimize the contribution to climate change, pollution, and solid waste disposal;
- 1.3 Institute practices that reduce waste by increasing product efficiency and effectiveness;
- 1.4 Purchase products that minimize environmental impacts, toxics, pollution, and hazards to worker and community safety;
- 1.5 Purchase products that include recycled content, are durable and long-lasting, conserve energy and water, use agricultural fibers and residues, use unbleached or chlorine free manufacturing processes, are lead-free and mercury-free, and use wood from sustainably harvested forests; and
- 1.6 Comply with State requirements as contained in the SB 1383 procurement regulations to procure a specified amount of Recovered Organic Waste Products to support Organic Waste disposal reduction targets and markets for products made from recycled and recovered Organic Waste materials.*

2. PURPOSE

The purpose of the policy is to incorporate considerations that include the following:

- 2.1 Conserve natural resources;
- 2.2 Minimize environmental impacts such as pollution and use of water and energy;
- 2.3 Eliminate or reduce toxics that create hazards to workers and our community;
- 2.4 Support a strong recycling market and circular economy;
- 2.5 Incorporate environmental considerations including recycled-content and recovered Organic Waste product use into purchasing practices and procurement;
- 2.6 Reduce materials that are landfilled;
- 2.7 Increase the use and availability of environmentally preferable products that protect the environment;
- 2.8 Identify environmentally preferable products and distribution systems;
- 2.9 Reward manufacturers and vendors that reduce environmental impacts in their production and distribution systems or services;
- 2.10 Align with the Agency's goal of Zero Waste by 2030 as adopted in the Zero Waste Resolution; and
- 2.11 Create a model for successfully purchasing environmentally preferable products that encourages the use of agricultural fibers, chlorine-free manufacturing processes, wood from sustainably harvested forests, and other environmentally friendly practices, and that encourages other purchasers in our community to adopt similar goals.

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

3 DEFINITIONS

- 3.1 "Annual Recovered Organic Waste Product Procurement Target" means the amount of Organic Waste in the form of a Recovered Organic Waste Product that the Jurisdiction is required to procure annually under 14 CCR Section 18993.1. This target shall be calculated by multiplying the per capita procurement target, which shall be 0.08 tons of Organic Waste per California resident per year, times the Jurisdiction's residential population using the most recent annual data reported by the California Department of Finance. Annually, CalRecycle will provide notice to each Jurisdiction of its Annual Recovered Organic Waste Product Procurement Target by posting such information on CalRecycle's website and providing written notice directly to the Jurisdiction
- 3.2 "American Society for Testing and Materials" means ASTM International, an open forum for the development of high quality, market relevant international standards use around the globe.
- 3.3 "Bay Area Green Business Program" is a partnership of governments and businesses that certifies the environmental performance of government agencies and businesses.
- 3.4 "Bio-Based Products" means commercial or industrial products (other than food or feed) that utilize agricultural crops or residues but does not include products made from forestry materials
- 3.5 "Biodegradable Products Institute" (BPI) is a multi-stakeholder association of key individuals and groups from government, industry and academia, which promotes the use, and recycling of biodegradable polymeric materials (via composting). BPI does not create standards but certifies products that demonstrate they meet the requirements in ASTM D6400 or 06868, based on testing in an approved laboratory.
- 3.6 "Buyer" means anyone authorized to purchase or contract for purchases on behalf of this jurisdiction or its subdivisions
- 3.7 "The Carpet and Rug Institute" (CRI) is the national trade association representing the carpet and rug industry. CRI has developed and administered the "Green Label" indoor air quality testing and labeling program for carpet, adhesives, cushion materials and vacuum cleaners. The "Green Label Plus" testing program incorporates additional requirements to meet California's Collaborative for High Performance Schools low-emitting materials criteria
- 3.8 "Compost" means the product resulting from the controlled biological decomposition of organic solid wastes that are source separated from the municipal solid waste stream or which are separated at a centralized facility or as otherwise defined in 14 CCR Section 17896.2(a)(4).
- 3.9 Compost eligible for meeting the Annual Recovered Organic Waste Product Procurement Target must be produced at a compostable material handling operation or facility permitted or authorized under 14 CCR Chapter 3.1 of Division 7 or produced at a large volume in-vessel digestion facility that composts on-site as defined and permitted under 14 CCR Chapter 3.2 of Division 7. Compost shall meet the State's composting operations regulatory requirements
- 3.10 "Compostable plastic" means a polymer that is made from plants such as corn or

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

soybeans, and breaks down during composting to yield carbon dioxide, water and inorganic compounds and biomass, at a rate consistent with other known compostable materials and leaves no visually distinguishable or toxic residues

- 3.11 "Contractor" means any person, group of persons, business, consultant, designing architect, association, partnership, corporation, supplier, vendor or other entity that has a contract or serves in a subcontracting capacity with an entity having a contract for the provision of goods or services.
- 3.12 Direct Service Provider" means a person, company, agency, district, or other entity that provides a service or services to Jurisdiction pursuant to a contract or other written agreement or as otherwise defined in 14 CCR Section 18982(a)(17).
- 3.13 "Ecologo" is a third-party, multi-attribute eco-labeling program founded by the Canadian government in 1988 and part of UL Environment since 2010. The Program compares products / services with others in the same category, develops rigorous and scientifically relevant criteria, and awards the Ecologo to those that are environmentally preferable throughout their entire lifecycle.
- 3.14 "Electronic Product Environmental Assessment Tool" (EPEAT) is a procurement tool to help institutional purchasers in the public and private sectors evaluate, compare and select personal computers, displays, imaging equipment and televisions based on their environmental attributes.
- 3.15 "Electricity Procured from Biomass Conversion" means electricity generated from biomass facilities that convert recovered Organic Waste, such as wood and prunings from the municipal stream, into electricity. Electricity procured from a biomass conversion facility may only count toward the Jurisdiction's Annual Recovered Organic Waste Product Procurement Target if the facility receives feedstock directly from certain permitted or authorized compostable material handling operations or facilities, transfer/processing operations or facilities, or landfills, as described in 14 CCR Section 18993.1(i).
- 3.16 "Energy Star" means the U.S. EPA's energy efficiency product labeling program.
- 3.17 "Energy-Efficient Product" means a product that is in the upper 25% of energy efficiency for all similar products, or that is at least 10% more efficient than the minimum level that meets Federal standards.
- 3.18 "Environmentally Preferable Purchasing" means EPP is the procurement of goods and services that have a reduced impact on human health and the environment compared to competing products serving the same purpose. It is an essential part of our search for high quality products and services at competitive prices.
- 3.19 "Federal Energy Management Program" is a program of the Department of Energy that issues a series of Product Energy Efficiency Recommendations that identify recommended efficiency levels for energy-using products.
- 3.20 "Forest Stewardship Council" is a global organization that certifies responsible, on-the-ground forest management according to rigorous standards developed by a broad variety of stakeholder groups.
- 3.21 "Green Seal" is an independent, non-profit environmental labeling organization. Green Seal standards for products and services meet the U.S. EPA's criteria for third-party certifiers. The Green Seal is a registered certification mark that may appear only on

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

certified products.

- 3.22 "Integrated Pest Management" is an ecosystem-based strategy that focuses on long-term prevention of pests or their damage through a combination of techniques such as biological control, habitat manipulation, modification of cultural practices, and use of resistant varieties. Pesticides are used only after monitoring indicates they are needed according to established guidelines, and treatments are made with the goal of removing only the target organism. Pest control materials are selected and applied in a manner that minimizes risks to human health, beneficial and nontarget organisms, and the environment.
- 3.23 "Jurisdiction" means a city, county, a combined city and county, or a regional agency with the responsibility for meeting Integrated Waste Management Act requirements. Jurisdictions may utilize a Joint Powers Authority (JPA) to comply with the requirements of SB 1383, however, the jurisdiction shall remain ultimately responsible for compliance. For this EPP Policy, Jurisdiction means the City of Sebastopol.
- 3.24 "LEED Rating System" means the most recent version of the Leadership in Energy and Environmental Design (LEED) Rating System, approved by the U.S. Green Building Council, and designed for rating new and existing commercial, institutional, and residential buildings.
- 3.25 "NSF/ANSI" means NSF International follows the American National Standards Institute (ANSI) standards development process. Standards are developed by joint committees (balanced stakeholder groups of public health, industry and user representatives).
- 3.26 "Organic Pest Management" prohibits the use and application of toxic chemical pesticides and strives to prevent pest problems through the application of natural, organic horticultural and maintenance practices. All pest control products shall be in keeping with, but not limited to, those products on the approved list of California Certified Organic Farmers (CCOF).
- 3.27 "Organic Waste" means solid wastes containing material originated from living organisms and their metabolic waste products including, but not limited to, food, yard trimmings, organic textiles and carpets, lumber, wood, Paper Products, Printing And Writing Paper, manure, biosolids, digestate, and sludges, or as otherwise defined in 14 CCR Section 18982(a)(46). Biosolids and digestate are as defined in 14 CCR Section 18982(a)(4) and 14 CCR Section 18982(a)(16.5), respectively.
- 3.28 "Paper Products" include, but are not limited to, paper janitorial supplies, cartons, wrapping, packaging, file folders, hanging files, corrugated boxes, tissue, and toweling;
- 3.29 "Post-consumer Material" means a finished material which would normally be disposed of as a solid waste, having reached its intended end-use and completed its life cycle as a consumer item, and does not include manufacturing or converting wastes.
- 3.30 "Pre-consumer Material" means material or by-products generated after manufacture of a product is completed but before the product reaches the end-use consumer. Pre-consumer material does not include mill and manufacturing trim, scrap, or broke which is

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

generated at a manufacturing site and commonly reused on-site in the same or another manufacturing process.

- 3.31 "Printing and Writing Papers" include, but are not limited to, copy, xerographic, watermark, cotton fiber, offset, forms, computer printout paper, white wove envelopes, manila envelopes, book paper, note pads, writing tablets, newsprint, and other uncoated writing papers, posters, index cards, calendars, brochures, reports, magazines, and publications;
- 3.32 "Postconsumer Content" means any product which has served its intended use by a business or a consumer, which has been disposed and subsequently separated from solid waste for use as a constituent in a new product.
- 3.33 "Procurement of Recovered Organic Waste Products" shall mean purchase or acquisition (e.g., free delivery or free distribution from a hauler or other entity via a written agreement or contract), and end use by the Jurisdiction or others. The Jurisdiction's Annual Recovered Organic Waste Product Procurement Target can be fulfilled directly by the Jurisdiction or by Direct Service Providers through written contracts or agreements for Procurement of Recovered Organic Waste Products at the Jurisdiction's behest.
- 3.34 "Post-manufacture Content" means, waste that is created by a manufacturing process, and that is subsequently only used as a constituent in another manufacturing process.
- 3.35 "Recovered Material" means fragments of products or finished products of a manufacturing process, which has converted a resource into a commodity of real economic value, and includes pre-consumer and post-consumer material but does not include excess resources of the manufacturing process.
- 3.36 "Recovered Organic Waste Products" means products made from California, landfill-diverted recovered Organic Waste processed at a permitted or otherwise authorized operation or facility, or as otherwise defined in 14 CCR Section 18982(a)(60). Products that can be used to meet the Annual Recovered Organic Waste Product Procurement Target shall include Compost, SB 1383 Eligible Mulch, Renewable Gas from an in-vessel digestion facility, and Electricity Procured from Biomass Conversion as described herein and provided that such products meet requirements of 14 CCR, Division 7, Chapter 12, Article 12.
- 3.37 "Recordkeeping Designee" means the public employee appointed by the Jurisdiction Manager or their designee to track procurement and maintain records of Recovered Organic Waste Product procurement efforts both by the Jurisdiction and others, if applicable, as required by 14 CCR, Division 7, Chapter 12, Articles 12 and 13. In Sonoma County, Zero Waste Sonoma will be considered the Recordkeeping Designee.
- 3.38 "Recyclability" means that the Paper Products and Printing and Writing Paper offered or sold to the Jurisdiction are eligible to be labeled with an unqualified recyclable label as defined in 16 Code of Federal Regulations Section 260.12 (2013).
- 3.39 "Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper" means such products that consist of at least thirty percent (30%), by fiber weight, postconsumer fiber, consistent with the requirements of Sections 22150 to 22154 and Sections 12200 and 12209 of the Public Contract Code, and as amended.

