Subject: One-way streets

Dear Sebastopol City Council members,

I read in the Sebastopol Times this morning, an article by Lisa Pierce about one-way streets.

A majority of Sebastopol residents would likely consider it poor governance to return to two-way streets, and would appreciate your support in finding other optimal traffic management strategies.

Nothing will be perfect, but let's not make matters worse!

Thank you for your attention!

Sincerely, John Maas
