

CITY OF SEBASTOPOL CITY COUNCIL

AGENDA ITEM REPORT FOR MEETING OF: September 2, 2025

=====

To: Honorable Mayor and City Councilmembers
From: Sean McDonagh, Chief of Police
 Responsible Department: Police
Subject: Approval to Purchase of Police Vehicle in an amount not to exceed \$90,000 and to authorize the Interim City Manager to sign all documents related to purchase of said vehicle.

=====

RECOMMENDATIONS:

That the City Council approve to Purchase of Police Vehicle in an amount not to exceed \$90,000 and to authorize the Interim City Manager to sign all documents related to purchase of said vehicle.

EXECUTIVE SUMMARY:

Other than the purchase of a replacement and patrol vehicle in the 4th quarter of the FY2024/2025, the Sebastopol Police Department had not received a replacement patrol vehicle in the six (6) years prior. The department requested two (2) replacement vehicles during the budget approval process for FY2025/2026 to resolve the six (6) years absent of replacement vehicles, with only one (1) being approved during that budget process. The department will need to continue in future FYs to apply for purpose built replacement patrol vehicles to replace aging and inappropriate previous vehicle purchases to ensure adequate, reliable and safe delivery of public safety services to the City of Sebastopol residents and reduce liability to the city.

To ensure operational readiness and avoid unanticipated expenditures, it is critical to adhere to a consistent and strategic vehicle replacement schedule. This approach helps mitigate the risk of having to replace multiple vehicles in a single fiscal year, which could place a substantial and unplanned financial burden on the city, which the six (6) years of absent vehicle replacement is resulting in. A planned cycle also supports long-term budgeting and enables more efficient allocation of resources across future fiscal years.

Timely replacement of purpose-built police vehicles is essential to maintaining the reliability, safety, and effectiveness of public safety operations. Aging units are more prone to mechanical failures, which can lead to increased maintenance costs, reduced response times, and potential risks to both officers and the public.

BACKGROUND:

The department is currently operating with a significantly aged fleet, many of which have accumulated high mileage and are experiencing persistent and escalating maintenance issues. Chief Sean McDonagh has noted that prior to his tenure with the city, police vehicles were not maintained on a formal replacement schedule. As a result, no new vehicles were replaced over the past six years leading up to 2025.

This prolonged gap in fleet renewal has created an immediate and critical need to begin replacing outdated units to ensure officer safety, maintain reliable public safety services, and uphold emergency preparedness standards. Older patrol vehicles are increasingly expensive to maintain, often sidelined for extended periods due to major repairs, and more susceptible to sudden mechanical failures—any of which can cause dangerous delays in emergency response.

DISCUSSION:

The intense wear places extraordinary strain on both mechanical and electrical systems. Consequently, the condition of the fleet is directly tied to the department's ability to respond swiftly and safely to calls for service. Establishing and adhering to a consistent vehicle replacement schedule is essential not only for operational readiness but also for fiscal responsibility. It helps avoid the financial strain of having to replace multiple vehicles in a single fiscal year and supports long-term budget planning.

Unlike standard consumer vehicles, police patrol units endure extreme daily usage and are built for purpose, incorporating life saving and specific safety features unavailable in civilian vehicles. Police vehicles are operated for long hours under high-stress conditions, including frequent idling, rapid acceleration and braking, and high-speed travel.

A well-maintained, fully operational and purpose-built police specific fleet is not only essential for effective emergency response and officer safety, it also plays a critical role in community outreach, visibility, and the delivery of essential public safety services. Ensuring that officers have dependable vehicles supports both the safety of our personnel and the community they serve.

STAFF ANALYSIS:

In the first quarter of FY2024–25 and for the first time in six (6) years, the department acquired one police vehicle using the Endowment Fund. The original plan was to purchase two vehicles within that fiscal year using the same fund. However, due to unforeseen delays, only one vehicle was procured in October 2024. The department had intended to purchase the second vehicle later in May 2025, but due to an unforeseen delay and an oversight, the budget for that purchase was not carried forward.

As a result, a separate staff report was submitted to seek the City Council approval to carry over the unused portion of the Endowment Fund from FY2024–25 into FY2025–26 to fulfill the original two-vehicle acquisition plan.

This vehicle purchase is already authorized in the adopted FY2025–26 budget, with funding allocated from the Vehicle, Building, and Infrastructure Fund. As of the close of FY2024–25, the Equipment, Technology & Vehicles Fund had a cash balance of \$1,034,000. For FY2025–26, \$158,000 has been budgeted from this fund to support two key expenditures:

- The purchase of a police vehicle
- A shared cost contribution toward a Public Works backhoe tractor

After accounting for these planned expenditures, the estimated remaining balance in the fund will be \$876,000.