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

- 3.40 Recycled Content Standard" means the minimum level of recovered material and/or post-consumer material necessary for products to qualify as "recycled products."
- 3.41 "Recycling" means using waste as material to manufacture a new product. Recycling involves altering the physical form of an object or material and making a new object from the altered material.
- 3.42 "Renewable Gas" means gas derived from Organic Waste that has been diverted from a landfill and processed at an in-vessel digestion facility that is permitted or otherwise authorized by 14 CCR to recover Organic Waste.
- 3.43 "Reuse" means using an object or material again, either for its original purpose or for a similar purpose, without significantly altering the physical or chemical form of the object or material.
- 3.44 "Remanufactured Product" means any product diverted from the supply of discarded materials by refurbishing and marketing said product without substantial change to its original form.
- 3.45 "Reused Product" means any product designed to be used many times for the same or other purposes without additional processing except for specific requirements such as cleaning, painting or minor repairs.
- 3.46 "Russian River Friendly Landscaping" means working with the natural ecosystems of the Russian River region to foster soil health, to reduce runoff and pollution, prevent and reuse plant waste, and conserve water and other natural resources. The Russian River-Friendly Landscape Guidelines are a revision of the Bay-Friendly Landscape Guidelines by the Russian River Watershed Association (RRWA), originally published by StopWaste.Org.
- 3.47 "Source Reduction" Section 40196 of the California Public Resources Code defines source reduction as any action which causes a net reduction in the generation of solid waste. "Source Reduction" includes, but is not limited to, reducing the use of nonrecyclable materials, replacing disposable materials and products with reusable materials and products, reducing packaging, reducing the amount of yard wastes generated, establishing garbage rate structures with incentives to reduce the amount of wastes that generators produce, and increasing the efficiency of the use of paper, cardboard, glass, metal, plastic, and other materials.
- 3.48 "SB 1383" means Senate Bill 1383 of 2016 approved by the Governor on September 19, 2016, which added Sections 39730.5, 39730.6, 39730.7, and 39730.8 to the Health and Safety Code, and added Chapter 13.1 (commencing with Section 42652) to Part 3 of Division 30 of the Public Resources Code, establishing methane emissions reduction targets in a statewide effort to reduce emissions of short-lived climate pollutants, as amended, supplemented, superseded, and replaced from time to time.
- 3.49 "SB 1383 Regulations" or "SB 1383 Regulatory" means or refers to, for the purposes of this policy, the Short-Lived Climate Pollutants (SLCP): Organic Waste Reductions regulations developed by CalRecycle and adopted in 2020 that created Chapter 12 of 14 CCR, Division 7 and amended portions of regulations of 14 CCR and 27 CCR.
- 3.50 "State" means the State of California.
- 3.51 "Water-Saving Products" are those that are in the upper 25% of water conservation for all

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

similar products, or at least 10% more water-conserving than the minimum level that meets the Federal standards.

- 3.52 "WaterSense" means a partnership program by the U.S. Environmental Protection Agency. Independent, third-party licensed certifying bodies certify that products meet EPA criteria for water efficiency and performance by following testing and certification protocols specific to each product category. Products that are certified to meet EPA specifications are allowed to bear the WaterSense label.

4 STRATEGIES FOR IMPLEMENTATION

4.1 Source Reduction

- 4.1.1 Institute practices that reduce waste, encourage reuse, and result in the purchase of fewer products.
- 4.1.2 Purchase remanufactured products such as toner cartridges, tires, furniture, equipment and automotive parts.
- 4.1.3 Consider short-term and long-term costs in comparing product alternatives. This includes evaluation of total costs expected during the time a product is owned, including, but not limited to, acquisition, extended warranties, operation, supplies, maintenance and replacement parts, disposal costs and expected lifetime compared to other alternatives.
- 4.1.4 Purchase products that are durable, long lasting, reusable or refillable and avoid purchasing one-time use or disposable products.
- 4.1.5 Request vendors eliminate packaging or use the minimum amount necessary for product protection. Vendors shall be encouraged to take back packaging for reuse. A vendor's willingness to take back packaging will be used as part of the consideration in the procurement process.
- 4.1.6 Specify a preference for packaging that is reusable, recyclable, or compostable, when suitable uses and programs exist.
- 4.1.7 Encourage vendors to take back and reuse pallets and other shipping materials.
- 4.1.8 Encourage suppliers of electronic equipment, including but not limited to computers, monitors, printers, and copiers, to take back equipment for reuse or environmentally sound recycling when discarding or replacing such equipment, whenever possible. Suppliers will be required to state their take-back, reuse or recycling programs during the procurement process.
- 4.1.9 Consider provisions in contracts with suppliers of non-electronic equipment that require suppliers to take back equipment for reuse or environmentally sound recycling when discarding or displacing such equipment, whenever possible.

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

Suppliers will be required to state their take back, reuse or recycling programs during the procurement process.

- 4.1.10 Promote electronic distribution of documents rather than printing or copying.
- 4.1.11 When producing paper documents, print and copy all documents on both sides to reduce the use and purchase of paper. Printers and copiers shall be set to default to duplex.
- 4.1.12 Ensure all imaging equipment is installed with energy and resource-efficient settings set as default.
- 4.1.13 Reduce the number and type of equipment needed to perform office functions to save energy and reduce purchasing and maintenance costs. Eliminate desktop printers, redundant network printers and reduce the number of fax machines leased or owned. Consider lease or purchase of multi-function devices.
- 4.2 **Recycled Content Products (SB 1383 Model Language for Jurisdiction Compliance)**
 - 4.2.1 Requirements for Agency and Jurisdiction Departments
 - 4.2.1.1 Option 1: Comparable or more favorable pricing: If fitness and quality of Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper are equal to that of non-recycled items, all departments and divisions of Jurisdiction shall purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, whenever available at the same or a lesser total cost than non-recycled items.
 - 4.2.1.2 Option 2: Price preference: If fitness and quality of Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper are equal to that of non-recycled items, all departments and divisions of Jurisdiction shall purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, whenever the total cost is the same or a lesser total cost than non-recycled items or whenever the total cost is no more than _ percent (_%) of the total cost for the non-recycled items.
 - 4.2.1.3 Option 3: No price preference: If fitness and quality of Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper are equal to that of non-recycled items, all departments and divisions of Jurisdiction shall purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper (rather than non-recycled items) that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, consistent with the requirements of the Public Contract Code, Sections 22150 through 22154 and Sections 12200 and 12209, as amended.
 - 4.2.2 All Paper Products and Printing and Writing Paper shall be eligible to be labeled with an unqualified recyclable label as defined. Provide records to Zero Waste Sonoma of all Paper Products and Printing and Writing Paper purchases within thirty (30) days of the purchase (both recycled- content and non-recycled content, if any is purchased) made by a division or department or employee of the Jurisdiction.

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

Records shall include a copy of the invoice or other documentation of purchase, written certifications, vendor name, purchaser name, quantity purchased, date purchased, and recycled content (including products that contain none), and if non-Recycled-Content Paper Products and/or non-Recycled-Content Printing and Writing Paper are provided, include a description of why Recycled-Content Paper Products and/or Recycled-Content Printing and Writing Paper were not provided.

4.3 Requirements for Vendors

4.3.1 All vendors that provide Paper Products (including janitorial Paper Products) and Printing and Writing Paper to Jurisdiction shall:

4.3.1.1 Provide Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, if fitness and quality are equal to that of non-recycled item.

4.3.1.2 Only provide Paper Products and Printing and Writing Papers that meet Federal Trade Commission Recyclability standard as defined in Title 16 Code of Federal Regulations Section 260.12 (2013).

4.3.1.3 Certify in writing, under penalty of perjury, the minimum percentage of postconsumer material in the Paper Products and Printing and Writing Paper offered or sold to the Jurisdiction. This certification requirement may be waived if the percentage of postconsumer material in the Paper Products, Printing and Writing Paper, or both can be verified by a product label, catalog, invoice, or a manufacturer or vendor internet website.

4.3.1.4 Certify in writing, under penalty of perjury, that the Paper Products and Printing and Writing Paper offered or sold to the Jurisdiction is eligible to be labeled with an unqualified recyclable label as defined

4.3.1.5 Provide records to Zero Waste Sonoma of all Paper Products and Printing and Writing Paper purchased from the vendor within thirty (30) days of the purchase (both recycled-content and non-recycled content, if any is purchased) made by a division or department or employee of the Jurisdiction. Records shall include a copy of the invoice or other documentation of purchase, written certifications as required in Section 4.2.A.3-4 for recycled-content purchases, purchaser name, quantity purchased, date purchased, and recycled content (including products that contain none), and if non-Recycled-Content Paper Products and/or non-Recycled-Content Printing and Writing Paper are provided, include a description of why Recycled-Content Paper Products and/or Recycled-Content Printing and Writing Paper were not provided.

4.3.2 All vendors providing printing services to the Jurisdiction via a printing contract or written agreement, shall use Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber.

4.4 Recovered Organic Waste Product Procurement

4.4.1 Procurement Target

4.4.1.1 City will annually procure for use or giveaway a quantity of Recovered Organic Waste Products that meets or exceeds its Annual Recovered Organic Waste Product Procurement Target.

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

4.4.1.2 To be eligible to meet the Annual Recovered Organic Waste Product Procurement Target, products that may be procured include the following SB 1383 eligible Compost, SB 1383 eligible Mulch, Renewable Gas (in the form of transportation fuel, electricity, or heat), and Electricity Procured from Biomass Conversion.

4.4.2 Requirements for City Departments

4.4.2.1 Compost and SB 1383 Eligible Mulch procurement. Divisions and departments responsible for landscaping maintenance, renovation, or construction shall:

4.4.2.1.1 Use Compost and SB 1383 Eligible Mulch produced from recovered Organic Waste, as defined in Section 2.8 and 2.R of this Policy, for landscaping maintenance, renovation, or construction, as practicable, whenever available, and capable of meeting quality standards and criteria specified. SB 1383 Eligible Mulch used for land application must meet or exceed the physical contamination, maximum metal concentration and pathogen density standards specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).

4.4.2.1.2 When Jurisdiction uses Compost and SB 1383 Eligible Mulch and the applications are subject to the Jurisdiction's Water Efficient Landscaping Ordinance (WELO), pursuant to Jurisdiction Code Section____, comply with one of the following, whichever is more stringent, (i) the Jurisdiction's WELO, Jurisdiction Code Section_, if more stringent than the State's Model Water Efficient Landscape Ordinance (MWELo), or (ii) Sections 492.6 (a)(3)(B), (C), (D), and (G) of the State's Model Water Efficient Landscape Ordinance, Title 23, Division 2, Chapter 2.7 of the CCR, as amended September 15, 2015, which requires the submittal of a landscape design plan with a "Soil Preparation, Mulch, and Amendments Section" to include the following: Guidance: Jurisdictions may, at their option, choose to establish and enforce water efficient landscaping requirements that are more stringent than required by SB 1383 regulations, including enforcement of updates to the MWELo provided that any updated MWELo requirements are more stringent than the September 15, 2015 MWELo requirements identified in the MWELo sections listed above.

4.4.2.1.3 For landscape installations, Compost at a rate of a minimum of 4 cubic yards per 1,000 square feet of permeable area shall be incorporated to a depth of six (6) inches into the soil. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding Compost and tilling.

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

- 4.4.2.1.4 Apply a minimum three- (3-) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, leave up to five percent (5%) of the landscape area without mulch. Designated insect habitat must be included in the landscape design plan as such.
- 4.4.2.1.5 Procure mulch materials made from recycled or post-consumer materials rather than inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local Fuel Modification Plan Guidelines or other applicable local ordinances.
- 4.4.2.1.6 For all mulch that is land applied, procure SB 1383 Eligible Mulch that meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications. The mulch must also be produced at a permitted composting facility, transfer station, or landfill. The procured mulch cannot be from a chipping and grinding operation, as specified in 12 CCR Section 18993.1 (f)(4).
- 4.4.2.1.7 Keep records, including invoices or proof of Recovered Organic Waste Product procurement (either through purchase or acquisition), and submit records to Zero Waste Sonoma, upon completion of project. Records shall include general procurement records, including:
 - 4.4.2.1.8 General description of how and where the product was used and applied, if applicable;
 - 4.4.2.1.9 Source of product, including name, physical location, and contact information for each entity, operation, or facility from whom the Recovered Organic Waste Products were procured;
 - 4.4.2.1.10 Type of product;
 - 4.4.2.1.11 Quantity of each product; and,
 - 4.4.2.1.12 Invoice or other record demonstrating purchase or procurement.
- 4.4.2.2 For Compost and SB 1383 Eligible Mulch provided to residents through giveaway events or other types of distribution methods, keep records of the Compost and SB 1383 Eligible Mulch provided to residents. Records shall be maintained and submitted to Zero Waste Sonoma in accordance with the requirements specified in Section 3.2.A.3.
- 4.4.2.3 For procurement of SB 1383 Eligible Mulch, maintain an updated copy of the ordinance or enforceable mechanism(s) requiring that the mulch procured by the Jurisdiction or Direct Service Provider meets the land application standards specified, as it may be amended from time to time, as currently reflected in Municipal Code Section 13.16.022.
- 4.4.2.4 When Procurement of Recovered Organic Waste Products occurs through a Direct Service Provider, enter into a written contract or agreement or execute a purchase order with enforceable provisions that includes: (i) definitions and

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

specifications for SB 1383 Eligible Mulch, Compost, Renewable Gas, and/or Electricity Procured from Biomass Conversion; and, (ii) an enforcement mechanism (e.g., termination, liquidated damages) in the event the Direct Service Provider is not compliant with the requirements.

4.4.3 Requirements for Direct Service Providers

4.4.3.1 Direct Service Providers of landscaping maintenance, renovation, and construction shall:

4.4.3.1.1 Use Compost and SB 1383 Eligible Mulch, as practicable, produced from recovered Organic Waste, as defined in Section 2.8 and 2.R of this Policy, for all landscaping renovations, construction, or maintenance performed for the Jurisdiction, whenever available, and capable of meeting quality standards and criteria specified. SB 1383 Eligible Mulch used for land application shall comply with 14 CCR, Division 7, Chapter 12, Article 12 and must meet or exceed the physical contamination, maximum metal concentration and pathogen density standards specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).

4.4.3.1.2 If Direct Service Provide is subject to the City's WELO, comply with the State's MWELo as required under Municipal Code Section 15.26.010

4.4.3.1.3 For landscape installations, Compost at a rate of a minimum of 4 cubic yards per 1,000 square feet of permeable area shall be incorporated to a depth of six (6) inches into the soil. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding Compost and tilling.

4.4.3.1.4 Apply a minimum three- (3-) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, leave up to five percent (5%) of the landscape area without mulch. Designated insect habitat must be included in the landscape design plan as such.

