**Subject:** A&M BBQ Smoke

Dear City Council Members:

I'm writing in support of Megan Kaun, and my other Eleanor Avenue neighbors regarding the smoke emitted by the A and M BBQ smoker most nights.

Let me be clear: I am a fan of their food.

But it was just as good when they had the smaller smokers, and Megan's recent email regarding the Purple Air results should erase any doubts about the pollution the current smoker causes.

I realize that we live close to commercially-zoned property -- the folks at the other end of the block are having to live with the auto body shop's paint-oven smoke. However, in behalf of us (and other) nearby residents, is not unreasonable, however, for the City to impose mitigation measures.

Sincerely,

Aamil Targow
