I. INTRODUCTION AND GENERAL PROVISIONS

A. PURPOSE

The City has established a personnel management system consistent with the following merit system principles which are intended to:

- Institute equitable and uniform procedures for managing personnel matters;
- Attract the most competent workforce available to municipal service;
- Ensure that appointment/advancement of employees is based on merit and ability; and
- Provide reasonable job security for regular employees.

This Resolution is designed to outline the personnel rules, and general administrative policies that govern employment with the City of Sebastopol (“City”). These are policies and procedures which apply to ALL employees regardless of departments and bargaining units. Employees who are exempt from certain provisions of these Rules are listed below in the section title “Application of Personnel Rules”. This manual does not create any contract of employment, expressed or implied, or any rights in the nature of a contract.

The rules, policies and procedures contained in this manual supersede any and all previously issued City policies, procedures, or rules related to matters discussed in the manual.

Circumstances will require that rules, policies, procedures, and benefit programs described in this manual change from time to time. Consequently, subject to any meet and confer obligations under the Meyers-Miliias-Brown Act (“MMBA”), Government Code section 3500 et seq., the City reserves the right to amend, supplement, or rescind any provisions of this manual.

Prior to any such change, the City will provide advance written notice of its intentions to labor organizations and afford the opportunity to meet and confer on the impact of the proposed change(s) upon represented employees.

B. AUTHORITY

The City Council of the City has approved the provisions of these Personnel Rules. The City Council must approve all additions, amendments and revisions to the personnel policies and procedures contained in this manual.

C. ADMINISTRATION

These personnel rules do not preclude the City Manager (or designee) from developing and administering supplemental departmental rules or policies as long as they do not conflict with these rules, other Council resolutions and ordinances, existing laws, or memorandums of understanding.

Further, the City Manager (or designee) is responsible for implementing, administering, and ensuring compliance with the provisions of this manual. In the event any provision of this manual needs clarification, the City Manager may issue administrative instructions clarifying the intent of said provision as adopted by the City Council. The City Manager may develop and issue procedures, consistent with this manual, to facilitate the manual’s implementation.

D. CONFLICTING POLICIES

If there is any conflict between the policy or practices stated in a provision of these Rules and an applicable adopted Memorandum of Understanding between the City and a Recognized Employee Organization, the provisions contained in the Memorandum of Understanding will prevail.

The Rules are subject to all current and future applicable federal, state and local laws and regulations. If any part or provision of the Rules is in conflict or inconsistent with such applicable provisions of federal, state or local laws or regulations, or is otherwise held to be invalid or unenforceable by any court of competent jurisdiction, such parts or provisions will be suspended and superseded by such applicable law or regulations, and the remainder of the Rules will not be affected thereby.

Members of the City's management team may issue additional departmental policies as deemed necessary for the efficient administration of particular units of the organization. However, such policies shall not conflict with these Rules. In cases where there is deemed to be a conflict between a unit policy or rule and these Rules, these Rules will prevail.

E. DUTIES OF PERSONNEL OFFICER

The Personnel Officer of the City is the City Manager. The City Manager may delegate any personnel powers or duties to another employee of the City or may recommend to the City Council that certain personnel powers or duties be performed under contract by a qualified individual or firm. The City Manager will:

- Prepare and recommend personnel rules and revisions of personnel rules to the City Council.
- Administer all the provisions of the City's personnel system not specifically reserved to the City Council.
- Appoint all department directors and employees of the City, except the City Attorney, City Clerk, and City Treasurer.

F. APPLICATION OF PERSONNEL RULES

The provisions of these Personnel Rules will apply to all regular employees, except as described below. Except as noted below, these Rules do not apply to the following employees or officials:

- Elected or appointed City Council Members.
- Members of appointive boards, commissions, committees and agencies (unless they are also regular City employees).
- City Manager, City Attorney, City Treasurer, and City Clerk, who report to the City Council and the Public Works Director/City Engineer, Public Works Director, and Community Development Director, who report to the City Manager, and are "at-will" employees of the City, employed under an individual employment agreement.

All employees will receive, or be provided access to, a copy of this manual when they are hired. The manual may be updated from time to time and be redistributed, and available on the City's website or in the Finance Department. The City may require employees to sign a statement of receipt acknowledging that: a) he or she has received a copy or has been provided access to the manual; and b) understand that he or she is responsible to read and become familiar with the contents of the manual. Changes or revisions to this manual will be provided in writing, in advance, to employees after advance notice to and process with labor organizations as described in section 1A.

II. CLASSIFICATION PLAN

A. PURPOSE

As defined in the Sebastopol Municipal Code Section 2.60.040, all regular positions of employment in the City which are described by and budgeted for by Council action, and are of indefinite duration, will be organized by the Personnel Officer into a classification plan and presented to Council for approval. Appointments to such positions will be made consistent with these Rules. The purpose of the classification plan is to provide accurate descriptions and specifications for each class of employment in City service.

B. CLASSIFICATION SYSTEM

In order to facilitate equitable employment and compensation practices, a classification system shall be implemented which groups positions which are similar as to duties performed, degree of responsibility exercised, supervision received or given, and other relevant job factors, so that the same title and schedule of compensation will be applied to each position in the group, and substantially similar measures of required qualifications, and acceptable job performance will also be applied to each position in the group. The Personnel Officer will develop descriptions for each job classification. Such job descriptions will contain a descriptive title, a definition of purpose for the position, typical and essential, but non-exclusive list of duties performed by positions in the classification, general qualifications and typical demands of the work environment. Job classification descriptions are intended to be descriptive and explanatory, not restrictive, and should not be construed as limiting the ability of the City Manager to assign related duties as needed to any position.

