Subject: Music, food and culture.....

Dear City Council,

I am a community member. I am a huge supporter of Sebastopol arts and culture..namely food and music. What a wonderful and dynamic community it is. But you all are being very un-Sebastopol !!!!! Please find it in your hearts and minds to get back on track as the real Sebastopol we have known for so many years. Express Lane permitting of music at the Farmers Market and solutions for AM BBQ to deliver on their success and popularity. We all shudder in fear that lowest common denominator thinking and action will turn our amazing community into a non-community much like Rohnert Park or.....heaven forbid.....Santa Rosa !

Thank you for your time and consideration.

Andrew
