Hello Sebastopol City Council,

I strongly support changing downtown back to two-way traffic and improving public infrastructure for pedestrians and bicyclists. I also hope we can have wider sidewalks with cafe tables and gathering spaces.

Might traffic slow down as a result? It probably will. Should our goal be to move as many cars as possible, as fast as possible, through Sebastopol? Absolutely not.

We need a humane streetscape, designed for people, not cars.

I urge you to make this change.

Thank you,  
Joel