CITY COUNCIL GOALS/PRIORITIES; AND/OR GENERAL PLAN CONSISTENCY:

This agenda item represents the City Council goals/priorities as follows:

Goal 2: PUBLIC SAFETY

Strengthen the public's safety and improve the quality of life. Includes supporting our first responders (police, fire, public works), responding to emergencies, protecting people, property, and businesses, and engaging in emergency preparedness community outreach, public education and prevention activities.

PUBLIC COMMENT:

As of the writing of this staff report, staff have not received any public comments. If staff receive public comment from interested parties following the publication and distribution of this staff report such comments will be provided to the City Council as supplemental materials before or at the meeting.

COMMUNITY OUTREACH:

This item has been noticed in accordance with the Ralph M. Brown Act and was available for public viewing and review at least 72 hours prior to the scheduled meeting date. The city has also used social media to promote and advertise the City Council Meeting Agenda Items.

FISCAL IMPACT:

The estimated cost for the vehicle is approximately \$80,000, as detailed in the table below. However, the department is requesting \$90,000 to account for potential price fluctuations due to tariffs, supply chain disruptions, or unforeseen increases in equipment and upfitting costs. This buffer ensures the purchase can proceed without delay or the need for additional funding adjustments. The \$90,000 allocation has been budgeted and approved in the FY25–26 Equipment, Technology & Vehicles Fund. Therefore, City staff is asking for approval to authorize the Interim City Manager to sign any related documents related to this purchase.

Categories	Estimated Cost
Vehicle	54,920.00
Signs	2,168.85
Equipment	22,692.49
Total	79,781.34

RESTATED RECOMMENDATION:

1. That the City Council approves the purchase of a replacement patrol vehicle
2. Approve the Interim City Manager’s signing authority for the purchase.

OPTIONS:

1. That the council approve the budgeted purchase from the police budget and provide the Interim City Manager signing authority for the purchase
2. That the Council deny the budgeted purchase and Interim City Manager’s signing authority and provide direction to staff.

ATTACHMENTS:

Estimate from Ford for vehicle purchase
 Estimate for vehicle upfit for police equipment
 Estimate from recent marking of patrol vehicle

Resolution

APPROVALS:

The proposed action is not a project under the California Environmental Quality Act (CEQA)

Selected Equip & Specs

Dimensions

- Conventional Capacity: 5,000 lbs.
- Vehicle body length: 198.8"
- Vehicle body height: 69.3"
- Front track: 66.9"
- Interior rear cargo volume: 52.0 cu.ft.
- Max interior rear cargo volume: 90.3 cu.ft.
- Headroom first-row: 40.7"
- Leg room first-row: 43.0"
- Shoulder room first-row: 61.8"
- Hip room first-row: 59.3"
- GCWR: 10,500 lbs.
- Vehicle body width: 82.6"
- Wheelbase: 119.1"
- Rear track: 66.9"
- Interior rear cargo volume with seats folded: 90.3 cu.ft.
- Total passenger volume: 118.0 cu.ft.
- Headroom second-row: 40.4"
- Leg room second-row: 40.7"
- Shoulder room second-row: 61.3"
- Hip room second-row: 59.1"

Powertrain

- Spark ignition system
- Engine cylinders: V-6
- Torque: 260 lb.-ft. @4000 RPM
- Heavy-duty radiator
- 10-speed automatic
- All-wheel drive
- Easy Fuel capless fuel filler
- Permanent locking hub control
- Hybrid torque 322.0 lbs.-ft.
- 3.3L V-6 port/direct injection, DOHC, variable valve control, engine with 285HP
- Horsepower: 285 HP @6500 RPM
- Engine oil cooler
- Hybrid electric motor starter
- Automatic full-time AWD
- Recommended fuel: regular unleaded
- All-speed ABS and driveline traction control
- 318.0 hybrid net horsepower

Fuel Economy and Emissions

- Gasoline secondary fuel type
- ULEV II emissions

Suspension and Handling

- Standard ride suspension
- Gas-pressurized rear shock absorbers
- Gas-pressurized front shock absorbers

Driveability

- 4-wheel disc brakes
- 4-wheel antilock (ABS) brakes
- Regenerative brakes
- Hill start assist
- Strut front suspension
- Front coil springs
- Rear anti-roll bar
- Electric power-assist steering system
- Front and rear ventilated disc brakes
- Four channel ABS brakes
- Brake assist system
- Independent front suspension
- Front anti-roll bar
- Independent rear suspension
- Multi-link rear suspension
- Rack-pinion steering

- Height adjustable front seat head restraints
- Manual reclining driver seat
- Power driver seat fore/aft control
- Power reclining passenger seat
- Power passenger seat fore/aft control
- Fixed rear seats
- Split-bench rear seat
- Front passenger seat with 2-way power lumbar
- Manual front seat head restraint control
- Power height adjustable driver seat
- Power driver seat cushion tilt
- Power height adjustable control passenger seat
- Power passenger seat cushion tilt
- Height adjustable rear seat head restraints
- Driver seat with 2-way power lumbar
- Cloth front seat upholstery