4.4.3.1.5 Procure organic mulch materials made from recycled or post-consumer materials rather than inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by applicable local ordinances.

4.4.3.1.6 For all mulch that is land applied, procure SB 1383 Eligible Mulch that meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications specified.

4.4.3.1.7 Keep and provide records of Procurement of Recovered Organic Waste Products (either through purchase or acquisition) to Recordkeeping Designee, upon completion of projects. Information to be provided shall include general description of how and where the product was used and if applicable, applied; source of product, including name, physical location, and contact information for each entity, operation, or facility from whom the Recovered Organic Waste Products were

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

procured, type of product, quantity of each product; and invoice or other record demonstrating purchase or procurement.

4.4.3.2 Direct Service Provider of Organic Waste collection services shall:

4.4.3.2.1 Provide a specified quantity of Compost or SB 1383 Eligible Mulch to City and its customers via periodic "giveaways" as specified in a franchise agreement or other agreement.

4.4.3.2.2 Keep and provide records to the City including the following dates provided, source of product including name, physical location and contact information for each entity, operation or facility from whom the Recovered Organic Waste Products were procured, type of product, quantity provided; and invoice or other record or documentation demonstrating purchase, procurement, or transfer of material to giveaway location.

4.5 Energy Efficient and Water Saving Products

4.5.1 Purchase energy-efficient equipment with the most up-to-date energy efficiency functions. This includes, but is not limited to, high efficiency space heating systems and high efficiency space cooling equipment.

4.5.2 Replace inefficient interior lighting with energy-efficient equipment.

4.5.3 Replace inefficient exterior lighting, street lighting and traffic signal lights with energy-efficient equipment. Minimize exterior lighting where possible to avoid unnecessary lighting of architectural and landscape features while providing adequate illumination for safety and accessibility.

4.5.4 Purchase U.S. EPA Energy Star certified products when available. When Energy Star labels are not available, choose energy-efficient products that are in the upper 25% of energy efficiency as designated by the Federal Energy Management Program.

4.5.5 Purchase U.S. EPA WaterSense labeled water-saving products when available. This includes, but is not limited to, high-performance fixtures like toilets, low-flow faucets and aerators, and upgraded irrigation systems.

4.6 Green Building Products and Practices

4.6.1 Consider Green Building practices for design, construction, and operation as described in the CalGreen, LEED, local requirements and other current Green Building best practices for all building and renovations undertaken.

4.6.2 In accordance with California Public Contract Code, Sec. 10409, purchase re-refined lubricating and industrial oil for use in its vehicles and other equipment, as long as it is certified by the American Petroleum Institute (API) as appropriate for use in such equipment. This section does not preclude the purchase of virgin-oil products for exclusive use in vehicles whose warranties expressly prohibit the use of products containing recycled oil.

4.6.3 When specifying asphalt, concrete, aggregate base or portland cement concrete for

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

construction projects, use recycled, reusable or reground materials.

- 4.6.4 Specify and purchase recycled content traffic control products, including signs, cones, parking stops, delineators, channelizers and barricades.

4.7 Landscaping Products and Practices

- 4.7.1 Employ Russian River Friendly Landscaping or sustainable landscape management techniques for all landscape renovations, construction and maintenance, including workers and contractors providing landscaping services, including, but not limited to, integrated pest management, grasscycling, drip irrigation, computerized central irrigation linked with the local weather station, composting, and procurement and use of mulch and compost that give preference to those produced from regionally generated plant debris and/or food scrap programs.
- 4.7.2 Choose a Russian River-Friendly Qualified Landscape Professional for landscape design and maintenance services. Training and qualifications shall include landscaping locally, landscaping for less to the landfill, nurturing the soil, conserving water, conserving energy, protecting water and air quality, and creating wildlife habitat.
- 4.7.3 Select plants to minimize waste by choosing species for purchase that are appropriate to the microclimate, species that can grow to their natural size in the space allotted them, and perennials rather than annuals for color. Native and drought-tolerant plants that require no or minimal watering once established are preferred.
- 4.7.4 Hardscapes and landscape structures constructed of recycled content materials are encouraged. Limit the amount of impervious surfaces in the landscape. Permeable substitutes, such as permeable asphalt or pavers, are encouraged for walkways, patios and driveways.

4.8 Household Hazardous Waste and Pollution Prevention Products and Practices

- 4.8.1 Manage pest problems through prevention and physical, mechanical and biological controls when contractors maintain buildings and landscapes. Either adopt and implement an Organic Pest Management (OPM) policy and practices or adopt and implement an Integrated Pest Management (IPM) policy and practices using the least toxic pest control as a last resort. Anticoagulant rodenticides shall never be used.
- 4.8.2 Use products with the lowest amount of volatile organic compounds (VOCs), highest recycled or reused content, low or no formaldehyde and no halogenated organic flame retardants when purchasing building maintenance materials such as paint, carpeting, adhesives, furniture and casework.
- 4.8.3 Purchase or require janitorial contractors to supply industrial and institutional cleaning products that meet Green Seal, EPA Safer Choice, or UL/Ecologo certification standards for environmental preferability and performance.
- 4.8.4 Purchase, or require janitorial contractors to supply, vacuum cleaners that meet the requirements of the Carpet and Rug Institute Green Label/Seal of Approval Program for soil removal, dust containment and carpet fiber retention for indoor air quality

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

protection and performance cleaning standards. Other janitorial cleaning equipment should be capable of capturing fine particulates, removing sufficient moisture so as to dry within 24 hours, operate with a sound level less than 70dBA, and use high-efficiency, low-emissions engines.

- 4.8.5 Purchase paper, paper products, and janitorial paper products that are unbleached or are processed without chlorine or chlorine derivatives.
 - 4.8.6 Prohibit the purchase of products that use polyvinyl chloride (PVC) such as, but not limited to, furniture and flooring.
 - 4.8.7 Prohibit the purchase of food service ware containing per- and polyfluoroalkyl substances (PFAS).
 - 4.8.8 Purchase products and equipment with no lead or mercury whenever possible. For products that contain lead or mercury, preference should be given to those products with lower quantities of these metals and to vendors with established lead and mercury recovery programs. In addition, whenever lead- or mercury-containing products require disposal, products will be disposed in the most environmentally safe manner possible. All fluorescent lamps and batteries will be recycled.
 - 4.8.9 Purchase or specify personal computers, displays, imaging equipment and televisions that meet, at a minimum, all Electronic Product Environmental Assessment Tool (EPEAT) environmental criteria designated as "required" as contained in the IEEE 1680 family of Environmental Assessment Standards.
 - 4.8.10 Purchase or specify office furniture that meets the California Bureau of Household Goods and Services (BHGS) standard Technical Bulletin 117-2013 for testing upholstered furniture flammability without the use of flame retardant chemicals.
 - 4.8.11 Purchase or specify commercial carpeting that meets NSF/ANSI 140 Standard for Sustainable Carpet Assessment and require old carpet that is removed be recycled.
 - 4.8.12 Purchase or specify non-carpet floor coverings that meet NSF/ANSI 332 Standard for Resilient Flooring including vinyl, linoleum and rubber flooring. In conjunction with California State agency requirements, at least 50 percent of the quantity of paint used for architectural projects should contain reused or recycled paint with a recycled content consisting of at least 50 percent post-consumer paint. Reused paint can be acquired from the Sonoma HHW Facility by either visiting the reuse lockers or by pre-arranging remixed paint in 5-gallon containers in off-white, tan, light grey, or light green.
 - 4.8.13 When replacing vehicles, consider less-polluting alternatives to diesel such as compressed natural gas, bio-based fuels, hybrids, electric batteries, and fuel cells, as available.
- 4.9 **Fiber-only Products**
- 4.9.1 Use paper, paper products and construction products made from non-wood, plant-based contents such as agricultural crops and residues.
 - 4.9.2 Priority should be given to reusable food service ware, however, if single-use food service ware is purchased, it is to be fiber only and BPI certified

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

- 4.9.3 Ask vendors to provide proof of compliance with ASTM standards for compostable, biodegradable and degradable plastic products upon request. One acceptable proof of compliance for compostable plastic products will be certification by the Biodegradable Products Institute (BPI).

4.10 Forest Conservation Products

- 4.10.1 To the greatest extent practicable, do not procure wood products such as lumber and paper that originate from forests harvested in an environmentally unsustainable manner. When possible, give preference to wood products that are certified to be sustainably harvested by a comprehensive, performance-based certification system. The certification system shall include independent third-party audits, with standards equivalent to, or stricter than, those of the Forest Stewardship Council certification.
- 4.10.2 Encourage the purchase or use of previously used or salvaged wood and wood products whenever practicable

5 RECORDKEEPING RESPONSIBILITIES

- 5.1 The department will be the responsible department and will select an employee to act as the Recordkeeping Designee that will be responsible for organizing records pertaining to Procurement of Recovered Organic Waste Products and Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper. The Recordkeeping Designee shall communicate frequently with Zero Waste Sonoma to transfer all the required documentation for reporting to CalRecycle.
- 5.1.1 The Recordkeeping Designee will do the following to track Procurement of Recovered Organic Waste Products, Recycled-Content Paper Products, and Recycled-Content Printing and Writing Paper: Collect and collate copies of invoices or receipts (paper or electronic) or other proof of purchase that describe the procurement of Printing and Writing Paper and Paper Products, including the volume and type of all paper purchases; and, copies of certifications and other required verifications from all departments and/or divisions procuring Paper Products and Printing and Writing Paper (whether or not they contain recycled content) and/or from the vendors providing Printing and Writing Paper and Paper Products. These records must be kept as part of Jurisdiction's documentation.
- 5.1.2 Collect and collate copies of invoices or receipts or documentation evidencing procurement from all departments and divisions procuring Recovered Organic Waste Products and invoices or similar records from vendors/contractors/others procuring Recovered Organic Waste Products on behalf of the Jurisdiction to develop evidence of Jurisdiction meeting its Annual Recovered Organic Waste Product Procurement Target. These records must be kept as part of the Jurisdiction's documentation.
- 5.1.3 Collect, collate, and maintain documentation submitted by the Jurisdiction, Direct Service Providers, and/or vendors, including the information reported to the Recordkeeping Designee.
- 5.1.4 Compile an annual report on the Jurisdiction's direct procurement, and vendor/other procurement on behalf of the Jurisdiction, of Recovered Organic Waste Products, Recycled-Content Paper Products, and Recycled-Content Printing and Writing Paper, consistent with the recordkeeping requirements contained in 14 CCR Section

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

18993.2 for the Annual Recovered Organic Waste Product Procurement Target and 14 CCR Section 18993.4 for Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper procurement. This report shall be made available to the Jurisdiction's responsible entity for compiling the annual report to be submitted to CalRecycle (which will include a description of compliance on many other SB 1383 regulatory requirements). The procurement report shall also be shared with Council, JPA or other regulating body annually as evidence of implementing this Policy.

6 RESPONSIBILITIES

- 6.1 The health and safety of workers and citizens is of utmost importance and takes precedence over all other practices. Nevertheless, the duty to act in a fiscally responsible as well as a timely manner is recognized.
- 6.2 Nothing contained in this policy shall be construed as requiring a department, purchaser or contractor to procure products that do not perform adequately for their intended use, exclude adequate competition, risk the health or safety of workers and citizens, or are not available at a reasonable price in a reasonable period of time
- 6.3 Nothing contained in this policy shall be construed as requiring the jurisdiction, department, purchaser, or contractor to take any action that conflicts with local, state or federal requirements.
- 6.4 The jurisdiction has made significant investments in developing a successful recyclingsystem and recognizes that recycled content products are essential to the continuingviability of that recycling system and for the foundation of an environmentally sound production system. Therefore, to the greatest extent practicable, recycled content shall beincluded in products that also meet other specifications, such as chlorine free or bio- based.

7 IMPLEMENTATION

- 7.1 The Administrative Services Director shall implement this policy in coordination with other appropriate personnel.
- 7.2 Require successful vendors to certify in writing that the environmental attributes claimed in competitive proposals are accurate. In compliance with State law, vendors shall be required to specify the minimum or actual percentage of recovered and post-consumer material in their products, even when such percentages are zero.
- 7.3 Upon request, buyers making the selection from competitive procurement process shall be able to provide justification for product choices that do not meet the environmentally preferable purchasing criteria in this policy.
- 7.4 Include businesses certified by the Bay Area Green Business Program in purchasing requests for products and services.
- 7.5 Encourage vendors, contractors and grantees to comply with applicable sections of this policy for products and services provided.

ENVIRONMENTALLY PREFERABLE PURCHASING POLICY

8 PROGRAM EVALUATION

- 8.1 The Administrative Services Director shall periodically evaluate the success of this policy's implementation

9 EXCEPTIONS

- 9.1 Every effort will be made to adhere to the Environmentally Preferable Purchasing Policy to the extent possible, recognizing that certain procurement decisions such as for cleaning products, janitorial equipment, and electronics may be outside of the City's authority.

10 EFFECTIVE DATES

- 10.1 This EPP policy shall take effect on July 1, 2022.

INVESTMENT POLICY

Effective September 1, 2017

OVERVIEW

This policy describes the parameters for investing government funds and identifies the investment objectives, preferences or tolerance for risk, constraints on the investment portfolio, and how the investment program will be managed and monitored. The document serves as a communication tool for staff, elected officials, the public, rating agencies, bondholders, and any other stakeholders on investment guidelines and priorities. An investment policy enhances the quality of decision making and demonstrates a commitment to the fiduciary care of public funds, making it the most important element in a public funds investment program.

