Hi everyone,

I just want to throw my support in banning Grocery Outlet. We must follow the general plan and keep it local. I think the old Rite Aid building should be the new library!!! It would become the hub of sebastopol! We could add a coffee bar! Large kid's area! Zoom rooms! Places for meetings! We would attract young families to our town to live! We would have a large free space for kids to hang out! It would be amazing!!!!!! Thanks for your time. Holly