C. RECLASSIFICATION

As position duties and general qualifications change from time to time or the needs of the organization change, and new duties are added or deleted, management may consider it necessary to conduct a classification study or job audit to determine the most appropriate classification for a position. Such a study may also be requested by an employee or representative of a bargaining unit. Upon determining that cause for such a study exists, the Personnel Officer may undertake, or cause to be undertaken, a study of a position or positions and will determine the most appropriate classification based on the findings and recommendations of the study. The City will offer to meet and confer over the impacts of any changes to working conditions or classification changes that come out of a reclassification or changes to existing represented classifications.

III. APPOINTMENT OF EMPLOYEES

A. GENERAL POLICY

All employees shall be appointed by the Personnel Officer except as noted in Section I above. Appointments may be regular full-time, regular part-time, or temporary, depending on the needs of the City. The Personnel Officer may delegate recruitment and selection responsibilities at his or her discretion. The City's employment processes will be conducted in a manner that is fair, efficient, and results in the employment of qualified candidates.

B. DEFINITION

Regular Full-Time Employee

Employees in this category have successfully completed a probationary period and regularly work a minimum of forty (40) hours per week. Employees in this status are required to participate in the State retirement program (CalPERS), and are eligible to participate in all benefit programs offered by the City subject to the terms, conditions and limitations of each benefit program.

Regular Part-Time Employee

Employees in this category have successfully completed a probationary period and regularly work more than twenty (20) hours but less than forty (40) hours per week. Employees in this status are required to participate in the State retirement program (CalPERS), and may participate in other benefits at the City, on a prorated basis and as defined by Federal or State law.

Temporary Help

The City may hire full-time or part-time temporary help to assist City personnel in the accomplishment of specific projects or business goals. Such temporary help will be hired for less than nine hundred sixty (960) hours each fiscal year.

Temporary employees are paid on an hourly basis and are not eligible to participate in any benefits other than those that are mandated by State and/or Federal laws and regulations. Temporary employee status is not considered for seniority or benefit longevity purposes if the employee is subsequently hired as a regular full-time or regular part-time employee.

Disaster Workers

Government Code §3100-3109 designates all public employees as disaster workers in protection of State citizens and resources. As disaster workers, employees are required to serve during a State or local emergency providing disaster service activities as assigned by a City supervisor or manager.

C. RECRUITMENT PROCEDURES

The City may utilize any legitimate procedure for attracting and selecting qualified applicants. Recruitment techniques may vary depending on the type of position, availability of qualified candidates, economic climate, and other considerations which may exist. Recruitments shall be

conducted in accordance with equal employment opportunity principles. Recruitments may be open or may be limited to City employees, depending on the City's needs. When necessary to meet requirements for filling positions, the closing date for any selection process may be indefinite and applicants may be evaluated continuously in such manner and at such times and places as may be determined by the Personnel Officer.

When in the best interest of the City, the City Manager may make appointments of qualified persons through an equitable and compliant internal recruitment process.

The City Manager may authorize the transfer of an employee from one position in a department to another position of the same or comparable classification in another department. Any employee transferred to a different position must possess the minimum qualifications for the position.

D. APPLICATIONS & OTHER MATERIALS

Application materials shall require information covering training, experience, and other pertinent information designed to determine the most-qualified applicant. All applications and selection procedure materials are confidential records and shall not be returned to applicants. Falsification or misstatement of material facts on application materials or during the selection procedure may result in rejection of the applicant or dismissal of the employee at any time. No applicant information shall be asked that is prohibited under any state or federal law.

E. SELECTION PROCEDURES

All selection procedures are designed to assess the job-related qualifications of each applicant and consistent with merit system principles. The City may utilize any legitimate objective method to determine the qualifications of applicants, including without limitation, written tests, physical agility tests, oral examinations, training and experience review, panel interviews, assessment centers, and oral interviews. The methods used shall be impartial and fairly measure the relative capacities of the candidates to execute the duties and responsibilities of the job. As required by law, reasonable accommodation will be made for applicants with disabilities. The City may hold the selection processes itself or contract with any competent organization or individual to prepare and/or administer selections procedures.

F. BACKGROUND & MEDICAL VERIFICATIONS

As part of the pre-employment procedure, applicants may be required to supply references, and submit to a thorough background check. In addition, all employees must be physically and mentally capable of performing the essential functions of their jobs with or without reasonable accommodation. The City has the right to conduct a complete and exhaustive background investigation on all applicants seeking employment, including a criminal background check, where applicable, and a medical and/or psychological examination by City-retained medical practitioners, where deemed appropriate by the City. However, any medical or psychological examination shall be conducted only after a conditional job offer has been made, in accordance with applicable law.

G. DISQUALIFICATION

The Personnel Officer may disqualify any candidate for any legitimate reason. An applicant has no right to grieve or appeal any such actions by the City. Any one or more of the following reasons may result in disqualification.

- Improperly Completed Application: The applicant did not properly complete the application materials.
- Minimum Qualifications: The application indicates on its face that the applicant does not possess the minimum qualifications for the position.
- Essential Duties: The applicant is unable to perform the essential functions of the position sought, with or without reasonable accommodations.
- Illegal Drugs: The applicant is currently using illegal drugs.
- Legal Right to Work: The applicant is not legally permitted to work within the United States.
- False Statements: The applicant has made false statement of any material fact or practiced or attempted to practice deception or fraud in making the application for employment.
- Close marital or familial relationship to a direct or indirect supervisor over or subordinate under the direction of the position they will be filling, if selected.
- Material Cause: Material cause, in the judgment of the Personnel Officer, is circumstances which would render the applicant unsuitable for the position, including but not limited to a prior resignation from the City, termination from the City or other employer, significant disciplinary action by City or other employer, or conviction of a crime which has a nexus to and may have an adverse impact on the applicant's ability to perform the job for which the applicant is applying.

