### Describe the Issue

I am writing to express opposition to adding Grocery Outlet to our community. There already exists a sufficient number of markets in Sebastopol. Grocery Outlet is unnecessary and does not fit our local environment. Please reject their application. A far better use of the old Rite Aide site would be locating our Senior Center there to help accommodate this enormously popular Community resource!  
Thank you for your attention to maintaining the intent of the General Plan!

Katie Sanderson
