Subject: Traffic Count Map-Please share w/ City Council & Planning Commission

For your consideration, in case anyone hasn't seen this map from Fehr & Peers. I believe this may be the most recent count.

Some things to keep in mind:

Some vehicles will be counted twice if they are both entering and exiting downtown on roads with count strips.

Vehicles from the neighborhoods going downtown are not likely to get counted at all, as they are not likely to cross the count strips.

The same applies to vehicles coming from all points west.

Thank you, Lisa Pierce