Re-employment: Except for employees rehired after layoff in accordance with Section XII of these Rules, rehired former employees are considered new employees from the effective date of their re-employment for all purposes, including the calculation of benefit levels.

IV. **PROBATIONARY PERIOD**

A. PURPOSE

The probationary period will be regarded as a part of the selection process and will be utilized for determining the employee's ability to perform satisfactorily the duties of the position.

B. DURATION

Except for appointments to positions within the Police Department, all appointments to regular employment are subject to a probationary period of not less than six (6) months or more than twelve (12) months actual service subsequent to appointment. Probationary periods longer than six months are documented in the job classification.

Appointments to regular positions within the Police Department are subject to a probationary period of not less than eighteen (18) months actual service after appointment.

Promotional appointments to positions within the Police Department are subject to a probationary period of not less than twelve (12) months actual service subsequent to appointment.

Probationary periods may only be extended with approval of the City Manager for a maximum of six months to provide additional assessment, training, and guidance or for approved leaves and protected medical absences longer than two weeks. Should this become necessary, the City will document the reasons for extension, provide communication to the employee regarding the requirements of the extension, and provide a courtesy notification to the employee's union representative should the employee be represented.

C. PROBATIONARY DETERMINATION OF NOT PASSING

During the probationary period, an employee may be deemed unable to pass at any time without cause and without the right of appeal. Notification of rejection will be made in writing to the employee prior to the expiration of the probationary period.

An employee who does not pass a probationary period following a promotional appointment will be reinstated to a position in their most recent former job classification or a comparable job classification, unless the cause for not passing during the probationary period was sufficient grounds for termination and such termination followed the process described in these Rules for separation from regular City service.

V. SALARY ADMINISTRATION

A. SALARY SCHEDULE

The Personnel Officer will prepare, or have prepared, a Salary Schedule for adoption by the City Council. The schedule sets forth the classifications approved by the Council, together with proposed salary ranges, for the upcoming fiscal year. Salary ranges are to be reviewed by Council each fiscal year, or as often as may be recommended by the Personnel Officer to maintain appropriate compensation.

B. SALARY UPON INITIAL APPOINTMENT AND ADVANCEMENT WITHIN THE RANGES

In positions covered by these Rules, appointment to any position in any class will be made at the minimum rate, and advancements from the minimum rate to the maximum rate will be made by successive steps in the salary schedule for the class.

In the event an employee entering City service is found to possess a unique skill set or extraordinary qualifications for a position or if impediments to hiring are found such that the pool of qualified candidates is extremely limited, the City Manager may authorize an advanced step placement above the Step A.

Employees may be considered for their first advancement along the salary range of a classification upon completion of twelve months of service or a probationary period. Advancement is not automatic. Employees may be considered for additional advancements in further steps annually. Additional annual advancement along steps in the salary range is dependent on sustained demonstration of skill in the duties of the position and a satisfactory or better overall evaluation score. Once approved for a merit increase, merit increases will occur in the next available pay period of the next month.

C. SALARY UPON PROMOTION

Upon promotion, an employee will receive the first step of the salary range of the new classification or a step that is closest to five percent higher than their current base salary. In no case will salary upon promotion exceed the top step of the salary range for the new position.

D. SALARY UPON DEMOTION & TRANSFER

Upon demotion, of an employee to a lower class of position than their current class, such employee may retain the salary step in the lower range classification equal to the step they previously held in the higher class before demotion.

At the discretion of the City Manager, in the case of the demotion of any employee in the City service to a lower class of position, employee's salary may remain frozen at the amount which s/he was receiving in the higher class before demotion, until the salary range for the lower classification is raised to equal that being paid to the employee. In such cases, which may take several years, the "frozen" salary will automatically end once future increases bring the employee's new salary range up to a level where it equals the employee's "frozen" salary. The City will make a reasonable effort to estimate the duration of a "frozen" salary. Demotions where an employee's salary will be reduced within the range of the lower classification, must follow the Disciplinary procedures noted in section X.

Upon Transfer of an employee from one position to another with the same salary range and similar duties and responsibilities, the employee will retain the same salary step in the new position as they held in the former position.

Except for involuntary transfers, in the discretion of the City Manager, in the case of the transfer of any employee in the City service to a lower class of position, employee's salary shall remain "frozen", which he was receiving in the higher class before, until such time as the salary range for the lower classification is raised to equal that being paid to the employee. In such cases, which may take several years, the City Manager shall determine when the employee is once again eligible for step increases. For involuntary transfers, the employee's salary will be "frozen" and the City will make a reasonable effort to estimate the duration of a "frozen" salary.

E. SALARY UPON SUSPENSION WITHOUT PAY

After due process as described in sections IX and X below, any employee who has been suspended for disciplinary reasons will not receive any pay for the duration of the suspension.

F. SALARY FOR TEMPORARY OUT-OF-CLASS ASSIGNMENTS

The length of a temporary out-of-class assignment is defined by Government Code 20480. In accordance with the Government Code, any employee who is assigned to temporarily perform the full range of duties for a vacant position allocated to a higher salary range will receive a 5% increase in pay for hours worked while on temporary duty. The increase will be effective after a number of days between 10 and 30 as determined by the City Manager acting upon recommendation of the department head. Such assignment will be made in writing, and the employee assigned must meet the minimum qualifications of the higher classification. This temporary assignment is not to exceed a period of 960 hours or six (6) months, whichever occurs sooner, unless an extension is approved by the Personnel Officer, and does not form the basis for a reclassification request. Upon completion of the out-of-class assignment, the employee will return to their previous salary. For the purposes of this section, a “vacant position” does not refer to a position that is temporarily available due to another employee's leave of absence.

