Subject: Let ADUs remain a priority in Sebastopol

Hello-

I'm reaching out today as a member of Generation housing . In a bulletin I received today I learned that the city council is considering removing the advancements made in ADU ownership back in January. Why? It's critical that you explain to our community why you would consider doing so.

Less than a year ago you agreed to making this simple and impactful change for the future of housing.

Please reconsider and stay strong in advancing increased housing in Sebastopol using the ADU model for home ownership. Please.

Signed-
