AGENDA ITEM REPORT FOR MEETING OF: November 17, 2026

==========

To:	Honorable Mayor and City Councilmembers
From:	Mary Gourley, City Manager Sean McDonagh, Police Chief Oriana Hart, Public Works Director
Department:	Public Works
Subject:	Ordinance Generally Amending the Sebastopol Municipal Code Referencing the City Traffic Engineer to City Traffic Control Chief

==========

RECOMMENDATION(S):
That the City Council introduce and approve the first reading of the ordinance.

PROCESS OF AGENDA ITEM:
If the item remains on the Consent Calendar, no presentation is required, and the item will be approved as part of the Consent Calendar. If the item is removed from the Consent Calendar, it will be heard as a regular agenda item and will proceed as follows:

- Presentation of Agenda item by the Requestor or Responsible Department

- Public Comment Period
- Presentation Received

EXECUTIVE SUMMARY:
The item before the City Council is the introduction and waiving of the first reading of the Ordinance generally amending Title 10, Vehicles and Traffic, to change the references to and title of City Traffic Engineer to Police Chief. This type of ordinance does not require a public hearing and may be approved by minute action.

BACKGROUND:
Since 1974, in California, persons practicing and holding the title of "Traffic Engineer" are required to be licensed in the State of California. The traffic engineering licensing is governed by the California Board for Professional Engineers, Land Surveyors, and Geologists, which is part of the California Department of Consumer Affairs. Under Section 10.04.180 of Title 10, Vehicles and Traffic, the title of Traffic Engineer is assigned to the Police Chief. The Police Chief does not hold a Traffic Engineer license under the State of California and is therefore not eligible to hold the City Traffic Engineer title as assigned in the Municipal Code.

DISCUSSION:
The key elements of the ordinance are summarized below:

- Replaces the title of "Traffic Engineer" with "Police Chief" throughout Title 10 and;
- Duties as described in Title 10, Vehicles and Traffic, remain the same and;
- The duties continue to be assigned to the Police Chief.

In essence, there are no changes to the duties, responsibilities and authority of the Police Chief as it pertains to the oversight and enforcement of Title 10. The only change is the title.

For any tasks and activities such as design of traffic control devices; design of roadways to provide free traffic flow; and collecting and analyzing data on traffic volumes, speeds, delays, queues to improve traffic flow and bicycle and pedestrian mobility, all in accordance with State of California engineering design standards, should be performed by a licensed Traffic Engineer as required by the State.

City of Sebastopol

STAFF ANALYSIS:
The tasks and duties as specified in Title 10, Vehicles and Traffic, do not warrant a traffic engineer license since the said tasks and duties do not pertain to performing traffic-related engineering work such as the design, planning, and management of traffic systems for public works projects. The only non-compliant terminology in the Municipal Code is the use of the title "Traffic Engineer." To be compliant with State regulations, it is recommended that the title of City Traffic Engineer be replaced with the Police Chief. The duties and the responsibilities required under Title 10 will continue to be assigned to the Police Chief.

FISCAL IMPACT:
There is no fiscal impact pertaining to the passage of this ordinance.

CITY COUNCIL GOALS/PRIORITIES/AND OR GENERAL PLAN CONSISTENCY:
This agenda item represents the City Council goals/priorities as follows:

- Goal 3 – Infrastructure. Maintaining high quality infrastructure, facilities and services includes repairing/ replacing outdated city facilities, improving streets, stormwater and wastewater infrastructure.

This agenda item has been noticed in accordance with the Ralph M. Brown Act and was available for public viewing and review at least 72 hours prior to the scheduled meeting date.

COMMUNITY OUTREACH:
This item has been noticed in accordance with the Ralph M. Brown Act and was available for public viewing and review at least 72 hours prior to the scheduled meeting date. 10.10.010 Title.

This chapter shall be known as the “Vulnerable User Protection” ordinance of the City of Sebastopol.

10.10.020 Findings and purpose.

After public hearings and receipt of testimony, the City Council finds and declares:

A. That the City of Sebastopol encourages people to walk and ride bicycles rather than drive motor vehicles in order to lessen traffic congestion, improve air quality, and improve public health;

B. That people walking and riding bicycles are vulnerable users of the City roads, sidewalks, and/or pathways;

C. That harassment of vulnerable users on the basis of their status as pedestrians and/or persons riding bicycles exists in the City of Sebastopol;

D. That existing criminal and civil laws do not effectively prevent the unlawful harassment of vulnerable users because of their status as pedestrians and/or persons riding bicycles;

E. That unavoidable hazards exist for persons walking, running, and/or riding a bicycle on City roads, sidewalks, and/or pathways, and that these hazards are amplified by the actions of persons who deliberately harass and endanger these vulnerable users because of their status as pedestrians and/or persons riding bicycles; and

F. That because people have a right to walk, run and/or ride a bicycle in the City of Sebastopol and should be able to do so safely on City roads, sidewalks, and/or pathways where allowed, it is against the public policy of the City of Sebastopol to permit harassment of these vulnerable users due to a person’s status as a pedestrian and/or person riding a bicycle.

10.10.030 Definitions.

The following words and phrases, whenever used in this chapter, shall be construed as defined in this section:

"Bicycle" means a device upon which any person may ride, propelled exclusively by human power through a belt, chain or gears, and having one or more wheels.