G. LONGEVITY PAY

Regular employees are entitled to an additional 2% added onto their base rate of pay following 8 years of full-time service with the City of Sebastopol, and an additional 2% (a total of 4%) is authorized following 15 years of full-time service with the City. Following 20 years of service, the longevity benefit is increased another 2% (for a total of 6%) addition to base pay. Part-time prior service may be counted on pro-rata basis.

H. COMPENSATORY TIME

All overtime worked is normally paid in the paycheck directly following when the overtime is earned. Based on service level and business needs, Department Heads have discretion as to whether an employee may elect compensatory time for overtime worked. Effective July 1, 2019, employee elected cash buy back of compensatory time accrual balances will no longer be allowed and compensatory time will be capped at 120 hours. Overtime worked once an employee's compensatory time accrual balance reaches 120 hours will be paid out at the overtime rate in the pay period in which it is incurred. Any employees with accrual balances greater than 120 hours on July 2, 2019 will receive payout of compensatory time over 120 hours in the first pay period in August of 2019.

VI. ADMINISTRATION OF CITY-PAID LEAVE BENEFITS

A. GENERAL LEAVE PROVISION

To ensure accountability and the integrity of public service, all employees are expected to account for their absences from work, whether in paid or unpaid leave status.

1. Leave Approval

Leaves will be subject to approval by the supervisor and must be scheduled through City's electronic leave request system, in advance whenever possible, based on department policies, and at the mutual convenience of the department and the employee. Vacation leave must be scheduled at the mutual benefit of the City and the employee. Unauthorized leaves taken by an employee may result in disciplinary action, up to and including discharge.

2. Leave Accounting

Leave time for all employees is chargeable in increments of .25 hours (15 minutes). The City may employ any reasonable measure to ensure employees are properly accounting for leaves, including requiring reasonable proof that the basis for the leave is legitimate. Employees may be required to submit a medical certification of illness or injury supporting a request for sick leave and must, if requested by a supervisor or human resources representative, provide medical verification after a sick leave for three consecutive work days even if one of those days is a holiday. The City may require a fitness-for-duty medical certification from any employee returning from a medical leave. Failure to provide requested medical certifications may result in denial of leave or in denial of reinstatement.

3. Leave Accruals

Employees eligible for accrued leaves will accumulate leave in the amounts specified in applicable MOU's, compensation resolutions, or individual employment agreements from the date of the employee's initial appointment until separation from employment. Leave accrues on hours in a paid status. No leaves will accrue when an employee is in an unpaid status unless otherwise required by law.

All paid leave accruals are calculated and recorded at the end of each pay period and are available for use beginning on the first day of the next pay period. Paid leave cannot be used until after it has been accrued and made available for use.

4. Failure to Comply with Terms of Leave

If an employee accepts other employment during a leave of absence, except with written permission of the City Manager or as otherwise provided by state or federal law or fails to return to work on the next regularly scheduled work day following the expiration of the leave without providing reasonable communication as defined in the use of leave section with their supervisor, it will be deemed that the employee is absent from work without authorization and may be considered as abandoning their position. Employees who are on unauthorized leave for longer than 3 days may be terminated by the City without due process. Such an employee will have no right to appeal this separation from employment.

5. Use of Paid Leaves Prior to Unpaid Leave Usage

Generally, employees must use applicable paid leaves balances down to 30 hours prior to taking time off without pay. This requirement may be waived at the City Manager's discretion.

6. Unpaid Leave Usage (Leave Without Pay - LWOP)

When an employee has exhausted all paid leave accruals or has used their sick leave or vacation balances down to 30 hours as provided for in the use of leave chart, an employee may request leave without pay. Leave Without Pay must be requested in advance and approved by a supervisor.

7. Legal Requirements

Nothing in this policy will prevent an employee from receiving a leave of absence required by law.

8. Leave Payment and Use Upon Separation from Service

In the case of death of an employee eligible for payment of leaves, payment will be made to employee's beneficiary, estate, or legal representative.

9. Leave Categories:

The City provides the following paid leave benefits: vacation leave, administrative leave, holiday leave, bereavement leave, jury duty and witness leave, and sick leave. As required by state and federal law, the City also provides specified compensation for military leave, job-incurred disability leave, paid sick leave under California law, and time off to vote. Subject to City policy on use of leaves, the City also permits unpaid leaves in accordance with the provisions of the Family and Medical Leave Act, the California Family Rights Act, CA Pregnancy Disability Leave, state paternal leave requirements, state and federal military leave requirements, school leave, and non-medical leaves of absence.

B. VACATION

Full-time City employees shall accrue paid vacation time based on the length of City service as follows:

0 through 4 years	10 working hours per month (4.61538hrs/pp)
5 through 10 years	12 working hours per month (5.53846hrs/pp)
11 through 20 years	16 working hours per month (7.38462hrs/pp)
21 years and over	20 working hours per month (9.2308hrs/pp)

Before three months of employment vacation will accrue but accruals will not appear on an employee's pay check. Accruals will appear on the first pay check following three months of employment. No employee will be eligible to be paid or eligible for use of vacation time before it is accrued.

Two hundred and sixty (260) hours will be the maximum vacation time taken in a calendar year. Total amount of vacation time an employee may accumulate is two times an employee's annual accrual with an absolute maximum of 400 accrued hours. Vacation time will cease accruing once an employee's balance reaches 400 hours.

Effective the first pay period in December of 2019, employees with greater than 400 hours in their vacation accrual banks will be cashed out down to 375 hours to allow space for vacation accruals to continue.

