Subject: General Public Comment: A&M BBQ Public Support

Dear Mayor, Members of the City Council, and City Staff,

We wanted to take a moment to sincerely thank the community for the overwhelming support we have received following our recent public letter regarding A&M BBQ's current situation.

Over the past several days, hundreds of customers, neighbors, local business owners, and supporters have reached out to us through emails, social media, direct messages, phone calls, and in-person conversations. The response has been emotional and deeply meaningful for our entire team.

Attached to this email are screenshots representing just a small portion of the comments and messages we have received from community members expressing support for our business, our staff, and our efforts to find a long-term solution.

Many of these messages speak not only about the food we serve, but about the role A&M BBQ has played in bringing people together, supporting local events, creating jobs, and contributing to Sebastopol's small business community. We are incredibly grateful for the kindness and encouragement people have shown us.

Our hope is simply to be granted reasonable time to transition responsibly so we can keep our business operating, continue employing our staff, and avoid an abrupt disruption to the livelihoods of the people who depend on A&M BBQ.

Thank you again for your time, consideration, and continued dialogue. We appreciate the opportunity to work collaboratively toward a solution.

The letter we wrote to the public:

To Our Neighbors and the Sebastopol Community,

Over the past few months, we have heard the concerns about smoke, air quality, traffic, and the impact our growth has had on the surrounding neighborhood. After reading the public comments from the May 5th, 2026 City Council meeting, we felt it was important to speak directly to the community.

We care about being good neighbors. A&M BBQ was built in Sebastopol because it is our home. Kris Austin, his wife, Tyanna, and her family, are longtime locals. Their children go to school here. We love it here.

Over the years, we have donated food, supported local organizations, participated in community events, and tried to contribute positively to the local economy and culture.

We acknowledge the community's concerns, but we want to respectfully clarify a few things.

A&M BBQ is not an industrial wholesale meat production facility or "factory." We are not shipping mass-produced products outside the county. We are a restaurant and catering business. The food we prepare is for our guests and clients.

For nearly a year, we have actively been searching for a more appropriate long-term location that can better support our growth and operations. Relocating a restaurant operation involving commercial smokers, permitting, infrastructure, and financing is a complex process that takes time, but we are committed to finding a responsible path forward.

Throughout this process, we have remained in communication with City staff and continue working toward solutions. We have already begun making operational adjustments while continuing to pursue long-term solutions.

We believe the best path forward is open communication and collaborative problem-solving. We welcome continued dialogue with community members as we work toward solutions together.

Building and growing a small business comes with challenges that we are continuing to learn from every day. While this situation has been difficult for everyone involved, we are grateful for the opportunity to become better operators, leaders, and members of the community.

To everyone who has supported us, reached out respectfully, or recognized the effort we are making during this difficult time, thank you.

Thank you for taking the time to hear our perspective, Kris & Finn

I am standing with Kris Austin and the entire A&M BBQ family on this one. Small family businesses are the backbone of communities built with sacrifice, long hours, faith, and heart. It is disappointing to see people so quick to tear down local families who are working hard to provide for their community instead of offering support, grace, and constructive solutions.

❤️
19

A&M BBQ has shown accountability, and a willingness to work with the community while continuing to serve the people of Sebastopol. That deserves respect! No business is perfect, but trying to shame or push out a local family run operation through constant negativity and rhetoric helps no one. Communities grow stronger when they work together, not when we try to destroy what neighbors have built through years of hard work. Keep your heads up, Kris and A&M family. The silent majority sees your effort, your integrity, and your heart for the community. Wishing continued growth, wisdom, and success for A&M BBQ. 🙏👉🔥🍷🍷

A&M bbq has been such a great addition to the community, I would challenge city council to show air quality reports and traffic studies as I'm sure this is all an assumption. There are other restaurants that billow smoke cooking their chicken just down the road and I've never heard of a complaint there. My team and I love getting lunch at A&M as there are few quick lunch options here in Sebastopol. City council needs to focus on real issues in Sebastopol and stop trying to appease a few grumpy residents.

❤️

seanlumibao 5d · ❤️ by author

I have 1 complaint... And it's regarding the smell they're saying is in the air from the smoked bbq I'm guessing? Well since I don't live in Sebastopol and cannot enjoy the smell that your smokers produce, can you make a candle with that scent? Cause damn I love that smell!! 😂 My complaint is that you haven't created a candle yet to mimic A&M BBQ... I'd be grateful to have that scent around! Haha! Keep up the great food, service, and all around quality guys! @ambbqllc is my favorite place to eat by far. I've told everyone about it.

Lifelong Seb resident here. In fact, my family owned the market that occupied this same spot for my entire childhood. I also live two houses down the street from those complaining. I have never been overwhelmed by the smoke, smell or anything negative generated by A&M. Honestly, I was surprised when I read the happenings of the last council meeting. Anyway... just wanted to say that I love you guys and will be extremely sad if you do move. You bring so much to that corner and it's been great seeing you thrive.

Most folks who came to Sebastopol and rural areas to try to "get back to the land" in the 70s and 80s were DEFINITELY heating their homes with woodsmoke. I know because I was one of their kids, and all we had was a wood burning stove. IT SMELLS SO GOOD. Keep burning and making your great food.

 Long time Sebastopol family ,my spouse third generation here as well. It's sad our city council has turned away from local family growth in their business,not working to help find solutions they seem ok to loose a great business over literally 4 people complaining. Maybe they should relocate. City council is ok with corporate stores like grocery outlet over a family ran business that contributes to Sebastopol community. It's a Sad day if you leave. We will follow you A&M bbq where ever you go. ❤️

Embarrassing, as a fairly new Sebastopolian myself. I literally just drove by your spot in a convertible and smelled nothing. I was sniffing hard too cuz I wanted that smell in my nose holes. Main Street traffic is a whole other issue, which I understand why you'd want an easier spot to be in. Whatever you end up doing, I hope it's not cuz complainers drove you out. I remember something similar in Berkeley when Popeyes came in too. People just need to find their own joy and let us have ours. ❤️
