Subject: In Support of A&M BBQ

Im a Sebastopol resident and I wanted to write in support of A&M BBQ restaurant. They are a jewel of this town and one we should be finding ways to accommodate rather than pressure out. All the restaurants in town emit the smells of cooking food and they should be allowed to do that especially if they are actively looking for new ways to mitigate and or new locations.

Let's make sure they feel welcome here, and don't make way for another Little Caesars.