If any of the paid holidays authorized occur while an employee is on vacation, the employee will, if otherwise eligible for it, not be charged vacation time for such holiday.

Upon termination of employment, the employee will receive a lump sum payment of all accumulated accrued vacation time.

C. SICK LEAVE

Full-time City employees will accrue paid sick time at the rate of 120 hours per year or 10 hours a month (4.6154 hours per pay period). Part-time will accrue sick leave at a prorated rate based on hours worked.

Sick leave is a benefit intended to serve as a form of short-term disability insurance. It is in an employee's best interest to retain sufficient sick leave balance to cover short term needs. It is intended to be used to attend an appointment with a treating practitioner, for situations related to domestic violence, in cases of actual illness or disability for you or to care for a qualified family member. In the event sick leave balances are exhausted, employees must exhaust all other accrued leave balances prior to requesting leave without pay. Once other accrual balances are exhausted employees may request leave without pay which must be approved, in advance, by the City Manager except for those employees who are already on a protected medical leave. Employees must request and use sick leave in accordance with the provisions of law and the City's policies.

In accordance with California's Paid Sick Leave law, effective July 1, 2015, an employee may use paid sick leave for one of the following reasons:

- Non-industrial illness or injury when an employee has a medical or dental appointment which cannot be scheduled outside the workday, has a medical emergency or is indisposed by reason of illness, injury, exposure to contagious disease, or trauma from attending work and performing duties; or when an employee's illness would endanger or disturb coworkers;
- Diagnosis, care, or treatment of the employee's existing health condition or preventive care for an employee; or
- Diagnosis, care, or treatment of an existing health condition of, or preventive care for an employee's family member. For the purposes of using sick leave under this policy only, "family member" shall mean an employee's parent, child, spouse, registered domestic partner, parent-in-law, sibling, grandchild, or grandparent. Sick leave under this paragraph shall not exceed 50% of an employee's annual leave allotment unless extended by the City Manager or designee upon written request of an employee.

In addition, with appropriate certification an employee who is a victim of domestic violence, sexual assault, or stalking may use accrued paid sick leave under this policy for the following reasons:

- To obtain or attempt to obtain any relief, including, but not limited to, a temporary restraining order, restraining order, or other injunctive relief, to help ensure the health, safety, or welfare of the victim or the victim's child;
- To seek medical attention for injuries caused by domestic violence, sexual assault, or stalking;
- To obtain services from a domestic violence shelter, program, or rape crisis center;
- To obtain psychological counseling related to an experience of domestic violence, sexual assault, or stalking; or
- To participate in safety planning and take other actions to increase safety from future domestic violence, sexual assault, or stalking, including temporary or permanent relocation.

Sick leave accrues from the beginning of employment and may be accessed for use after the first 30 days of employment. There is no cap on sick leave accrual. Sick leave accrued balances may not be cashed out but may be rolled up at retirement in accordance with CalPERS regulations.

The City understands that there may be extenuating circumstances or departmental business needs which may affect an employee's ability to comply with some or all of the aspects of this paragraph. In those cases, clear documentation and communication as early as reasonably possible is important. As a rule, employees must request sick leave in advance. Some sick leave laws such as the California Family Relief Act require as much as 30 days of advance notice of a foreseen leave. If an employee has an unplanned absence or emergency the employee must speak to their department head, manager, or supervisor, as close to an hour before the start of their shift as possible. The employee is required to speak to their manager or supervisor in person. This is a verbal conversation and not a text or email. If the employee is unable to reach their manager or supervisor, the employee is required to phone another manager or supervisor or leave a voicemail for their supervisor.

An employee may be required to provide a physician's or licensed practitioner's verification of sick leave when:

- a) The employee has a demonstrable pattern of sick leave abuse; or
- b) The supervisor has good reason to believe the absence was for an unauthorized reason. A supervisor has good reason if a reasonable person would also believe the absence was for an unauthorized reason.

The City recognizes the confidential nature of the relationship between the health care provider and patient and if verification is required it shall be limited to the anticipated length of the absence, any restrictions upon return to work that prevents the employee from performing the full range of his/her normal work assignment and anticipated future absences. If the department head or designee does not consider the verification adequate, the request for sick leave may be disapproved. Upon request, a denial of sick leave shall be in writing stating the reason for denial.

Use of Leave Reference Table

Employees are required to use accrued leaves before a leave of absence without pay as shown in the following table:

**Family and Medical Leave Act (FMLA) / California Family Rights Act (CFRA).

D. SICK LEAVE ABUSE REVIEW

The City will periodically review each employee's sick leave usage for the purpose of controlling sick leave abuse. Sick Leave abuse is defined as excessive unprotected sick leave usage. In reviewing each employee's sick leave usage, the City will pay particular attention to specific indicators to determine if abuse of sick leave may be occurring. The indicators to be reviewed, include but are not limited to:

- (1) The number of accrued and unused sick leave days in the employee's account;
- (2) The reasons given by the employee for sick leave usage;
- (3) Patterns of sick leave usage (including absences at the beginning or end of a work week, absences occurring in conjunction with shift days off, half days off, absences occurring in conjunction with pay days or holidays);
- (4) The number of sick leave occurrences;

- (5) The employee's length of service;
- (6) Limiting medical conditions that may exist;
- (7) The number of family sick leave occurrences; and
- (8) Unscheduled and unprotected sick leave usage.

Based upon a review of the above indicators, the City will determine if counseling or disciplinary action is appropriate. Should it be indicated that counseling or discipline is indicated, the City will identify those factors which were relied upon for the counseling/disciplinary action and follow its progressive disciplinary policy and procedure. Part of the counseling session will be an agreement that the employee will provide medical verification for each sick leave absence.