I. Governing Authority

The investment program shall be operated in conformance with governing legislation and other legal requirements.

II. Scope

This policy applies to the investment of all funds, excluding the investment of employees' retirement funds if applicable.

- a. Pooling of Funds - Except for cash in certain restricted and special funds, the City will consolidate cash and reserve balances from all funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping and administration. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

III. General Objectives

The primary objectives of investment activities shall be safety, liquidity, and return:

- SAFETY - Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.
- a. Credit Risk - The City will minimize credit risk, which is the risk of loss of all or part of the investment due to the failure of the security issuer or backer, by:
 - Limiting investments to the types of securities listed in Section VII of this Investment Policy.
 - Pre-qualifying and conducting ongoing due diligence of the financial institutions, broker/dealers, intermediaries, and advisers with which the City will do business in accordance with Section V.
 - Diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

- b. Interest Rate Risk - The City will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by:
- Structuring the investment portfolio so that security maturities match cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
 - Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools and limiting individual security maturity as well as the average maturity of the portfolio in accordance with this policy (see section VIII).
- **LIQUIDITY** - The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity). Alternatively, a portion of the portfolio may be placed in money market mutual funds or local government investment pools which offer same-day liquidity for short-term funds.
- **RETURN** - The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall generally be held until maturity with the following exceptions:
- A security with declining credit may be sold early to minimize loss of principal;
 - Selling a security and reinvesting the proceeds that would improve the quality, yield, or target duration in the portfolio may be undertaken;
 - Unanticipated liquidity needs of the portfolio require that the security be sold.

IV. Standards of Care

1. Prudence

The standard of prudence to be used by investment officials shall be the "uniform prudent investor act" standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

2. Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees

and investment officials shall disclose any material interests in financial institutions with which they conduct business, in accordance with applicable laws. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the City.

3. Delegation of Authority

Authority to manage the investment program is granted to the Finance Director. Responsibility for the operation of the investment program is hereby delegated to the Finance Director, who shall act in accordance with established written procedures and internal controls for the operation of the investment program consistent with this investment policy. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Finance Director. The Finance Director shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

V. Authorized Financial Institutions, Depositories, and Broker/Dealers

1. *Authorized Financial Institutions, Depositories, and Broker/Dealers*

A list will be maintained of financial institutions and depositories authorized to provide investment services. In addition, a list will be maintained of approved security broker/dealers selected by creditworthiness and/or other factors, such as FINRA broker check.

All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following as appropriate:

- Audited financial statements demonstrating compliance with state and federal capital adequacy guidelines
- Proof of Financial Industry Regulatory Authority (FINRA) certification (not applicable to Certificate of Deposit counterparties)
- Proof of state registration
- Completed broker/dealer questionnaire (not applicable to Certificate of Deposit counterparties)
- Certification of having read and understood and agreeing to comply with the City's investment policy.
- Evidence of adequate insurance coverage.

An annual review of the financial condition and registration of all qualified financial institutions and broker/dealers will be conducted by the Finance Director.

VI. Safekeeping and Custody

1. *Delivery vs. Payment*

All trades of marketable securities will be executed by delivery vs. payment (DVP) to ensure that securities are deposited in an eligible custody account prior to the release of funds.

2. *Safekeeping*

Securities will be held by an independent third-party custodian selected by the entity as with all securities held in the City's name. The safekeeping institution shall annually provide a copy of their most recent report on internal controls (Statement of Auditing Standards No. 70, or SAS 70).

3. *Internal Controls*

The Finance Director shall establish a system of internal controls, which shall be documented in writing. The internal controls shall be reviewed annually by the Budget Subcommittee, where present, and with the independent auditor. The controls shall be designed to prevent the loss of public funds arising from fraud, employee error, mis-representation by third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the City.

VII. Suitable and Authorized Investments

1. *Investment Types* – The following investments will be permitted by this policy:

- U.S. Treasury obligations which carry the full faith and credit guarantee of the United States government;
- U.S. government agency and instrumentality obligations that have a liquid market with a readily determinable market value;
- Certificates of deposit and other evidences of deposit at financial institutions,
- Bankers' acceptances;
- Commercial paper, rated in the highest tier (e.g., A-1, P-1, F-1, or D-1 or higher) by a nationally recognized rating agency;
- Corporate Bonds;
- Obligations of state, provincial and local governments and public authorities rated A or better;
- Repurchase agreements whose underlying purchased securities consist of the aforementioned instruments;
- Money market mutual funds regulated by the Securities and Exchange Commission and whose portfolios consist only of dollar-denominated securities; and
- Local government investment pools either state-administered or developed through joint powers statutes and other intergovernmental agreement legislation;
- Other investment types or asset classes as approved by the City Council.

Investment in derivatives of the above instruments shall require authorization by the City Council.

VIII. Investment Diversification & Constraints

1. *Diversification*

It is the policy of the City to diversify its investment portfolios. To eliminate risk of loss resulting from the overconcentration of assets in a specific maturity, issuer, or class of securities, all cash and cash equivalent assets in all City's funds shall be diversified by maturity, issuer, and security type. Diversification strategies shall be determined and revised periodically by the Finance Director for all funds except for the employee retirement fund.

In establishing specific diversification strategies, the following general policies and constraints shall apply: Portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity sector. Maturities selected shall provide for stability of income and reasonable liquidity.

- Liquidity shall be assured through practices ensuring that the next disbursement date and payroll date are covered through maturing investments or marketable U.S. Treasury bills.
- Positions in securities having potential default risk (e.g., commercial paper) shall be limited in size so that in case of default, the portfolio's annual investment income will exceed a loss on a single issuer's securities.
- Risks of market price volatility shall be controlled through maturity diversification and duration management.
- The investment committee/investment officer shall establish strategies and guidelines for the percentage of the total portfolio that may be invested in securities other than repurchase agreements, Treasury bills or collateralized certificates of deposit. The committee shall conduct a quarterly review of these guidelines and evaluate the probability of market and default risk in various investment sectors as part of its considerations.

The following diversification limitations shall be imposed on the portfolio:

- **Maturity:** No more than xx percent of the portfolio may be invested beyond xx months, and the weighted average maturity of the portfolio shall never exceed xx years.
- **Default risk:** No more than xx percent of the overall portfolio may be invested in the securities of a single issuer, except for securities of the U.S. Treasury. No more than xx percent of the portfolio may be invested in each of the following categories of securities:
 - a) Commercial paper,
 - b) Negotiable certificates of deposit,
 - c) Bankers' acceptances,
 - d) Any other obligation that does not bear the full faith and credit of the United States government or which is not fully collateralized or insured and
- **Liquidity risk:** Based on liquidity needs, at least xx percent of the overall portfolio shall be invested in overnight instruments or in marketable securities which can be converted to cash within one day.

2. *Maximum Maturities*

To the extent possible, the [entity] shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the [entity] will not directly invest in securities maturing more than five (5) years from the date of purchase or in accordance with governing legislation. The [entity] shall adopt weighted average maturity limitations consistent with the investment objectives.

Reserve funds and other funds with longer-term investment horizons may be segregated into a long-term "core" investment portfolio and invested in securities exceeding five (5) years if the maturities of such investments are made to coincide as nearly as practicable with the expected use of funds. The intent to invest in securities with longer maturities

shall be disclosed in writing to the legislative body. (See the GFOA Recommended Practice on "Maturities of Investments in a Portfolio" in Appendix.)

3. *Competitive Bids*

The investment officer shall obtain competitive bids from at least three brokers or financial institutions on all purchases and sales of investment instruments transacted on the secondary market.

IX. Reporting

1. *Methods*

The investment officer shall prepare an investment report at least quarterly *[or monthly]*, including a management summary that provides an analysis of the status of the current investment portfolio and the individual transactions executed over the last quarter *[or month]*. This management summary will be prepared in a manner which will allow the [entity] to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report should be provided to the entity's chief administrative officer, the legislative body, the investment committee and any pool participants. The report will include the following:

- Listing of individual securities held at the end of the reporting period including type, acquisition cost, book cost, and market value.
- Realized and unrealized gains or losses resulting from appreciation or depreciation by listing the cost and market value of securities over one-year duration that are not intended to be held until maturity (in accordance with Governmental Accounting Standards Board (GASB) requirements).
- Average weighted return on investments as compared to applicable benchmarks.
- Percentage of the total portfolio which each type of investment represents.
- A statement that the investment portfolio is in compliance with the investment policy and is meeting the investment policy objectives

2. *Performance Standards*

The investment portfolio will be managed in accordance with the parameters specified within this policy. The portfolio should obtain a market average rate of return during a market/economic environment of stable interest rates. A series of appropriate benchmarks shall be established against which portfolio performance shall be compared on a regular basis. The benchmarks shall be reflective of the actual securities being purchased and risks undertaken, and the benchmarks shall have a similar weighted average maturity as the portfolio.

3. *Marking to Market*

The market value of the portfolio shall be calculated at least quarterly *[or monthly]* and a statement of the market value of the portfolio shall be issued at least quarterly *[or monthly]*. This will ensure that review of the investment portfolio, in terms of value and price volatility, has been performed consistent with the GFOA Recommended Practice on "Mark-to-Market Practices for State and Local Government Investment Portfolios and Investment Pools." (See GFOA Recommended Practices in Appendix.) In defining market value, considerations should be given to the GASB Statement 31 pronouncement.

X. Policy Considerations

1. Amendments

This policy shall be reviewed on an annual basis. Any changes must be submitted by the investment officer and approved by the investment oversight committee or authoritative body acting in such capacity.

XI. Approval of Investment Policy

The investment policy shall be formally approved and adopted by the governing body of the [entity] and reviewed annually.

XII. List of Attachments

The following documents, as applicable, are attached to this policy:

- Listing of authorized personnel;
- Relevant investment statutes and ordinances;
- Listing of authorized broker/dealers and financial institutions;
- Detailed listing of authorized investment classes, sectors, and types;
- Internal Controls;
- Glossary

XIII. Other Documentation

- Master Repurchase Agreement, other repurchase agreements and tri-party agreements,
- Broker/Dealer Questionnaire,
- Credit studies for securities purchased and financial institutions used,
- Safekeeping agreements,
- Wire transfer agreements,
- Sample investment reports,
- Methodology for calculating rate of return,

CITY OF SEBASTOPOL

Capitalization and Depreciation Policy #91

The City of Sebastopol has a Capital (Fixed) Asset Accounting System to safeguard a sizeable investment, fix responsibility for the custody of equipment, assist in the formulation of acquisition and retirement policies through accumulation of data regarding prices, sources of supply and useful life, to provide data for financial reporting, to provide record support and to account for reimbursement of depreciation under grants and proprietary service programs, and to provide information for insurance purposes.

Fixed assets are capitalized because they are used in the production of the goods or services provided and sold. Depreciation must be recorded to determine total expenses, user charges, net income, and changes in fund equity. Capital assets also may serve as a basis for debt issued to establish, acquire, or improve a public enterprise.

Capital assets are reported in the applicable proprietary funds or in the general fixed assets account group.

Definitions:

Capital assets are assets of a relatively permanent nature and of significant value, and are broadly classified as property, plant, equipment, and infrastructure (e.g. roads, bridges, sidewalks, and similar items) assets.

Land includes the investment in real estate other than:

- a. Structures, pipeline, pump stations, reservoirs and other improvements, and
- b. Land acquired for pipeline and road purposes.

All land, as above defined, shall be capitalized without regard for significance of cost.

Buildings and improvements are physical property of a permanent nature, examples of which are buildings, structural attachments, storage tanks, reservoirs, pump stations, wells, and parking areas. Sidewalks, trees and drives in connection with other structures should also be capitalized. Fixtures are permanent attachments to structures which are not intended to be removed and which function as part of the structure, such as boilers, pumps, lighting fixtures or plumbing.

Pipelines include mains, services, valves, hydrants, manholes, and other appurtenances. Paving of ditch lines is also included in plant values.

Equipment includes moveable personal property of a relatively permanent nature and of significant value, such as machines, tools, and vehicles, computer equipment and software.

Relatively permanent is defined as a useful life in excess of one year.

Significant value is defined as a minimum initial cost of more than \$10,000 (\$25,000 for infrastructure type assets).

Treatment of Costs Subsequent to Acquisition

Expenditures on fixed assets which are incurred after their original acquisition are defined and recorded as follows:

Maintenance is defined as expenditures, which neither materially add to the value of property nor appreciably prolong its life, but merely keep it in an ordinary efficient operating condition. Maintenance costs shall not be capitalized.

Capitalized Expenditures are defined as expenditures, which materially add to the value of property or appreciably extend its life. The cost of capitalized expenditures should be added to the book value of the asset where the original cost of a component being improved can be specifically identified. This amount should be written off and the new cost capitalized. Capitalized expenditures are on occasion referred to as betterments. The decision as to whether an expenditure should be capitalized shall be made by an evaluation of engineering, physical, or other relevant factors apart from cost.

Additions are new and separate units, or extensions of existing units, and are considered to be fixed assets. As with betterments the test of significance should be applied.

Alterations are changes in the physical structure or arrangement of fixed assets, the cost of which does not qualify as an increase in fixed assets under the foregoing definitions of betterments and additions. Alterations shall not be capitalized.

Valuation

Reasons for Assigning Value

A dollar-value should be assigned to each fixed asset item for the following reasons:

- a. Dollar amounts serve as a control device; they are an important aspect of identification of a particular item or group of items.
- b. Dollar amounts make it possible to present to the public the City's investment in fixed assets.
- c. Dollar amounts provide a check on the adequacy of the City's insurance coverage.
- d. Dollar amounts on individual items provide information for cost accounting.

