To city council members of Sebastopol, After some reading I have come to find that recology will be less expensive for the majority of customers going forward. On top of this in upholding efforts to be a green city, Recology has its own recycling plant making for less movement of waste and therefore reducing green house gases on the whole. Please consider retaining Recology for waste management , Shannon Williams 7416 Calder Ave, Sebastopol, CA 95472
