Subject: Mary Gourley, My "two-cents" response to Core Survey

Hello, Ms. Gourley,
I tried to respond to the CORE survey without success,
Maybe you will have time to forward the following to the right department.
Marilyn Madrone

CORE SURVEY , FEBRUARY , 2026

I'll settle for **favoring Alternatives 1 and 3, keeping one-way street.**

1. At the crossroads of two state highways, 25 mph is faster than a safe speed, too fast for heavy pedestrian use, so attracting more careless pedestrians to the core is asking for trouble.

2. Let's get creative and safety-focused by somehow **educating pedestrians to look LEFT, RIGHT, LEFT**

before setting foot onto a crosswalk, especially

the Screaming Mimi's crosswalks

and SouthMain/Burnett crosswalks

and, outside the Core, vehicle driver vs. pedestrians near RCU Covert X Hwy 116

Thanks for your public service.
