Subject: SAVE A&M BBQ

To Whom It Concerns,

The city council should do everything in their power to accommodate and insure that A&M BBQ remains in Sebastopol. This city sees restaurants and small businesses come and go at an alarming rate and does little to support them. A&M BBQ is one of very few restaurants to open in recent years that has found success. They bring together locals and out of towners alike unlike many other businesses.

They are locally owned and have supported the city and community more than most businesses. They have engaged local public safety and partaken in multiple community events.

This city council should not cave to the complaints of a few and shut down one of the bright spots of our community. Do not become narrow sited like you so often do. Think of the net positives for the city not the complaints of a few.

SAVE A&M BBQ
