Hello City Council members,

I am in STRONG support of continuing PorchFest. At this time in our history that is filled with chaos, uncertainty, and unlawful acts on innocent people, we need ways to build a sense of community and experience joy.

Music has been a community builder throughout history. It raises our spirits. Last year the event generated much joy and excitement!

I urge you to continue PorchFest this year AND minimize increased permit fees and other costs.

Thank you,

Sharon
