Subject: A&M BBQ

Deer Council,

We just want to take a moment and say how much I enjoy, respect, and support A&M Barbecue. Having them just down the street from us has been fantastic. Sebastopol has a number of truly respectable restaurants in many genres. And to have a locally renowned barbecue so accessible has been absolutely wonderful.

We understand there's been some complaints regarding the smoke. We don't know anything about that. All we know is that when we drive down the street and the wind is right, we can appreciate A&M without even stopping by for barbecue.

My wife and I hope that you will understand that they are doing their best to find a new and more practicable location. Let's not close down a successful small business especially during these difficult times.
