Subject: A&M BBQ

Please give A&M BBQ the means to continue to provide its excellent food to our community. We have so few restaurants in Sebastopol, and this is one of the best. It would be a shame to lose a good community member as well as another place to have great food. The fact that the owners are Sebastopol residents also counts for something. I'm sure a compromise can be reached to ensure everyone is satisfied without closing A&M BBQ.