Valuation Basis

Fixed assets should be accounted for at historical cost, or estimated historical cost if purchased or constructed. Donated fixed assets should be recorded at their estimated fair market value at the date of donation. Surplus property purchases at nominal prices far below actual value are in part donations and should be so valued.

Land Cost

The cost of land includes all expenditures in connection with its acquisition, such as: purchase price; appraisal and negotiation fees; title search fees; surveying fees; cost of consents; relocation costs; condemnation costs; clearing land for use; demolishing or removing structures; and filing costs. Receipts from the sales of salvage should be credited against the land cost.

Buildings and Improvements Cost

The cost of structures and improvements includes all expenditures in connection with their acquisitions, such as: purchase price or construction cost; fixtures attached to the structure; architects' fees; accident or injury costs; payment of damages; insurance during construction; cost of permits and licenses; and net interest cost during construction.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

The cost should be reduced for: sale of salvage from materials charged against the construction; discounts, allowance and rebates secured; and amounts recovered through surrender of liability and casualty insurance. Rentals of property during the construction period should be credited to revenue unless otherwise restricted.

Equipment Cost

The cost of equipment includes: purchase price or construction cost less discounts; freight or other carriage charges; sale, use, or transportation taxes; and installation costs.

Construction by Force Account

Fixed assets constructed by the City are recorded in the same manner as those acquired by purchase or construction contract. Costs are initially charged to the accounts of the cost center performing the construction and are then transferred to the project. These costs include direct labor, materials, equipment usage and overhead. Overhead is limited to those items, such as worker's compensation and employee group insurance premiums, retirement, sick leave and vacation allowances, which can be distributed on the basis of direct labor. Administrative overhead outside the cost center may be capitalized when clearly related to the construction.

Assets Acquired Under Lease Purchase Agreements

Lease contracts convey property to another for a specific period of time for a specified rent. Lease contracts are accounted for either by the operating method under which periodic payments are charged as expenditures, or by the financing method under which the payments are treated as debt service.

Sources of Information

Information regarding fixed asset additions is best taken from purchase invoices and contracts, even though there is sometimes an undue lag between physical possession of the property and the receipt of these documents. The individual department head controls the purchase, movement, and disposition of assets.

Disposition of Fixed Assets

With City Manager approval, capital assets may be sold, abandoned or traded in on new assets. Regardless of the manner of disposition or the amount of the proceeds, the asset must be removed from the fixed asset account at its recorded value along with the asset's accumulated depreciation. The resulting gain or loss is recorded in the revenue and expense accounts.

Recordkeeping

Individual Records

An individual record of each unit of accountability should be maintained. Information recorded should include:

- a. Date acquired.
- b. Classification, such as: Buildings, Vehicles, Machinery & Equipment, etc.
- c. The vehicle unit number assigned.
- d. An abbreviated word description.
- e. Cost or other basis.
- f. Method by which acquired, such as: lease, grant, donation, purchase.
- g. Grant from which purchased, if applicable.
- h. Vendors name, if purchased.
- i. Date and method of retirement.
- j. Posting reference.

Optional data might include value for insurance purposes, estimated life, and equipment class code.

Subsidiary Records

For control purposes it is convenient to group detailed records by classification, department, or by location. Such records constitute a subsidiary ledger to the fixed asset control accounts.

Depreciation

Depreciation, depletion, or amortization of capital assets must be recorded to determine the total expenses, net income, and changes in fund equity. In addition, as an option, depreciation on fixed assets acquired by contributed capital can be closed to the contributed capital account. This method should be considered when there is no obligation and the policy is not to replace the fixed assets with future contributed capital. In such circumstances, the contributed capital rather than the retained earnings account is decreased by the related depreciation expense.

Depreciation is computed using the straight-line method over the estimated years of useful life at the time the asset is placed in service. Useful life shall be determined by the Public Works Superintendent, Finance Director or City Manager or his/her designee, as appropriate, using the following guidelines:

<u>Assets</u>	<u>Years</u>
Buildings	30
Building improvements	15-20
Public Domain Infrastructure	50
System Infrastructure	50-100
Vehicles	7
Office Equipment	3-7
Computer Equipment	3-5

Once established, the useful life may be modified as necessary to account for betterments or impairments of an asset.

CITY OF SEBASTOPOL
Vehicle, Travel & Reimbursement Policy # 92

Agenda Item Number 12

Overview

To establish the policy, procedures and guidelines for the use of City and personal vehicles for the efficient and effective delivery of City services, while minimizing City expenditures and maximizing current resources, and to establish policy for City travel and reimbursements. This procedure applies to all City employees and officials, and supersedes all other administrative directives previously issued pertaining to the use of City owned or personal vehicle use while conducting City business, or City travel and reimbursement procedures. This policy is written to document the policies and procedures that shall be followed when traveling on City business, attending City related meeting expense for reimbursement, use and care of City vehicles and property by all employees and officials. Transportation required for employees to conduct official City business will be available by the use of a City provided vehicle or the use of an authorized personal vehicle at the City's sole discretion. Everyone who travels for City related business and/or attends meetings for City business purposes (or supervises someone who does) is responsible for reading and understanding guidelines.

Vehicle Policy

The City Council is responsible for adopting the City's vehicle and meeting guidelines, and for approving any significant policy revisions to them. The City Manager or his/her designee has the responsibility for administration of the provisions of this policy, and is responsible for making decisions regarding certain specific vehicle uses as described in this policy. The Finance Director is responsible for developing administrative procedures as needed to implement the guidelines. In this role, the Finance Director is authorized to make minor administrative changes in the guidelines as long as they are intended to carry out the purpose of these guidelines and will not have any significant policy impacts.

This policy assumes a mutual trust between the City of Sebastopol and its employees and City Officials. The City expects to reimburse its employees and officials for all reasonable costs incurred on behalf of the City. Employees and officials are expected to use good judgment in the expenditure of public funds. These guidelines are not intended to address every issue, exception, or contingency that may arise in the course of City travel; however, the basic standard that should always prevail is to exercise good judgment in the use and stewardship of the City's resources. Many of these guidelines simply reaffirm values in judgments that are already practiced.

This policy is to assure that City employees and officials adhere to procedures when arranging for travel, lodging, meals and other expenses and that they are paid for reasonable expenses incurred for travel, conferences, meetings, and meals as a result of conducting authorized City business. The policy assures that payments made by the City are for actual and necessary expenses incurred for City business as well as ensuring that City employees and officials will received advances/reimbursements in a timely manner.

VEHICLE POLICY:

City provided vehicles shall be used only for official City business.

I. Transportation Types:

The following transportation options listed below are potentially available for conducting City business.

A. City Vehicles

Use of City-Owned Vehicles - REMIF's liability coverage extends to include use of all city-owned vehicles when an employee or volunteer is driving the vehicle on city business. The employee or volunteer must not use city vehicles for unauthorized purposes. The coverage agreement states that coverage extends to "any person while using a city-owned automobile – provided the actual use of the automobile is by or with the permission of the named "covered party." Although "permission" is usually broadly interpreted by courts, if city employees or volunteers are made aware of this limitation, it should provide them with additional incentive to obey regulations concerning use of vehicles. In any case, the city always has the full protection of the coverage agreement.

1. Special Purpose Vehicles: Vehicles whose primary use requires special equipment designed to perform job functions, or whose primary use is in a restricted area where non-City vehicles are prohibited.
2. Police and Fire Vehicles: Vehicles whose primary use involves official business conducted by the Police or Fire Departments.
3. Take-Home Vehicles: Take-home vehicles are to enable after-hours emergency response by authorized City employees who are on standby duty assignments that require Special Purpose vehicles. Authorization for a take-home vehicle is granted to a classification meeting the requirements as described below, and in no event does authority for a take-home vehicle belong to any specific City employee who is not in a classification that meets the requirements. This means that an individual employee previously granted authorization for a take-home vehicle whose assignments are updated and no longer require Special Purpose vehicles is no longer authorized for a take-home vehicle. Non-City employees shall not be permitted to take City vehicles home under any circumstances.
 - a. The employee is required to be on standby duty and must respond to after hour emergencies; and
 - b. The standby duty job function requires a Special Purpose vehicle; and
 - c. The employee responding to the call-back will be able to respond to the first call-back instance and be onsite within a maximum of 30 minutes of the call; and
 - d. The one-way commute miles of the employee assigned to call-back duty do not exceed 30 miles; and
 - e. The Department Director has received authorization from the City Manager's Office for take-home use of the vehicle.

B. Employee-Owned Vehicles

Use of privately-owned vehicles on City business. If employees or volunteers receive a mileage allowance for use of personally-owned vehicles on city business, such persons should be advised that:

1. The mileage allowance is intended to cover the city's share of the employee or volunteer's personal auto insurance premium.
2. Each employee or volunteer is expected to maintain an automobile insurance policy whether or not they receive a mileage allowance.
3. Each such policy should be maintained with liability limits of no less than:

- a) \$100,000 per person Bodily Injury; \$300,000 per accident Bodily Injury; \$100,000 per accident Property Damage; or
 - b) \$300,000 Combined (Bodily Injury and Property damage) single limit.
4. Each such policy is primary coverage in the event of a loss or claim, with REMIF coverage applying in excess.

The form Authorization to Use Privately-Owned Automobiles on city business should be completed and filed with the appropriate office designated by the City Manager or his/her designee. A diary system should be maintained to assure that policies are in force (Exhibit A)

In order to protect the city's interests no employee or volunteer should be allowed to drive a vehicle on city business until the city has verified that the employee or volunteer has a valid driver's license. Verification is the responsibility of the employee's supervisor.

Once authorized by the Department Director (or designee) to use an employee-owned vehicle, employees will be eligible for mileage reimbursement subject to the provisions of the Mileage Reimbursement as follows:

- a. Authorized employees will be compensated for the use of their automobiles on City business at the prevailing mileage reimbursement rate for employee business use of private automobiles as established and used the Internal Revenue Service (IRS) standard mileage rate. For miles driven on or after January 14, 2018, the City's mileage reimbursement rate shall be \$.545 per mile and will be re-evaluated when the IRS issues a new rate. Any changes to this rate will be updated on the Mileage Reimbursement Form.
- b. Mileage from the employee's home to the first point of duty, and from the last point of duty to home will not be considered as City business, unless the employee's first or last point of duty is outside of City of Sebastopol limits. Immediate supervisors are responsible for ensuring that employees provide appropriate documentation for all trips for which reimbursement is requested.
- c. Employees requesting mileage reimbursement shall complete the Mileage Reimbursement Claim Form. Claims must be submitted to the employee's supervisor and timekeeper for approval within thirty (30) calendar days of when the travel occurred. Claims outside the 30 days shall be paid only by approval of the City Manager or his/her designee.
- d. Report only travel on authorized City business. If the continuity of a day's travel is interrupted by a personal trip, deduct this trip from the mileage claim.
- e. Odometer readings or a printed copy of an online map for each business trip must be specified on the form and are subject to audit verifications at any time.
- f. Report only beginning and ending mileage during working hours, related to official City business.

- g. In instances when an employee's first and/or last point of duty is outside City of Sebastopol limits, an employee shall be reimbursed for the number of miles driven between the employee's home and the first and/or last point of duty, minus the number of miles the employee normally commutes from home to and/or from the employee's regular work location.
- h. Adequate explanation of locations covered must be shown. Where applicable or required by the supervisor, indicate assigned area and number of trips.
- i. Employees shall sign all mileage reimbursement claim forms and submit the claim to the supervisor or department director or designee for approval. Employees who submit false claims for mileage reimbursement are subject to disciplinary action, up to and including termination.
- j. The employee's supervisor or designee is responsible for conducting periodic odometer checks or other checks as deemed necessary to assure propriety of trips and to certify that only necessary mileage has been included for reimbursement and that the amount claimed is correct and proper.

II. Qualifications for Employees Operating Vehicles

- a. The City recognizes the benefit of the assignment of City-owned vehicle to specific employees, officials, or volunteers for City related business. City vehicle, property, materials, supplies, tools, and equipment are intended for the maintenance and operations of the City and shall be readily available for use of authorized City staff. Authorization for use of such vehicles must be controlled and limited to business use only. Personal items or information shall not be stored in City vehicles. Any loss, damage or misuse of personal items stored in City vehicles shall not be the responsibility of the City. No personal or political use of any City property, materials, supplies, tools, equipment is permitted, except for de minimus vehicle use by authorized staff for benefit of the City.
- b. City employees who drive a vehicle in the course of conducting City business must possess a valid California State Driver License appropriate to the type of vehicle being driven. Employees authorized to use special purpose vehicles will maintain and comply with vehicle specific training and licensing requirements as defined by any relevant rules and regulations, and/or the California Department of Motor Vehicles, and/or the employee's job classification minimum qualifications.
- c. Employees authorized to drive a vehicle on City business shall notify their supervisor in writing of the suspension, revocation, cancellation, expiration, lost privilege, disqualification, or other action affecting the status of their driver license or their authority to drive a vehicle. Notification must be made as soon as practicable, but in no case more than five (5) calendar days following the day the employee received notice of the suspension, revocation, cancellation, expiration, lost privilege, disqualification, or other action affecting the status of their driver license or their authority to drive a vehicle.
- d. If an employee is notified that an action MAY be taken which could affect the employee's license, including the possible suspension, revocation, cancellation, expiration, lost privilege, disqualification, or other action affecting the status of their

driver license or their authority to drive a vehicle, the employee shall notify their supervisor as soon as practicable, but in no case more than five (5) calendar days following the day the employee received notice of the potential action. The employee shall continue to keep their supervisor informed of any further changes or updates regarding their driving status.

