Subject: Post election candidate & proposition sign disposal

Hello Sebastopol Council Members,

It was great this year to see so many of the residents of Sebastopol supporting Council candidates and propositions by putting signs in their yards. On November 4th, I started wondering what happens to all those signs after the election. I understand it is the responsibility of the candidates and initiative organizations to collect the signs.

Is there a system set up in Sebastopol to recycle or repurpose them?

Wishing you a good day,

Gina Williams