E. DENIAL OF SICK LEAVE BENEFITS

Sick leave with pay may be denied if it is substantiated that the employee's absence did not meet the definitions as specified above in this section and may be grounds for disciplinary action.

An employee who is on unscheduled and unprotected sick leave and has no sick leave accrual in their account and who has been counseled and noticed for sick leave abuse, may not use vacation and/or compensatory time for that time off. The employee must be on a leave of absence without pay.

Any employee, including a temporary, seasonal, or extra help employee, who is summoned to serve on a jury, or subpoenaed or ordered to be a witness regarding an event or transaction in the course of his or her job duties at the City, must notify his or her supervisor or department director as soon as possible. The City will determine whether the matter involves an event or transaction in the course of the employee's job duties at the City. If so, leave to appear in court as a witness will be considered work time.

All overtime-eligible employees will be paid for actual work hours missed because of time spent in jury service. The time spent on jury duty is not work time for purposes of calculating overtime compensation

The employee must deposit any fees for jury or witness service, other than mileage (unless a City vehicle is used for witness leave) and meals, with the City.

All FLSA-exempt employees will continue to receive their normal salary while on jury duty or when serving as a witness only for any work week in which they perform any work duties. The City will offset the amount from pay the employee receives from the Court for jury fees.

Any employee who is released from jury service two hours or more prior to the end of his or her scheduled work hours must report to work unless otherwise authorized by his or her supervisor.

H. MILITARY AND VETERAN'S LEAVE (Various statutes)

Military and Veteran's leave will be granted in accordance with the provisions of state and federal law. An employee requesting leave for this purpose will provide the Department Director with a copy of the military orders specifying the dates, site and purpose of the activity or mission. Within the limits of such orders, the Department Director may determine when the leave is to be taken and may modify the employee's work schedule to accommodate the request for leave.

I. TIME OFF TO VOTE (California Elections Code §14000)

If an employee does not have sufficient time outside of working hours to vote in a general or special public election that falls within the employee's county of residence, the employee may take up to two hours of paid work time to enable the employee to vote. The time off for voting will be only at the beginning or end of a regular working shift, whichever allows the greatest amount of free time for voting and the least time off from work. In no event is the employee eligible to take off more time than is necessary to vote. The employee will give the supervisor reasonable notice that time off for voting is desired. Absentee voting is encouraged, if possible.

J. FUNERAL BEREAVEMENT LEAVE

In the event of the death of an employee's immediate family of either the employee or the employee's spouse, or of any other related person living in the employee's household, an employee who attends the funeral will be granted time off work with pay for a period not to exceed 5 work days (50 hours). The first three working days will not be charged to either vacation or sick leave. The remainder will be charged to accrued vacation time. "Immediate family" means: husband, wife, child, domestic partner, father, mother, brother, sister, grandparent, grandchild, uncle, aunt, niece, nephew, step and in-law relationships of the previous family members and any relationship in lo parentis. Bereavement leave need not be taken consecutively but must be completed within three (3) months of the date of death of the family member. The City reserves the right to request documentation of the death of a family member.

L. DISCRETIONARY UNPAID LEAVES OF ABSENCE

The City Manager may grant discretionary (for reasons not entitled by law) unpaid leaves of absence provided the City Manager determines that the City service will not be detrimentally affected by said leave. Such leaves of absence will not be granted to exceed three months unless an extension is granted by the City Council. All requests for leaves of absence shall be in writing from the employee. Upon expiration of an approved unpaid leave, the employee will be reinstated in the position held at the time leave was granted.

Failure to Return from Unpaid Leave: Failure of an employee on leave to report to work promptly at the leave's expiration without request and approval for an extension of said leave in writing will constitute voluntary resignation by the employee.

Benefits While on Unpaid Leave: Taking unpaid leave may impact certain benefits and employee seniority. Employees do not accrue vacation or sick leave, or any other paid time off, and seniority dates may be adjusted. Retirement system service credit does not accrue during any unpaid absence. City contributions to health and wellness insurances will cease while an employee is on a discretionary unpaid leave of absence.

If injured employee is eligible for worker's compensation benefits and has accrued sick leave, said employee may have their sick leave coordinated with disability payments to receive full compensation, subject to any state or federal guidelines. An employee who has exhausted their leave benefits down to 30 hours will be entitled to only those leave and pay benefits as provided by law. Use of other benefit accruals may be approved on a case by case basis by the City Manager.

J. EMPLOYEE PERFORMANCE EVALUATION

Except for employees serving their probationary period, all employees in City Service shall have their performance evaluated by the Department Director or by the Supervisor designated for this purpose no less than annually on a cycle determined by the Department Director and approved by the City Manager. The employee's supervisor shall review the findings of the evaluation with the Department Director. A copy of the completed evaluation shall be provided to the employee and a copy shall be placed in the employee's personnel file.

Employees serving their probationary period shall have their performance evaluated in the same manner as prescribed for regular employees. Probationary employees shall be evaluated every three (3) months during their probationary period, or at different intervals as determined by the City Manager. Any decision to extend an employee's probationary period must be made prior to the expiration of the original probationary period.

Any evaluation which warrants a merit increase but is not completed by the designated review date will be retroactively paid back to that review date. In addition to those occasions referenced by this Section, a Supervisor may render a performance evaluation at any time when performance issues arise, whether positive or negative, when there is a change in assignment and/or when there is a change in supervisor or management.

Based upon the Performance Evaluation Report, the Supervisor may make appropriate recommendations to the Personnel Officer regarding a possible merit increase, or other appropriate action. City Manager approval is required for all such actions.