- e. Employees cannot drive their vehicles on City business unless all of these requirements are met. Employees are specifically required to immediately contact their supervisor if, at any time, there is a change to these requirements or they do not meet all of the requirements.
- f. Employees who are unable to comply with these requirements shall not be permitted to drive any vehicle (City or personal) to conduct City business and may not drive onto any City property or City facility.

III. Conditions of Vehicle Use

City and employee owned vehicles used for City business shall be operated in a manner consistent with all safety and legal requirements. Vehicles authorized for use based on this Policy shall only be used to conduct official City business.

A. Transportation of Passengers and Goods

Vehicles driven to conduct official City business should not be used to transport any passengers other than authorized City employees on official City business or persons directly related to the official City business being conducted. Nothing herein shall be construed to prohibit the carrying of any person or persons in case of accident or emergency.

City owned vehicles should not be used to transport any items or goods that are not the property of the City, unless such transportation is directly related to official business being conducted by the City.

B. Vehicle Idling

In order to reduce emissions that are a result of idling diesel and gasoline engines, no City-owned diesel or gasoline powered vehicles/equipment or stationary engines may idle for more than five (5) consecutive minutes, with the following exceptions:

- Idling when queuing;
- Idling to verify that the vehicle is in safe operating condition;
- Idling for testing, servicing, repairing or diagnostic purposes;
- Idling when it is necessary to accomplish work for which the vehicle was designed (such as operating a crane or when emergency vehicles used by Police and Fire are at the scene of an incident);
- Idling to bring the machine system to operating temperature; and
- Idling to ensure safe operation of the vehicle.

For the purpose of this section, queuing shall mean the intermittent starting and stopping of a vehicle while the driver, in the normal course of doing business, is waiting to perform work or a service, and when shutting the vehicle engine off would impede the progress of the queue and is impracticable. Queuing does not include the time a driver may wait

Agenda Item Number 12

motionless in line in anticipation of the start of a workday or a location where work or a service will be performed.

C. Cellular Telephone Safety While Driving

1. Wireless Telephones

Employees shall not use their wireless telephone (either City issued phones or personal phones) while driving on City business or while conducting City business unless the telephone is designed and configured to allow hands free listening and talking, and is used in that manner while driving. Even when using a hands-free wireless telephone, conducting City business on a cellular telephone while driving should be kept to a minimum and only done when necessary. This section does not apply to an employee or non-City employee using a wireless telephone for emergency purposes (such as calling 911) while driving on City business.

2. Electronic Wireless Communication Devices

Employees shall not use an electronic wireless communication device to write, send, or read a text-based communication while driving on City business. "Write, send, or read a text-based communication" means using an electronic wireless communications device to manually communicate with any person using a text-based communication, including, but not limited to, communications referred to as a text message, instant message, or electronic mail.

3. Sworn Police and Fire Personnel

Sworn police and fire personnel using wireless telephones and electronic wireless communication devices in the course and scope of their duties shall do so in accordance with their respective Duty Manuals and applicable policies and procedures relating to the use of wireless telephones and electronic wireless communication devices.

IV. Collision/Accident Reporting

- A. Non-sworn Employees - Reporting of vehicle collisions or accidents by City employees driving a City-owned vehicle or their authorized personal vehicle on City business is required. Reporting must be prompt, accurate and complete. These reports shall be made within no less than 24 hours (or 48 hours if the accident occurs on a weekend) to the employee's immediate supervisor. In all cases, accident reports involving city-owned equipment shall be provided to the City Manager's Office.

Incidental damage to a vehicle or equipment, defined as damage while the vehicle is unattended or damage such as a broken windshield from a flying rock must also be reported to the employee's immediate supervisor. In all cases, incidental damage to city-owned equipment shall be reported to the City Manager's Office.

The reporting procedure to be followed by City employees and non-City employees who are involved in a vehicle accident while driving a City-owned or authorized personal vehicle on City business shall be as follows:

- a) Stop immediately and render aid if such is necessary.
- b) Call the police. Tell the police this is an accident involving a City owned vehicle or authorized private vehicle on City business.

- c) Do not make or sign statements for anyone except the police.
- d) Obtain the Accident Report and give it to the supervisor, who is responsible for the services being provided by the City or non-City employee. The Department Director will route one copy of the accident report to the City Manager's Office.

B. Sworn Police and Fire Personnel - Reporting of vehicle collisions or accidents by sworn Police and Fire personnel driving a City-owned vehicle or their authorized personal vehicle while in the course and scope of their duties shall do so in accordance with their respective Duty Manuals and applicable policies and procedures relating to vehicle collisions or accidents. In all cases, accident reports involving city-owned equipment shall be provided to the City Manager's Office.

V. Traffic and Parking Citations

Traffic and/or parking citations issued to a City employee while using a City or authorized personal vehicle on City business are the sole responsibility of the employee receiving the citation.

Travel & Reimbursement Policy

The purpose of The Employee Travel Policy is to provide guidelines for authorization of travel; and reimbursement and payment of travel expenses. This policy is not intended to cover short trips during work hours made by employees in the course of their regularly assigned work duties. In all areas, not just in economy pricing, officials and employees are responsible for exercising good judgement in requesting, arranging, and making a trip. Trips should be planned in advance if possible. Personal business should not be mixed with official business if it will cost the City anything in dollars or lost time, or if it will harm the City's interest in any way.

- I. Traveler Accountability - The Travel Policy is in place to provide accountability to employees traveling for the purpose of benefiting the City. Travelers are responsible for ensuring compliance with this Policy, as may be amended from time to time.

How will you travel?

To drive a privately-owned vehicle on City business you must:

- Possess a valid California driver's license.
- Carry liability insurance limits required by the City's Redwood Empire Municipal Insurance Fund.
- Realize that any damage to your car, needed service or repair occurring on the trip will be your responsibility, as these costs are included in the City's per mile cost reimbursement.

If a car rental is required, you may use a City credit card or request reimbursement when you return. Car rentals must have prior approval from the City Manager or his/her designee.

When will you travel?

You should schedule your trip so that you depart at the latest reasonable hour and still arrive at your destination on time. You should also return promptly when your business is finished, thereby minimizing the time away from work and ensuring full reimbursement of all related expenses.

The city will pay for a single room (including taxes and parking) for as many nights as necessary. The accommodations used should be economical but practical. For example, it is preferable to stay at the hotel where a conference is held, even if that hotel may be slightly more expensive than others in the area. Location is also important; a hotel close to where you will be conducting business may be slightly more expensive than outlying hotels, but it may be easier to achieve the City's travel goal by staying at closer location. In general, you should stay at the most reasonably priced accommodations available consistent with the purpose and goals of your travel. If you have a question about using a particular hotel, obtain concurrence or direction from your Department Head before making a reservation.

Should you make reservation?

Whenever possible, you should make reservations. They are often required for large conferences. You can use a City credit card to confirm reservations. Be sure to cancel any reservations you will not use. If the City is charged for an unused reservation, you will be billed for that charge unless circumstances requiring cancellation were reasonably beyond your control.

II. Travel Authorizations

Travel authorizations (TA's) are required approval of Department Heads, and out of state travel requires the further approval of City Manager or his/her designee. Department Heads approving travel authorizations are responsible for determining that the cost is reasonable and justified by the trip's purpose. They should be certain that:

- a. The purpose cannot be accomplished by mail or telephone.
- b. The seminar, meeting or conference is necessary to accomplish key City goals and objectives and is unavailable locally if overnight accommodations are required.
- c. The minimum number of City staff members are going.
- d. The itinerary ensures accomplishment of the purpose at the lowest reasonable cost.
- e. The traveler understands and follows these guidelines.
- f. There is adequate funding in the appropriate travel budget to cover the costs.

Ultimately, the responsibility for following these guidelines and exercising good judgment in the use and stewardship of the City's resources rest with each City employee traveling on City business.

Requests for Payments to Vendors

The City will pay all legitimate expenses of your trip. These include transportation, lodging, registration fees, meals and any other related expenses if they are for official business and fit within these guidelines.

In advance booking payment for transportation, e.g. airfare, City authorized credit card shall be utilized for the transaction. Each department director has been issued a credit card. Credit cards are issued pursuant to the City Purchasing Policy#89.

Direct vendor payments are made by the City to an organization to pay for specific costs related to a trip (usually registration fees) through Accounts Payable.

To obtain either direct vendor payments you must complete the appropriate sections of the TA (Exhibit B) and attach payment requests for all payments.

III. Making The Trip

There are two key “golden rules” to remember about making an official trip:

- a. Keep it official.
- b. Keep records for all expenses.

Keeping It Official

If you take time away from official business for personal matters, or if you delay your return after completing your business, you will not be reimbursed for expenses incurred during that time. When combining business and personal travel in this manner, Department Head approval is required. If this extended period occurs during your regular scheduled work hours, the time will be counted as vacation, comp time (if available) or leave without pay.

Keeping Records for All Expenses

As discussed below under Accounting for Expenses, you must maintain a detailed record of all expenses incurred during your travel: meals, transportation, lodging, baggage handling, parking fees, registration fees, telephone and any other reasonable and necessary expenses. It is important to save receipts to be able to claim for reimbursement. Unless otherwise approved by the City Manager or his/her designee, payments will not be issued for reimbursement requests without receipts.

Meal Allowances:

The allowable maximum amount, unless otherwise approved by the City Manager or his/her designee, is \$60.00* per day (including beverages, taxes and gratuities) for meals, which reimbursement is available on presentation of supporting receipts and conference agenda to document amounts spent while travelling and completion of an expense report upon returning from your travel.

*The following break-down applies to partial day of meal allowance.

- If your conference is between 7:00 a.m. to 11:00 a.m. – breakfast only allowance \$10.00
- If your conference is between 11:00 a.m. to 4:00 p.m. – lunch only allowance \$20.00
- If your conference is beyond 4:00 p.m. – dinner only allowance \$30.00

Breakfast	\$10.00
Lunch	\$20.00
Dinner	<u>\$30.00</u>
Total Per Diem	<u>\$60.00</u>

- If the event is scheduled to take place all day from 7:00 a.m. to 5:00 p.m., you are entitled to the full \$60.00 meal allowance. Agenda Item Number 12

Alcoholic Beverages

City funds should not be used to purchase alcohol or reimburse employees for alcohol related costs. The Council or City Manager or his/her designee may approve exceptions to this policy on a case-by-case basis for special receptions or other unique circumstances. This discretion applies primarily to non-travel related expenditures such as special receptions, and not to routine travel or meetings by City employees.

Spouses and Guests

Spouses and guests may accompany you on City travel and at conferences, seminars and meetings. However, any additional costs associated with the participation of your spouse or guests are your responsibility.

IV. Accounting for Expenses

When you return from your trip or official function, a final accounting of all expenses must be approved by your Department Head and submitted to Finance within ten working days. An expense report is always required.

The final accounting is made by completing the Expense Report (Exhibit B). After completing the expense report, you should attach required receipts, sign the report attesting to its accuracy and submit it to your Department Head for review and approval.

Department Heads approving expense reports are responsible for ensuring that:

- All expenses are reasonable, necessary and consistent with these guidelines.
- Any required receipts are attached.
- The final disposition is correct.
- Final accounting of all expenses is submitted to Finance.

Upon approval by the Department Head, the expense report should be forwarded to Finance along with a claim for payment to you; the reimbursement will be processed in accordance with the Accounts Payable calendar.

Exhibit A

**AUTHORIZATION TO USE PRIVATELY OWNED AUTOMOBILES
ON CITY OF SEBASTOPOL BUSINESS**

I. CERTIFICATION

In accordance with City policy, approval is requested to use a privately-owned automobile on official City business.

I hereby certify that, whenever I drive a privately-owned vehicle on City business, the vehicle shall always be:

1. Covered by liability insurance for the minimum amount prescribed by the city:
\$100,000 per person Bodily Injury; \$300,000 per accident Bodily Injury; \$100,000 per accident Property Damage or \$300,000 Combined (Bodily Injury and Property damage) single limit.
2. Adequate for the work to be performed.
3. Equipped with seat belts.
4. To the best of my knowledge, in safe mechanical condition.

I further certify that while using a privately-owned vehicle on official City business, I will follow all federal, state, and local laws, including distracted driving. I will certify that I will not engage in any activity that diverts my attention from driving, including talking or texting on my phone, eating and drinking, talking to people in my vehicle, adjusting my stereo, entertainment or navigation system or anything that takes my attention away from the task of safe driving. I understand that I will be subject to disciplinary action, up to and including dismissal, if this not followed. I certify all accidents will be reported to my supervisor and law enforcement within twenty-four (24) hours.

City Council Policy

CITY BUDGET COMMITTEE (STANDING COMMITTEE)

Budget Process

PURPOSE:

Once a year, the City Council approves a budget that outlines the policies and fiscal actions to be taken by the City. The Budget Committee is a standing committee that reviews the proposed operating and capital budget each fiscal year and makes a recommendation on the budget to the City Council for final enactment. The budget process is structured each year to achieve the fiscal and policy goals for the upcoming fiscal year as well as periodically review and provide policy guidance to staff related to budgetary analysis and fiscal action plans and provide reports to the City Council for review and or action.