"Pedestrian" means a person who is afoot or who is using a means of conveyance propelled by human power other than a bicycle, or an electric personal assistive mobility device. "Pedestrian" includes a person who is operating a self-propelled wheelchair, motorized tricycle, or motorized quadricycle and, by reason of physical disability, is otherwise unable to move about as a pedestrian.

"Vulnerable users" means pedestrians and people riding bicycles using any public road, sidewalk, and/or pathway that allows use by persons riding bicycles and/or pedestrians.

10.10.040 Prohibited activities.

A person shall not do or attempt to do any of the following:

A. Physically assault or attempt to physically assault a vulnerable user because of, in whole or in part, a vulnerable user's status as a pedestrian and/or person riding a bicycle.

B. Threaten to physically injure a vulnerable user because of, in whole or in part, a vulnerable user's status as a pedestrian and/or person riding a bicycle.

C. Intentionally injure, attempt to injure, or threaten to physically injure, either by words, vehicle, or other object, a vulnerable user because of, in whole or in part, a vulnerable user's status as a pedestrian and/or person riding a bicycle.

D. Intentionally distract or attempt to distract a vulnerable user because of, in whole or in part, a vulnerable user's status as a pedestrian and/or person riding a bicycle.

E. Intentionally force or attempt to force a vulnerable user off a street for purposes unrelated to public safety.

F. Pass at an unsafe distance, which is defined as passing with less than three feet of clearance between any portion of the passing vehicle and the vulnerable user, with the intent to intimidate or physically injure a vulnerable user.

G. Fail to yield to a pedestrian walking or running along a road, crossing the roadway, or using a public sidewalk or pathway with the intent to intimidate or physically injure the pedestrian.

10.10.050 Remedies.

A. Any aggrieved person may enforce the provisions of this chapter by means of a civil lawsuit.

B. Any person who violates the provisions of this chapter shall be liable for treble the actual damages with regard to each and every such violation, or $1,000, whichever is greater, and shall be liable for reasonable attorneys' fees and costs of litigation. In addition, a jury or a court may award punitive damages where warranted.

C. Violations of any of the provisions of this chapter shall not constitute a misdemeanor or infraction, except where such actions, independently of this chapter, constitute a misdemeanor or infraction.

D. The remedies provided by the provisions of this chapter are in addition to all other remedies provided by law, and nothing in this chapter shall preclude any aggrieved person from pursuing any other remedy provided by law.

The accumulation and storage of abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof on private or public property not including highways is hereby found to create a condition tending to reduce the value of private property, to promote blight and deterioration, to invite plundering, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, to create a harborage for rodents and insects and to be injurious to the health, safety and general welfare. Therefore, the presence of an abandoned, wrecked, dismantled or inoperative vehicle or parts thereof, on private or public

property not including highways, except as expressly hereinafter permitted, is hereby declared to constitute a public nuisance which may be abated as such in accordance with the provisions of this chapter.

10.72.030 Supplement to other regulatory codes, statutes and ordinances.

(Chief of Police)

10.72.090 Public hearing.

Upon request by the owner of the vehicle or owner of the land received by the Chief of Police within 10 days after the mailing of the notice of intention to abate and remove, a public hearing shall be held by the City Council on the question of abatement and removal of the vehicle or parts thereof as an abandoned, wrecked, dismantled or inoperative vehicle, and the assessment of the administrative costs and the cost of removal of the vehicle or parts thereof against the property on which it is located.

If the owner of the land submits a sworn written statement denying responsibility for the presence of the vehicle on his land within such 10-day period, said statement shall be construed as a request for a hearing which does not require his presence. Notice of the hearing shall be mailed, by registered mail, at least 10 days before the hearing to the owner of the land and to the owner of the vehicle, unless the vehicle is in such condition that identification numbers are not available to determine ownership. If such a request for hearing is not received within said 10 days after mailing of the notice of intention to abate and remove, the City shall have the authority to abate and remove the vehicle or parts thereof as a public nuisance without holding a public hearing.

The City Council shall not be limited by the technical rules of evidence. The owner of the land may appear in person at the hearing or present a sworn written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with his reasons for such denial. The City Council may impose such conditions and take such other action as it deems appropriate under the circumstances to carry out the purpose of this chapter. It may delay the time for removal of the vehicle or parts thereof if, in its opinion, the circumstances justify it. At the conclusion of the public hearing, the City Council may find that a vehicle or parts thereof has been abandoned, wrecked, dismantled, or is inoperative on private or public property and order the same removed from the property as a public nuisance and disposed of as hereinafter provided and determine the administrative costs and cost of removal to be charged against the owner of the land. The order requiring removal shall include a description of the vehicle or parts thereof and the correct identification number and license number of the vehicle, if available at the site.

If it is determined at the hearing that the vehicle was placed on the land without the consent of the owner of the land and that he has not subsequently acquiesced in its presence, the City Council shall not assess the costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such costs from such owner of the land.

If the owner of the land submits a sworn written statement denying responsibility for the presence of the vehicle on his land but does not appear, or if an interested party makes a written presentation to the City Council but does not appear, he shall be notified in writing of the decision.

10.72.110 Timeline.

Five days after adoption of the order declaring the vehicle or parts thereof to be a public nuisance, five days from the date of mailing of notice of the decision if such notice is required by SMC 10.72.080, or 15 days after such action of the governing body authorizing removal following appeal, the vehicle or parts thereof may be disposed of by removal to a scrap yard or automobile dismantler's yard.