The employee will have an opportunity to review the performance evaluation report and to attach a written response to the corresponding performance evaluation in his/her personnel file. XI. DISCIPLINARY APPEAL PROCEDURES

The following appeal procedures only apply to the City's regular employees. The following appeal procedures apply only to suspensions without pay, demotions, reductions in pay or dismissals. In addition, where applicable, the provisions of this section shall be administered in compliance with

the requirements of California state law governing peace officer rights as set forth under Public Safety Officers Procedural Bill of Rights Act (Government Code § 3300, et seq.).

Failure to file a timely written request for an appeal waives the right to an appeal hearing and any appeal of the discipline.
- **Appeal Hearing Officer:** The appeal hearing officer shall be an individual selected through the State Mediation and Conciliation Service (SMCS). The parties shall request that the SMCS supply a list of seven (7) names of persons experienced in hearing public employment discipline matters. If the City and the employee and/or his or her employee organization are unable to mutually agree on a hearing officer, each party shall alternately strike a name from the list until only one remains. The order of strike shall be determined by lot.
- **Date and Time of the Appeal Hearing:** Once the appeal hearing officer has been designated, the Personnel Officer or designee will schedule a mutually agreeable hearing date based on the hearing officer's availability. The City will use numbers to identify its evidence; the employee will use alphabet letters. Neither party will be permitted to call any witness or evidence that has not been listed as part of its/his/her case-in-chief, unless that party can show that the party could not have reasonably anticipated the need for the witness or exhibit.
- **Subpoenas:** Upon the request of either party, and upon his or her own motion, the hearing officer will issue subpoenas to compel attendance at the appeal hearing. Each party is responsible for serving his/her/its own subpoenas. City employees who are subpoenaed to testify during working hours will be released with pay to appear at the hearing. City employees who are subpoenaed to testify during non-working hours will be compensated for the time they actually spend testifying.
- **Continuances:** The appeal hearing officer may continue a scheduled hearing only upon good cause shown.
- **Record of the Appeal Hearing:** The hearing shall be recorded, either electronically or by a court reporter, at the option of the either party. If the City orders a transcript or makes a transcript of the recording, the City will notify the employee within three days of ordering or making the transcript and will provide a copy of the transcript upon receipt of the costs of duplication.

All witnesses shall be sworn in prior to testifying. The hearing officer or court reporter shall request each witness to raise his or her hand and respond to the following: “Do you swear that the testimony that you are about to give is the truth, the whole truth, and nothing but the truth?”

11. Evidence:

Hearings need not be conducted according to technical rules relating to evidence and witnesses, but hearings shall be conducted in a manner that the hearing officer decides is the most conducive to determining the truth. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence, but over timely objection shall not be sufficient in itself to support a finding, unless such evidence would be admissible over objection in civil actions. The rules dealing with privileges shall be effective to the same extent that they are recognized in civil actions. Irrelevant or unduly repetitious evidence may be excluded. The appeal hearing officer shall determine the relevance, weight and credibility of testimony and evidence.

Exclusion of Witnesses: During the examination of a witness, all other witnesses, except the parties, shall be excluded from the hearing.

Burden of Proof: The City has the burden of proof by the preponderance of the evidence.

B. AUTHORITY OF HEARING OFFICER

The appeal hearing officer shall not have the power to alter, amend, change, add to, or subtract from any of the terms of these Policies.

12. Presentation of the Case:

The parties will address their remarks, evidence, and objections to the appeal hearing officer. The appeal hearing officer may terminate argument at any time and issue a ruling regarding an objection or any other matter. The appeal hearing officer may limit redundant or irrelevant testimony, or directly question the witness. The hearing will proceed in the following order unless the appeal hearing officer directs otherwise:

- The City is permitted to make an opening statement;
- The employee is permitted to make an opening statement;
- The City will produce its evidence;
- The employee will produce its evidence;
- The City may present rebuttal evidence;

- Oral closing arguments of no more than 30 minutes may be permitted at the discretion of the appeal hearing officer. The City argues first, the employee argues second, and if the City reserved a portion of its time for rebuttal, the City may present a rebuttal.

13. Written Briefs:

In lieu of, or in addition to, oral closing arguments, either party may request to submit a written brief and/or a draft decision. The appeal hearing officer will determine whether to allow written briefs or draft decisions, the deadline for submitting briefs, and the page limit for briefs.

14. Appeal Hearing Officer's Advisory Decision:

Within 60 calendar days of the conclusion of the hearing, or submission of the written closing briefs, whichever is later, the appeal hearing officer shall make proposed written findings and an advisory decision as to the discipline.

- The City Manager shall review the findings and advisory decision of the appeal hearing officer and may then affirm, revoke, or modify the findings, recommendations, or disciplinary action taken. The decision of the City Council is final. There is no process for reconsideration.
- Proof of Service of the Written Findings and Decision: The City will mail a copy of the final written findings and decision, along with a proof of service of mailing that confirms that the City and its representatives and the employee and his/her representatives were mailed the final written findings and decision. It shall be the responsibility of the employee to inform the City of his/her current address. A copy of the decision shall also be provided to the Personnel Officer.

15. Costs

All expenses of any hearing process must be borne equally by each party provided, however, that each party shall bear any expenses of their own representative or attorney. In the event the City Manager revokes, or modifies the findings, recommendations, or disciplinary action taken the City will absorb the full cost of the hearing officer and court reporter, if applicable.

XII. SEPARATION FROM SERVICE

A. RESIGNATION

The date of a resignation becomes effective upon the City's receipt of an oral, written, or e-mailed notice of resignation from an employee. Employees wishing to leave the competitive service in good standing are required to give at least 2 weeks written notice when resigning when practicable. Once a resignation becomes effective, it is irrevocable except that the City Manager may, at his/her discretion of what is in the best interests of the City, permit a resignation to be rescinded.