Entertainment Features

- 1 total number of 1st row displays
- Primary touchscreen display
- AM/FM
- AM radio
- Seek scan
- External memory control
- Speakers number: 4
- Voice activated audio controls
- Wireless audio streaming
- 8 inch primary display
- AM/FM stereo radio
- In-vehicle audio
- FM radio
- Auxiliary input jack
- Standard grade speakers
- Steering wheel mounted audio controls
- Speed sensitive volume
- Integrated roof audio antenna

Lighting, Visibility and Instrumentation

- Metal-look instrument panel insert
- Trip odometer
- In-radio display clock
- Driver information center
- Engine/electric motor temperature gauge
- Traction battery level gauge
- Deep tinted windows
- LED low and high beam headlights
- Multiple enclosed headlights
- Speed sensitive wipers
- Rear reading lights
- High mounted center stop light
- Fade interior courtesy lights
- Digital/analog instrumentation display
- Full gauge cluster screen
- Redundant digital speedometer
- Tachometer
- Engine hour meter
- Gauge cluster display size (inches): 12.30
- Projector beam headlights
- Auto on/off headlight control
- Variable intermittent front windshield wipers
- Front reading lights
- Variable instrument panel light
- LED brake lights

Technology and Telematics

- Vehicle integrated emergency SOS system
- Smart device mirroring
- 2 USB ports
- Bluetooth handsfree wireless device connectivity
- Fleet Telematics Modem selective service internet access

ESTIMATES

Thank you for the opportunity to work with you. Please read the following important notes:

IMPORTANT: Due to uncertainty in raw material costs, estimates expire 10 days from the date it was issued, after which time new estimates may be subject to market price fluctuations.

PRICING: Our minimum order is \$65, including a \$47 production set up fee. Where the client is NOT providing usable, print ready artwork, graphic design services will be a discounted rate of \$30 for the first 30 minute. Our standard rate of \$100/hour applies thereafter.

RUSH ORDERS: Our typical turnaround for items produced in house is 2-3 days. If you need an order on a rush basis, ask. Same day turn around (on orders received and approved before 12noon) will incur a minimum rush fee of \$50.

PAYMENT: Payment for custom products is required in advance for all orders of \$2,000 or less. For payments greater than \$2,000, a deposit of no less than 60% will be required, with the deposit varying depending on product type. Because this is custom work, we do not offer refunds, returns or cancellations once your order is moved into production. Credit terms are available for regular, high volume clients upon request, at our sole discretion. A 3.5% surcharge may be added on all credit card payments of more than \$2,000.

CHANGES: This estimate provides our best pricing based on our understanding of the project. Changes to the project will result in adjustments to this cost, in which case you will be notified prior to proceeding. Graphics removal, for example, will vary based on type and condition of vinyl at time of removal.

PERMITS: Many types of signs require permits - those requirements vary by local jurisdiction. It is the responsibility of the sign purchaser to comply with municipal or county sign permitting requirements. We can assist in the preparation of permit applications and obtaining permits on your behalf, and are happy to add those services to your estimate if desired.

RESOLUTION NUMBER: XXXX-2025

CITY OF SEBASTOPOL

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SEBASTOPOL AUTHORIZING PURCHASE OF A POLICE PATROL VEHICLE FROM POLICE BUDGET AND AUTHORIZE THE INTERIM CITY MANAGER TO SIGN ALL DOCUMENTS RELATED TO PURCHASE AND UPFIT OF THE SAID VEHICLE

WHEREAS, the City of Sebastopol Police Department currently operates with an aging vehicle fleet that has accumulated significant mileage and wear due to routine patrol operations; and

WHEREAS, to ensure operational readiness and minimize unanticipated expenditures, it is critical to follow a consistent vehicle replacement schedule; and

WHEREAS, the majority of the current fleet is more than 10 years old, with high mileage and a history of increasingly costly mechanical issues; and

WHEREAS, ensuring that officers have dependable vehicles supports both the safety of our personnel and the community they serve; and

WHEREAS, estimated cost for this purchase is approximately \$90,000 and was approved for purchase in the FY2025/26 Equipment, Technology & Vehicle (Fund 104).

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Sebastopol does hereby approve purchase of a patrol vehicle from the police budget and authorize the Interim City Manager to sign all documents related to the purchase and upfit of the said vehicle

The above and foregoing Resolution was duly passed, approved, and adopted at a meeting by the City Council on the 2nd day of September, 2025, by the following vote:

I, the undersigned, hereby certify that the foregoing Resolution was duly adopted by the City of Sebastopol City Council by the following vote:
