To whom it may concern,

I am writing to ask the council members to give this business owner a reasonable amount of time to relocate his popular business.

It is obviously not a simple process to locate a site that meets zoning regulations at a viable cost to the owner. The neighbors have valid concerns that are being addressed and they should be encouraged to be patient as the city and owner work to resolve this problem. This is a responsible business owner trying keep his business open, and his employees paid. He deserves your consideration.

I urge the council to support this business owner and provide him with adequate time and support from the city to continue to operate his business.

Thank you,

Kerri Rosen
