Subject: Support Valentine Project

To whom it may concern,
I am writing to express my belief that it is very important to make Sebastopol housing affordable and accessible for young people, for low income families, for climate change due to the proximity to work, for community and for many many more reasons. I urge you to support Valentine Project and the separate sales of ADU's. Please help to keep Sebastopol a place where many people from a variety of backgrounds can live and thrive.
Sincerely,
Amy Levin
