

City of Sebastopol Planning Department

Date: September 24, 2026
To: Public Arts Committee
Agenda Item: 6F
From: Tori Henkel, Permit Technician
Subject: Pomo/Miwok Mural Discussion and Action

Background:

At the regular May 28, 2026, Public Arts Committee (PAC) meeting, the PAC created an ad hoc subcommittee of two (2) members – Gavin Waters and Nicole Letaw – to look into possible sculpture and mural locations throughout the City of Sebastopol that might be suitable for public art pieces such as the Pomo/Miwok public art piece.

The subcommittee has located a potential mural location. The purpose of this item is to open a discussion with the full PAC about this location and possible funding opportunities.

Discussion:

1. Discuss the potential location
2. Financial options
 - a. Pomo/Miwok piece has a City Council approved \$3,000 budget
 - b. Possibility of allocating additional funds from the PAC art-in-lieu fund
 - c. Other options?

Please note that any budget-related items would need to go to the Budget Committee for review and be approved by the City Council.