This committee shall consider and make recommendations to the Council on matters relating to:

- Revenues
- Expenditures
- Capital Improvement projects
- Fiscal Planning and Policies;
- Taxes and Fees;
- Investment Policy;
- Debt; and
- Such related fiscal issues as may be referred to it by the Council.

COMMITTEE MAKE UP:

The Budget Committee shall consist of the following:

- Two Councilmembers appointed by the City Council through Council Committee Assignments
- City Manager
- Assistant City Manager/City Clerk
- Administrative Services Director

POSTING OF AGENDAS:

Whether or not a regular meeting schedule is adopted, an agenda shall be posted for each standing committee meeting not later than 72 hours before any meeting.

PUBLIC INVOLVEMENT:

Public involvement shall be encouraged in the annual budget decision-making process through Standing Committee meetings, public hearings, public outreach, and the dissemination of accessible information. Public participation efforts will allow the City to improve performance by identifying public needs, priorities and service delivery expectations. Increased public involvement will allow the City to be more responsive to community needs, thereby increasing the value that the public receives from City government.

ATTENDANCE BY COUNCILMEMBERS NOT ON THE COMMITTEE:

Members of the Council who are not members of a standing committee may attend any open and noticed meeting of a standing committee provided that they act only as observers. It is suggested that Members do not make any comments.

REQUESTS OF STAFF:

Standing Committee Councilmembers may request research from staff on new ideas to allow them to report back to the standing committee and if the standing committee supports the idea, the idea will be presented to City Council for direction or a vote.

BUDGET PROCESS:

The budgeting process has four parts. The budget is: 1) prepared, 2) approved, 3) adopted, and 4) executed.

A fiscal year begins July 1 and ends June 30. From February to June, every year, City staff, the Mayor and City Council work together to create a balanced budget by June 30, as required by law.

PROPOSED BUDGET COMMITTEE PROCESS:

1. The City administrative team will be responsible for producing an initial recommended draft Budget to submit to the Budget Committee. The administrative team will consist of the City Manager, Assistant City Manager/City Clerk, and Administrative Services Director.
2. Department Directors will submit departmental budgets each year to the Administrative Services Director upon established timelines.
3. Upon receipt of the departmental budget requests, the Administrative Services Director will prepare a draft budget document to be used for review by the City administrative team.
4. This team will meet with Department Heads as needed, consider departmental budgetary requests as appropriate, and complete any other steps needed to provide the Budget Committee with an initial recommended draft Budget. The initial recommended draft Budget will be accompanied by a written report to the Budget Committee, providing an overview of the budget, summarizing any specific challenges presented by that year's budget, summarizing changes made by the Team to Departmental budgets; and identifying any unresolved issues to be addressed by the Budget Committee. The information submitted to the Budget Committee will include any background information the City administrative team believes will be relevant to the Budget Committee's decision-making regarding unresolved issues to be addressed by the Budget Committee. This initial draft Budget submitted to the Budget Committee will include draft versions of all portions of the final Budget for the year. This step will be an internal City staff process to be completed before Budget Committee meetings begin.

The Budget Committee will receive the initial recommended draft Budget produced by the administrative team, and will meet to discuss the recommendations of the administrative team. The Budget Committee will not hold individual meetings with Department Directors unless specifically requested by the Budget Committee. The Budget Committee will rely on the internal City staff process to do the necessary research and analysis to support the recommendations in the initial recommended draft Budget, and will focus on reviewing that document as well as any other materials provided by the administrative team, and addressing any unresolved issues. The Budget Committee will review and revise the initial recommended draft Budget as needed, and will produce a final draft Budget to be presented to the City Council at a duly noticed public hearing for discussion, review, and approval.

In addition to the process above, the Administrative Services Director shall be responsible for:

1. Prepare a Budget Calendar for Fiscal Year Budget and take to City Council for approval
2. Request budget input from all Department Directors
3. Request budget input from Community Benefit Grant Applicants
4. Prepare a draft budget as listed above
5. Shall be responsible for publishing all the notices required by Government Statute.
6. Shall be responsible for monitoring budget expenditures during the budget year and notifying the Council of the need to make any budget changes required after adoption.

FINANCIAL AND BUDGET TERMS GLOSSARY

Accrual in lieu – An arrangement where employees accumulate a certain benefit, such as leave or time off, but instead of taking the time off, they receive a payment for it. This often happens when an employee has earned more leave than they can use or carry over to the next period, and the employer compensates them financially for the unused time. It's like having a savings account for time off; if you don't use it, you get paid for it instead.

Adoption - formal action by the City Council, which sets the spending path for the fiscal year.

Adopted Budget - appropriations adopted by the City Council.

Adjusted Budget – appropriations to the adopted budget that have been modified to reflect changes in financial circumstances or priorities.

Allocation – designation of how much money to spend on a specific program or purpose and distributing the funding accordingly. Please note that this term is often used interchangeably with earmark and can have a different meanings for different people.

Appropriation - legal authorization given by the City Council to make expenditures and incur obligations using City funds.

Assessed Value - the valuation of real property established by the Property Appraiser as a basis for levying taxes.

Bond - a special type of “loan” that provides funding for capital projects. Local governments are prohibited from borrowing funds to cover standard operating expenses.

CAD/RMS – Computer Aided Dispatch/Records Management System. These are the systems that capture all data and information for calls that come into the police dispatch center. Additionally, all police reports and incidents are produced utilizing this system. It provides for tracking and archival retrieval and statistical analysis as well.

California Intergovernmental Risk Authority (CIRA) – Annually, the Redwood Empire Municipal Insurance Fund (REMIF) and the California Intergovernmental Risk Agency (CIRA), which are the City's self-insured joint powers authorities, manage the insurance claims, benefit programs, and risk management for member cities. The REMIF/CIRA Board Members, including Vice Mayor Zollman and Councilmember Hinton, establish a budget for insurance premiums for the participating cities in this collective.

Capital Improvement Program (CIP) – This refers to a 5-year program for capital expenditures to replace, maintain, and expand the City's infrastructure. This includes projects such as road improvements, water and sewer system upgrades, and building renovations. The program outlines the anticipated costs and the proposed funding sources for these projects. It's a critical component of the city's financial planning and budgeting process, ensuring that the necessary capital assets are in place to support city services and functions. Year 1 of the CIP is referred to as the “Capital Improvement Plan.”

Cost Allocation Plan - The enterprise funds (water and sewer) contribute to a portion of the City's administrative costs, which are supported by the General Fund. These administrative costs encompass departments such as Finance, City Manager, City Clerk, HR, among others. The City has recently revised the methodology used to calculate these payments.

Debt Service Budget - the debt service budget is money used to repay bond issues.

Direct Cost – These are expenses that can be directly attributed to a specific product or service which may include costs like raw materials, and labor expenses that are directly involved in supporting an operation. In the context of the City's budget, direct costs would refer to specific expenses that are directly associated with a particular department or service, rather than general administrative costs which are spread across multiple departments. For example, the cost of materials used by the Public Works Department for road maintenance would be a direct cost. However, the City's recent Cost Allocation Plan focuses on the recovery of central support costs, commonly referred to as overhead, and does not include the direct allocation of certain shared expenses.

Earmark – refers to funds within a budget for a specific purpose, project, or program. This process involves designating money to be spent on particular items or activities. Earmarks are typically used to ensure that certain projects receive funding for the intended purposes.

EOC – Emergency Operations Center. During an emergency, an activation occurs and assigned staff report to the Police Department which is the official location of the center. Assigned personnel are assigned to different functions to allow for organized tracking, management, resource allocation and planning for the event. Sections include Logistics, Planning, Finance, Operations, and sub-branches such as law, fire, EMS.

EMS – Emergency Medical Services. This term covers services provided by first responders including police and fire, paramedic and ambulance services. It is used broadly to specifically refer to paramedic, ambulance, and medical providers such as clinics and hospitals as part of the EMS system.

Enterprise Fund – the funding source for city agencies that are self-supporting, such as resource recovery facilities and water and wastewater facilities.

Fiscal Year - the 12-month financial period in which funds are appropriated and accounted for by the City, which begins July 1 and ends June 30 of the following year. A fiscal year is identified by the year in which it ends.

Fund - monies set aside and accounted for separately in order to ensure that the monies are spent for a specific purpose.

Fund Balance - the balance remaining after accounting for all liabilities and revenue incurred during that year, plus the previous year's fund balance. It is calculated at the end of each fiscal year.

Health in lieu - Employees who opt out of the city-provided health plan are entitled to a "cash in lieu" benefit, which is a monetary amount provided to the employee instead of health insurance coverage.

Mandated Service - required by State, Federal, County law, health and safety code of California, contractual obligations, legal and tort liabilities.

MOU - Memorandum of Understanding. A labor contract pursuant to state, law, the Meyers, Millias and Brown Act, between the City and a labor union or organized group of employees under which all conditions of employment are negotiated.

Non-Departmental Budget - The purpose of the Non-Departmental account/program is to record expenditures for those items that are not directly associated with any one department or operating budget, but to the City as a whole. Non-Departmental operating expenses include, personnel payout cost (per MOUs provisions), unfunded accrual liability, retiree medical contributions, and transfer out to assigned reserve.

Operating Budget - a plan of financial operations that provides a basis for the planning, controlling, and evaluating the operational portion of governmental activities. The operating budget supports ongoing services and programs.

Property Tax base – total value of land and property upon which a taxing authority can levy taxes. The tax base is often different from the total property value in any area because some types of property, like schools and government facilities, are exempted from property taxes.

Revision - changes to an existing budget typically to better reflect current financial realities and priorities. This can involve in adjusting revenue and expense projections, or incorporating new financial information. Please refer to Financial Policy.

SoCo ISD IJS – Sonoma County Information Systems Integrated Justice Systems. This is a countywide enterprise case and records management system that supports county justice partners, law enforcement, state and federal agencies through a centralized data repository on a 24/7 basis. The system allows for real time information sharing with the district attorney, courts, and law enforcement agencies regarding criminal case status, warrant entries, wanted persons and criminal history.

Unfunded Accrued Liability (UAL) – It is the gap between the future money needed for employee benefits, like pensions, and the funds currently saved for them. It's the difference between the total amount that should be paid to employees after retirement and the actual savings available. The difference between the estimated cost of future benefits and the assets that have been set aside to pay for those benefits.

Transfer - moving funds from one budget category or line item to another within the same budget. This can be done to address changes in priorities, unexpected expenses, or to better align resources with current needs. Transfers are typically subject to certain limitations and may require approval from relevant authorities such as City Council. Please refer to Financial Policy.

Fund Structure Chart

City of Sebastopol Fund Descriptions

Fund Type	Fund #	Restricted?	Fund	Fund Description	Responsible Department
General	100	Unrestricted	General	The General Fund is the primary operating fund of the City and is used to account for most day-to-day activities. Revenue sources include (but are not limited to) property tax, current fees for services and business registration.	**ALL DEPARTMENTS**
	103	Assigned	Building, Facilities & Infrastructure	This fund should be established and maintained in a manner similar to an Internal Service Fund, which accounts for centralized service costs. Charges from this fund will appear as an expenditure in the user department and as revenue in the central service department. This will facilitate the timely replacement of the City's owned fixed assets.	<u>Lead Department:</u> Administrative Services <u>Contributing Department:</u> Police/Fire/Public Works/Engineering
	104	Assigned	Equipment Technology & Vehicle	This fund should be established in a manner similar to an Internal Service Fund, which accounts for centralized service costs. Charges from this fund will appear as an expenditure in the user department and as revenue in the central service department. These funds should be set aside for the proper funding of equipment, technology, and vehicle replacement.	<u>Lead Department:</u> Administrative Services <u>Contributing Department:</u> Police/Public Works/Engineering
	105	Assigned	Pension & OPEB	A Section 115 Trust was established to prefund pension or other post-employment benefits (OPEB) liabilities. The trust is designed to help the City set aside funds to meet its future pension or OPEB obligations. The funds in the trust are invested, and the earnings on those investments can be used to help pay for the entity's pension or OPEB liabilities.	<u>Lead Department:</u> Administrative Services
	120	Restricted	Tree Replacement Fund	This fund is used to remove and replace trees along City streets and City-owned properties (excluding Parks). It is primarily funded by tree deposits that have been forfeited.	<u>Lead Department:</u> Community Development (Planning) <u>Contributing Department:</u> Public Works/Engineering
	122	Restricted	Building Permit Technology Fund	Land use type permits including use permits, special events, grading, building and fire permits are collect at the issuance. Fee will be used to maintain the permitting system, property information and homeowner data website and other associated costs	<u>Lead Department:</u> Building <u>Contributing Department:</u> Community Development (Planning)
	123	Restricted	Street Pavement Reserve	An annual transfer of residual balance from the Special Sales Tax Fund 124 to the Street Pavement Reserve Fund 123 for maintenance of a range of services including public safety, street and road maintenance and repairs, flood maintenance, park and open space maintenance, and other general community services	<u>Lead Department:</u> Administrative Services <u>Contributing Department:</u> Public Works/Engineering
	125	Restricted	Vehicle Abatement	Funds collected per County Resolution 94-1207, the funds are collected by the DMV and distributed to participating cities. The funds are to be used for the removal and disposal of abandoned vehicles.	<u>Lead Department:</u> Police
	126	Restricted	Tobacco Management Program Fund	Funds receives on a reimbursement basis through a grant from the Department of Justice (DOJ) as a result of the passage of California Healthcare, Research & Prevention Tobacco Tax Act of 2016 (Prop.56)	<u>Lead Department:</u> Police
	127	Restricted	Flood Mitigation Fund	Assemblymember Mark Levine has awarded the City with \$1.5M in Flood Relief Funds to assist with repairs for flood-related damages.	<u>Lead Department:</u> Administrative Services <u>Contributing Department:</u> Public Works/Engineering
	128	Restricted	Police Endowment Fund	Upon Joanne Marion passing, a local citizen has generously donated her retirement fund, estimated at around \$423,000, to support the police department's various needs. This generous donation provides a significant financial boost, allowing the department to allocate resources where they are most needed.	<u>Lead Department:</u> Police

