Subject: Bbq

Dear Sebastopol City Council,

I'm writing to share my support for A&M BBQ and to respectfully ask the City to work with them toward a solution that allows them to remain part of our community.

A&M BBQ has become a place that means a lot to many people in Sebastopol. It's more than a restaurant—it's a small local business that has created connection, brought people together, and added something special to our town. Their presence has made a positive impact on many residents and families.

I understand there are concerns that need to be addressed, and I appreciate the City taking those concerns seriously. My hope is that there can be a path forward that addresses neighborhood needs while also giving A&M the opportunity, time, and support to continue operating and making improvements where needed.

Local businesses are a huge part of what makes Sebastopol feel like Sebastopol. A&M BBQ has contributed not just through food, but through community involvement, local employment, and by creating a place people genuinely care about and want to support.

I hope the Council will consider a reasonable and collaborative solution that keeps A&M BBQ in our community while working through these challenges.

Thank you for your time and consideration.

The Real Chamoy
