Dear Council,

On behalf of my family, we strongly urge you not to shut down A&M barbecue. The quality of food that they offer to the community is beyond measure. They are value added to the Sebastopol experience. We love them, we love the smells that emanate from their establishment, and we eat there often, and we would be very upset if they were to have to leave. We want A&M!

Yours,
Michelle and Jerry Shelfer
