

CITY OF SEBASTOPOL CITY COUNCIL

AGENDA ITEM REPORT FOR MEETING OF: June 3, 2025

=====

**To:** Honorable Mayor and City Councilmembers

**From:** Ana Kwong – Administrative Services Director  
Terry Madsen – Principal, ClearSource Financial Consulting

**Subject:** Updating Schedule of User and Regulatory Fees for Use in Fiscal Year 2025-26

=====

**RECOMMENDATION:**

Adopt Resolution Updating and Establishing User and Regulatory for use in Fiscal Year 2025-26.

**EXECUTIVE SUMMARY:**

On September 15, 2020, the City Council adopted an updated Schedule of User and Regulatory Fees based on the results of a comprehensive cost of service study. During interim years (i.e., during years in between comprehensive studies) the City Council has authorized inflationary adjustments to fees.

This year represents an interim year update, with updates primarily intended to apply the authorized inflationary adjustments and to incorporate feedback received after adoption of the City’s current schedule of fees. In addition to authorized inflationary adjustments, non-inflationary adjustments are proposed to more closely align building permit fees to the City’s cost of service.

**BACKGROUND:**

The City Council establishes user and regulatory fees. The City’s fee schedule is a compilation of fees for City services provided to members of the public. The advantages of updating the City’s user and regulatory fees include assuring that fees are set based on current costs and approved cost recovery objectives while providing transparency in the fee structure for the City’s development-related and other municipal fees.

The fee schedule identifies fees for services and activities provided at the request of, or on behalf of, a single party as opposed to the public at large. Examples of user and regulatory fees collected by the City of Sebastopol and municipalities throughout California include, but are not limited to:

- Planning Fees, such as entitlement review and review for compliance with the zoning code.
- Building Fees, such as permitting new construction or modifications to existing structures.
- Engineering Fees, such as map review, encroachment permitting, and public improvement review.
- Fire Prevention Fees, such as fire sprinklers, fire alarm, and other permit review for compliance with Fire Code.
- Police Fees, such as vehicle impound and false alarm response.
- Reserved Park Area, Facility Use Fees, and Special Event Fees.

User and regulatory fees specifically exclude:

- Taxes
- Assessments
- Franchise Fees
- Development Impact Fees
- Fines or Penalties
- Utility Rates and Services Charges

Industry best practice and California statute are in harmony: User and regulatory fees should be set according to

the estimated reasonable cost of service and should bear a fair and reasonable relationship to the payer's burdens on, or benefits received from the activities and/or services provided by the City. Recovering the costs of providing fee-related services directly influences the City's goal of maintaining fiscal stability while continuing to provide quality essential services.

Additionally, ongoing review and adjustment of fees provides multiple benefits, including:

- Increasing the availability of General Fund revenues to be used for services and activities available to all Sebastopol residents and businesses, such as public safety services.
- Keeping pace with general cost inflation.
- Avoiding fee spikes that are more likely to occur when municipalities leave fees unchanged for a multiyear period.
- Providing fee payers, city staff, and city policymakers with a pattern of consistency that provides information for forecasting and decision-making purposes.
- Helps meet fee-payer service level expectations by collecting fees to fund the existing level of services provided.
- Encouraging generational equity among fee payers by avoiding long-term stagnation of fees followed by significant fee increases.

The fee schedule is intended to be reviewed annually by City staff as part of the normal course of operations. Typically, a cost of service study is anticipated to be completed every three to five years with incremental updates occurring in the years in between comprehensive studies. This update represents an interim year update with minor, incremental, changes proposed that incorporate feedback received during prior fee studies and feedback received after adoption of the City's current schedule of fees.

#### **ANALYSIS:**

During interim years (i.e., during years in between comprehensive fee studies) the City Council has authorized inflationary adjustments to fees. The inflationary adjustments are based on the annual percentage change in the all-urban Consumer Price Index for Consumer Price Index All Urban Consumers, San Francisco-Oakland-Hayward, CA (CPI). For FY 2025-26, the annual percentage change in CPI was 2.76%.

The following provides a brief overview of this update:

- No new fees are proposed as part of this update.
- A total of 375 fees are proposed to increase by 2.76%, remain unchanged, or reflect minor adjustments.
- All fees' reduction/waiver shall require Council approval.

#### **COMMUNITY OUTREACH:**

This item has been noticed in accordance with the Ralph M. Brown Act and was available for public viewing and review at least 72 hours prior to the scheduled meeting date.

