Subject: A+M Barbecue. Request

We are in the neighborhood of the

AM Barbecue. We have a teenage who has Asthma and is affected by the smoke at night. The freshest air is after 11 pm to 5 am . I would ask at the very least to run a Smoker during the busy time of the day when most businesses who do smoke fish beef and pork in much smaller Smokers Do. So That we can breath at night when we are home. And Cool our homes down during the summer heat. Thank you for all the good work are doing . We appreciate it . Ann