City of Sebastopol Fund Descriptions

Fund Type	Fund #	Restricted?	Fund	Fund Description	Responsible Department
Enterprise	500	Restricted	Water Operating	The Water Fund accounts for the provision of water services to residents and businesses of the City. All activities necessary to provide such services are accounted for in this fund including, but not limited to, administration, operations, maintenance, financing, billing and collections.	<u>Lead Department:</u> Public Works/Engineering <u>Contributing Department:</u> Administrative Services
	501	Restricted	Water Capital	The Capital Improvements Fund accounts for City-wide construction and improvements specifically paid for through the proprietary funds	<u>Lead Department:</u> Public Works/Engineering
	502	Restricted	Water Connection Fee	The fee is meant to offset the financial impact a new development places on public infrastructure.	<u>Lead Department:</u> Public Works/Engineering/Building <u>Contributing Department:</u> Building
	510	Restricted	Sewer Operating	The Sewer Fund accounts for the provision of sewer services to residents and businesses of the City. All activities necessary to provide such services are accounted for in this fund including, but not limited to, administration, operations, maintenance, financing, billing and collections. Treatment services are provided by Santa Rosa Subregional Partner	<u>Lead Department:</u> Public Works/Engineering <u>Contributing Department:</u> Administrative Services
	511	Restricted	Sewer Capital	The Capital Improvements Fund accounts for City-wide construction and improvements specifically paid for through the proprietary funds	<u>Lead Department:</u> Public Works/Engineering
	512	Restricted	Sewer Connection Fee	The fee is meant to offset the financial impact a new development places on public infrastructure.	<u>Lead Department:</u> Public Works/Engineering/Building <u>Contributing Department:</u> Building
Special Revenue	200	Restricted	Gas Tax	The Gas Tax Fund accounts for the construction and maintenance of the street system in Sebastopol. Financing is provided by the City's share of state gasoline taxes allocated to cities from the State in accordance with the Streets and Highways Code	<u>Lead Department:</u> Public Works/Engineering <u>Contributing Department:</u> Administrative Services
	201	Restricted	Measure M - Road Maintenance	The County Measure M Fund accounts for the half-cent County sales tax revenue restricted for local transportation improvement projects. This allocation ends in March 2025 and being replaced with Go Sonoma (Fund 241)	<u>Lead Department:</u> Public Works/Engineering
	202	Restricted	Measure M - Parks	The County Measure M Fund accounts for the half-cent County sales tax revenue restricted for local park improvement projects	<u>Lead Department:</u> Community Development (Planning)
	203	Restricted	Art in Lieu	The Art in Lieu fund accounts for developer contributions in lieu of installation of public art on project sites and income received from art programs and events to fund public artwork, cultural programs, maintenance/conservation, and administrative costs relating to the Art in Public Places Program.	<u>Lead Department:</u> Community Development (Planning)
	204	Restricted	Housing Linkage Fund	The Housing Linkage Fee Fund is used to mitigate the housing impacts caused by new, changed and expanded nonresidential development in the City and provide a source of revenue for housing affordable to person of very low and low income.	<u>Lead Department:</u> Community Development (Planning)
	205	Restricted	Inclusionary Housing Fund	The Inclusionary Housing Fund accounts for revenue received from fee payment to be used for the exclusive purpose of providing housing affordable to low and moderate income households in the City for construction of five or more new dwelling units, or for the division or subdivision of land into five or more lots for residential use.	<u>Lead Department:</u> Community Development (Planning)
	206	Restricted	Building Permit Incremental Fee Fund	The Building Permit Incremental Fee Fund accounts for revenue received from construction inspection and plan checks to fund training, certification exams and courses.	<u>Lead Department:</u> Building
	207	Restricted	Business Improvement District	Business Improvement District was established via ordinance 666 and shall include all businesses located within the area described in Exhibit A. The revenues derived from taxes imposed upon all the businesses in the area shall be utilized for acquisition, construction or maintenance of parking facilities, decoration of any public place, promotion of public events which are to take place, furnishing of music in any public place and general promotion of retail trade activities for the benefit of the area.	<u>Lead Department:</u> Community Development (Planning) <u>Contributing Department:</u> Administrative Services
	208	Restricted	General Plan Update Fee	General Plan Update Fee Fund is assessed on Building Permits and is designed to help recover the significant long-term costs of periodically updating the General Plan and Zoning Ordinance. The Fund is typically used for consultant and other costs related to updates.	<u>Lead Department:</u> Community Development (Planning)

City of Sebastopol Fund Descriptions

Fund Type	Fund #	Restricted?	Fund	Fund Description	Responsible Department
Special Revenue	209	Restricted	Supplemental Law Enforcement Services Fund	The Supplemental Law Enforcement Services Fund receives funds from the State of California to supplement local law enforcement activities	<u>Lead Department:</u> Police
	210	Restricted	Asset Forfeiture Fund	The Police Seized Assets Fund accounts for properties seized by the Police Department during the normal course of police operation	<u>Lead Department:</u> Police
	211	Restricted	Transportation Grant Fund	The Transportation Grant Fund is a financial resource allocated to support transportation-related projects and initiatives. This fund is typically used to finance the development, improvement, and maintenance of transportation infrastructure, such as roads, bridges, public transit systems, and pedestrian pathways. The goal of the fund is to enhance the overall transportation network, improve safety, and promote sustainable and efficient transportation options.	<u>Lead Department:</u> Public Works/Engineering
	212	Restricted	Park in Lieu Fee Fund	The Park Improvement Fund receives revenue from new residential and hotel development to mitigate the impact of such new development on City park and recreational facilities. The use of revenues from the Fund is restricted to park and recreational capital improvements.	<u>Lead Department:</u> Community Development (Planning)
	213	Restricted	Traffic Impact Fee Fund	The Traffic Impact Fee Fund was established to reduce the traffic impacts caused by new development within the City limits and certain public improvements (transportation system infrastructure) and revenue collected from these fees shall be used solely to pay for the City's future construction of facilities or services or reimburse the City for facilities constructed by the City with funds advanced by the City from other sources.	<u>Lead Department:</u> Community Development (Planning)
	214	Restricted	Underground Utilities Fee Fund	The Underground Utilities Fee Fund is an in-lieu fee paid by development projects where the City Engineer has determined physical undergrounding of overhead utilities is not practical. The Fund is used for general City utility undergrounding projects.	<u>Lead Department:</u> Community Development (Planning)
	215	Restricted	Street Lighting Assessment District	Funds collected per CA act 1972, funds are collected through annual parcel assessments and used for the operation and maintenance of the Citywide street light system.	<u>Lead Department:</u> Public Works/Engineering <u>Contributing Department:</u> Administrative Services
	216	Restricted	Community Development Block Grant	Community Development Block Grant funds communities with resources to address a wide range of unique community development needs such as affordable housing, anti-poverty programs and infrastructure development.	<u>Lead Department:</u> Public Works/Engineering
	217	Restricted	Road Maintenance & Rehabilitation (SB1)	The Road Maintenance & Rehabilitation fund accounts for funds from the State of California under Road Repair and Accountability Act of 2017. The use of funds is similar but, not identical, to Gas Tax use rules and must be used for projects related to road maintenance and rehabilitation, safety projects, and traffic control devices.	<u>Lead Department:</u> Public Works/Engineering <u>Contributing Department:</u> Administrative Services
	218	Restricted	Park Land & Development Fee	Fees collected from development projects. This fund is used for the acquisition of land and development of new park facilities and/or to add additional amenities at the City's existing parks that increase the capacity of the park.	<u>Lead Department:</u> Community Development (Planning)
	219	Restricted	Gen Government Facilities Fee	Fees collected from development projects. This fund is used to fund government facilities to maintain the existing level of service the City provides. As new development occurs, the City will be required to expand general facilities to maintain the existing standard.	<u>Lead Department:</u> Community Development (Planning)
	220	Restricted	Fire Facilities Fee	Fees collected from development projects. Fees collected from development projects. This fund is used to fund new fire facilities that are necessary to maintain the existing level of service the City provides.	<u>Lead Department:</u> Building
	221	Restricted	Stormwater Facilities Fee	Fees collected from development projects. This fund is used to fund new development's fair share of stormwater facilities that are necessary to mitigate the impacts of new development in the City.	<u>Lead Department:</u> Public Works/Engineering
	233	Restricted	Human Services & Community Fund	Human Services & Community Fund accounts for revenue obtained by the solicitation of voluntary contributions from residents and property owners through water and sewer bills and other means of collection or fundraising activities to fund programs or activities which address the welfare of the City's residents regardless of all age, social status or income.	<u>Lead Department:</u> Administrative Services

City of Sebastopol Fund Descriptions

Fund Type	Fund #	Restricted?	Fund	Fund Description	Responsible Department
	240	Restricted	Police Grant Fund	Officer Wellness and Mental Health Grant Program established in the 2022 Budget Act (AB178, Chapter 45, Statutes of 2022 provides \$50 million for city and county law enforcement agencies for the purpose of improving officer wellness and expanding mental health sources. The funding may be used for any of the following purposes: Establishing or expanding officer wellness units. Establishing or expanding peer support units. Services provided by a licensed mental health professional, counselor or other professional that works with law enforcement. Expanding multiagency mutual aid programs focused on officer wellness and mental health. Other programs and services that are evidence-based or have a successful track record of enhancing officer wellness.	<u>Lead Department:</u> Police Department
	241	Restricted	Go Sonoma Roads (GSR)	Voters passed a measure in 2020 to extend Measure M (Roads) sales tax funding for an additional 20 years. Similar to Measure M (Roads), this fund is used for traffic and safety improvements, maintain roads, and build bikeways and pathways.	<u>Lead Department:</u> Public Works Director/City Engineer
	242-246	Restricted	Police Grants Funds	The Police Grants Fund accounts for grant activities and services paid and reimbursed by grant funding from Federal, State, County and local government agencies. These funds are designed for specific police services, activities and capital equipment. The current source of revenues is the Citizens Option for Public Safety or COPS grant used to augment public safety expenditures	<u>Lead Department:</u> Police
	248	Restricted	Measure H Fire Services	The passage of Measure H which sought to add a quarter-cent to the existing sales tax will benefit Sebastopol in responding to emergencies and addressing aging infrastructure needs.	<u>Lead Department:</u> City Manager
Internal Service	601	Unrestricted	Workers Compensation General Liability	The General Liability Fund covers the cost of the City's insurance policies and payments liability claims against the City. Revenue for this fund is derived from internal service charges to City departments	<u>Lead Department:</u> Administrative Services

RESOLUTION NUMBER: 6615-2024**CITY OF SEBASTOPOL****A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SEBASTOPOL ADOPTING A POLICY REGARDING THE USE OF REVENUE GENERATED BY THE SEBASTOPOL PUBLIC SAFETY, ROADS, CITY SERVICES MEASURE**

WHEREAS, on November 5, 2024, Sebastopol voters will consider Measure U, the Sebastopol Public Safety, Roads, City Services Measure; and

WHEREAS, if adopted, the Sebastopol Public Safety, Roads, City Services Measure will generate revenue through a ½-cent transaction and use tax (sales tax); and

WHEREAS, prior to placing the measure on the ballot, the City conducted a community priorities survey to gather feedback from residents regarding their priorities; and

WHEREAS, the top three issues identified in the community survey as a “high priority” by respondents: providing effective public safety, managing city finances, and responding to natural disasters; and

WHEREAS, maintaining and repairing City streets, and maintaining park, trails, bike lanes and the City pool were the next two issues that the respondents identified as a high priority; and

WHEREAS, the City Council desires to use revenue from the Sebastopol Public Safety, Roads, City Services Measure for the priorities identified by the community as high priorities; and

WHEREAS, if the measure is adopted, the City anticipates receiving two months of the revenue for fiscal year 2024-2025; and

WHEREAS, the City Council desires to adopt a spending policy identifying how it will use the revenue from the Sebastopol Public Safety, Roads, City Services Measure, if adopted by the voters.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Sebastopol adopts the following policy with respect to expenditure of revenue generated by the Sebastopol Public Safety, Roads, City Services Measure beginning for FY 2025-2026:

1. 40% of the revenue shall be allocated for maintaining and repairing City roads, streets, drainage, and parks.
2. Sufficient revenue shall be allocated for maintaining public safety, including retaining existing Police Department staffing levels and providing sufficient funding for fire services after the reorganization of such services with the Gold Ridge Fire Protection District.
3. If there is sufficient revenue allocated for items 1 and 2 above remaining revenues will be allocated to maintain Sebastopol’s City services such as 911 emergency medical/police/fire response, wildfire/emergency preparedness, maintenance of streets/roads, parks/trails, library, youth and senior services, retaining/attracting local businesses; and for general government use.

BE IT FURTHER RESOLVED that any revenue generated by the Sebastopol Public Safety, Roads, City Services Measure during FY 2024-2025 shall not be allocated until the fourth quarter of the fiscal year, once the actual revenues and expenditures for FY 2024-2025 are clearer.

The above and foregoing Resolution was duly passed, approved, and adopted at a meeting by the City Council on the 17th day of September, 2024, by the following vote:
