Subject: Farmer's Market Electrified Music

Dear City Council,

I support Barbara Hom and her full use of electricity during the Farmer's Market. Barbara is one of this city's greatest leaders and assets. Whatever Barbara wants, Barbara should get!

Electrified music is an important to the Farmer's Market, to residents and to attracting people from other cities. Music is supposed to be part of this city's image!! Very clearly that is being done away with! Sebastopol has an increasing reputation as a place for old people and retirees. The young working people view this city as boring and dull. Walk around and ask them!

Its amazing that City Council hasn't bent over backwards for the drum circle people and others that want to plug in on the Plaza stage!!

Give Barbara whatever she needs!

Unreal!

Thank you!
