Workshop

July 22, 2025

Cultural Production, Cultural Heritage, or Both?

Who can best provide committed letters of support?

*The grant requires three (3) from community members or artists located in the proposed district.*

What is the vision  
for the next five  
years of the  
cultural district?

How would a  
designation  
support that  
realization?

How can the grant  
best center equity  
and accessibility,  
including  
facilitating full  
participation for  
people with  
disabilities?

How are the existing  
spaces for arts and  
cultural activities  
unique to  
Sebastopol –  
facilities, activities,  
events, and history?

Which activities would best be supported by financial resources offered by the grant?