#### **FISCAL IMPACT:**

The anticipated fiscal impact is a \$40,000 increase in General Fund revenues. These adjustments are intended to reflect the gradual rise in costs due to inflationary pressures. The recalibration of these fees is designed to offset existing expenditures and needs, rather than serve as a source of funding for expanded service levels. The budget includes \$6,300 to engage Clearsource for supporting staff with this annual fee update.

**RESTATED RECOMMENDATION**

That the City Council approves the Resolution Approving the Master Fee Schedule for Fiscal Year 2025-26.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SEBASTOPOL UPDATING AND  
ESTABLISHING USER AND REGULATORY FEES

---

WHEREAS, the City Council establishes user and regulatory fees to offset all, or portions of, the costs of providing various services that are of a specific benefit to applicants or service recipients that are both separate and apart from the communitywide benefit to the public; and

WHEREAS, on September 15, 2020, the City Council adopted Resolution No.6313-2020, Updating and Establishing User and Regulatory Fees; and

WHEREAS, the resolution authorized annual update to fees based on the annual percentage change in the all-urban Consumer Price Index for Consumer Price Index All Urban Consumers, San Francisco-Oakland-Hayward, CA (CPI). If the CPI does not change or goes down in a given year, no change shall be made to the fee schedule that year; and

WHEREAS, this update to the fee schedule is intended to reflect the annual inflationary adjustments authorized by the City Council; and

WHEREAS, the City intends to periodically update fees based on findings of the User and Regulatory Fee Study prepared in 2020, and feedback received subsequent to completion of the study; and

WHEREAS, the City Council hereby finds that the User and Regulatory Fee Study prepared in 2020 and supporting documentation provides adequate evidence to conclude that the revised fees do not exceed the cost to provide the services for which the fees are charged; and

WHEREAS, this action is found to be in compliance with the requirements of California Government Code § 66016 and 66018; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sebastopol that:

1. Each recital set forth above is hereby adopted as a specific finding of this City Council.
2. The City Council hereby adopts the fees as set forth in Exhibit "A", attached hereto and incorporated by this reference.
3. Any and all fees established by prior resolutions of the City Council for the services, programs or products set forth in Exhibit "A," are hereby repealed and replaced as of the effective date of this Resolution in the manner set forth in Exhibit "A;" provided, however, that such repeal shall not excuse or affect the failure of any person or entity to pay any fee heretofore imposed upon such person or entity. Any City fee or charge not identified in Exhibit "A" have not been modified from prior resolutions shall remain in full force and effect.

I, the undersigned, hereby certify that the foregoing Resolution was duly adopted by City of Sebastopol City Council following a roll call vote:

### Building Permit Fees

#### Determination of Valuation for Fee-Setting Purposes

• Project valuations shall be based on the total value of all construction work, including all finish work, roofing, electrical, plumbing, heating, air conditioning, elevators, fire-extinguishing systems and any other permanent equipment. If, in the opinion of the Building Official, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the Building Official. Final building permit valuation shall be set by the Building Official. The final building permit valuation shall be set at an amount that allows the City to recover its costs of applicant plan check, permit and inspection activities.

**Note: For construction projects with permit fees calculated using Section B additional fees apply for permit issuance. Additional fees may apply for services provided by other City Departments (e.g. Planning Review), Technology Enhancement Fees, Fees Collected on Behalf of Other Agencies (e.g. State of California), etc.. Additional fees apply for plan review, when applicable.**

[b] Includes review of minor amendments if no Design Review Board hearing is required; and, Administrative Design Review where required by Code or approved by Commission.

[c] To review request for relief of certain provisions to upgrade ADA on private property.

[d] For amounts paid by credit card.

[e] Fixed fees include up to three plan reviews and initial inspection/re-inspection. Excess reviews or inspections will be billed hourly.

\* Applicants shall be responsible for any additional materials, attorney, peer review, or outside agency costs (e.g. postage, public noticing, peer review, County Recorder-Clerk Office, Department of Fish and Wildlife, etc.).

Full Cost Deposits and Deposit Replenishment Policy
Applicants for full cost (deposit-based) submittals shall pay for all City staff and contract service provider time and materials required to process the application. A full cost reimbursement agreement shall be included with the project application submittal package. Projects outside the scope of this fee schedule will be subject to a full cost reimbursement agreement to be approved by the City Manager and/or City Council. This reimbursement agreement will include the identification of a work program and will include cost estimates for both City staff time and consultant services based on a defined scope of work.
Initial deposits will be collected and held by the City in a deposit account at the time the application is submitted. Project billing amounts will be drawn from the deposit account. If the deposit is reduced to below 20% of the initial deposit amount, the applicant will be notified and required to supplement the deposit account with an additional amount.
When more than one full cost application is submitted, the sum total of the initial full cost deposit amount may be reduced by up to 20% at the discretion of the Planning Director.
Funds expended for staff time shall not be dependent upon the City's approval or disapproval of the application request. Any deposit amounts remaining after final project close out will be returned to applicant (less bond amounts held by the City).
As may be required by the Planning Department or Public Works Department for project evaluation or environmental review, all payment for attorney and consultant work shall be the responsibility of the applicant.