1. Automatic Resignation:

Employees are deemed to have resigned when failing to return to duty within three working days of the end of an authorized leave of absence, or when otherwise absent from work without

authorization for at least three workdays. The City shall give written notice of such automatic resignation. The employee shall have no right to appeal the automatic resignation in such circumstances.

B. LAYOFF

Unless otherwise specified in applicable MOU's, compensation resolutions, or individual employment agreements, the City Manager may lay off any regular employee because of lack of funds, curtailment of work, organizational changes, or for other business reasons. The employee holding such position or employment may be laid off or demoted without disciplinary action and without the right of appeal. Layoffs will be by made in accordance with serving the best needs of the City. Such layoff takes effect no sooner than thirty (30) calendar days after the receipt by the employee of a notice in writing of the proposed layoff action. Prior to separating regular employees, the City Manager will consider reasonable and feasible alternatives to layoffs.

1. Order of Layoff:

The order of layoff shall be in reverse order of seniority in the affected classification. "Seniority" shall be defined as length of employment with the City. Seniority shall be calculated on the basis of an employee's time served in status or on a protected unpaid leave as a probationary or regular employee, and time served on military leave of absence.

2. Right of Displacement:

Employees subject to layoff shall be entitled to displace a less senior employee from a position in a lower classification in the same department, provided the employee meets the minimum qualifications for the position; any employee displaced under this subsection is an employee subject to layoff and is entitled to all the rights provided by this Section, including the right to displace another employee.

3. Re-employment Rights:

Employees who are laid off pursuant to this Section are eligible for re-employment for a period of twelve (12) months from the date of termination and will be offered re-employment in preference to new applicants. The right of re-employment is limited to the filling of vacancies (created either by termination or new approval) in the same job classification from which the employee was laid off.

Re-employment offers shall be made in the reverse order of layoff and shall be made via first class mail to the employee's last known address. It is the responsibility of the employee to provide the City with a current address for notification pursuant to this Section.

Acceptance of the re-employment offer must be received by the City Manager within twenty (20) calendar days of the date of mailing. Failure to accept the offer within that time period will be deemed a refusal.

Re-employment of a regular employee within the re-employment period shall result in reinstatement of the seniority, sick leave and salary placement in effect at the time of lay-off.

The interval of lay-off status shall not be considered a break in service, but employees shall not earn salary, sick leave, vacation or benefits during that period.

Any level of review or any time limits established in this procedure may be waived or extended by mutual agreement, if confirmed in writing. Grievances of an unusual or unique nature that are or appear outside the scope of authority of an immediate supervisor, may be submitted to the City Manager. The City Manager will determine the appropriate level for filing such grievance. The determination of the City Manager in this regard will be final.

The supervisor will give an immediate decision, if possible, or within ten working days.
- If the employee is dissatisfied with the response from Step (A), the employee may discuss the grievance with their union representative. The Union may represent or assist the employee.
- The employee, with or without the representative has fifteen working days from the response of the supervisor to document the grievance in writing and submit the grievance to the Department Head.
- The Department Head will submit to the employee a written response within fifteen working days after receipt of the written grievance.
- If the employee or their representative are still dissatisfied, they may request a hearing with the City Manager. The request must be made within fifteen working days after receiving the supervisor's written response in Step (D).
- Within fifteen working days after that hearing, the City Manager will respond with a written decision.
- In the event the employee or group of employees is not satisfied with the decision of the City Manager, they may request in writing that the matter be submitted to arbitration.

- **Grievance Hearing Officer:** The grievance hearing officer shall be an individual selected through the State Mediation and Conciliation Service (SMCS). The parties shall request that the SMCS supply a list of seven (7) names of persons experienced in hearing public employment discipline matters. If the City and the employee and/or his or her employee organization are unable to mutually agree on a hearing officer, each party shall alternately strike a name from the list until only one remains. The order of strike shall be determined by lot.

The City will use numbers to identify its evidence; the employee will use alphabet letters. Neither party will be permitted to call any witness or evidence that has not been listed as part of its/his/her case-in-chief, unless that party can show that the party could not have reasonably anticipated the need for the witness or exhibit
- **Subpoenas:** Upon the request of either party, and upon his or her own motion, the hearing officer will issue subpoenas to compel attendance at the grievance hearing. Each party is responsible for serving his/her/its own subpoenas. City employees who are subpoenaed to testify during working hours will be released with pay to appear at the hearing. City employees who are subpoenaed to testify during non-working hours will be compensated for the time they actually spend testifying
- **Continuances:** The grievance hearing officer may continue a scheduled hearing only upon good cause shown
- **Record of the Grievance Hearing:** The hearing shall be recorded, either electronically or by a court reporter, at the option of the City. If the City orders a transcript or makes a transcript of the recording, the City will notify the employee within three days of ordering or making the transcript and will provide a copy of the transcript upon receipt of the costs of duplication
- **Employee Appearance:** The employee must appear personally before the hearing officer at the time and place set for the hearing. The employee may be represented by any person he or she may select

Judicial review of any decision under this section shall be governed by Section 1094.6 of the Civil Code of Procedure.

An employee or group of employees shall have the right to be represented in all stages of the proceedings by representatives of their recognized employee organization and/or an attorney of their own choosing.

All expenses of any hearing process must be borne equally by each party provided, however, that each party shall bear any expenses of their own representative or attorney.

No time limits described in this grievance procedure may be extended without the mutual agreement of both parties.

BE IT FURTHER RESOLVED that preceding or existing ordinances, resolutions, or city or department policies, in conflict with provisions of this personnel rules resolution are hereby declared repealed; providing, however, that all provisions of such ordinances, sections, words, or phrases not in conflict herewith shall remain in full force and effect.
