A&M support letter

Submitted 4:56 pm 6/2

Alexandria Webber

To the Sebastopol City Council,

I am writing in support of A&M Barbecue and its continued presence in our community. A&M has become much more than a local small business. It serves residents of Sebastopol while also attracting customers from surrounding towns, the Bay Area, and even out-of-state visitors. The number of people who travel here to support A&M is remarkable, and many of those visitors also support other local businesses throughout Sebastopol, bringing additional economic benefits to our community.

Regarding concerns about smoke, A&M is not a large commercial operation and should not be held to the same standards that require expensive commercial filtration systems. At the same time, they have shown a willingness to work with the city and explore reasonable solutions while continuing to provide a valued service to the community.

I hope the city and A&M can continue working together to reach an agreement that allows this beloved small business to remain in Sebastopol and continue serving residents and visitors for years to come.

Respectfully submitted,

Alexandria Webber