----------------------	---------------------	------------------------------------	----------------------	-------------------------------------	--------------	------

[a] For amounts paid by credit card.

\* Fixed fees include up to three plan reviews and initial inspection/re-inspection. Excess reviews or inspections will be billed hourly.

\*\* Applicants shall be responsible for any additional materials, attorney, peer review, or outside agency costs (e.g. postage, public noticing, peer review, County Recorder-Clerk Office, Department of Fish and Wildlife, etc.).

### Overview of Fee Structure

Fees may be either fixed fees, or Full Cost Recovery with Minimum Amount Due. When a fee is Full Cost Recovery with Minimum Amount Due, the minimum total amount charged shall be the amount shown in the Minimum Fee Column. The City reserves the right to collect amounts in excess of the minimum fee when City costs or other review costs (e.g. consultant, County, attorney, etc.) exceed this amount.

### Use of Full Cost Recovery with Minimum Amount Due

For fees collected using Full Cost Recovery with Minimum Amount Due, the City will provide an accounting of internal costs and other related costs (e.g. consultant, County, attorney, etc.), to support any amounts billed in excess of the minimum amount due.

### Full Cost Deposits and Deposit Replenishment Policy

Applicants for full cost (deposit-based) submittals shall pay for all City staff and contract service provider time and materials required to process the application. A full cost reimbursement agreement shall be included with the project application submittal package. Projects outside the scope of this fee schedule will be subject to a full cost reimbursement agreement to be approved by the City Manager and/or City Council. This reimbursement agreement will include the identification of a work program and will include cost estimates for both City staff time and consultant services based on a defined scope of work.

Initial deposits will be collected and held by the City in a deposit account at the time the application is submitted. Project billing amounts will be drawn from the deposit account. If the deposit is reduced to below 20% of the initial deposit amount, the applicant will be notified and required to supplement the deposit account with an additional amount.

When more than one full cost application is submitted, the sum total of the initial full cost deposit amount may be reduced by up to 20% at the discretion of the Planning Director.

Funds expended for staff time shall not be dependent upon the City's approval or disapproval of the application request. Any deposit amounts remaining after final project close out will be returned to applicant (less bond amounts held by the City).

As may be required by the Planning Department or Public Works Department for project evaluation or environmental review, all payment for attorney and consultant work shall be the responsibility of the applicant.

### Refund Policy

Application fees are not refundable except as follows:

- A. Refund of 100% shall be made if a determination is made by the City Engineer that the permit and associated fee are not required by the City's Municipal Code or adopted City Resolution.
- B. If an applicant requests to withdraw a fixed fee application prior to project evaluation, refund of 50% of the applicable fee shall be refunded.
- C. No refund of application fees shall be made after initial project evaluation has commenced, unless a fee waiver is approved by the City Council.

- (1) Fee includes up to two plan checks or three inspections. Additional costs to be recovered at staff hourly rate. Fees are per building.
- (2) Fee includes up to two plan checks or two inspections. Additional costs to be recovered at staff hourly rate. Fees are per building.
- (3) Actual costs - may also be charged by actual costs using the fully burdened hourly rates plus any outside consultant costs if applicable.
- (4) Fee includes plan check and up to two inspections. Additional costs to be recovered at staff hourly rate.
- (5) Fee includes research and up to two inspections. Additional costs to be recovered at staff hourly rate.
- (6) Each fee listed in this schedule is based on the estimated number of hours required to perform a standard service request. The standard number of hours estimated can be calculated by dividing the fee amount by \$178, the Division's fully-burdened hourly rate. For example, a fee amount of \$356 assumes roughly 2.00 hours will be required to perform a standard request for the fee related service. Review and inspection efforts that exceed the standard number of hours used to calculate the fee by more than one hour will be billed hourly for any time spent in excess of the standard hours built into the fee.
- (7) Inspection outside normal work hours will require hourly fees in addition to other required fees.
- (8) For amounts paid by credit card.
- (9) Use staff hourly billing or OES rates.
- (10) Planning submittals for fire review and related correspondence, meetings, etc. may be charged for at hourly rate during the construction plan review.
