Subject: Letter for A&M BBQ

To whom it may concern,

A&M BBQ has become a weekend staple in our household! They have such a great community of employees and an amazing owners (Kris and Finn). We are always welcomed with positivity and welcoming atmosphere. We truly love that when we come in that Kris comes and has a conversation with us and is so thankful for our support. He brings culture to Sebastopol with music and decor in side with of course amazing food. We have and always will support A&M. It just goes to show that when everyone got word about their situation and complaints, everyone went to their establishment and sold them out. They are amazing people with amazing food. Please keep them around.

Best,

Tiffany Denis
